Religion and sex, body and soul, sacred and profane: In *Closet Devotions*, Richard Rambuss traces the relays between these cultural formations by examining the issue of "sacred eroticism," the literary or artistic expression of devotional feelings in erotic terms that has repeatedly occurred over the centuries. Rather than dismissing such expression as mere convention, Rambuss takes it seriously as a form of erotic discourse, one that gives voice to desires that, outside the sphere of sacred rapture, would otherwise be deemed taboo. Through startling rereadings of works ranging from the devotional verse of the metaphysical poets (Donne, Herbert, Crashaw, and Traherne) to photographer Andres Serrano's controversial "Piss Christ," from Renaissance religious iconography to contemporary gay porn, Rambuss uncovers the highly charged erotic imagery that suffuses religious devotional art and literature. And he explores one of Christian culture's most guarded (and literal) closets--the prayer closet itself, a privileged space where the vectors of same-sex desire can travel privately between the worshiper and his or her God. Elegantly written and

theoretically astute, Closet Devotions illuminates the ways in which sacred Christian devotion is homoeroticized, a phenomenon that until now has gone unexplored in current scholarship on religion, the body, and its passions. This book will attract readers across a wide array of disciplines, including gay and lesbian studies, literary theory and criticism, Renaissance studies, and religion.

way that only God can.

She accepted a humiliating request to save her family business. Her father had tragically died after her pregnancy, and her fiance conspired with her stepsister to chase her out from the Mont family. Returning three years later, she had no choice but to provoke the arrogant man to reclaim her late father's villa. However, she was cornered by the man. Trembling, she said, "Mr Fudd, I didn't mean to offend you..." He pondered for a moment and said, "It's too late, I need compensation." Why was he gradually turning the fake marriage into reality? She blushed but he did not care.

Amused, he frowned and stared at her.

"You have children, what's the point of being so reserved?" With wide eyes, the cute munchkin standing next to her held her hand and said, "Mummy, I want a little brother!"

Hope Whispers

Lady and protector of the home, wise counselor who foresees the fates of gods and humans, patroness of work and craft, wife of Odin. . . the old Scandinavian goddess Frigg is a deep and multifaceted goddess who wields power on many levels. Her maidens are goddesses in their own right, keeping ancient lore and healing skill, and bringing love, wisdom, and protection to those who call on them, Rev. Maire Durkan, a Godwoman in the Troth and a witch in the Assembly of the Sacred Wheel tradition, explores the nature of this powerful goddess. The old myths and stories of Frigg and her ladies are complemented with poems and rituals in their honor.

Effective leadership does not occur by chance. Leaders must be trained and groomed for the daunting responsibility of leading organizations. Research shows that half of the people currently in leadership positions will fail. Why they fail and what can be done to prevent failure are the main subjects of this book. It shows that effective leadership is possible and illustrates why and how, based on research and case studies from an epidemiological perspective. The epidemiological word “determinant” is used frequently, and is a word that no other book on leadership uses. Epidemiologists work from two basic principles: namely, that all diseases have determinants and that diseases do not occur randomly. In other words, there are always causes for diseases and patterns that describe how diseases spread. Effective and ineffective leadership always have determinants that are not randomly

distributed; the impacts are uniformly and deeply spread throughout an organization. Like the epidemiologists, this book not only identifies leadership determinants, but also provides research-based “antidotes” at the end of each chapter, along with a summary of the most salient points in the chapter. This book offers examples of leadership and governance from the non-profit sector, businesses, public and private education, higher education, and other organizations, highlighting over 50 case studies to illustrate concepts about leadership.

The education provided by Canada’s faith-based schools is a subject of public, political, and scholarly controversy. As the population becomes more religiously diverse, the continued establishment and support of faith-based schools has reignited debates about whether they should be funded publicly and to what extent they threaten social cohesion. These discussions tend to occur without considering a fundamental question: How do faith-based schools envision and enact their educational missions? Discipline, Devotion, and Dissent offers responses to that question by examining a selection of Canada’s Jewish, Catholic, and Islamic schools. The daily reality of these schools is illuminated through

essays that address the aims and practices that characterize these schools, how they prepare their students to become citizens of a multicultural Canada, and how they respond to dissent in the classroom. The essays in this book reveal that Canada's faith-based schools sometimes succeed and sometimes struggle in bridging the demands of the faith and the need to create participating citizens of a multicultural society. Discussion surrounding faith-based schools in Canada would be enriched by a better understanding of the aims and practices of these schools, and this book provides a gateway to the subject.

In Pursuit of the Greatest Gift: What the Love Chapter Reveals about Godly Living!

Beyond the Broken Heart - Daily Devotions for Your Grief Journey offers 365 topical devotions for grief. Each includes a scripture, a thought for meditation, a prayer, and an assurance to remember. Each

chapter begins with a brief story and ends with space for reflection or journaling. One devotional each week is dedicated to "Rest for Your Soul". The last chapter - Grief is Celebration - offers meditations for the holidays, and special devotionals for occasions and remembrance days that recur throughout grief. This edition celebrates the 10th anniversary of this profoundly helpful guide through the journey of grief.

This book demonstrates the importance of the study of fetishes and fetishism in the study of popular culture. Some of the essays cover rather "conventional" manifestations in the world today; others demonstrate the fetishistic qualities of some unusual items. But all illustrate without any doubt that, like the icon, the ritual, and many other items in society, fetishes, fetishism and fetishists must be studied and understood before we can begin to understand the complexity of present-day society.

This is the first book of its kind to bring together the microeconomic insights on the functioning of non-profit organizations, complementing the wide range of books on the management of non-profit organizations by instead focusing on both theoretical and empirical work. Jegers begins by considering definitions of non-profit organizations before examining the economic rationale behind their existence, the demand for them and its implications on their functioning. The final chapters look at the economic idiosyncrasies of the non-profit organizations, focusing on the fields of strategic management, marketing, accounting and finance.

From operas to comic books, Thor is perhaps the most famous of the gods of the ancient Norsemen and other Germanic-speaking peoples. Less well known is the fact that many thousands of people worship him today, finding that honoring him and knowing his ancient tales helps them find strength, courage, and self-reliance. Jeremy Baer recounts the old tales of Thor and shows how Thor may be honored today.
