Writing with equal insight about New York City, Hollywood, and the small-town Pennsylvania world where he grew up, John O’Hara cultivated an unsentimental and often unsparing realism, aiming, he said, “to record the way people talked and thought and felt . . . with complete honesty.” Praised by contemporaries including Ernest Hemingway and Dorothy Parker, he wrote about sex, drinking, and social class with a frankness ahead of its time. The fiction he published in The New Yorker (more than any other writer to this day) came to epitomize the kind of short story featured in that magazine, and his impeccable ear and skillful dialogue have influenced later writers such as Raymond Carver. Bringing together sixty stories written over four decades—the largest, most comprehensive collection of O’Hara’s stories ever published—former New York Times Book Review editor Charles McGrath presents a fresh and arresting new perspective on one of American literature’s master storytellers. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation’s literary heritage by publishing, and keeping permanently in print, America’s best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries. They were our husbands, our fathers, our lovers, our sons. They were Americans and Marines. And this is their story: The Big War, Anton Myrer's panoramic novel of Marines in the Pacific in World War II. This is the story of Alan Newcombe, the Boston society Harvard man; Danny Kantaylis, the natural-born leader; Jay O'Neill, the barroom scrapper. Myrer does not glorify war; he does not flinch from describing what the actual experience of warfare was like for a desperate group of Marines trapped in some of the worst fighting conditions of the war. We learn about their lives at home and their fates on the battlefield.

In 1944, long before he wrote such classic novels as I Am Legend and What Dreams May Come, author Richard Matheson served as an eighteen-year-old replacement in the 87th Division during the latter part of the war in Europe. His tour of duty there inspired this acclaimed novel, The Beardless Warriors, about a group of equally young and inexperienced soldiers thrown into the fury of combat. The Beardless Warriors are a squad of teenage U.S. infantrymen fighting their way across Germany during the final weeks of the war. Under fire and in over their heads, the fresh-faced young men must grow up fast if they ever hope to see home again. Everett Hackermeyer is the latest soldier to join the squad, "Hack," a troubled youth from a hellish family background, faces a new kind of inferno on the front lines, only to discover hidden reserves he never knew he possessed. Ironically, he doesn't come to value his own life until he runs the very real chance of losing it. How to See

In this New York Times bestseller, a willful New York debutante travels the rugged Great Plains for a future in the flourishing American West. Charting the trail across the Great Plains from New York City to the Mexican Territory of California, a headstrong couple embarks on a new life in this classic work of historical fiction as unforgiving, moving, and unpredictable as the frontier. A recent finishing school graduate, eighteen-year-old Garnet Cameron is desperate for direction. Too driven for the restrictive manners of the upper class, Garnet is naturally drawn to Oliver Hale, a frontier trader from the West. Unlike the men to whom she ’ s accustomed, Oliver treats Garnet as an equal and respects her independence. His tales of adventure on the plains thrill her. And his proposal of marriage is accepted. Garnet eagerly grabs hold of the promise and prospects of an exciting future, only to discover how ill-prepared she is for the punishing landscape of the Jubilee Trail and the even harsher realities of human nature. Made into a feature film, Jubilee Trail is a classic novel of a woman in the old West, beloved not only for the rebelliousness and resilience of its heroine, but for its authenticity, its grand sweep, its unsparing intimacy, and its honest portrayal of the survivors and victims—and victors and villains—of a defiant American wilderness.

The Minister and the Choir Singer

In his 1992 book Campagna Romana. The Countryside of Ancient Rome Joel Sternfeld focused on the ruins of grand structures with a clear warning: great civilizations fall, ours may too. Now in Rome after Rome, containing images from the previous book as well as numerous unpublished pictures, Sternfeld's questions multiply: who are these modern Romans? What is their relationship to the splendor that was? What is the nature of sullied modernity in relation to the Arcadian ideal? Is there, at this late moment, any chance for Utopia? The Campagna, the countryside south and east of Rome occupies a special place in Roman--and human history. With the rise of Ancient Rome, this once polluted, malarial landscape was restored by emperors and thrived with some 20 towns and numerous wealthy villas on the rolling plains among the mighty aqueducts that fed water to Rome. After the city fell, the Campagna once again became desolate and dangerous. The gloomy tombs, broken homes and aqueducts sat in a kind of no man's land for over 1,000 years. To this landscape came the painters: Dürer, Lorrain, Poussin, and later, Corot, Turner, and Americans such as Thomas Cole. In the ruins they sought the origins of Rome's greatness and the meaning of her fall. Later they depicted a place where Roman gods cavorted and mankind lived in a golden age, an Arcadia. Central Rome was rebuilt with Baroque apartments hiding the past: in the Campagna the past was visible and all imaginings possible. Sternfeld juxtaposes the ruins of a powerful, ancient civilization with the new construction and the debris of our own time. Avoiding obvious contrasts, eschewing heavy-handed irony, this contemporary artist draws our attention to both despoliation and lasting beauty; he suggests many reasons for despair, yet he also has something to say about the nobility of the human spirit. Francis Scott Key Fitzgerald (September 24, 1896 – December 21, 1940) was an American author of novels and short stories, whose works are the paradigmatic writings of the Jazz Age. He is widely regarded as one of the greatest American writers of the 20th century. Fitzgerald is considered a member of the "Lost Generation" of the 1920s. He finished four novels, "The Great Gatsby" (his most famous), and "Tender Is the Night". A fifth, unfinished novel, "The Love of the Last Tycoon", was published posthumously. His short story, "The Curious Case of Benjamin Button", was and made into a television miniseries in 1985. "The Beautiful and Damned" was filmed in 1922 and 2010.
