

Churchill By Himself The Definitive Collection Of Quotations

A books which traces Churchill's life in the news from cradle to grave, showing how tensions between tradition and novelty played into his constantly evolving media image. As riveting as the man it portrays, Warlord is a masterful, unsparing portrait of Winston Churchill, one of history's most fascinating and influential leaders. "Epic. . . . A brilliantly exciting narrative. . . . D'Este has given us, finally, the lion not only in winter, but at war: impetuous, brazen, misguided, but indefatigable, indomitable, and magnanimous: the greatest and most energetic generalissimo of the 20th century." —Boston Globe Carlo D'Este's definitive chronicle of Churchill's crucial role in the major military campaigns of the 20th century, Warlord uses extensive, untapped archival materials to provide "a very human look at Churchill's lifelong fascination with soldiering, war, and command." (Washington Post)

One of the greatest historians writing today gives us a defining portrait of the incomparable Winston Churchill In his landmark biography of Winston Churchill, acclaimed historian John Keegan offers a very human portrait of one of the twentieth century's enduring symbols of heroic defiance. From Churchill's youth as a poor student to his leadership during World War II, Keegan reveals a man whose own idea of an English past—eloquently embodied in his speeches—allowed him to exhort a nation to unprecedented levels of sacrifice. The result is a uniquely discerning look at one of the most fascinating personalities in history. "The best military historian of our generation." —Tom Clancy

A great statesmen, a masterful historian whose writings won him the Nobel Prize for literature and a war-time leader with few peers, Sir Winston Churchill is remembered perhaps most clearly today for the sheer power of his oratory: the speeches that rallied a nation in its darkest hour and steeled that nation for victory against the might of the Fascist powers. Never Give In! celebrates this oratory by gathering together Churchill's most powerful speeches from throughout his public career. Carefully selected by his grandson, this collection includes all his best known speeches - from his great war-time broadcasts to the "Iron Curtain" speech that heralded the start of the Cold War - and many lesser known but inspirational pieces. In a single volume Never Give In! provides a powerful testimony to one of the great public figures of the 20th century.

In addition to his enduring fame as a statesman, Winston Churchill was a Nobel Prize-winning author whose military histories offer the unique perspective of a participant in world affairs. London to Ladysmith and Ian Hamilton's March reflect his early career as a Boer War correspondent for London's Morning Post in 1899 and 1900. London to Ladysmith chronicles the Boer War's first five months, from the author's arrival in South Africa to his capture during a Boer attack on an armored train. Churchill's gripping narrative of his escape from a prisoner-of-war camp traces a grueling journey across enemy territory and back to British lines. Ian Hamilton's March picks up the action immediately afterward, documenting the eponymous general's 400-mile advance from Bloemfontein to Pretoria. The march saw ten major battles and numerous skirmishes, culminating in the release of prisoners from the camp where Churchill himself was held. Written mostly in the field, this book offers a vivid, personal account of the conditions under which the Boer War was fought, as well as a fascinating look at the formative years of one of the twentieth century's preeminent leaders. Meticulously researched by a senior private banker now turned historian, No More Champagne reveals for the first time the full extent of the iconic British war leader's private struggle to maintain a way of life instilled by his upbringing, expected of his public position. Lough uses Churchill's own most private records, many never researched before, to chronicle his family's chronic shortage of money, his own extravagance and his recurring losses from gambling or trading in shares and currencies. Churchill tried to keep himself afloat by borrowing to the hilt, putting off bills and writing checks 'in the place'; when all else failed, he had to ask family or friends to come to the rescue. Yet within five years he had taken advantage of his worldwide celebrity to transform his private fortunes with the same ruthlessness as he waged war, reaching 1945 with today's equivalent of £3 million in the bank. His lucrative war memoirs were still to come. Through the story, Lough highlights the threads of risk, energy, persuasion, and sheer willpower to survive that link Churchill's private and public lives. He shows how constant money pressures often tempted him to short-circuit the ethical standards expected of public figures in his day before usually pulling back to put duty first—except where the taxman was involved. Churchill (1874-1965) was one of the 20th century's most charismatic and controversial characters. He escaped from capture as a prisoner of war in the Boer War, was a Nobel Prize-winning author and was twice prime minister. He is remembered as the astute and powerful orator who inspired a battered Britain to victory against Nazi Germany during World War 2 and led the post-war, shattered nation to recovery. Richard Langworth, co-chairman and editor of The

