to risk her life for her faith. Born to an aristocratic family in rural Vietnam, Kinh Tam's uncommon beauty and intelligence were obvious to all she encountered. From an early age she was drawn to the teachings of Buddha and the rewards of a monastic life, but to please her family she agreed to walk the traditional path of marriage. Throughout her marriage, Kinh Tam's mind was devoted to her husband but her heart never waived from her true calling. She wanted to be a monk. And yet Buddhism was still new to Vietnam and temples accepted only men for ordination. Making a decision that would forever change her life, Kinh Tam left town, disguised herself as a man, and joined a monastery as a novice. Despite the many challenges of living as a man, Kinh Tam thrived and became a beloved member of the community. Years of profound joy and peace passed until a local woman accuses the novice of fathering her unborn child. Kinh Tam is torn between two impossible choices: keep her secret and endure brutal punishment or reveal the truth that would prove her innocence but put an end to her spiritual path. Facing the unbearable with the boundless heart of Buddha, her choice forever changes her life, her country, and her faith. In spare, elegant prose, Thich Nhat Hanh reminds us that we, too, face our own injustices and suffering, and by connecting with love, we can, like Kinh Tam, discover a mind and heart that are peaceful, happy, and free.

**A music loving teen with OCD does everything she can to find her way back to her mother during the historic race riots in 1969 Kuala Lumpur, Malaysia, in this heart-pounding literary debut. Melati Ahmad looks like your typical movie-going, Beatles-obsessed sixteen-year-old. Unlike most other sixteen-year-olds though, Mel also believes that she harbors a djinn inside her, one who threatens her with horrific images of her mother's death unless she adheres to an elaborate ritual of counting and tapping to keep him satisfied. A trip to the movies after school turns into a nightmare when the city erupts into violent race riots between the Chinese and the Malay. When gangsters come into the theater and hold movie-goers hostage, Mel, a Malay, is saved by a Chinese woman, but has to leave her best friend behind to die. On their journey through town, Mel sees for herself the devastation caused by the riots. In her village, a neighbor tells her that her mother, a nurse, was called in to help with the many bodies piling up at the hospital. Mel must survive on her own, with the help of a few kind strangers, until she finds her mother. But the djinn in her mind threatens her ability to cope.**

**A “psychologically acute and boldly plotted” tale of a wealthy, dysfunctional family in Malaysia (Booklist, starred review). Set in Malaysia, this internationally acclaimed debut novel offers an unflinching look at relationships between parents and children, brothers and sisters, the wealthy and poor, a country and its citizens—all through the eyes of the prosperous Rajasekharan family. latest in a series of losses that have shaken six-year-old Aasha's life. A few weeks before, Aasha's grandmother Paati passed away under mysterious circumstances and her older sister, Uma, departed for Columbia University—leaving Aasha to cope with her mostly absent father, bitter mother, and imperturbable older brother. Moving backward and forward in time, *Evening Is the Whole Day* explores the closely guarded secrets that haunt the Rajasekharans: What was Chellam's unforgivable crime? Why was Uma so intent on leaving? What did Aasha see? And, underscoring all of these mysteries: What ultimately became of her father's once-grand dreams for his family and his country? **Nazi Goreng is a disturbing story of one young Malay man's coming of age in the big city and offers a stunning portrait of the racial tensions that pervade Malaysian society. Asrul is a fanatical yet naïve Muslim skinhead from small town Kedah, who finds escape in hardcore punk and aspires to life in the big city. After Asrul is recruited by friend Malik to join a neo-Nazi skinhead gang, the boys move to Penang to realise their racially fuelled teenage dreams. Petty acts of ethnic violence against immigrant workers and minority groups in the name of Kuasa Melayu (Malay Power) earn Asrul limited social empowerment and occasional ridicule, so it is not without trepidation that he follows Malik again, this time into the seedy world of the**

