how organizations incorporate social media into their communication campaigns, or how a department store can channel its business online? What can you learn from these practices and how could it influence your career, whether in marketing or not? Marketing, 4th edition, will provide the skills vital to successfully engaging with marketing across all areas of society, from dealing with skeptical consumers, moving a business online, and deciding which pricing strategy to adopt, through to the ethical implications of marketing to children, and being aware of how to use social networking sites to a business advantage. In this edition, a broader range of integrated

examples and market insights within each chapter demonstrate the relevance of theory to the practice, featuring companies such as Porsche, Facebook, and L'Oreal. The diversity of marketing on a global scale is showcased by examples that include advertising in the Middle East, Soberana marketing in Panama, and LEGO's expansion into emerging markets. Theory into practice boxes relate these examples back the theoretical frameworks, models, and concepts outlined in the chapter, giving a fully integrated overview of not just what marketing theory looks like in practice, but how it can be used to promote a company's success. Video interviews with those in the

industry offer a truly unique insight into the fascinating world of a marketing practitioner. For the fourth edition, the authors speak to a range of companies, from Withers Worldwide to Aston Martin, the City of London Police to Spotify, asking marketing professionals to talk you through how they dealt with a marketing problem facing their company. Review and discussion questions conclude each chapter, prompting readers to examine the themes discussed in more detail and encouraging them to engage critically with the theory. Links to seminal papers throughout each chapter also present the opportunity to take learning further. Employing their widely-praised writing style, the
