

## Chapter 10 The Church Middletown Bible Church

*All Faithful People was first published in 1983. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. In 1924 Robert and Helen Lynd went to Middletown (Muncie, Indiana) to study American institutions and values. The results of their work are the classic studies Middletown (1929) and Middletown in Transition (1937). In the late 1970s a team of social scientists returned to Middletown to gauge the changes that have taken place in the fifty years since the Lynds' first visit. The Middletown III Project, by replicating the earlier work, in some cases by using the same questions, provides an unprecedented portrait of a small American town as it adapts to changing times. Its first report, Middletown Families, was published by Minnesota in 1982. This book explores the role of religion in the life of Middletown. Using the Lynds' magnificent cache of empirical data as a base, social scientists on the Middletown III Project attempted to gauge how religious beliefs and practices have changed. For the most part, their findings show that the current perception of a trend toward a more secular society is not true. In Middletown, religion seems to be more important than ever. All Faithful People also covers the history of Middletown's churches, the differences between the town's Protestants and Catholics, religious participation among young people, and the role in Middletown life of private devotions and public rituals. In conclusion, the authors of All Faithful People evaluate Middletown as a representative community. They attempt to explain the myth of the death of organized religion, and briefly compare religion in America to religion in other Western countries. Fifty years after the Lynds first made Middletown famous, a team of social scientists returned to find out how American values have changed. This, their second report, focuses on religion. What does religion mean to Middletown today? Has America become a secular society? Those are some of the questions discussed in All Faithful People. These true stories are Yahweh's story written through the lives of His people. They take place within the context of a Hebraic Christian Community and it is an exciting expedition that just happens to occur in the lives of two midwives who live life caught in the crossfire between the natural and supernatural realms. Nanna and Mercy live life from the Kingdom backwards and truly delight in bringing the Kingdom of Heaven down into the earth. Their stories are presented as tiny portraits of the Heart of our beloved Father, and hopefully will bring a smile to your face and joy to your heart. They are shared in hopes of stirring up curiosity, expanding your vision and wonder, and awakening a hunger for the things unseen that can impact the birth of each new spirit-vessel exponentially. Expect the itsy-bitsy glimpses into the heavenlies to inspire your faith in Him. More information may be found on www.HebraicMidwifery.com*

This study approaches the Puritan experience from the perspective of the pew rather than the pulpit. For the past decade, Cooper has immersed himself in local Massachusetts manuscript church records. From these previously untapped documents, he brings forth forgotten events and personages in a book that both challenges existing models of church hierarchy and offers a new understanding of the origins of New England democracy.

In this second volume of two tracing the history of 20th-century American religion, Martin E. Marty tells the story of how America has survived religious disturbances and culturally prospered from them.

The Church in an Age of Revolution

With Biographical Sketches of Its Prominent Men

FOREWORD Every man who is a success, regardless of how gifted he may be, did not manage to achieve his goals, rank, station or wealth by his own efforts, but he is indebted to a number of key persons in his life without whose mentoring, support, and encouragement he would quite likely have been a miserable failure! \* \* \* KING DAVID of Israel was surrounded by a magnificent corps of extraordinarily strong, courageous, unflinchingly brave and self-sacrificing men who were his confidants, his personal bodyguard, and comrades-at-arms. They were the special elite corps of fearless warriors whose devotion to their king placed his welfare and that of his kingdom above their own personal safety – every one of these champions would gladly have sacrificed his own life to honor, advance and protect the life of their king. The annals of Holy Scripture single them out by the accolade that marks them as David ’s Mighty Men. Their names are recorded in the Hebrew Old Testament book of II Samuel, chapter 23, verses 8-39. They were thirty-seven of the most fierce and dedicated warriors that ever lived. In a parallel list of these men which is recorded in I Chronicles 11:11-47, the number of warriors is expanded by 16 names (I Ch. 11:41-47), probably because additional men were added to replace those who had died, some in battle, giving their lives for their king. They were truly men of extraordinary valor, physical might and unwavering loyalty. They were a combination of “ combat commandos,” “ stealth rangers,” “ navy seals,” “ green beret,” “ special ops ” and “ Delta forces ” who had acquired the skills of battle demanded to survive and conquer in hand-to-hand warfare. They engaged in clandestine operations and were often outnumbered by staggering odds pitted against them, yet they stood their ground. Time after time on field of battle they were “ the last men standing.” They defended their king and gained victory over their enemies by sheer strength of determination and by the inexplicable physical and mental character with which they were endowed by their God, Yahweh, Who Himself had chosen David as their king. “ These are the names of David ’ s Mighty Men: “ Josheb-Basshebeth, a Tahkemonite, was the chief . . . he raised his spear against eight hundred men, whom he killed in one encounter. “ Eleazar son of Dodai the Aholite . . . he was with David when they taunted the Philistines that were gathered at Pas Dammim for battle.

