

Cards Against Humanity Card Generator

How inclusive methods can build elegant design solutions that work for all. Sometimes designed objects reject their users: a computer mouse that doesn't work for left-handed people, for example, or a touchscreen payment system that only works for people who read English phrases, have 20/20 vision, and use a credit card. Something as simple as color choices can render a product unusable for millions. These mismatches are the building blocks of exclusion. In Mismatch, Kat Holmes describes how

Online Library Cards Against Humanity Card Generator

design can lead to exclusion, and how design can also remedy exclusion. Inclusive design methods—designing objects with rather than for excluded users—can create elegant solutions that work well and benefit all. Holmes tells stories of pioneers of inclusive design, many of whom were drawn to work on inclusion because of their own experiences of exclusion. A gamer and designer who depends on voice recognition shows Holmes his “Wall of Exclusion,” which displays dozens of game controllers that require two hands to operate; an architect shares her firsthand knowledge of how design can fail communities, gleaned from growing up in Detroit's housing projects; an astronomer who

Online Library Cards Against Humanity Card Generator

began to lose her eyesight adapts a technique called "sonification" so she can "listen" to the stars. Designing for inclusion is not a feel-good sideline. Holmes shows how inclusion can be a source of innovation and growth, especially for digital technologies. It can be a catalyst for creativity and a boost for the bottom line as a customer base expands. And each time we remedy a mismatched interaction, we create an opportunity for more people to contribute to society in meaningful ways. Newly updated for a new audience of independent, out-of-the-bridal-box thinkers, Offbeat Bride is today's go-to source of support for couples who dare to walk off the beaten aisle Unenthused by a white

Online Library Cards Against Humanity Card Generator

wedding gown and bored by the hoopla of the Hollywood-style reception, Ariel Meadow Stallings found herself absolutely exhausted by -- and horribly distanced from -- the nuances of traditional nuptials. So, she chose the aisle less-traveled for her own wedding day. In this newly updated edition of Offbeat Bride, Stallings humorously recounts the story of the original offbeat wedding -- hers -- and shares anecdotes and advice from dozens of other nontraditional couples. She provides plenty of insider tips for avoiding extra costs and cumbersome obligations, along with a clever planner to help you create your own special day. Both practical and enjoyable, Offbeat Bride validates choosing the

Online Library Cards Against Humanity Card Generator

funky, different, and offbeat over the traditional, and leads couples through the planning process--from unique ideas on how to announce the engagement all the way to answering the question, "So, how's married life?" Stallings is the ultimate guide to the alternative wedding of your dreams, encouraging every bride and groom to create their own distinctive celebrations of partnership and love.

Understand the realities of modern web accessibility and what considerations should be made to include everyone. There are hundreds of millions of people who are being left out every single day on the web due to disability or circumstance. The purpose of web accessibility is to remove barriers and bring the

Online Library Cards Against Humanity Card Generator

information, services, and functionality of the web to as many people as possible so they can be included in this global community. This book makes the topic of web accessibility as approachable as possible to help every web professional become an accessibility advocate at their companies, on their projects, and in their communities. This discussion will go beyond the buzzword to explore the impact our designs and decisions have on real people, along with the ethical, legal, and financial incentives for accessibility prioritization. For those who are ready to get started the book covers tools and techniques for testing websites or web applications for conformance to the Web Content Accessibility Guidelines. Because we

Online Library Cards Against Humanity Card Generator

very rarely work in a vacuum the book also covers how to educate your team or company management on web accessibility as well as persuading them to invest time and money in accessibility. For those looking to start an accessibility practice at their company - or simply to ensure that nothing slips through the cracks - the book includes a guide to creating your very own accessibility action plan. Having a well-documented plan of action is an essential step in the long-term success of any initiative. Get started with web accessibility using Approachable Accessibility today. What You'll Learn Discover various ways that website design can exclude or even harm users Gain an understanding of

Online Library Cards Against Humanity Card Generator

the Web Content Accessibility Guidelines (WCAG) 2.1 Put together an accessibility action plan for your organization Explore tools and techniques for evaluating your existing websites Who This Book Is For Web designers and developers who want to know more about web accessibility or just want to know how to get started; tech leaders who need help building an accessibility practice or convincing their company to invest in web accessibility; project managers and owners making scope decisions for a project.

After finding herself the subject of a powerful psychic attack in the 1930's, famed British occultist Dion Fortune wrote this detailed instruction manual on

Online Library Cards Against Humanity Card Generator

protecting oneself from paranormal attack. This classic psychic selfdefense guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defense. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognize them. This is one of the best guides to detection and defense against psychic attack from one of the leading occult writers of the 20th century.