**Yakuza Moon is the shocking, yet intensely moving memoir of 37-yearold Shoko Tendo, who grew up the daughter of a yakuza boss. Tendo lived her life in luxury until the age of six, when her father was sent to prison, and her family fell into terrible debt. Bullied by classmates who called her "the yakuza girl," and terrorized at home by a father who became a drunken, violent monster after his release from prison, Tendo rebelled. girl gang. By the age of 15 she found herself sentenced to eight months in a juvenile detention center. Adulthood brought big bucks and glamour when Tendo started working as a bar hostess during Japan's booming bubble economy of the nineteen-eighties. But among her many rich and loyal patrons there were also abusive clients, one of whom beat her so badly that her face was left permanently scarred. When her mother died, Tendo plunged into such a deep depression that she tried to commit suicide twice. Tendo takes us through the bad times with warmth and candor, and gives a moving and inspiring account of how she overcame a lifetime of discrimination and hardship. Getting tattooed, from the base of her neck to the tips of her toes, with a design centered on a geisha with a dagger in her mouth, was an act that empowered her to start making changes in her life. She quit her job as a hostess. On her last day at the bar she looked up at the full moon, a sight she never forgot. The moon became a symbol of her struggle to become whole, and the title of the book she wrote as an epitaph for herself and her family. On sex in Malay novel.

An enchanting graphic novel, When I Was a Kid is a collection of black and white drawings and handwritten narratives that depict short stories from a kid's formative years growing up in Malaysia - stories of surviving school, siblings, and parents - when the world was indeed, seen as simply black and white. Dedicated to the forgotten child in every reader, these tales of imaginary heroes, lies adults like to tell children, and the dangerous mix of boredom with curiosity appeal to anyone who might long for a more innocent time.

increasingly clear that orangutan populations show extensive variation in behavioural ecology, morphology, life history, and genes. Indeed, on the strength of the latest genetic and morphological evidence, it has been proposed that orangutans actually constitute two species which diverged more than a million years ago - one on the island of Sumatra the other on Borneo, with the latter comprising three subspecies. This book has two main aims. The first is to carefully compare data from every orangutan research site, examining the differences and similarities between orangutan species, subspecies and populations. The second is to develop a theoretical framework in which these differences and similarities can be explained. To achieve these goals the editors have assembled the world's leading orangutan experts to rigorously synthesize and compare the data, quantify the similarities or differences, and seek to explain them. Orangutans is the first synthesis of orangutan biology to adopt this novel, comparative approach. It analyses and compares the latest data, developing a theoretical framework to explain morphological, life history, and behavioural variation. Intriguingly, not all behavioural differences can be attributed to ecological variation between and within the two islands; relative rates of social learning also appear to have been influential. The book also emphasizes the crucial impact of human settlement on

*“You’ll be hard-pressed to find a Hollywood memoir with this much blood and (broken) bone” (Entertainment Weekly) in this candid, thrilling autobiography from one of the most recognizable, influential, and beloved cinematic personalities in the world. Everyone knows Jackie Chan. Whether it’s from Rush Hour, Shanghai Noon, The Karate Kid, or Kung Fu Panda, Jackie is admired by generations of moviegoers for his acrobatic fighting style, comic timing, and mind-bending stunts. In 2016—after over fifty-five years in the industry, over 200 films, and many broken bones—he received an honorary Academy Award for his lifetime achievement in film. But Jackie is just getting started. Now, in Never Grow Up, the global superstar reflects on his early life, including his childhood years at the China Drama Academy (in which he was enrolled at the age of six), his big breaks (and setbacks) in Hong Kong and Hollywood, his numerous brushes with death (both on and off film sets), and his life as a husband and father (which has been, admittedly and regrettably, imperfect). In this “impossibly colorful memoir” (USA TODAY), Jackie applies the same spirit of openness to his “legendary life, with many fascinating stories waiting for you to discover” (Jet Li), proving time and time again why he’s beloved the world over: he’s honest, funny, kind, brave beyond reckoning and—after all this time—still young at heart.*

Critics frequently describe the influence of "America," through Hollywood and other cultural industries, as a form of cultural imperialism. This unidirectional model of interaction does not address, however, the counter-flows of Chinese-language films into the American film market or the influence of Chinese filmmakers, film stars, and aesthetics in Hollywood. The aim of this collection is to (re)consider the complex dynamics of transnational cultural flows between American and Chinese-language film industries. The goal is to bring a more historical perspective to the subject, focusing as much on the Hollywood influence on early Shanghai or postwar Hong Kong films as on the intensifying flows
