The way autoimmune disease is viewed and treated is undergoing a major change as an estimated 50 million Americans (and growing) suffer from these conditions. For many patients, the key to true wellness is in holistic treatment, although they might not know how to begin their journey to total recovery. The Autoimmune Wellness Handbook, from Mickey Trescott and Angie Alt of Autoimmune-Paleo.com, is a comprehensive guide to living healthfully with autoimmune disease. While conventional medicine is limited to medication or even surgical fixes, Trescott and Alt introduce a complementary solution that focuses on seven key steps to recovery: inform, collaborate, nourish, rest, breathe, move, and connect. Each step demystifies the process to reclaim total mind and body health. With five autoimmune conditions between them, Trescott and Alt have achieved astounding results using the premises laid out in the book. The Autoimmune Wellness Handbook goes well beyond nutrition and provides the missing link so that you can get back to living a vibrant, healthy life.

Understanding God's Design for You in the Church

You've undoubtedly heard the expression "time heals all wounds." Unfortunately, it isn't true. As many pastors and counselors know, people still carry hurts from thirty or forty years ago. The truth is, time often makes things worse. Wounds that are left untended fester and spread infection throughout your entire body. Time only extends the pain if the problem isn't dealt with. Your First Step to Celebrate Recovery introduces you to a biblical and balanced program that has helped nearly a million people overcome their hurts, hang-ups, and habits. Based on the actual words of Jesus found in the Sermon on the Mount rather than psychological theory, the Celebrate Recovery program has helped people for over 20 years to grow toward full Christ-like maturity. Author and founder John Baker tells the true story of how Celebrate Recovery became one of the largest Christ-centered recovery programs in history. Baker will help you discover how God's love, truth, grace and forgiveness can bring healing into your life.

With practical application and inspiration, Johnny Baker shares his story of recovering from alcoholism and offers the truths he has learned from his 25 years with Celebrate Recovery. Baker’s father, John,

founded Celebrate Recovery when Baker was 15 years old. Later, Baker became involved with alcohol himself. Even though he saw his parents' marriage heal and watched his dad become a new person, he had to experience his own journey of healing. Baker began the process of recovery as a young adult. Now he serves on the leadership team of Celebrate Recovery, sharing his testimony of how God brought him back home. In the years since leaving alcohol behind, Baker has witnessed thousands of other lives change through the power of Christ. Whether you are dealing with substance abuse, relational struggles, or eating challenges, or you simply want to let go of what is holding you back in life, you will find answers in The Road to Freedom. In addition to telling his own story, Baker offers ten principles of healing. These life lessons remind you that pain has a purpose, small and steady improvement lasts longer than overnight change, serving others leads to deeper healing, and facing your problems is the only way to heal. The Road to Freedom will help you move from coping with hurts, hang-ups, and habits to the hope and health that only Jesus can bring.

How God Can Heal Your Life

Reaffirming the "greatness and inestimable value of human life," Pope John Paul II discusses in this encyclical letter the present-day legal, ethical, and moral threats to life.

[i]Chicken Noodle News[/i] is the story of how mavericks, misfits and dreamers faced huge odds (and sometimes each other) to build the world's first all news network. CNN hired some professional people and some who pretended to be TV professionals. Then there were the "I've only been fired twice already," inexperienced nut jobs looking for a job in television. The only thing that held this unlikely crew together was fear. There were no life boats on the Chicken Noodle News Network. This is not a chronological history of how CNN changed the news viewing habits of the world; John will leave that to Ted Turner and other visionaries. John was there through it all. This is his story.
