systems and what new requirements some embedded systems must meet. To help in selecting a development platform, the book explores available hardware and software for USB host communications in small systems. The heart of the book focuses on

communicating with

USB devices. The
topics (with example
code) include USB
drives, keyboards,
virtual serial ports,
network bridges, mics,
speakers, video
cameras, and printers,
plus devices that don't
fit defined USB
classes. Also
discussed are systems

that support both USB host and device functions. The example code is written for the BeagleBoard-xM open development board using a distribution of Linux targeted to small systems. Also covered is how to use Linux commands and utilities to learn about,

monitor, and debug communications with USB devices.

The two volumes together may be described as search for the original ideational foundations of Indian Culture. In one way this work recalls the tradition of Coomaraswamy but seeks to join it to the

mainstream of critical history. It argues that the living continuity of Indian Culture is rooted in a unique spiritual vision and social experience.

Indian Culture is neither the result of merely accidental happenings through the centuries, nor a mere palimpsest of

migrations and
invasions. It is, in its
essence, a
development of
foundational ideas
constituting a creative
matrix. Behind its
changing historical
forms lies a deep and
persistent source of
creativity which is
spiritual in character.

The Present volume I

121. Ayatcilik
deals with the spiritual
vision and symbolic
forms. Here is has
been upheld that the
spiritual vision of
India had two original
aspects, the integral or
synoptic vision of the
Vedas, and the
Sramanic vision of
Transcendence.

Purnata and Sunyata
constituted the two

poles round which
Indian spirituality
revolved. The author
not only elucidates
this bipolar matrix of
Indian spirituality
revolved. The author
not only elucidates
this bipolar matrix of
Indian spiritual praxis
or sadhana, but also
traces its intricate
ancient history. He

121 Ayatcilik
goes on to trace the
great symbolic forms-
language, myth,
science, literature and
art-in which this basic
vision expressed itself.
In all these areas he
brings out the basic
general principles
expressive of inner
consciousness rather
than present a mere
selection of well-

known details.

A crystal-clear account of the entangled history of Western and Muslim feminisms. Western feminists, pundits, and policymakers tend to portray the Muslim world as the last and most difficult frontier of global feminism.

Challenging this view,

Elora Shehabuddin presents a unique and engaging history of feminism as a story of colonial and postcolonial interactions between Western and Muslim societies. Muslim women, like other women around the world, have been engaged in their own

struggles for
generations: as
individuals and in
groups that include
but also extend
beyond their religious
identity and religious
practices. The modern
and globally
enmeshed Muslim
world they navigate
has often been at the
weaker end of

disparities of wealth and power, of processes of colonization and policies of war, economic sanctions, and Western feminist outreach. Importantly, Muslims have long constructed their own ideas about women's and men's lives in the West, with

implications for how they articulate their feminist dreams for their own societies. Stretching from the eighteenth-century Enlightenment era to the War on Terror present, *Sisters in the Mirror* shows how changes in women's lives and feminist strategies have

consistently reflected
wider changes in
national and global
politics and
economics. Muslim
women, like non-
Muslim women in
various colonized
societies and non-
white and poor
women in the West,
have found
themselves having to

negotiate their demands for rights within other forms of struggle—for national independence or against occupation, racism, and economic inequality. Through stories of both well-known and relatively unknown figures, Shehabuddin recounts instances of conflict

alongside those of
empathy,
collaboration, and
solidarity across this
extended period.

Sisters in the Mirror is
organized around
stories of encounters
between women and
men from South Asia,
Britain, and the
United States that led
them, as if they were

121 Ayatcilik
looking in a mirror, to
pause and reconsider
norms in their own
society, including
cherished ideas about
women's roles and
rights. These
intertwined stories
confirm that nowhere,
in either Western or
Muslim societies, has
material change in
girls' and women's

lives come easily or
without protracted
struggle.

the Self in Ancient India

In 1922, at the age of two, Petey's distraught parents commit him to the state's insane asylum, unaware that their son is actually suffering from severe cerebral palsy. Bound by his wheelchair and struggling to communicate with the people around him,

Petey finds a way to remain kind and generous despite the horrific conditions in his new "home." Through the decades, he befriends several caretakers but is heartbroken when each eventually leaves him. Determined not to be hurt again, he vows to no longer let hope of lifelong friends and family torment him. That

changes after he is moved into a nursing home and meets a young teen named Trevor Ladd; he sees something in the boy and decides to risk friendship one last time. Trevor, new to town and a bit of a loner, is at first weary of the old man in the wheelchair. But after hearing more of his story, Trevor learns that there is much more to Petey than

were in fact the work of Hebborn and this work provides an insight through explanations of his work. Inks, papers, pigments, monograms and signatures are all explained as well as Hebborn's own often outrageous speculations about the nature of art and value.

The twelfth-century French poet Chr é tien

de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with

the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chr é tien ' s major poem, Yvain, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. Yvain is a

courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

This is the first attempt at a description of the grammar and lexicon of Buddhist Hybrid Sanskrit. Most North Indian Buddhist texts are composed in it. It is based primarily on an old Middle Indic vernacular not otherwise identifiable. But there seems reason to believe that it contains features that were borrowed from

other Middle Indic dialects. In other words, even its Middle Indic aspects are dialectically somewhat mixed. Most strikingly, however, BHS was also extensively influenced by Sanskrit from the very beginning of the tradition as it has been transmitted to us, and increasingly as time went on. Many (especially later)

products of this tradition have often, though misleadingly, been called simply 'Sanskrit', without qualification. In principle, the author has excluded from the grammar and dictionary all forms which are standard Sanskrit, and all words which are used in standard Sanskrit with the same meanings.