Churchill Centre, has spent over 20 years researching Churchill's written and spoken words. In *Churchill in His Own Words*, which is fully authorised by the Churchill Estate, Langworth has edited and annotated this library to make the definitive collection of Churchill's words, thematically arranged. He also highlights the myriad quotations commonly attributed to Churchill. From his meetings with world leaders such as Roosevelt, de Gaulle and Stalin, his verbal engagements with Hitler and the Third Reich, to his wit and oratory on the floor of the Commons, every facet of Churchill's life and times is explored with his own pragmatic intelligence, sharp humour and legendary wisdom. Previously published in hardback as *Churchill in His Own Words*. This edition fully revised and updated.

In this stirring book, Martin Gilbert tells the intensely human story of Winston Churchill's profound connection to America—a relationship that resulted in an Anglo-American alliance that has stood at the center of international relations for more than a century. Winston Churchill, whose mother, Jennie Jerome, the daughter of a leading American entrepreneur, was born in Brooklyn in 1854, spent much of his seventy adult years in close contact with the United States. In two world wars, he was the main British voice urging the closest possible cooperation with the United States. From before the First World War, he understood the power of the United States, the "gigantic boiler," which, once lit, would drive the great engine forward. Sir Martin Gilbert was appointed Churchill's official biographer in 1968 and has ever since been collecting archival and personal documentation that explores every twist and turn of Churchill's relationship with the United States, revealing the golden thread running through it of friendship and understanding despite many setbacks and disappointments. Drawing on this extensive store of Churchill's own words -- in his private letters, his articles and speeches, and press conferences and interviews given to American journalists on his numerous journeys throughout the United States -- Gilbert paints a rich portrait of the Anglo-American relationship that began at the turn of the last century. Churchill first visited the United States in 1895, when he was twenty-one. During that first visit, he was invited to Long Point and was fascinated by New York City. "What an extraordinary people the Americans are!" he wrote to his mother. "This is a very great country, my dear Jack," he told his brother. During three subsequent visits before the Second World War, he traveled widely and formed a clear understanding of both the physical and moral strength of Americans. During the First World War, Churchill was Britain's Minister of Munitions, working closely with his American counterpart Bernard Baruch to secure the material needed for the joint war effort, and argued with his colleagues that it would be a grave mistake to launch a renewed assault before the Americans arrived. Churchill's historic alliance with Franklin Roosevelt during the Second World War is brilliantly portrayed here with much new material, as are his subsequent ties with President Truman, which contributed to the Truman Doctrine and the Marshall Plan. In his final words to his Cabinet in 1955, on the eve of his retirement as Prime Minister, Churchill gave his colleagues this advice: "Never be separated from the Americans." In *Churchill and America*, Gilbert explores how Churchill's intense rapport with this country resulted in more than the liberation of Europe and the preservation of European democracy and freedom. It also set the stage for an ongoing alliance that has survived into the twenty-first century.

