The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood’s blockbuster, Academy-Award nominated movie. “An amazingly detailed account of fighting in Iraq—a humanizing, brave story that’s extremely readable.” – PATRICIA CORNWELL, New York Times Book Review “Jaw-dropping...Undeniably riveting.” –RICHARD ROEPER, Chicago Sun-Times From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him “The Legend”; meanwhile, the enemy feared him so much they named him al-Shaitan (“the devil”) and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle’s masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

The classic thriller about a hostile foreign power infiltrating American politics: “Brilliant . . . wild and exhilarating.” —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors' signal. Now he’s been returned to the United States with a covert mission: to kill a candidate running for US president . . . This “shocking, tense” and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). “Crammed with suspense.” —Chicago Tribune “Condon is wickedly skillful.” —Time

The Wakanda Files is a collection of blueprints and papers amassed by Wakanda’s War Dogs that traces the technology of the Marvel Cinematic Universe.

A double-agent sacrifices all his ideals in order to save his smuggler lover before a government coup takes over their decadent city in Lara Elena Donnelly’s glam spy thriller debut, now a Nebula finalist for Best Novel! “Exploring the roots of hatred, nationalism, and fascism, while at the same time celebrating the diversity, love, romance, fashion, and joy the world is capable of producing.” —Bookriot Introducing... The Smuggler: By day, Aristide Makricosta is the emcee for Amberlough City’s top nightclub. By night, he moves drugs and refugees under the noses of crooked cops. The Spy: Covert agent Cyril DePaul thinks he’s good at keeping secrets, but after a disastrous mission abroad, he makes a dangerous choice to protect himself...and hopefully Aristide too. The Dancer: Streetwise Cordelia Lehane, burlesque performer at the Bumble Bee Cabaret and Aristide’s runner, could be the key to Cyril’s plans—if she can be trusted. As the twinkling marquees lights yield to the rising flames of a fascist revolution, these three will struggle to survive using whatever means — and people — necessary. Including each other. “James Bond by way of Oscar Wilde.” —Holly Black “Sparkling with slang, full of riotous characters, and dripping with intrigue, Amberlough is a dazzling romp through a tumultuous, ravishing world.” —Robert Jackson Bennett, winner of the Shirley Jackson Award and the Edgar Award “Astonishing first novel!” —World Fantasy Award-winning author Ellen Kushner At the Publisher’s request, this title is being sold without Digital Rights Management Software (DRM) applied.

"What sort of combination of hypocrisy and paradox is John Kerry?" asks this heated critique of the Democratic presidential candidate's Vietnam–era military service and antiwar activism. O'Neill, a lawyer and swift boat veteran, and Corsi, an expert on Vietnam antiwar movements, show how Kerry misrepresented his wartime exploits and is therefore incompetent to serve as commander in chief. Buttressed by interviews with Navy veterans who patrolled Vietnam’s waters, some along with Kerry, readers will discover how he exaggerated minor injuries, self-inflicted others, wrote fictitious diary entries and filed "phony" reports of his heroism under fire—all in a calculated quest to secure career-enhancing combat medals.

Unfit For Command

In the Matter of Josef Mengele

Hail Hydra

Includes 3 maps and 7 illustrations The command of military forces in combat is unlike any other field of human endeavor. If war is the ultimate form of human competition, then the commander is the ultimate competitor. The commander operates in an environment of chance, uncertainty, and chaos, in which the stakes are, quite literally, life and death. He or she contends against an adversary who is using every means, fair or foul, to foil his plans and bring about his defeat. The commander is ultimately responsible for every variable that factors into military success or failure-training, logistics, morale, equipment, planning, and execution. The commander reaps the lion's share of plaudits in victory, but also must accept the blame in defeat, warranted or not. Very often the line that separates fame and ignominy is slender indeed. It is not difficult to identify "great" commanders, though the overwhelming majority of generals who win battles are never considered "great." Something more than a favorable ratio of wins to losses is needed to establish greatness..The truly great commander is generally considered to be one who attains the unexpected or the unprecedented; one who stands above his contemporaries through his skill on the battlefield, or through the sheer magnitude of his accomplishments. ...The commanders selected were masters of warfare in their particular time and environment. Each capitalized upon the social, political, economic, and technological conditions of his day to forge successful military forces and win significant and noteworthy victories that profoundly altered the world in which he lived.-Dr Christopher R. Gabel. The Great Commanders covered by this volume are Alexander the Great, Genghis Khan, Napoleon, John J. Pershing, Erwin Rommel and Curtis E. LeMay
