

Churchill Style The Art Of Being Winston Churchill

Traces the life and political career of the former British prime minister, and describes his contributions to the outcome of World War II
Across almost 50 years, Winston Churchill produced more than 500 paintings. His subjects included his family homes at Blenheim and Chartwell, evocative coastal scenes on the French Riviera, and many sun-drenched depictions of Marrakesh in Morocco, as well as still life pictures and an extraordinarily revealing self-portrait, painted during a particularly troubled time in his life. In war and peace, Churchill came to enjoy painting as his primary means of relaxation from the strain of public affairs. In his introduction to Churchill: The Statesman as Artist, David Cannadine provides the most important account yet of Churchill's life in art, which was not just a private hobby, but also, from 1945 onwards, an essential element of his public fame. The first part of this book brings together for the first time all of Churchill's writings and speeches on art, not only 'Painting as a Pastime', but his addresses to the Royal Academy, his reviews of two of the Academy's summer exhibitions, and an important speech he delivered about art and freedom in 1937. The second part of the book provides previously uncollected critical accounts of his work by some of Churchill's contemporaries: Augustus John's hitherto unpublished introduction to the Royal Academy exhibition of Churchill's paintings in 1959, and essays and reviews by Churchill's acquaintances Sir John Rothenstein, Professor Thomas Bodkin and the art critic Eric Newton. The book is lavishly illustrated with reproductions of many of Churchill's paintings, some of them appearing for the first time. Here is Churchill the artist more fully revealed than ever before.

A look at the towering twentieth-century leader and his lifestyle that goes beyond the political and into the personal. Countless books have examined the public accomplishments of the man who led Britain in a desperate fight against the Nazis with a ferocity and focus that earned him the nickname "the British Bulldog." Churchill Style takes a different kind of look at this historic icon—delving into the way he lived and the things he loved, from books to automobiles, as well as how he dressed, dined, and drank in his daily life. With numerous photographs, this unique volume explores Churchill's interests, hobbies, and vices—from his maddening oversight of the renovation of his country house, Chartwell, and the unusual styles of clothing he preferred, to the seemingly endless flow of cognac and champagne he demanded and his ability to enjoy any cigar, from the cheapest stogies to the most pristine Cubans. Churchill always knew how to live well, truly combining substance with style, and now you can get to know the man behind the legend—from the top of his Homburg hat to the bottom of his velvet slippers. "All readers will appreciate Singer's highly intelligent observations about how Churchill's style contributed to, and was ultimately an integral part of his brilliant career." —Gentleman's Gazette

A WALL STREET JOURNAL SUMMER PICK A WASHINGTON POST BESTSELLER Warrior and writer, genius and crank, rider in the British cavalry's last great charge and inventor of the tank, Winston Churchill led Britain to fight alone against Nazi Germany in the fateful year of 1940 and set the standard for leading a democracy at war. With penetrating insight and vivid anecdotes, Gretchen Rubin makes Churchill accessible and meaningful to twenty-first-century readers by analyzing the many contrasting views of the man: he was an alcoholic, he was not; he was an anachronism, he was a visionary; he was a racist, he was a humanitarian; he was the most quotable man in the history of the English language, he was a bore. Like no other portrait of its famous subject, *Forty Ways to Look at Winston Churchill* is a dazzling display of facts more improbable than fiction. It brings to full realization the depiction of a man too fabulous for any novelist to construct, too complex for even the longest narrative to describe, and too significant ever to be forgotten.

Dinner with Churchill

Cuba 1895

Today, as liberty and truth are increasingly challenged, the figures of Churchill and Orwell loom large. Exemplars of Britishness, they preserved individual freedom and democracy for the world through their far-sighted vision and inspired action, and cast a long shadow across our culture and politics. In *Churchill & Orwell*, the Pulitzer Prize-winning author Thomas E. Ricks masterfully argues that these extraordinary men are as important today as they ever were. Churchill and Orwell stood in political opposition to each other, but were both committed to the preservation of freedom. However, in the late 1930s they occupied a lonely position: democracy was much discredited, and authoritarian rulers, fascist and communist, were everywhere in the ascent. Unlike others, they had the wisdom to see that the most salient issue was human liberty – and that any government that denies its people basic rights is a totalitarian menace to be resisted. Churchill and Orwell proved their age’s necessary men, and this book reveals how they rose from a precarious position to triumph over the enemies of freedom. Churchill may have played the larger role in Hitler’s defeat, but Orwell’s reckoning with the threat of authoritarian rule in *1984* and *Animal Farm* defined the stakes of the Cold War and continues to inspire to this day. Their lives are an eloquent testament to the power of moral conviction, and to the courage it takes to stay true to it.