*Charismatic, erudite, and often controversial, Winston Churchill was one of the most inspiring leaders of the twentieth century, and one of its greatest wits. His much-celebrated sense of fun and mischief has led to many of his jokes and ripostes becoming almost as well known as his famous wartime speeches. Gloriously comprehensive, *The Definitive Wit of Winston Churchill* includes all Churchill's most famous quips and witticisms, and even an appendix of quotes falsely attributed to Churchill. The only book of its kind to be sanctioned by the Churchill estate and to track down each quotation to its source, it captures the great statesman at his most eloquent, witty, and engaging and makes a great gift for the holidays and special occasions year-round.*

World War II was the defining event of our age—the climactic clash between democracy and tyranny. It led to revolutions, the demise of empires, a protracted Cold War, and religious strife still not ended. Yet Churchill maintained that it was all avoidable: "If the Allies had resisted Hitler strongly in his early stages...he would have been forced to recoil." Here is a transformative view of Churchill's prescriptions, and the degree to which he pursued them in the decade before the war. It shows he was both right and wrong: right that Hitler could have been stopped; wrong that he did all he could to stop him. Could WW2 have been prevented? Yes—at one juncture in particular—but with great difficulty.

NEW YORK TIMES BESTSELLER *One of The Wall Street Journal's Ten Best Books of 2018 One of The Economist's Best Books of 2018 One of The New York Times's Notable Books of 2018 "Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain's savior."*

—Wall Street Journal *In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood--by the bestselling, award-winning author of Napoleon and The Last King of America. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In *Churchill*, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts gained exclusive access to extensive new material: transcripts of War Cabinet*

meetings, diaries, letters and unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts--in a first for a Churchill biographer--to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today--and the fundamental values of courage, tenacity, leadership and moral conviction.

Winston Churchill's Speeches

All Will Be Well

Good Advice from Winston Churchill

Churchill (1874-1965) was one of the 20th century's most charismatic and controversial figures. He escaped from capture as a prisoner of war in the Boer War, was a Nobel Prize-winning author and twice prime minister. He is best remembered as the astute and powerful orator who inspired a battered Britain to victory and led the post-war, shattered nation to recovery. Richard Langworth, co-chairman and editor of The Churchill Centre, has spent over 20 years researching Churchill's written and spoken words. In *Churchill by Himself*, which is fully authorised by the Churchill Estate, Langworth has edited and annotated this library to make the definitive collection of Churchill's words, thematically arranged. He also highlights the myriad quotations commonly mis-attributed to Churchill. From his meetings with world leaders such as Roosevelt, de Gaulle and Stalin, his verbal engagements with Hitler and the Third Reich, to his wit and oratory on the floor of the Commons, every facet of Churchill's life and times is explored with his own pragmatic intelligence, sharp humour and legendary wisdom. A New York Times Notable Book of the Year A major reassessment of Winston Churchill that examines his lasting influence in politics and culture. Churchill is generally considered one of the greatest leaders of the twentieth century, if not the greatest of all, revered for his opposition to appeasement, his defiance in the face of German bombing of England, his political prowess, his deft aphorisms, and his memorable speeches. He became the savior of his country, as prime minister during the most perilous period in British history, World War II, and is now perhaps even more beloved in America than in England. And yet Churchill was also very often in the wrong: he brazenly contradicted his own previous political stances, was a disastrous military strategist, and inspired dislike and distrust through much of his life. Before 1939 he doubted the efficacy of tank and submarine warfare, opposed the bombing of cities only to reverse his position, shamelessly exploited the researchers and ghostwriters who wrote much of the journalism and the books published so lucratively under his name, and had an inordinate fondness for alcohol that once found him drinking whisky before breakfast. When he was appointed to the cabinet for the first time in 1908, a perceptive journalist called him "the most interesting problem of personal speculation in English politics." More than a hundred years later, he remains a source of adulation, as well as misunderstanding. This revelatory new book takes on Churchill in his entirety, separating the man from the myth that he so carefully cultivated, and scrutinizing his legacy on both sides of the Atlantic. In effervescent prose, shot through with sly wit, Geoffrey Wheatcroft illuminates key moments and controversies in Churchill's career—from the tragedy of Gallipoli, to his shocking imperialist and racist attitudes, dealings with Ireland, support for Zionism, and complicated engagement with European integration. Charting the evolution and appropriation of Churchill's reputation through to the present day, *Churchill's Shadow* colorfully renders the nuance and complexity of this giant of modern politics.

