centuries. Rejected by orthodox Japanese scholars and never before translated into English, these documents speak of primeval alphabets, lost languages, forgotten technologies, and the sacred spiritual science. Some even refer to UFOs, Atlantis, and Jesus coming to Japan. Translating directly from the original Japanese, Avery Morrow explores four of these manuscripts in full as well as reviewing the key stories of the other Golden Age chronicles. In the Kujiki manuscript Morrow uncovers the secret symbolism of a Buddhist saint and the origin of a modern prophecy

of apocalypse. In the  
Hotsuma Tsutaye manuscript

he reveals the exploits of a  
noble tribe who defeated a

million-strong army without  
violence. In the Takenouchi

Documents he shows us how  
the first Japanese emperor

came from another world and  
ruled at a time when

Atlantis and Mu still  
existed. And in the

Katakamuna Documents the  
author unveils the sacred

geometries of the universe  
from the symbolic songs of

the 10,000-year-old Ashiya  
tribe. He also discusses the

lost scripts known as the  
Kamiyo Moji and the magic

spiritual science that  
underlies all of these

texts, which enabled  
initiates to ascend to  
higher emotional states and  
increase their life force.

Taking a spiritual approach  
à la Julius Evola to these  
“parahistorical” chronicles,  
Morrow shows how they access  
a higher order of knowledge  
and demonstrate direct  
parallels to many ancient  
texts of India, Europe, and  
Egypt.

simply by her middle name, Kennedy helped bring the cutting edge of culture into our living rooms during the 1990s through her outrageous segments as an MTV VJ, host of Alternative Nation, and on-the-spot correspondent for MTV News. She interviewed everyone from fame-averse Seattle rock musicians to vapid celebrities and politicians, asking the taboo questions no one else would as she navigated between true artists and phony poseurs. In *The Kennedy Chronicles*, she gives us a backstage pass at the last golden years of the cable network that defined a generation.

Breeden has been developing unusual abilities--which aren't like any type of magic he's ever heard of before. But can he master his powers in time to help thwart the plans of a vengeful god? Breeden Andehar grew up the son of a boatwright in a village far from the capital city of Arlon. At sixteen, he is given a chance to receive an education at the local monastery alongside three sons of nobility, a cloth merchant's daughter and a clever orphan. Breeden and his new friends

Writing in the early part of the 20th  
century, author Burton Hendrick noted  
that his father and grandfather  
probably wouldn't understand his  
business vocabulary. The terms  
"trust," "subsidiaries," and "syndicates"

simply meant nothing to earlier generations. But they are important to the remarkable development of the post-Civil War American economy and industry, the topic of *The Age of Big Business*. As Hendrick noted, "The industrial story of the United States in the last fifty years is the story of the most amazing economic transformation that the world has ever known." To understand this period, Hendricks looks at the lives of the captains of industry, but most closely at the career of Cornelius Vanderbilt, who Hendricks believes best personifies this period. Hendricks also discusses the steel industry, the spread of the telephone, public utilities, agricultural machinery, and the democratization of the automobile.

Jason's journey takes him from small villages, to great cities, to the mysterious lands of the north, and to peaceful lands now blood soaked battlefields. Heroes will rise, kingdoms will fall, and the fire will rise in the Age of Blood. In a slightly fantastical New York City, one very special library branch has been designated for possible closure. Bookish, socially awkward Pearl, the daughter of the librarian, can't imagine a world without the library—its books, its community of oddballs, its hominess. When the head of their Edna St. Vincent Millay statue goes missing, closure is closer than ever. But Pearl is determined to save the library.

And with a ragtag neighborhood library crew—including a constantly tap-dancing girl who might just be her first friend, an older boy she has a crush on, and a pack of raccoons who can read and write—she just might be able to. With an eclectic cast of richly drawn characters, a hint of just-around-the-corner magic, footnotes, sidebars, and Jessixa Bagley's classic illustrations throughout, this warm-hearted, visually magnificent tale of reading and believing from beloved author Karen Romano Young tells of a world where what you want to believe can come true.