“An absorbing tale focused on the incredible survival of England through the desperate days of 1940–41 . . . flows much like a novel.” —Publishers Weekly More than fifty years after his death, Winston Churchill is still one of the most iconic figures in British history, if not world history. As a young man he was a maverick journalist; his many positions in politics before 1940 marked him as a courageous but foolhardy man. Yet it is Churchill’s record in war, which has recently been questioned, that confirms his genius as a military commander and national leader—someone who understood the dangers of Nazi Germany before 1939 and someone uniquely capable to lead the empire through the turmoil of the Second World War. Christopher Catherwood argues that it was Churchill’s stand in 1940–41 that saved Britain and that only he was able to bring together the allies that eventually defeated Hitler in 1945. In *His Finest Hour*, Catherwood has produced a challenging yet lively reassessment. From “a master at explaining complex historical issues in an admirably clear way,” this is a “fascinating account of Churchill’s career . . . a very human portrait” (Alexander McCall Smith). “Covers his heroic exploits in India, the Sudan, the Boer War, and WWI, and intersperses them with his roller coaster political life.” —Publishers Weekly Winston Churchill spent his early childhood in Ireland, had close Irish relatives, and was himself much involved in Irish political issues for a large part of his career. He took Ireland very seriously — and not only because of its significance in the Anglo-American relationship. Churchill, in fact, probably took Ireland more seriously than Ireland took Churchill. Yet, in the

fifty years since Churchill's death, there has not been a single major book on his relationship to Ireland. It is the most neglected part of his legacy, on both sides of the Irish Sea. Distinguished historian of Ireland Paul Bew now, at long last, puts this right. Churchill and Ireland tells the full story of Churchill's lifelong engagement with Ireland and the Irish, from his early years as a child in Dublin, through his central role in the Home Rule crisis of 1912-14 and in the war leading up to the Anglo-Irish Treaty of 1922, to his bitter disappointment at Irish neutrality in the Second World War and gradual rapprochement with his old enemy Eamon de Valera towards the end of his life. As this long overdue book reminds us, Churchill learnt his earliest rudimentary political lessons in Ireland. It was the first piece in the Churchill jigsaw and, in some respects, the last.

"Painting as a Pastime" by Winston S. Churchill. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

A Biography of Winston Churchill

One of the most iconic and endlessly fascinating figures of the 20th century, Winston Churchill has been the subject of any number of books, but none of them have analyzed his lifestyle as a way to really understand the man. This book features a vivid and entertaining timeline of his public history, but also focuses on the more personal, nonwork aspects of his day-to-day life, covering topics such as autos, books, cigars, dining, fashion, home, libations, and pastimes. Churchill lived an extravagant life, but in reality did not have much money. His ability to live well beyond his means is a lesson that will intrigue many.

A fascinating new look at a neglected side of Winston Churchill - his life as a professional author - revealing how his most important literary work shaped his role as a world leader, and the history of the Second World War

A friend once said of Churchill "He is a man of simple tastes; he is quite easily satisfied with the best of everything." But dinners for Churchill were about more than good food, excellent champagnes and Havana cigars. "Everything" included the opportunity to use the dinner table both as a stage on which to display his brilliant conversational talents, and an intimate setting in which to glean gossip and diplomatic insights, and to argue for the many policies he espoused over a

long life. In this riveting, informative and entertaining book, Stelzer draws on previously untapped material, diaries of guests, and a wide variety of other sources to tell of some of the key dinners at which Churchill presided before, during and after World War II— including the important conferences at which he used his considerable skills to attempt to persuade his allies, Franklin Roosevelt and Joseph Stalin, to fight the war according to his strategic vision.