The incredible true story of Chucky Taylor, the only American ever convicted of torture. Chucky Taylor was an average American teenager, until he got a call from his father, a man who would become the infamous dictator of Liberia. Arriving in West Africa and reunited with his father, Chucky soon

Online Library Cards Against Humanity Card Generator

found himself leading a murderous militia group tasked with carrying out the president's vendettas. Young and drunk on power, and with no real training beyond watching action films, Chucky spiraled into a binge of drugs, violence, and women, committing crimes that stunned even his father. A work of astonishing journalism, American Warlord is the true story of those dark years in Liberia, cutting right to the bone of humanity's terrifying and unknowable capacity for cruelty to show just how easily a soul can be lost amid the chaos

Online Library Cards Against Humanity Card Generator

of war.

Table of contents

"In the future, the Earth-and humanity-has survived an alien invasion, but there are rumors of another attack. Bridget Lee, an ex-combat medic, must overcome her fears to become the savior of her people"--Provided by publisher.

Just as World War II called an earlier generation to greatness, so the climate crisis is calling today's rising youth to action: to create a better future. In UNSTOPPABLE, Bill Nye crystallizes and

Online Library Cards Against Humanity Card Generator

expands the message for which he is best known and beloved. That message is that with a combination of optimism and scientific curiosity, all obstacles become opportunities, and the possibilities of our world become limitless. With a scientist's thirst for knowledge and an engineer's vision of what can be, Bill Nye sees today's environmental issues not as insurmountable, depressing problems but as chances for our society to rise to the challenge and create a cleaner, healthier, smarter world. We need not accept that

Online Library Cards Against Humanity Card Generator

transportation consumes half our energy, and that two-thirds of the energy you put into your car is immediately thrown away out the tailpipe. We need not accept that dangerous emissions are the price we must pay for a vibrant economy and a comfortable life. Above all, we need not accept that we will leave our children a planet that is dirty, overheated, and depleted of resources. As Bill shares his vision, he debunks some of the most persistent myths and misunderstandings about global warming. When you are done reading, you'll be

Online Library Cards Against Humanity Card Generator

enlightened and empowered. Chances are, you'll be smiling, too, ready to join Bill and change the world. In Unstoppable: Harnessing Science to Change the World, the New York Times bestselling author of Undeniable: Evolution and the Science of Creation and former host of "Bill Nye the Science Guy" issues a new challenge to today's generation: to make a cleaner, more efficient, and happier world. Praise for UNDENIABLE: "With his charming, breezy, narrative style, Bill empowers the reader to see the natural world as it is, not as some

Online Library Cards Against Humanity Card Generator

would wish it to be. He does it right. And, as I expected, he does it best." -Neil deGrasse Tyson, Ph.D, host of COSMOS "Bill Nye, 'the Science Guy,' has become a veritable cultural icon....[T]he title of his new book on evolution...[is] 'Undeniable,' because, yes, there are many Americans who still deny what Darwin and other scientists long ago proved." -Frank Bruni, The New York Times "With a jaunty bow tie and boyish enthusiasm, Bill Nye the Science Guy has spent decades decoding scientific topics, from germs to volcanoes, for television

Online Library Cards Against Humanity Card Generator

audiences....In his new book, Nye delights in how [evolution] helps to unlock the mysteries of everything from bumblebees to human origins to our place in the universe."
-National Geographic "When it comes to Bill Nye, 'Science Guy' doesn't even begin to cover it. When he's not being summoned to act as a voice of reason for news outlets or leading meetings as CEO of the Planetary Society, he is living the life of a best-selling author....His recently published book, 'Undeniable: Evolution and the Science of Creation,' enlightens readers while using a

Online Library Cards Against Humanity Card Generator

***conversational, educational tone. After all, it's his ability to break down even the most complicated topics into bite-size pieces that made him such a hit on his '90s children's show 'Bill Nye, the Science Guy.'*" -The Boston Globe**

***"Mr. Nye writes briskly and accessibly...[and] makes an eloquent case for evolution."*-The Wall Street Journal**

***"Because [Bill Nye is] a scientist, he has no doubts that the 'deniers' of evolution are flat wrong. And because he's a performer, his book is fun to read and easy to absorb."* -The Washington Post**

core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Nominated as one of America's best-loved novels by PBS's The Great American Read Six days ago, astronaut Mark Watney became one of the first people to walk on Mars. Now, he's sure he'll be the first person to die there. After a dust storm nearly kills him and forces his crew to evacuate while thinking him dead, Mark finds himself stranded and completely alone with no way to even signal Earth that he's alive—and even if he could get word out, his supplies would be gone long before a rescue could arrive. Chances are, though, he won't have