London, early May 1940: Britain is on the brink of war and Neville Chamberlain's government is about to fall. It is hard for us to imagine the Second World War without Winston Churchill taking over at the helm, but in *SIX MINUTES IN MAY* Nicholas Shakespeare shows how easily events could have gone in a different direction. The first land battle of the war was fought in the far north, in Norway. It went disastrously for the Allies and many blamed Churchill. Yet weeks later he would rise to the most powerful post in the country, overtaking Chamberlain and the favourite to succeed him, Lord Halifax. It took just six minutes for MPs to cast the votes that brought down Chamberlain. Shakespeare shows us both the dramatic action on the battlefield in Norway and the machinations and personal relationships in Westminster that led up to this crucial point. Uncovering fascinating new research and delving deep into the backgrounds of the key players, he has given us a new perspective on this critical moment in our history.

"An interesting and at times surprising account of Churchill's tastes as a reader...many of [these] nuggets will be new even to Churchill junkies."—*The Wall Street Journal* This strikingly original book introduces a Winston Churchill we haven't known before. Award-winning author Jonathan Rose explores Churchill's careers as statesman and author, revealing the profound influence of literature and theater on Churchill's personal, carefully composed grand story and the decisions he made throughout his political life. In this expansive literary biography, Rose provides an analysis of Churchill's writings and their reception (he won the Nobel Prize for Literature in 1953 and was a best-selling author), and a chronicle of his dealings with publishers, editors, literary agents, and censors. The book also identifies an array of authors who shaped Churchill's own writings and politics: George Bernard Shaw, H. G. Wells, Margaret Mitchell, George Orwell, Oscar Wilde, and many more. Rose investigates the effect of Churchill's passion for theater on his approach to reportage, memoirs, and historical works. Perhaps most remarkably, Rose reveals the unmistakable influence of Churchill's reading on every important episode of his public life, including his championship of social reform, plans for the Gallipoli invasion, command during the Blitz, crusade for Zionism, and efforts to prevent a nuclear arms race. Finally, Rose traces the significance of Churchill's writings to later generations of politicians—among them President John F. Kennedy as he struggled to extricate the U.S. from the Cuban Missile Crisis. "Immensely enjoyable...This gracefully written book is an original and textured study of Churchill's imagination."—*The Washington Post*

Churchill in His Own Words

The Wicked Wit of Winston Churchill

Warlord

How Winston Changed the World

The Definitive Wit of Winston Churchill

A Life in the News

Penetrating . . . beautifully rounds out and humanizes the character of the greatest statesman of the twentieth century. *San Francisco Chronicle*. "A multifaceted gem, sparkling with anecdotes and insights about the nature of biography, the rewards of historical research, and of course Winston Churchill." --*Richmond Times-Dispatch* "Everything about Winston Churchill is extraordinary. During his excavation of his subject, Martin Gilbert has discovered many gems. In this book he has set some of the most gorgeous jewels up to the light for us to admire." --*The Spectator*. "Gilbert here gives us Churchill as a human being with the politics largely left out. Readers daunted by the 8,000-odd pages of the official life should start here." --*The Times (London)*. "The portrait of Winston Churchill is . . . vivid and painted with an affection and humour that should appear in the official biography." --*London Daily Telegraph*. "The work [Gilbert] has done puts all historians of the twentieth century, and all students of Churchill, incalculably in his debt." --*London Sunday Telegraph*.

Sir Winston Churchill remains a British hero, lauded for his oratorical skill. He wrote histories, biographies, memoirs, a novel, while his journalism, speeches and broadcasts run to millions of words. From 1940 he inspired and united the British and guided their war effort. Behind the public figure, however, was a man of vast humanity and enormous wit. His most famous speeches and sayings have passed into history but many of his aphorisms, puns and jokes are less well-known. This collection brings together hundreds of his wittiest remarks as a record of all that was best about this endearing, courageous and wildly funny Englishman. Also available in the series are collections from Shakespeare, *To Be or Not To Be*, and *Operation Can Resist Everything Except Temptation*.

