Accounting for churches is not the same as accounting for businesses. A church bookkeeper must be aware of the special tax codes that govern the church's unique tax standing. But it is often hard for overworked or volunteer administrators to know every aspect of tax code that affects their church's ability to accept donations, oversee a benevolence fund, and offer a compensation package for their minister. Lisa London, The Accountant Beside You who brought you QuickBooks for Churches & QuickBooks for Nonprofits, explains the specialized needs of church accounting in an easy-to-understand manner for church administrators and volunteers. A CPA with decades of experience working with businesses as well as churches and other nonprofits, Lisa explains complex concepts in a reader-friendly, engaging manner. She is joined by Vickey Boatright, an accountant who runs THE online site for all things church accounting, www.freechurchaccounting.com. Together, Lisa and Vickey guide you through every essential aspect of church accounting. Church Accounting: The How-To Guide for Small & Growing Churches is a must-have reference for all the nuts and bolts of church accounting no matter what your accounting system. on over thirty years of experience as a pastor and a professional parliamentarian to make the essential rules of procedure understandable for ordinary people seeking to effectively participate in meetings of their church, denominational convention, or other business gatherings. For the past quarter century, twelve presidents of the Southern Baptist Convention have relied on the author's expertise to guide them through the annual sessions of the largest deliberative assembly in the world. Now, this silver anniversary edition brings users into the twenty-first century with additional notes on special considerations for multi-site churches and an entire chapter on conflict resolution.

The Christian life is a life of adventure. Never knowing where God will take you or what experiences He will put you through, the challenge is to stay on high ground. A.I.M. for High Ground is a collection of one pastor's true stories of Christian leadership in crisis and in joy. These stories relate experiences you don't ordinarily receive in Bible College. As you read each story you will be impressed that God still does remarkable things and brings remarkable people into your life resulting in remarkable lessons learned. Church leaders and church members alike will learn valuable lessons from the author's experience.

One for the Money

Money is a key issue in today's Christian faith communities but it can be a touchy subject to address. With this book, pastors and clergy finally have a practical resource for managing money in the church. Ministry and Money serves as an excellent primer on accounting practices, church financial reports, and church budgets. Throughout, the authors provide real-life examples to help clarify basic approaches to issues of money.

Money Matters in Church helps leaders to discover a one-stop, comprehensive model for managing finances and fundraising. It guides leaders of any size church or ministry to create a culture of giving that supports savvy, faithful, and legal financing. The authors present a biblical theology of stewardship that supports ways to develop donors and maximize contributions, enact a strategic budget and effective audit process, project income and expenses, work with banks, compensate staff, and address debt. The book's practical step-by-step approach makes finance issues understandable for leaders without a business background.

Just as a physically healthy person--at an ideal weight and with good blood pressure and cholesterol numbers--might not actually be fit enough to run a 5k, so churches can appear healthy--with no obvious issues, maintaining a healthy size--and yet not exhibit fitness. A fit church is one that is not satisfied with merely coasting along with no problems. A fit church is actively making disciples, maturing in faith, developing strong leaders, reaching out to the community, and more. Building the Body offers pastors and church leaders twelve characteristics of fit churches and shows them how they can move their church through five levels of fitness, from beginner all the way to elite--just as an athlete, through training and practice, can become the top in his or her class. Includes comparison charts at the end of each chapter so readers can clearly see where their church currently falls and concluding "Complete the Progress Chart" so that they can see what their goals should be for the future.

Traditionally, economics training in public finances has focused more on tax than public expenditure issues, and within expenditure, more on policy considerations than the more mundane matters of public expenditure management. For many years, the IMF's Public Expenditure Management Division has answered specific questions raised by fiscal economists on such missions. Based on this experience, these guidelines arose from the need to provide a general overview of the principles and practices observed in three key aspects of public expenditure management: budget preparation, budget execution, and cash planning. For each aspect of public expenditure management, the guidelines identify separately the differing practices in four groups of countries - the francophone systems, the Commonwealth

This book addresses the organizational character of American religious history and points to a tentative but significant conclusion: The Presbyterian Church has been undergoing an organizational revolution, and the roots of this revolution seem to have preceded the dramatic membership decline that began in the mid-1960s. Through its examination of American Presbyterianism, the Presbyterian Presence series illuminates patterns of change in mainstream Protestantism and American religious and cultural life in the twentieth century.

A problem facing many churches today is the lack of strong leadership in the area of stewardship, particularly the stewardship of financial resources. Church leaders—clergy and laity—have had little or no training in this area, and they feel uncomfortable and embarrassed in encouraging financial support for the church’s ministries. Failure to provide decisive leadership in this area has had negative consequences for the church, including a decreasing percentage of charitable dollars directed toward churches and a growing lack of understanding among church members of the relationship between giving and spiritual growth. Creating Generous Congregations is written to

Anyone who serves teenagers today knows that more and more young people are eager to make a difference in the world. When students participate in short-term missions, service, and justice causes, parents and youth leaders hope these experiences will lead to real transformation. But research shows that our efforts don't always stick. If we truly want short-term work to translate into long-term change, leaders and students must spend more time before, during, and after service projects preparing for and processing their experiences. The sessions in this leader's guide will help you create experiences that stick—both for the students you take and the communities you serve. This guidebook offers a host of practical and field-tested exercises for each phase of your experience, whether it's a half-day local service project or a two-week trip overseas. Participants will engage in hands-on experiences to gain new insights about themselves, their relationship with God, their teammates, and the world we're called to love and serve. Each of these steps is a catalyst in helping students apply what they have learned in the field to their own lives back at home. Also included are ideas to help get parents and the whole church engaged in service together. A companion student journal is also available to boost the potential for personal application throughout the