'His book is timely and a triumph. Roberts manages to convey all the reader needs to know about two men to whom battalions of biographies have been devoted' EVENING STANDARD Adolf Hitler and Winston Churchill were two totally opposite leaders - both in what they stood for and in the way in which they seemed to lead. Award-winning historian Andrew Roberts examines their different styles of leadership and draws parallels with rulers from other eras. He also looks at the way Hitler and Churchill estimated each other as leaders, and how it affected the outcome of the war. In a world that is as dependent on leadership as any earlier age, HITLER AND CHURCHILL asks searching questions about our need to be led. In doing so, Andrew Roberts forces us to re-examine the way that we look at those who take decisions for us.

His Life and Times

A Saga of Churchill, Family, and Defiance During the Blitz

Not to be confused with the famed twentieth-century British prime minister, American author Winston Churchill took as his fictional palette the history of his native country. Following in the tradition of Churchill's other sweeping historical epics, *The Crossing* is a thrilling account of the settlement of the Western United States, with a particular focus on the rough-and-tumble early years of the territory that would later become Kentucky.

Churchill's 21st birthday and baptism of fire both took place in Cuba in 1895. This was the year he went on his first international adventure, wrote his first military and political analyses and engaged in his first dicey diplomatic mission. Finding his footing as a journalist, and indeed a war correspondent, he also became the centre of controversy in the American and British press and, while shamelessly exploiting his connections and developing the famous 'Churchill style' became known as a public figure in his own right. Attention has previously focused on Churchill's Indian frontier and Boer War experience as the most formative moments in his youth. But now, with original research through untapped access to Spanish and Cuban archives and interviews, this book shows that his much earlier Cuban trip was really the moment when he 'came of age' and started down the path to become a man to be remembered throughout history. "We are all worms. But I do believe I am a glow-worm." --Churchill Winston Churchill's inspiring leadership in the Second World War once made him above criticism. In recent years his record has come under attack from revisionists. In *Churchill: A Study in Greatness* one of Britain's most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial, colourful, contradictory and heroic career. Geoffrey Best brings out both his strengths and his weaknesses, looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill's greatness. "We are all worms. But I do believe I am a glow-worm." --Churchill Winston Churchill's inspiring leadership in the

Churchill In "Punch"

Churchill Comes of Age

“McCarten's pulse-pounding narrative transports the reader to those springtime weeks in 1940 when the fate of the world rested on the shoulders of Winston Churchill. A true story thrillingly told. Thoroughly researched and compulsively readable.”—Michael F. Bishop, Executive Director of the International Churchill Society From the acclaimed novelist and screenwriter of The Theory of Everything comes a revelatory look at the period immediately following Winston Churchill's ascendancy to Prime Minister—now a major motion picture starring Gary Oldman. “He was speaking to the nation, the world, and indeed to history...” May, 1940. Britain is at war. The horrors of blitzkrieg have seen one western European democracy after another fall in rapid succession to Nazi boot and shell. Invasion seems mere hours away. Just days after becoming Prime Minister, Winston Churchill must deal with this horror—as well as a skeptical King, a party plotting against him, and an unprepared public. Pen in hand and typist-secretary at the ready, how could he change the mood and shore up the will of a nervous people? In this gripping day-by-day, often hour-by-hour account of how an often uncertain Churchill turned Britain around, the celebrated Bafta-winning writer Anthony McCarten exposes sides of the great man never seen before. He reveals how he practiced and re-wrote his key speeches, from ‘Blood, toil, tears and sweat’ to ‘We shall fight on the beaches’; his consideration of a peace treaty with Nazi Germany, and his underappreciated role in the Dunkirk evacuation; and, above all, how 25 days helped make one man an icon. Using never-before-accessed archive material, McCarten reveals the crucial behind-the-scenes moments that changed the course of history. It's a scarier—and more human—story than has ever been

told.

Meticulously researched by a senior private banker now turned historian, No More Champagne reveals for the first time the full extent of the iconic British war leader's private struggle to maintain a way of life instilled by his upbringing and expected of his public position. Lough uses Churchill's own most private records, many never researched before, to chronicle his family's chronic shortage of money, his own extravagance and his recurring losses from gambling or trading in shares and currencies. Churchill tried to keep himself afloat by borrowing to the hilt, putting off bills and writing 'all over the place'; when all else failed, he had to ask family or friends to come to the rescue. Yet within five years he had taken advantage of his worldwide celebrity to transform his private fortunes with the same ruthlessness as he waged war, reaching 1945 with today's equivalent of £3 million in the bank. His lucrative war memoirs were still to come. Throughout the story, Lough highlights the threads of risk, energy, persuasion, and sheer willpower to survive that link Churchill's private and public lives. He shows how constant money pressures often tempted him to short-circuit the ethical standards expected of public figures in his day before usually pulling back to put duty first-except where the taxman was involved.