Charismatic, erudite and often controversial Winston Churchill was one of the most inspiring leaders of the twentieth century and one of its greatest wits. His much-celebrated sense of fun and mischief has led to many of his jokes and ripostes becoming part of the national heritage. A unique biography that explores how Churchill viewed, pursued, and used power, by the award-winning author of *The Art of Diplomacy*. Many indeed, are the biographies of Winston Churchill, one of the most influential figures of the twentieth century. But what was that influence and how did he use it in the furtherance of his and his country's ambitions? For the first time, William Nestor has delved into the life and actions of Churchill to examine just how skillfully he manipulated events to his own positions of power. His thirst for power stirred political controversy wherever he intruded. Those who had to deal with him either loved or hated him. His enemies condemned him for being an egoist, publicity hound, double-dealer, and Machiavellian. Accusations that his friends and even he himself could not deny. He could only serve Britain as a statesman and a reformer. He was a wily politician who won sixteen of twenty-one elections that he contested between 1899 and 1955. The House of Commons was Churchill's political temple, where he exalted in the speeches and harangues on the floor and the backroom horse-trading camaraderie. Most of his life he was a Cassandra, warning against the threats of Communism, Nazism, and nuclear Armageddon. With his ability to think beyond mental boxes and connect far-flung dots, he clearly foretold events to which virtually no one was oblivious. Yet he was certainly not always right and was at times spectacularly wrong. This is the first book that examines how Churchill understood and asserted the art of power, mostly through hundreds of his own insights expressed through his writings.

Robert Churchill's Game Shooting

Never Give In!

The American Civil War

"Masterly. . . . Roberts's portrait of the relationship between the four men who made Allied strategy through the war years is a triumph of vivid description, telling anecdotes, and informed analysis." --Max Hastings, *The New York Review of Books* An epic joint biography, *Masters and Commanders* explores the degree to which the course of the Second World War turned on the relationships and temperaments of four of the strongest personalities of the twentieth century: political masters Winston Churchill and Franklin D. Roosevelt and the commanders of their armed forces, General Sir Alan Brooke and General George C. Marshall. Each was exceptionally tough-willed and strong-minded, and each was certain that only he knew best how to win the war. Andrew Roberts, "Britain's finest contemporary military historian" (*The Economist*), traces the mutual suspicion and admiration, the rebuffs and the charm, the often-explosive disagreements and wary reconciliations, and he helps us to appreciate the motives and imperatives of these key leaders as they worked tirelessly in the monumental struggle to destroy Nazism.

Churchill By Himself The Definitive Collection of Quotations Public Affairs

An Account of the Reconquest of the Sudan. 1902 Edition

"A richly textured and deeply moving portrait of greatness" (*Los Angeles Times*). In this masterful book, prize-winning historian and authorized Churchill biographer Martin Gilbert weaves together the research from his eight-volume biography of the elder statesman into one single volume, and includes new information unavailable at the time of the original work's publication. Spanning Churchill's youth, education, and early military career, his journalistic work, and the arc of his political leadership, *Churchill: A Life* details the great man's indelible contribution to Britain's foreign policy and internal social reform. With eyewitness accounts and interviews with Churchill's contemporaries, including friends, family members, and career adversaries, it provides a revealing picture of the personal life, character, ambition, and drive of

one of the world's most remarkable leaders. "A full and rounded examination of Churchill's life, both in its personal and political aspects . . . Gilbert describes the painful decade of Churchill's political exile (1929-1939) and shows how it strengthened him and prepared him for his role in the "hour of supreme crisis" as Britain's wartime leader. A lucid, comprehensive and authoritative life of the man considered by many to have been the outstanding public figure of the 20th century." Publishers Weekly "Mr. Gilbert's job was to bring alive before his readers a man of extraordinary genius and scarcely less extraordinary destiny. He has done so triumphantly." An Intimate Portrait of an Epic Friendship

Drawing on Churchill's manuscripts and correspondence, David Reynolds paints an even more admirable portrait of the man

Aimed at students, scholars, collectors and dealers, this guide to Winston Churchill's books is designed as a reference when hunting for, or reading, Winston Churchill's books. Its purpose is to inform people of what they are holding in their hands and how to tell a first edition from a reprint.

