Old Friends, New Enemies Against all odds, Shin and the Eighty-Six have emerged victorious from their battle with the Morpho, liberating scores of surviving Republic citizens from the Legion's dark agenda. Lena, in turn, has fulfilled her promise and finally caught up to the Spearhead squadron. And while her presence has brought out a softer side in Shin, it seems to have roused the competitive spirits within Kurena and Frederica. But the fun comes to an end when the Eighty-Sixth Strike Package, with Lena at the helm, receives its first mission. Their destination: an abandoned subway tunnel in the Republic's northern secondary capital, Charité. Deep underground, the gaping maw of a subterranean Legion base awaits them...

Continuing their journey, Rudeus, Eris and Ruijerd have a run in with a figure from legend--none other than the Great Emperor of the Demon World, Kishirika herself! When the trio lend her their aid, Kishrika rewards Rudy with a strange new power...one that might just be more than he bargained for.

A War Without CasualtiesThe Republic of San Magnolia has long been under attack from the neighboring Gadian Empire's army of unmanned drones known as the Legion. After years of painstaking research, the Republic finally developed autonomous drones of their own, turning the one-sided struggle into a war without casualties-or at least, that's what the government claims. In truth, there is no such thing as a bloodless war. Beyond the fortified walls protecting the eighty-five Republic territories lies the "nonexistent" Eighty-Sixth Sector. The young men and women of this forsaken land are branded the Eighty-Six and, stripped of their humanity, pilot the "unmanned" weapons into battle...