An Account of the Reconquest of the Sudan. 1902 Edition

Classic Design Styles is a beautifully illustrated chronology of European and American period styles from the medieval to the end of the nineteenth century. Top interior designer, Henrietta Spencer-Churchill shows us room-by-room, how elements of classic decorating styles can be adapted and used in the home today. Over 200 new photographs of previously unseen interiors accompany insider decorating tips and practical advice on how to recreate period living in your own home. In Classic Design Styles well-known author and interior designer, Lady Henrietta Spencer-Churchill turns her attention to the history of American and European classic interior design traditions including: Victorian, Medieval, Renaissance, Baroque, Colonial, Federal Style, Queen Anne, Georgian, Empire, and Arts & Crafts. Spencer-Churchill outlines the enduring decorating movements of these classic styles, explaining and illustrating the distinguishing characteristics of each one. She show how elements of these classic decorating styles can be adapted and used today to recreate period living in your own home. The first section is a richly illustrated chronology of period styles and a guide to the history of European and American interiors from the medieval to the end of the nineteenth century. In the second section, Spencer-Churchill takes us on a room by room tour of one spectacular house decorated in each style. She explains in detail the

theory and methods behind each look, how to interpret traditional styles for your own home, and the enduring value and allure of each period. Illustrating how to work with an existing room, Spencer-Churchill includes a section on architectural and furnishing details like walls, windows, fabrics and paints. Beautiful and practical, Classic Design Styles is an insider's guide for decorators and enthusiasts of period living.

Churchill & Son

How Churchill Brought England Back from the Brink

The Statesman as Artist

“An interesting and at times surprising account of Churchill's tastes as a reader...many of [these] nuggets will be new even to Churchill junkies.”—TheWall Street Journal This strikingly original book introduces a Winston Churchill we haven't known before. Award-winning author Jonathan Rose explores Churchill's careers as statesman and author, revealing the profound influence of literature and theater on Churchill's personal, carefully composed grand story and the decisions he made throughout his political life. In this expansive literary biography, Rose provides an analysis of Churchill's writings and their reception (he won the Nobel Prize for Literature in 1953 and was a best-selling author), and a chronicle of his dealings with publishers, editors, literary agents, and censors. The book also identifies an array of authors who shaped Churchill's own writings and politics: George Bernard Shaw, H. G. Wells, Margaret Mitchell, George Orwell, Oscar Wilde, and many more. Rose investigates the effect of Churchill's passion for theater on his approach to reportage, memoirs, and historical works. Perhaps most remarkably, Rose reveals the unmistakable influence of Churchill's reading on every important episode of his public life, including his championship of social reform, plans for the Gallipoli invasion, command during the Blitz, crusade for Zionism, and efforts to prevent a nuclear arms race. Finally, Rose traces the significance of Churchill's writings to later generations of politicians—among them President John F. Kennedy as he struggled to extricate the U.S. from the Cuban Missile Crisis. “Immensely enjoyable...This gracefully written book is an original and textured study of Churchill's imagination.”—The Washington Post

The intimate, untold story of Winston Churchill's enduring yet volatile bond with his only son, Randolph “Ireland draws unforgettable sketches of life in the Churchill circle, much like Erik Larson did in The Splendid and the Vile.”?Kirkus • “Fascinating... well-researched and well-written.”—Andrew Roberts • “Beautifully written... A triumph.”—Damien Lewis • “Fascinating, acute and touching.”—Simon Sebag Montefiore We think we know Winston Churchill: the bulldog grimace, the ever-present cigar, the wit and wisdom that led Great Britain through the Second World War. Yet away from the House of Commons and the Cabinet War Rooms, Churchill was a loving family man who doted on his children, none more so than Randolph, his only boy and Winston's anointed heir to the Churchill legacy. Randolph may have been born in his father's shadow, but his father, who had been neglected by his own parents, was determined to see him go far. For decades, throughout Winston's climb to greatness, father and son were inseparable—dining with Britain's elite, gossiping and swilling Champagne at high society parties, holidaying on the French Riviera, touring Prohibition-era America.