This in-depth account of the legendary leader's ailments and their effects is a "tremendously important contribution to Churchillian studies" (Claremont Review of Books). Prominent physicians Allister Vale and John Scadding have written a meticulously researched and definitive account documenting all of Winston Churchill's major illnesses, from an episode of childhood pneumonia in 1886 until his death in 1965. They have adopted a thorough approach in gaining access to numerous sources of medical information and have cited extensively from the clinical records of the distinguished physicians and surgeons invited to consult on Churchill during his many episodes of illness. These include not only objective clinical data, but also personal reflections by Churchill's family, friends and political colleagues, resulting in a unique and fascinating study.

From the "most celebrated and best-loved British historian in America" (Wall Street Journal), an elegant, concise, and revealing portrait of Winston Churchill In Churchill, eminent historian Paul Johnson offers a lively, succinct exploration of one of the most complex and fascinating personalities in history. Winston Churchill's hold on contemporary readers has never slackened, and Johnson's analysis casts new light on his extraordinary life and times. Johnson illuminates the various phases of Churchill's career—from his adventures as a young cavalry officer in the service of the empire to his role as an elder statesman prophesying the advent of the Cold War—and shows how Churchill's immense adaptability and innate pugnacity made him a formidable leader for the better part of a century. Johnson's narration of Churchill's many triumphs and setbacks, rich with anecdote and quotation, illustrates the man's humor, resilience, courage, and eccentricity as no other biography before, and is sure to appeal to historians and general nonfiction readers alike.

Author, Reader, Actor

A Historian's Journey

"Never give in!" Winston Churchill is famous for admonishing: "This is the lesson: never give in, never give in, never, never, never, never." What most people don't know is that when he said this he was addressing not a nation facing the threat of invasion, but a roomful of schoolboys at his old school. A powerful, persuasive speaker and notorious wit, Churchill is one of the twentieth century's most oft-quoted leaders—and one frequently misquoted or quoted out of context. Yet his actual remarks were often much wiser and wittier than reported. Churchill By Himself is the first exhaustive, attributed, and annotated collection of Churchill sayings. Edited by a longtime Churchill scholar and authorized by the Churchill estate, the quotations provide the first wholly accurate record of the esteemed statesman's words.

Winston Churchill (1874-1965) was one of the most inspiring leaders of the twentieth century, and one of its greatest wits. War reporter, Chancellor of the Exchequer, Prime Minister, Nobel Laureate, wordplay enthusiast, he was a powerful man of many words. Throughout his life, he moved, entertained, and sometimes enraged people with his notorious wit and razor-sharp tongue. Consequently, he is one of the most oft-quoted and misquoted leaders in recent history. Now in paperback, Churchill by Himself is the first fully annotated and attributed collection of Churchill sayings—edited by longtime Churchill scholar Richard M. Langworth and authorized by the Churchill estate—that captures Churchill's wit in its entirety.

Robert Churchill wrote the definitive book on instinctive wingshooting for game birds and sporting clays. It quickly became a classic in the field. Friend and collaborator Macdonald Hastings, himself a renowned shooting coach, twice revised and updated Churchill's book.

Provides a glimpse into the extraordinary life of Britain's greatest prime minister, recreating his many accomplishments, trials, and tribulations throughout his life that contributed to his success.

