Weary travelers. You've seen them -- everything they own crammed into their luggage. Staggering through terminals and hotel lobbies with overstuffed suitcases, trunks, duffels, and backpacks. Backs ache. Feet burn. Eyelids droop. We've all seen people like that. At times, we are people like that -- if not with our physical luggage, then at least with our spiritual load. We all lug loads we were never

intended to carry. Fear. Worry. Discontent. No wonder we get so weary. We're worn out from carrying that excess baggage. Wouldn't it be nice to lose some of those bags? That's the invitation of Max Lucado. With the Twenty-third Psalm as our guide, let's release some of the burdens we were never intended to bear. Using these verses as a guide, Max Lucado walks us through a helpful inventory of our burdens. May God use this Psalm to remind you to release the burdens you were never meant to bear.

missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and

invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*.

Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he

would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid

headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Over the last 500 years, blood-red moons have fallen on the first day of Passover three separate times. These occurrences were connected to some of the most significant days in Jewish history: 1492 (the final year of the Spanish Inquisition when Jews were expelled from Spain), 1948 (statehood for Israel and the War of Independence) and 1967 (the Six-Day War). The next series of four blood moons occurs at Passover and Sukkot in 2014 and 2015. In this devotional study guide, Pastor Hagee challenges readers to further explore the meaning behind blood moons, understand why Christians

I am still a good teacher. I love my Savior. I love the restored gospel of Jesus Christ. I look at the gospel in a nonlinear fashion, thinking critically about how gospel teachings connect to one another and to our personal struggles. If all truth is circumscribed into one whole, we need to think deeply, and sometimes creatively, about how the gospel connects to us and to others. Since ALS will take my life, I will likely not be around to teach these ideas to my kids in the moment they need a lesson. I pray that this little

with the collapse of the institutional church culture in America. A great number of them have retreated inside their four walls and created church activities to replace their Christ-given mission to make disciples, and thereby extending His kingdom on earth thy kingdom come. Abandoning their mission means they have abandoned their real identity and reason for existence. Others have gone to the other extreme by selling out to the culture. Their worship service is a form of entertainment with the objective to feel good and be happy. Both choices have turned off many saved people, and they have left the church. In 1998, a Barna poll reflected that 20 million born-again Christians had withdrawn their membership. Today's