Captivated by Winston's power, bravery, and charisma, Randolph worshipped his father, and Winston obsessed over his son's future. But their love was complex and combustible, complicated by money, class, and privilege, shaded with ambition, outside expectations, resentments, and failures. Deeply researched and magnificently written, Churchill & Son is a revealing and surprising portrait of one of history's most celebrated figures.

A New York Times Notable Book of the Year A major reassessment of Winston Churchill that examines his lasting influence in politics and culture. Churchill is generally considered one of the greatest leaders of the twentieth century, if not the greatest of all, revered for his opposition to appeasement, his defiance in the face of German bombing of England, his political prowess, his deft aphorisms, and his memorable speeches. He became the savior of his country, as prime minister during the most perilous period in British history, World War II, and is now perhaps even more beloved in America than in England. And yet Churchill was also very often in the wrong: he brazenly contradicted his own previous political stances, was a disastrous military strategist, and inspired dislike and distrust through much of his life. Before 1939 he doubted the efficacy of tank and submarine warfare, opposed the bombing of cities only to reverse his position, shamelessly exploited the researchers and ghostwriters who wrote much of the journalism and the books published so lucratively under his name, and had an inordinate fondness for alcohol that once found him drinking whisky before breakfast. When he was appointed to the cabinet for the first time in 1908, a perceptive journalist called him "the most interesting problem of personal speculation in English politics." More than a hundred years later, he remains a source of adulation, as well as misunderstanding. This revelatory new book takes on Churchill in his entirety, separating the man from the myth that he so carefully cultivated, and scrutinizing his legacy on both sides of the Atlantic. In effervescent prose, shot through with sly wit, Geoffrey Wheatcroft illuminates key moments and controversies in Churchill's career—from the tragedy of Gallipoli, to his shocking imperialist and racist attitudes, dealings with Ireland, support for Zionism, and complicated engagement with European integration. Charting the evolution and appropriation of Churchill's reputation through to the present day, Churchill's Shadow colorfully renders the nuance and complexity of this giant of modern politics.

Churchill is well-known for his hearty appetite and love of food. This book gives a fascinating insight into what he ate during the Second World War, containing over 250 delicious recipes created by his personal cook, Georgina Landemare. From mouthwatering cakes, biscuits and puddings, to healthy salads and warming soups, it revives some forgotten British classics and traditional French fare. Including timeless recipes still popular today (coq au vin, potato salad, and chocolate cake) as well as some more unusual concoctions (Cervelles Connaught, or 'curried brains'), it reveals the food that sustained Churchill during his 'finest hour.'

London to Ladysmith & Ian Hamilton's March

The Power of Words

The Boer War, a Daring Escape, and the Making of Winston Churchill

NEW YORK TIMES BESTSELLER One of The Wall Street Journal's Ten Best Books of 2018 One of The Economist's Best Books of 2018 One of The New York Times's Notable Books of 2018 "Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain's savior." —Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the

true genius of the man, statesman and leader can finally be fully seen and understood--by the bestselling, award-winning author of Napoleon and The Last King of America. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In Churchill, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts--in a first for a Churchill biographer--to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today--and the fundamental values of courage, tenacity, leadership and moral conviction.

A thrilling narrative of Winston Churchill's extraordinary and little-known exploits during the Boer War. Churchill arrived in South Africa in 1899, valet and crates of vintage wine in tow, there to cover the brutal colonial war the British were fighting with Boer rebels. But just two weeks after his arrival Churchill was taken prisoner ... The story of his escape is incredible enough, but then Churchill enlisted, returned to South Africa, fought in several battles, and ultimately liberated the men with whom he had been imprisoned. Hero of Empire is more than an adventure story, for the lessons Churchill took from the Boer War would profoundly affect twentieth-century history.