His Life and His Paintings

Masters and Commanders

Collected here are the famous and inspiring words of the man voted the 'Greatest Briton' and one of history's most leaders. By turns witty, dry, rousing and wise, it's the perfect antidote to the stresses and strains of our times. Quotations by the great statesman who helped lead Britain through two world wars: "Magisterial . . . Should be in the every Churchill aficionado" (American Spectator). We shall fight on the beaches, we shall fight on the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender . . . Millions have been moved by his words—and by the hundreds of speeches given by Winston S. Churchill to rally the British public, spur its government to armament against Hitler, and defend the causes for which he believed. Churchill by Himself is the first collection of quotes from a leader who had as much talent for wit as he had for inspiration and exhortation. Edited by renowned Churchill biographer Richard Langworth, this volume is the definitive collection of important quotes from one of the twentieth century's most persuasive and brilliant orators, whose writings earned him a Nobel Prize in Literature in 1953.

A complete look at the paintings of Sir Winston Churchill throughout his life. Written and compiled by Minnie Churchill (granddaughter) and David Coombs.

This tiny tome featuring a faux leather binding with embossed type and illustration is filled with Winston Churchill's most inspirational quotes, and excerpts from some of his most famous speeches.

How Churchill Became Prime Minister

The Literary Churchill

Franklin and Winston

Six Minutes in May

Winston Churchill was the most eloquent and expressive statesman of his time. It was as an orator that Churchill became most completely alive, and it was through his oratory that his words made their greatest and most enduring impact. While the definitive collection of Churchill's speeches fills eight volumes, here for the first time, his grandson, Winston S. Churchill, has put together a personal selection of his favorite speeches in a single, indispensable volume. He has chosen from his grandfather's entire output and thoughtfully introduces each selection. The book covers the whole of Churchill's life, from the very first speech he made to those of his last days. It includes some of Churchill's best-known speeches as well as some that have never before been published in popular form. Today, Sir Winston Churchill is revered as an indomitable figure and his wisdom is called upon again and again. Reading these speeches, from the perspective of a new century, we can once again see Sir Winston Churchill's genius and be moved and inspired by his words.

NEW YORK TIMES BESTSELLER The most complete portrait ever drawn of the complex emotional connection between two of history's towering leaders Franklin Roosevelt and Winston Churchill were the greatest leaders of "the Greatest Generation." In *Franklin and Winston*, Jon Meacham explores the fascinating relationship between the two men who piloted the free world to victory in World War II. It was a crucial friendship, and a unique one—a president and a prime minister spending enormous amounts of time together (113 days during the war) and exchanging nearly two thousand messages. Amid cocktails, cigarettes, and cigars, they met, often secretly, in places as far-flung as Washington, Hyde Park, Casablanca, and Teheran, talking to each other of war, politics, the burden of command, their health, their wives, and their children. Born in the nineteenth century and molders of the twentieth and twenty-first, Roosevelt and Churchill had much in common. Sons of the elite, students of history, politicians of the first rank, they savored power. In their own time both men were underestimated, dismissed as arrogant, and faced skeptics and haters in their own nations—yet both magnificently rose to the central challenges of the twentieth century. Theirs was a kind of love story, with an emotional Churchill courting an elusive Roosevelt. The British prime minister, who rallied his nation in its darkest hour, standing alone against Adolf Hitler, was always somewhat insecure about his place in FDR's affections—which was the way Roosevelt wanted it. A man of secrets, FDR liked to keep people off balance, including his wife, Eleanor, his White House aides—and Winston Churchill. Confronting tyranny and terror, Roosevelt and Churchill built a victorious alliance amid cataclysmic events and occasionally conflicting interests. *Franklin and Winston* is also the story of their marriages and their families, two clans caught up in the most sweeping global conflict in history. Meacham's new sources—including unpublished letters of FDR's great secret love, Lucy Mercer Rutherford, the papers of Pamela Churchill Harriman, and interviews with the few surviving people who were in FDR and Churchill's joint company—shed fresh light on the characters of both men as he engagingly chronicles the hours in which they decided the course of the struggle. Hitler brought them together; later in the war, they drifted apart, but even in the autumn of their alliance, the pull of affection was always there. Charting the personal drama behind the discussions of strategy and statecraft, Meacham has written the definitive account of the most remarkable friendship of the modern age.