Online Library Cards Against Humanity Card Generator

time to starve to death. The damaged machinery, unforgiving environment, or plain-old "human error" are much more likely to kill him first. But Mark isn't ready to give up yet. Drawing on his ingenuity, his engineering skills—and a relentless, dogged refusal to quit—he steadfastly confronts one seemingly insurmountable obstacle after the next. Will his resourcefulness be enough to overcome the impossible odds against him? This book is designed to introduce doctoral and graduate students to the process of conducting scientific research in the social sciences, business, education, public health, and related disciplines. It is a one-stop, comprehensive, and compact source for foundational concepts in behavioral research, and can

Online Library Cards Against Humanity Card Generator

serve as a stand-alone text or as a supplement to research readings in any doctoral seminar or research methods class. This book is currently used as a research text at universities on six continents and will shortly be available in nine different languages.

In a personal memoir, the author describes her relationships with the two men closest to her--her father and his brother, Joseph, a charismatic pastor with whom she lived after her parents emigrated from Haiti to the United States.

Since Descartes famously proclaimed, "I think, therefore I am," science has often overlooked emotions as the source of a person's true being. Even modern neuroscience has tended, until recently, to concentrate on the cognitive aspects of brain function, disregarding emotions. This attitude

Online Library Cards Against Humanity Card Generator

began to change with the publication of Descartes' Error in 1995. Antonio Damasio—"one of the world's leading neurologists" (The New York Times)—challenged traditional ideas about the connection between emotions and rationality. In this wondrously engaging book, Damasio takes the reader on a journey of scientific discovery through a series of case studies, demonstrating what many of us have long suspected: emotions are not a luxury,

Online Library Cards Against Humanity Card Generator

they are essential to rational thinking and to normal social behavior.

This book constitutes the refereed proceedings of the 9th International Conference on Games and Learning Alliance, GALA 2020, held in Laval, France, in December 2020. The 35 full papers and 10 short papers were carefully reviewed and selected from 77 submissions. The papers cover a broad spectrum of topics: Serious Game Design; Serious Game Analytics; Virtual

Online Library Cards Against Humanity Card Generator

and Mixed Reality Applications; Gamification Theory; Gamification Applications; Serious Games for Instruction; and Serious Game Applications and Studies.

Fossil-fuel power plants account for the majority of worldwide power generation. Increasing global energy demands, coupled with issues of ageing and inefficient power plants, have led to new power plant construction programmes. As cheaper fossil fuel

Online Library Cards Against Humanity Card Generator

resources are exhausted and emissions criteria are tightened, utilities are turning to power plants designed with performance in mind to satisfy requirements for improved capacity, efficiency, and environmental characteristics. Advanced power plant materials, design and technology provides a comprehensive reference on the state of the art of gas-fired and coal-fired power plants, their major components and performance improvement

Online Library Cards Against Humanity Card Generator

options. Part one critically reviews advanced power plant designs which target both higher efficiency and flexible operation, including reviews of combined cycle technology and materials performance issues. Part two reviews major plant components for improved operation, including advanced membrane technology for both hydrogen (H₂) and carbon dioxide (CO₂) separation, as well as flue gas handling technologies for improved

Online Library Cards Against Humanity Card Generator

emissions control of sulphur oxides (SO_x), nitrogen oxides (NO_x), mercury, ash and particulates. The section concludes with coverage of high-temperature sensors, and monitoring and control technology that are essential to power plant operation and performance optimisation. Part three begins with coverage of low-rank coal upgrading and biomass resource utilisation for improved power plant fuel flexibility. Routes to improve the

Online Library Cards Against Humanity Card Generator

environmental impact are also reviewed, with chapters detailing the integration of underground coal gasification and the application of carbon dioxide (CO₂) capture and storage. Finally, improved generation performance is reviewed with coverage of syngas and hydrogen (H₂) production from fossil-fuel feedstocks. With its distinguished international team of contributors, Advanced power plant materials, design and technology is a standard reference for all power

Online Library Cards Against Humanity Card Generator

plant engineers and operators, as well as to academics and researchers in this field. Provides a comprehensive reference on the state-of-the-art gas-fired and coal-fired power plants, their major components and performance improvement options Examines major plant components for improved operation as well as flue gas handling technologies for improved emissions control Routes to improve environmental impact are discussed with chapters