Have you lost your identity in the busyness of life? In her latest book, *Living True: 40 Days to Get Back to You*, #1 bestselling author Christy Wright guides women on a 40-day journey back to who they were created to be. As an in-demand speaker, Christy connects with and challenges thousands of women every year in the areas of faith, personal development and business. Between endless errands and an overwhelming schedule, it's easy for women to feel like they've lost themselves in the busyness of life. She's heard hundreds of women say, "I'm pulled in so many directions by so many people. I don't know who I am anymore." In *Living True*, Christy walks readers through four sections that will help them discover: Who God Is – 10 Attributes of God Who You Are – 10 Things God Says About You Where You Are – 10 Seasons of Life Where You Are Going – 10 Reasons to Be Hopeful After reading *Living True*, readers will find grace in their current season and confidence to step into who they were created to be. Most books on church planting offer a model for churches to replicate--usually one that is tied to a particular style, generation, or demographic. But what churches really need is a process that is flexible, not

bound to a particular time or current fad. In *The Nuts and Bolts of Church Planting*, trusted author and church-planting expert Aubrey Malphurs shares the basic steps any church planter will need, regardless of his or her generation now or in the future. These steps include establishing values, mission, vision, and strategy reaching the community making disciples recruiting a team determining location and facilities raising money for the ministry With instant practical takeaway based on proven techniques, this book will be invaluable to any church planter.

The key to growth as a church, youth ministry, or a business is getting first-time guests to come back. And as any good manager of a hotel, a store, a restaurant, or an attraction knows, the key to getting guests to come back is not actually the rooms or the product or the food itself; it's how guests feel when they're there. It's about hospitality. No matter how much effort and time we spend on excellence--stirring worship time, inspiring sermons, a good coffee blend in the foyer--what our guests really want when they come to our churches is to feel welcome, comfortable, and understood. Written by a church consultant and a hospitality expert, *The Come Back Effect* shows church, ministry, and even business leaders the secret to helping a first-time guest return again and again. Through an engaging, story-driven approach, they explain how service and hospitality are two different things, show how Jesus practiced hospitality, and invite leaders to develop and implement changes that lead to repeat visits and, eventually, to sustained growth.

Justified by faith. This battle cry of the Protestant Reformation is just as relevant and true for Christians today as it was in Martin Luther's time. In *Road to Reformation*, author Rob Fuquay introduces you to the life of Martin Luther and two important themes of the Reformation he sparked: the centrality of Scripture and the power of God's grace. Through a close look into the life of Martin Luther and the world of sixteenth-century Europe, you will discover what makes Luther's message revolutionary today—and how we can embrace Reformation in the church and in our personal lives. The Leader Guide contains everything needed to guide a group through the six-week study including session plans, activities, and discussion questions, as well as multiple format options.

"Send in your donation by December 31st and enjoy the benefits of giving on your next tax return!" Who hasn't heard fundraising gimmicks like these? Or, who hasn't used these gimmicks on others? As Wes Willmer writes, generosity is the natural outcome of God's transforming work in individuals when they are conformed to the image of Christ. Fundraising and giving are not simply drops in the bucket. Capital campaigns and raising funds go deeper than the money. They are spiritual activities in becoming more like Christ. A Revolution in Generosity is a work by some of the best scholars and practitioners on the subject of funding Christian organizations. As Willmer writes, "The foundation for realizing a revolution in generosity is understanding the biblical view of possessions, generosity, and asking for resources." With over twenty expert contributors, this book is a must-read for organizations striving to rid themselves of secular, asking practices and gain an eternal approach.

Ditch debt, save money and build real wealth

Many pastors conceive of the church budget as primarily a financial tool, but in fact it is primarily a pastoral tool. A church's philosophy of ministry is locked into its budget, and so the budget will either stifle or accelerate any attempts to move a congregation toward a biblical model of church health. As such, the church budget is a far more potent pastoral tool than many church leaders realize. Budgeting for a Healthy Church examines each section of the budget in light of Biblical principles to show how a church budget can lock in healthy approaches to ministry. Whereas most books on church budgeting are "how" books, explaining how the budgeting process should work, this is a "what" book, helping church leaders determine the pastoral implications of what they choose to fund in their budgets.

How does a congregation best serve its own neighborhood?

This practical guide for congregations and parishes addresses this question by reviewing the growth of the ecumenically oriented community ministry movement in recent years. David Bos believes the typical "community ministry" rising from that movement possesses three vital and energizing characteristics: it is congregation-based and very local; it is a social ministry that sees issues through the prism of its own community; and it is ecumenical. He focuses on community ministry as a particular way of ministering to society, in which congregations of more than one denomination and of a particular locality (neighborhood, small town, rural county) share goals and resources. Bos sees

community ministry as a local social ministry in which congregations respond in faith, hope, and love to the neighborhood, town, or rural county that they have as an immediate context for ministry.

One of the most difficult tasks facing any church leader is the issue of raising funds. It's not that we don't realize that tithing and giving are biblical issues: God's Word is full of strong statements about the stewardship of money. But how does a pastor convey God's heart for stewardship? Literally, what's the best way to raise the money your church needs to survive? Obviously, God is the one who builds the church-He is the ultimate provider. But what's the best process of shepherding the funds He has for your church? This step-by-step guide will give you tools you need to raise funds in your church-scripturally and successfully-without compromising biblical integrity. After all, it's God's church and His money-but our responsibility to manage it.
