THIS IS A BOOK ABOUT SELF-SABOTAGE. Why we do it, when we do it, and how to stop doing it-for good. Coexisting but conflicting needs create self-sabotaging behaviors. This is why we resist efforts to change, often until they feel completely futile. But by extracting crucial insight from our most damaging habits, building emotional intelligence by better understanding our brains and bodies, releasing past experiences at a cellular level, and learning to act as our highest potential future selves, we can step out of our own way and into our potential. For centuries, the mountain has been

used as a metaphor for the big challenges we face, especially ones that seem impossible to overcome. To scale our mountains, we actually have to do the deep internal work of excavating trauma, building resilience, and adjusting how we show up for the climb. In the end, it is not the mountain we master, but ourselves.

A quixotic and funny tale about first love - from the Akutagawa Prize-winning author. A boy is obsessed with a woman who sells sandwiches. He goes to the supermarket almost every day, just so he can look at her face. She is beautiful to him, and he calls her "Ms Ice Sandwich", and endlessly draws her portrait. But the boy's

friend hears about this hesitant adoration, and suddenly everything changes. His visits to Ms Ice Sandwich stop, and with them the last hopes of his childhood. A moving and surprisingly funny tale of growing up and learning how to lose, Ms Ice Sandwich is Mieko Kawakami at her very best. Franny's faithful Lab assistant, Igor, has swallowed a doomsday device that is ready to go off at any moment! For a regular scientist, it might seem like there's only one way to get the device out—um...make that two ways. But Franny K. Stein is no ordinary scientist, so she concocts her own way to get the device back and save her friend. With her

In a tidy apartment on the outskirts of Seoul, millennial “everywoman” Kim Jiyoung spends her days caring for her infant daughter. But strange symptoms appear: Jiyoung

Why has nothing ever worked out?

What's all this waiting for? You meet someone potentially great, but he turns out to be a miserable flop. You may have entertained relationships just to feel good about yourself, but then it leaves you with a scarred heart.

You may have found someone attractive, but you don't seem to exist to him. Or you may still be hung up on your ex, the one that got away. You may even have tried to make things happen, but they all have proven to be a waste of time. Then you begin to wonder: "Is there something wrong with me?" On good days, you ask,

“What is wrong with the guys?” And when you go to the malls, you see sweet couples holding hands and you can’t help but think, “When will it be my turn?” Single season may be filled with frustrations, but trust me, it can also be a time of real celebration. Instead of mulling over someone missing in your life, focus on making it the best time of your life! This book will help you enjoy every bit of this season and prepare for a future filled with hope.

Be a Girl Champion is a compilation of stories about seven young girls who faced hardships in their lives but who came out stronger and wiser. Readers of this book will take away one thing: everything that happened to these girls has happened and continues to happen to millions of others just like them, not just in Asia but around the

world. Author Chloe Reynaldo wrote these stories hoping readers will realize that these unfortunate circumstances are commonplace, and that they are happening all around us, even though they go unnoticed. Reynaldo wrote them simply, to impress upon people of all ages the daunting problems these very young girls face. But these are also stories of hope--stories that show any step forward, no matter how small, can be a major improvement. One way or another, these girls strive to overcome their difficulties and to continuously grow as people. Reynaldo hopes that all will always be inspired to move past obstacles and look forward to the future--and always remember to support, bolster, and champion one another.

transcultural, and transmedia adaptation, *Transforming Monkey: Adaptation and Representation of a Chinese Epic* examines the ever-changing image of Sun Wukong (aka Monkey, or the Monkey King), in literature and popular culture both in China and the United States. A protean protagonist of the sixteenth century novel *Journey to the West* (*Xiyou ji*), the Monkey King's image has been adapted in distinctive ways for the representation of various social entities, including China as a newly founded nation state, the younger generation of Chinese during the postsocialist period, and the representation of the Chinese and Chinese American as a social other in American popular culture. The juxtaposition of various

manifestations of the same character in the book present the adaptation history of Monkey as a masquerade, enabling readers to observe not only the masks, but also the mask-wearers, as well as underlying factors such as literary and political history, state ideologies, market economies, issues of race and ethnicity, and politics of representation and cross-cultural translation. Transforming Monkey demonstrates the social and political impact of adaptations through the hands of its users while charting the changes to the image of Sun Wukong in modern history and his participation in the construction and representation of Chinese identity. The first manuscript focusing on the transformations of the Monkey King

image and the meanings this image carries, *Transforming Monkey* argues for the importance of adaptations as an indivisible part of the classical work, and as a revealing window to examine history, culture, and the world. Filipino food is having its moment. Sour, sweet, funky, fatty, bright, rich, tangy, bold—no wonder adventurous eaters like Anthony Bourdain consider Filipino food “the next big thing.” But so do more mainstream food lovers—*Vogue* declares it “the next great American cuisine.” Filipinos are the second-largest Asian population in America, and finally, after enjoying Chinese, Japanese, Thai, and Vietnamese food, we’re ready to embrace Filipino food, too. Written by trailblazing restaurateurs

Nicole Ponseca and Miguel Trinidad, *I Am a Filipino* is a cookbook of modern Filipino recipes that captures the unexpected and addictive flavors of this vibrant and diverse cuisine. The techniques (including braising, boiling, and grilling) are simple, the ingredients are readily available, and the results are extraordinary. There are puckeringly sour adobos with meat so tender you can cut it with a spoon, along with other national dishes like kare-kare (oxtail stew) and kinilaw (fresh seafood dressed in coconut milk and ginger). There are Chinese-influenced pansit (noodle dishes) and lumpia (spring rolls); Arab-inflected cuisine, with its layered spicy curries; and dishes that reflect the tastes and ingredients of

the Spaniards, Mexicans, and Americans who came to the Philippines and stayed. Included are beloved fried street snacks like ukoy (fritters), and an array of sweets and treats called meryenda. Filled with suitably bold and bright photographs, *I Am a Filipino* is like a classic kamayan dinner—one long, festive table piled high with food. Just dig in!

A tour-de-force by rising indy comics star Gene Yang, *American Born Chinese* tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his new school; the powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and
