That the Gospels
are the writings of
their traditional
Apostolic authors
was long held to be
settled truth. It was

Where To Download Chapter 5 Section 1

also long held that Matthew was first and as early as the 40sAD, followed by Mark and Luke, and lastly by John, and that all were written before about 70AD. These views have been doubted or denied by New Testament scholars from about the end

Where To Download Chapter 5 Section 1

of the 18th Century.

The dominant view is that the Gospels were not written by eyewitnesses, though they depend on material that may go back to eyewitnesses. Mark is said to have been written first and not much before 70AD. Matthew and Luke

Where To Download Chapter 5 Section 1

are later and depend on Mark and some unknown sources. John is last, follows an independent tradition, and could be as late as 100AD. The reason for this change of views is the so-called historical critical method,

Where To Download Chapter 5 Section 1

Answers, Egshop
which claims to be scientific and up to date in literary criticism and the detection of different temporal layers in written texts. The method also assumes that reports of miracles and other supernatural phenomena are not

historical but later
inventions added for
religious purposes.

This book shows
that the historical
critical method is not
historical or critical
or even a method.

For the method
assumes but cannot
prove that
supernatural
happenings are

Where To

unhistorical; it ignores the historical evidence about the origin and authorship of the Gospels; its literary criticism is unimaginative and its application of it to questions of dating arbitrary. There is no reason to accept its results as well

Where To

founded or even
believable. The
Answers Eashop
traditional dating
and authorship of
the Gospels is the
only account that
makes sense.

Nevertheless,
elements of the
historical critical
method have a
legitimate use if they
are applied fairly

and taken along
with the historical
evidence and the
fact (well
established by
eyewitnesses) of
supernatural
realities. When
these elements are
so used they can be
shown to give
plausible and
defensible accounts

Where To Download Chapter 5 Section 1

of the origin, in particular, of the Gospels of Mark and Luke, which, along with Matthew, show signs of dependence and overlap. If the historical evidence is taken seriously, and if literary criticism is applied fairly, a plausible

Where To Download Chapter 5 Section 1

account can be given of the origin in particular of the Gospel of Mark, of how it arose from the preaching of Peter relative to the older Gospel of Matthew and to the newer Gospel of Luke sponsored by the Apostle Paul.
