When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

With 83 additional outline and four-color maps, World Civilizations: The Global Experience, Fifth Edition, Atlas Edition, helps students with geography, one of the most difficult aspects of World history courses for many. The maps are accompanied by review questions that call on students to identify important geographical areas and think critically about the connection between geography and historical events. The maps are on perforated pages and are organized by chapter so that they can be assigned easily and collected. The primary goal of World Civilizations is to present a truly global history—since the development of agriculture and herding to the present. Using a unique periodization, this book divides the main periods of human history according to changes in the nature and extent of global contacts. This global world history text emphasizes the major stages in the interactions among different peoples and societies, while also assessing the development of major societies. Presenting social and cultural as well as political and economic aspects, the book examines key civilizations in world history. World Civilizations balances this discussion of independent developments in the world's major civilizations with comparative analysis of the results of global contact.

In his Nautilus Award-winning classic Touching Spirit Bear, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscall in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. Touching Spirit Bear is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

A beloved classic that captures the powerful bond between man and man's best friend, Billy has long dreamt of owning not one, but two, dogs. So when he's finally able to save up enough money for two pups to call his own—Old Dan and Little Ann—he's ecstatic. It doesn't matter that times are tough; together they'll roam the hills of the Ozarks. Soon Billy and his hounds become the finest hunting team in the valley. Stories of their great achievements spread throughout the region, and the combination of Old Dan's brawn, Little Ann's brains, and Billy's sheer wit seems unbeatable. But tragedy awaits these determined hunters—now friends—and Billy learns that hope can grow out of despair, and that the seeds of the future can come from the scars of the past. Stunningly-designed new editions of Toni Morrison's best-known novels, published by Vintage Classics in celebration of her life and work. WITH A NEW INTRODUCTION BY BOOKER PRIZE WINNING AUTHOR MARLON JAMES Soon after a local eccentric leaps from a rooftop in a vain attempt at flight, Macon 'Milkman' Dead III is born. Brought up by his well-off black family to revere the white world around him, Milkman strives to make sense of his conflicting identities. Always seeking flight in some way, he leaves his Michigan home for the South, retracing the steps of his forebears in search of his own buried heritage and is introduced to an entire cast of strivers and seeresses, liars and assassins; the inhabitants of a fully realized black world. Evocative and kaleidoscopic, Song of Solomon is a brilliantly imagined coming-of-age tale. A fresh treatment of Fascist Italy and Nazi Germany, revealing the close ties between Mussolini and Hitler and their regimes. From 1934 until 1944 Mussolini met Hitler numerous times, and the two developed a relationship that deeply affected both countries. While Germany is generally regarded as the senior power, Christian Goeschel demonstrates just how much history has underrepresented Mussolini's influence on his German ally. In this highly readable book, Goeschel, a scholar of twentieth-century Germany and Italy, revisits all of Mussolini and Hitler's key meetings and asks how these meetings constructed a powerful image of a strong Fascist-Nazi relationship that still resonates with the general public. His portrait of Mussolini draws on sources ranging beyond political history to reveal a leader who, at times, shaped Hitler's decisions and was not the glibly buffoon he's often portrayed as. The first comprehensive study of the Mussolini-Hitler relationship, this book is a must-read for scholars and anyone interested in the history of European fascism. #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, Time), "poignant" (Entertainment Weekly), "soul-nourishing" (USA Today) memoir about coming of age during the twilight of apartheid. "Noah" 's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa "s history that must never be forgotten. " —Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Times, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah 's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indelicacy, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa 's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of a boy who defies every odds, and finally religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother 's unconventional, unconditional love.

In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.

 For fans of Hatched and Island of the Blue Dolphins comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner, The Cay. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he's eager to glimpse it firsthand—until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion is an old West Indian, Timothy. Phillip remembers his mother's warning about black people: "They are different, and they live differently." But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. "Mr. Taylor has provided an exciting story...The idea that all humanity would benefit from this special form of color blindness permeates the whole book...The result is a story with a high ethical purpose but no sermon." —New York Times Book Review "A taut tightly compressed story of endurance and revelation...At once barbed and tender, tense and fragile—as Timothy would say, 'outrageous good.'" —Kirkus Reviews * "Fully realized setting...artful, unobtrusive use of dialect...the representation of a hauntingly deep love, the poignancy of which is rarely achieved in children's literature." —School Library Journal, Starred "Starkly dramatic, believable and compelling." —Saturday Review "A tense and moving experience in reading." —Publishers Weekly "Eloquently underscores the intrinsic brotherhood of man." —Booklist "This is one of the best survival stories since Robinson Crusoe." —The Washington Star • A New York Times Best Book of the Year • A School Library Journal Best Book of the Year • A Horn Book Honor Book • An American Library Association Notable Book • A Child Study Association's Pick of Children's Books of the Year • Jane Addams Book Award • Lewis Carroll Shelf Award • Commonwealth Club of California: Literature Award • Southern California Award on Literature for Children and Young People Award • Woodward School Annual Book Award • Friends of the Library Award, University of California at Irvine
 Healthcare providers, consumers, researchers and policy makers are inundated with unmanageable amounts of information, including evidence from healthcare research. It has become impossible for all to have the time and resources to find, appraise and interpret this evidence and incorporate it into healthcare decisions. Cochrane Reviews respond to this challenge by identifying, appraising and synthesizing research-based evidence and presenting it in a standardized format, published in The Cochrane Library (www.thecochranelibrary.com). The Cochrane Handbook for Systematic Reviews of Interventions contains methodological guidance for the preparation and maintenance of Cochrane intervention reviews. Written in a clear and accessible format, it is the essential manual for all those preparing, maintaining and reading Cochrane reviews. Many of the principles and methods described here are appropriate for systematic reviews applied to other types of research and to systematic reviews of interventions undertaken by others. It is hoped therefore that this book will be invaluable to all those who want to understand the role of systematic reviews, critically appraise published reviews or perform reviews themselves.
 The Anabaptists were at the radical, utopian edge of the Reformation, ruthlessly repressed by Catholic, Lutheran and secular authorities alike. Hans-Jürgen Goertz gives a comprehensive account of their political and religious significance, their views, and their social setting within the wider context of the Reformation. Particular attention is paid to the role and experience of women and of 'ordinary' Anabaptists in addition to those of the educated elite. Whilst the focus of the book is on Germany, extensive coverage is also given to Anabaptism in England, Switzerland, the Netherlands and elsewhere. This English edition includes a new introduction which considers the historiographical context of the book. The opening chapter has also been expanded to include a section on the emergence of Anabaptism in England. The Anabaptists has been fully revised since its publication in German, and takes account of the most recent historiography on the subject. It also includes a selection of primary sources together with a full listing of important Anabaptist works.

When Matt meets another boy in the city, he begins to wonder if he has a chance of surviving the rest of his life and their growing problem in adapting to the white man and the changing frontier.  An adventurous story of a frontier boy raised by Indians, The Light in the Forest is a beloved American classic. When John Cameron Butler was a child, he was captured in a raid on the Pennsylvania frontier and adopted by the great warrior Cuyloga. Renamed True Son, he came to think of himself as fully Indian. But eleven years later his tribe, the Lenni Lenape, has signed a treaty with the white men and agreed to return their captives, including fifteen-year-old True Son. Now he must go back to the family he has forgotten, whose language is no longer his, and whose ways of dress and behavior are as strange to him as the ways of the forest are to them.