When trainers use games, learners win big. As a trainer interested in game design, you know that games are more effective than lectures. You've seen firsthand how immersive games hold learners' interest, helping them explore new skills and experience different points of view. But how do you become

Online Library Cards Against Humanity Card Generator

the Milton Bradley of learning games? Play to Learn is here to help. This book bridges the gap between instructional design and game design; it's written to grow your game literacy and strengthen crucial game design skills. Experts Sharon Boller and Karl Kapp share real examples of in-person and online games, and offer an online game for you to try as you read. They walk you through evaluating entertainment and learning games, so you can apply the best to your own designs. Play to Learn will also show you how to: Link game design to your business needs and learning objectives. Test your prototype and refine your design. Deploy your game to motivated and excited learners. So don't just play around. Think big, design well, and use Play to Learn as your guide.

Brother, I'm Dying

The first years of the poker boom were fueled

Online Library Cards Against Humanity Card Generator

by the interest in no-limit hold em tournaments. Recently, however, players have been gravitating to another, even more complex form of hold em no-limit cash games. In Harrington on Cash Games: Volume I, Dan Harrington teaches you the key concepts that drive deep-stack cash game play. You ll learn how to tailor your selection of starting hands to your stack size, how to recognize the increasing deception value of supposedly weaker hands as the stack sizes increase, and how to use the concept of pot commitment to your advantage as the size of the pot grows. After laying out the general concepts behind

Online Library Cards Against Humanity Card Generator

deep-stack cash game play, Harrington shows you a complete strategy for post-flop play, and then teaches you the difference between post-flop play against a single opponent and post-flop play against multiple opponents. If you play no-limit hold em cash games, you need to read this book. Harrington on Cash Games: Volume II continues where Volume I left off. In sections on turn and river play, Harrington explains why these are the most important streets in no-limit hold em, and shows how to decide when to bet or check, when to call or fold, and when to commit all your chips. In later sections, Harrington

Online Library Cards Against Humanity Card Generator

shows how to play a looser and more aggressive style, how to make the transition from online to live games, and how to extract the maximum profit from very low-stakes games. Volume II concludes with an interview with Bobby Hoff, considered by many the best no-limit cash game player of all times, who shares some of his secrets and insights. Dan Harrington won the gold bracelet and the World Champion title at the \$10,000 buy-in No-Limit Hold em Championship at the 1995 World Series of Poker. And he was the only player to make the final table in 2003 (field of 839) and 2004 (field of 2,576) considered by

Online Library Cards Against Humanity Card Generator

cognoscenti to be the greatest accomplishment in WSOP history. In Harrington on Cash Games, Harrington and two-time World Backgammon Champion Bill Robertie have written the definitive books on no-limit cash games. These books will teach you what you need to know to be a winner in the cash game world. It is the year 1921 and, at the corner of Greenwood and Archer, lies Black Wall Street. Over 300 businesses can be found here, and they are all supported heavily by the residents of this thriving community. It is a time of racial segregation in America and one significant encounter causes a spark to

Online Library Cards Against Humanity Card Generator

become a flame. **Black Wall Street: The Spirit of Community** uncovers the beauty of the Black-owned businesses and residential hub located in Tulsa, Oklahoma. This book tells how a community rebounded from a tragic event, and restored the legacy of entrepreneurship, success and the importance of community. These events went on to affect the whole country, and impacted the growth of many other communities.

NEW YORK TIMES BESTSELLER "A rollicking good time." -Golfweek * "Thoroughly engaging."
-The Washington Post A juicy and freewheeling biography of legendary golf champion Phil

Online Library Cards Against Humanity Card Generator

Mickelson—who has led a big, controversial life—as reported by longtime Sports Illustrated writer and bestselling author Alan Shipnuck. Phil Mickelson is one of the most compelling figures in sports. For more than three decades he has been among the best golfers in the world, and his unmatched longevity was exemplified at the 2021 PGA Championship, when Mickelson, on the cusp of turning fifty-one, became the oldest player in history to win a major championship. In this raw, uncensored, and unauthorized biography, Alan Shipnuck captures a singular life defined by thrilling victories, crushing

Online Library Cards Against Humanity Card Generator

defeats, and countless controversies.

Mickelson is a multifaceted character, and all his warring impulses are on display in these pages: He is a smart-ass who built an empire on being the consummate professional; a loving husband dogged by salacious rumors; a high-stakes gambler who knows the house always wins but can't tear himself away.