The men of Israel retreated, but he stood his ground and struck down the Philistines till his hand grew tired and froze to the sword. The Lord brought about a great victory that day. “ Shammah son of Agee the Harrarite. When the Philistines banded together . . . Israel ’ s troops fled from them. But Shamma took his stand in the middle of the field. He defended it and struck the Philistines down, and the Lord brought about a great victory. “ Abishai the brother of Joab . . . he raised his spear against three hundred men, whom he killed. “ Benaiah son of Jehoida was a valiant fighter from Kabzeel . . . he struck down two of Moab ’ s best men. He also went down into a pit on a snowy day and killed a lion, and he struck down a huge Egyptian. Although the Egyptian had a spear in his hand, Benaiah went against him with a club. He snatched the spear from the Egyptian ’ s hand and killed him with his own spear. And David put him in charge of his bodyguard.” Abishai, Benaiah and another warrior risked their lives to break through the lines of the Philistines and draw water from the well near the gate of Bethlehem to bring back to David a drink from that well. Although he longed to taste that water, David poured it out as an offering unto the Lord rather than to drink water for which his loyal and devoted warriors risked their lives. There were also among David ’ s Mighty Men the following warriors: “ Ashel the brother of Joab, Ehanan so

Budget report for 1929/31 deals also with the operations of the fiscal year ended June 30, 1928 and the estimates for the fiscal year ending June 30, 1929.

"Why Me? Why Not Me" Captain Bob's journey to heaven through surrender.

Building a Protestant Left

From Adam & Eve to O.J. Simpson

A Memoir of a Family and Culture in Crisis

He follows the twists and turns of this story from Niebuhr's Christian realist positions of the 1940s, through Protestant participation in the complex social movements of the 1950s and 1960s, to the emergence of various liberation theologies - African American, feminist, Latin American, and others - that used C&C as a central arena of debate in the 1970s and 1980s.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

The Nasse of Conflict, 1919-1941

Plymouth Colony and the Contest for American Liberty

*The French Revolution dealt a fatal blow to the alliance of Church and State. The Christian church had to adapt to great changes - from the social upheavals of the Industrial Revolution to the philosophical speculations of Kant's 'Copernican revolution', to Darwin's evolutionary theories. Some Christians were driven to panic and blind reaction, others were inspired to re-interpret their faith; the results of this conflict within the fabric of the Church are still reverberating today. In this masterly appraisal of a doubt-ridden and turbulent period in Christianity Alec Vidler concludes with a discussion of the position of the Church in modern times and expertly answers the question: 'Has the Church stood up to the Age of Revolution?'*

*An ambitious new history of the Pilgrims and Plymouth Colony, published for the 400th anniversary of the Mayflower's landing In 1620, separatists from the Church of England set sail across the Atlantic aboard the Mayflower. Understanding themselves as spiritual pilgrims, they left to preserve their liberty to worship God in accordance with their understanding of the Bible. There exists, however, an alternative, more dispiriting version of their story. In it, the Pilgrims are religious zealots who persecuted dissenters and decimated the Native peoples through warfare and by stealing their land. The Pilgrims' definition of liberty was, in practice, very narrow. Drawing on original research using underutilized sources, John G. Turner moves beyond these familiar narratives in his sweeping and authoritative new history of Plymouth Colony. Instead of depicting the Pilgrims as otherworldly saints or extraordinary sinners, he tells how a variety of English settlers and Native peoples engaged in a contest for the meaning of American liberty.*

*An Introduction to Concepts and Research*

*“Why me God? Why not me? I noticed a swelling on my lower left leg on the calf muscle in late December 2009. There was no pain at all, so I dismissed it as a swelling from a hard fall I had taken in my basement about a month earlier. I showed it to Cindy who wanted me to go to the doctor's, but if you haven't noticed I am thick headed and wanted to see if it would just go away..it didn't. The doctor's visit and subsequent MRI in February began the process of identifying just what this thing was. Treatment could only begin after a positive ID. At this point I was not overly concerned. I still believed it to be a hematoma from the fall. It turned out to be much, much more.” This is the first entry into a 2-year CaringBridge journal for my husband Bob who was 63 at the time and a very virile and active man. The hematoma turned out to be a rare and aggressive cancer that would take his life just 2 years later. The journal documents the tremendous faith and strength that he received from Christ every step of the way. The journal will carry you through the innermost thoughts of a man who knows that there is a possibility that he will not live through this, but turns to God and sees the joy of life in adversity. I rode the journey with him for 2 years and realized that through Jesus, Bob was able to not only live well but also to die well. His journal will put you front and center on his beautiful journey, something he called “an e-ticket ride with Christ.” We were all blessed to be a part of his journey and I hope, that after reading this, you will feel blessed too. “He took my fear and turned it into wonder” “The mysteries of the ages will be mine soon. Are you jealous” “Open our eyes to the reality of the moments we live in.”*

*THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO “You will not read a more important book about America this year.”—The Economist “A riveting book.”—The Wall Street Journal “Essential reading.”—David Brooks, New York Times Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.’s grandparents were “dirt poor and in love,” and moved north from Kentucky’s Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of Hillbilly Elegy plays out, we learn that J.D.’s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.*
