This special edition of The Templeton Twins Have an Idea: Book One also includes a sneak preview of The Templeton Twins Make a Scene: Book Two and a Q&A with the author. Suppose there were 12-year-old twins, a boy and girl named John and Abigail Templeton. Let's say John was pragmatic and played the drums, and Abigail was theoretical and solved cryptic crosswords. Now suppose their father was a brilliant, if sometimes confused, inventor. And suppose that another set of twins--adults--named Dean D. Dean and Dan D. Dean, kidnapped the Templeton twins and their ridiculous dog in order to get their father to turn over one of his genius (sort of) inventions. Yes, I said kidnapped. Wouldn't it be fun to read about that? Oh please. It would so. Luckily for you, this is just the first in a series perfect for boys and girls who are smart, clever, and funny (just like the twins), and enjoy reading adventurous stories (who doesn't?!).

Available for the first time in a Yearling edition, the classic, inspiring story of a dog who triumphs against all odds, by the bestselling author of The Cay. Helen adored her beautiful golden Labrador from the first moment he was placed in her arms, a squirming fat sausage of creamy yellow fur. As her best friend, Friar Tuck waited daily for Helen to come home, he would bark and howl at the door, his eyes shining with hope. Helen would open the door and he would jump into her arms, his head resting on her shoulder. He would lick her face and she would pet his head. He would follow her everywhere and she would talk to him as if he were a person. He was her best friend, her confidant, her protector. He was her life.

Her father was blind and she was the only one who could see. She was the only one who could help him. Now it's Helen's turn. No one can say exactly when Tuck began to go blind. Probably the light began to fail for him long before the alarming day when he raced after some cats and crashed through the screen door, apparently never seeing it. But from that day on, Helen's life was different. She was the focus of Helen's life. Together they fight the chain that holds him and threatens to break his spirit, until Helen comes up with a solution so new, so daring, there's no way it can fail.