Mickelson's career and public image have been defined by the contrast with his lifelong rival, Tiger Woods. Where Woods is robotic and reticent, Mickelson is affable and extroverted, an incorrigible showman whom many fans love and some abhor because of the

Online Library Cards Against Humanity Card Generator

overwhelming size of his personality. In their early years together on Tour, Mickelson lacked Tiger's laser focus and discipline, leading Tida Woods to call her son's rival "the fat boy," among other put-downs. Yet as Tiger's career has been curtailed by scandal, addiction, and a broken body, Phil sails on, still relevant on the golf course and in the marketplace. Phil is the perfect marriage of subject and author. Shipnuck has long been known as the most fearless writer on the golf beat, and he delivers numerous revelations, from the true scale of Mickelson's massive gambling losses; to the inside story of the

Online Library Cards Against Humanity Card Generator

acrimonious breakup between Phil and his longtime caddie, Jim “Bones” Mackay; to the secretive backstory of the Saudi golf league that Mickelson championed to wield as leverage against the PGA Tour. But Phil also celebrates Mickelson’s random acts of kindness and generosity of spirit, to which friends and strangers alike can attest. Shipnuck has covered Mickelson for his entire career and has been on the ground at Mickelson’s most memorable triumphs and crack-ups, allowing him to take readers inside the ropes with a thrilling immediacy and intimacy. The result is the juiciest and

Online Library Cards Against Humanity Card Generator

liveliest golf book in years—full of heart, humor, and unexpected turns.

#1 New York Times Bestseller A sumptuous and epically told love story inspired by A Thousand and One Nights Every dawn brings horror to a different family in a land ruled by a killer. Khalid, the eighteen-year-old Caliph of Khorasan, takes a new bride each night only to have her executed at sunrise. So it is a suspicious surprise when sixteen-year-old Shahrzad volunteers to marry Khalid. But she does so with a clever plan to stay alive and exact revenge on the Caliph for the murder of her best friend and countless other

Online Library Cards Against Humanity Card Generator

girls. Shazi's wit and will, indeed, get her through to the dawn that no others have seen, but with a catch . . . she's falling in love with the very boy who killed her dearest friend. She discovers that the murderous boy-king is not all that he seems and neither are the deaths of so many girls. Shazi is determined to uncover the reason for the murders and to break the cycle once and for all. *The book is a Rough Cut Edition (pages are deliberately not the same length).*

The Global Innovation Index 2020 provides detailed metrics about the innovation performance of 131 countries and economies around the world. Its 80 indicators explore a broad vision of innovation, including political environment, education, infrastructure and business sophistication. The 2020 edition sheds light on the state of innovation financing by investigating the evolution of financing mechanisms for entrepreneurs and other innovators, and by pointing to progress and remaining challenges - including in the context of the economic slowdown induced by the coronavirus disease (COVID-19) crisis. The spirit of our times can appear to be one of joyless

Online Library Cards Against Humanity Card Generator

urgency. As a culture we have become less interested in the exploration of the glorious mind, and more interested in creating and mastering technologies that will yield material well-being. But while cultural pessimism is always fashionable, there is still much to give us hope. In *The Givenness of Things*, the incomparable Marilynne Robinson delivers an impassioned critique of our contemporary society while arguing that reverence must be given to who we are and what we are: creatures of singular interest and value, despite our errors and depredations. Robinson has plumbed the depths of the human spirit in her novels, including the National Book Critics Circle Award-winning *Lila* and the Pulitzer Prize-

Online Library Cards Against Humanity Card Generator

winning Gilead, and in her new essay collection she trains her incisive mind on our modern predicament and the mysteries of faith. These seventeen essays examine the ideas that have inspired and provoked one of our finest writers throughout her life. Whether she is investigating how the work of the great thinkers of the past, Calvin, Locke, Bonhoeffer--and Shakespeare--can infuse our lives, or calling attention to the rise of the self-declared elite in American religious and political life, Robinson's peerless prose and boundless humanity are on display. Exquisite and bold, The Givenness of Things is a necessary call for us to find wisdom and guidance in our cultural heritage, and to offer grace to one

musical instrument complete with strings for strumming, a geometric drawing generator, an infinite calendar, a message decoder, and even a speaker that amplifies sound. Artist Kelli Anderson contributes enlightening text alongside each pop-up, explaining the scientific principles at play in her constructions and creating an interactive experience that's as educational as it is extraordinary. Inspiring awe that lasts long after the initial pop, *This Book Is a Planetarium* leaves readers of all ages with a renewed appreciation for the way things work—and for the enduring magic of books.
