business. The first paper, on external financing and insurance cycles, contains a wealth of information on trends and patterns in the industry's financial structure. The last essay, which compares performance of stock and mutual insurance companies, takes a fresh look at the way a company's organizational structure affects its responses to different economic situations. Two papers focus on rate regulation in the auto insurance industry, and provide broad overviews of the structure and economics of the insurance industry as a whole. Also addressed are the system of regulating

that apply to the taxation of captive insurance companies in addition to the general rules that are usually applicable to a captive insurance company. At the same time, it examines the fact that many healthcare organizations are now considered to be insurance companies and will be taxed as such under all the various healthcare reform proposals. Includes a sample tax return for property and casualty insurance companies, Form 1120PC, and guidance on how to read and review a property and/or casualty company annual report.

"Gitty Up" shouted the driver, as he encouraged the laboring horses to pull the laden "prairie schooner" faster westward across the prairie. In the "prairie schooners" the people were excited and anxious to reach the vast prairie of Nebraska. They wanted to rush to the land, select their free land, and build their homes. Among

the settlers on the Nebraska plains were the Author's parents. In this book the reader has a glimpse of their simple home, the care of the livestock on the farm, the planting and harvesting of the crops, the brutal weather, and the challenges of isolation. Every family depended on their horses for survival. Man power combined with horse power with determination resulted in permanent settlements. When tractors began to emerge for farming, then horses retired from field work. Whoa!