Success often depends on the strength of a single quality: leadership. Winston Churchill is universally recognized as one of the 20th century's great political leaders and his words ring just as true in the world of commerce. A wise, witty, and inspiring leader, Churchill ran Great Britain like a great corporation. "Perhaps the finest book on practical leadership ever written." — Brian Tracy Churchill on Leadership demonstrates that the principles that guided Churchill ably translate to private industry today. Author Steven F. Hayward gives strong evidence that, if you remove Churchill from his political context, he would have the resume to be among the great business leaders of any age. Churchill: • was a financier (as chancellor of the Exchequer) and labor negotiator (as home secretary) • managed a large transportation network (as head of the British Navy) and far-flung property holdings (as colonial secretary) • persevered through bankruptcies and other financial disasters • conceived and introduced innovative new products over the opposition of his colleagues, and reorganized major production operations in the midst of crisis. With wit and insight, Hayward reveals Churchill's secrets for business success from assembling and inspiring a first-rate team to preparing a wise budget, from

communicating a vision to structuring effective meetings, from acting decisively to rebounding from a failure. Laced with epochal events from the historical stage, enlivened with stimulating speculation, and leavened with wit, Churchill on Leadership is both an enjoyable read and a thought-provoking lesson on leadership.

In addition to his enduring fame as a statesman, Winston Churchill was a Nobel Prize-winning author whose military histories offer the unique perspective of a participant in world affairs. London to Ladysmith and Ian Hamilton's March reflect his early career as a Boer War correspondent for London's Morning Post in 1899 and 1900. London to Ladysmith chronicles the Boer War's first five months, from the author's arrival in South Africa to his capture during a Boer ambush of an armored train. Churchill's gripping narrative of his escape from a prisoner-of-war camp traces a grueling journey across enemy territory and back to British lines. Ian Hamilton's March picks up the action immediately afterward, documenting the eponymous general's 400-mile advance from Bloemfontein to Pretoria. The march saw ten major battles and numerous skirmishes, culminating in the release of prisoners from the camp where Churchill himself was held. Written mostly in the field, this book offers a vivid, personal account of the conditions under which the Boer War was fought, as well as a fascinating look at the formative years of one of the twentieth century's preeminent leaders.

The Literary Churchill

The Fight for Freedom

A Study in Greatness

25 Lessons for Bold Business Leaders

Soldier, Statesman, Artist

Executive Success in the Face of Adversity

British imperialism helped shaped the modern world order. This same imperialism created modern Singapore, controlling its colonial development and influencing its post-colonial orientation. Winston Churchill was British imperialism's most significant twentieth century statesman. He never visited Singapore, but his story and that of the city-state are deeply intertwined. Singapore became a symbol of British imperial power in Asia to Churchill, while Singaporeans came to see him as symbolizing that power. The fall of Singapore to Japanese conquest in 1942 was a low point in Churchill's war leadership, one he forever labeled by calling it 'the worst disaster in British military history.' It was also a tragedy for Singapore, ushering in three years of harsh military occupation. But the interplay between these three historical forces, Churchill, Empire, and Singapore, extended well beyond this dramatic conjuncture. The Last Lion and the Lion City provides a critical examination of that longer interplay through an analysis of Churchill's understanding of empire, his perceptions of Singapore and its imperial role, his direction of affairs regarding Singapore and the Empire, his influence on the subsequent relationship between Britain and Singapore. Punch featured Winston Churchill in more than 600 cartoons between 1899 to 1988. Some were laudatory, some were critical, and others, like

the man himself, usually humorous. For the first time this book catalogues all the cartoons and provides a context of the events and people being satirised and places them in historical perspective. Early on Punch often made Churchill into a caricature of himself, promoting exaggerated images of his physical characteristics such as his forward leaning gait, his prominent jutting jaw, his cigar, and his hands on hips when speaking. His hobbies were frequently caricatured such as his love of polo, painting, writing skills and brick-laying. This book is not just for fans of Churchill, but for anyone interested in history, British life over the past 120 years, media and their response to government and politicians, cartoon aficionados and general society. It is an easy and fun read for the casual reader but also the academic who wants more depth through the appendices and an analysis of major world events through the eye of Punch.

Filled with hundreds of ideas drawn from tradition, this work is both a confident style statement for the enthusiast of English design, and a reference work for the home decorator.

Turn any presentation into a landmark occasion “I love this book. I’ve followed Humes's lessons for years, and he combines them all into one compact, hard-hitting resource. Get this book on your desk now.”—Chris Matthews, *Hardball* Ever wish you could captivate your boardroom with the opening line of your presentation, like Winston Churchill in his most memorable speeches? Or want to command attention by looming larger than life before your audience, much like Abraham Lincoln when, standing erect and wearing a top hat, he towered over seven feet? Now, you can master presentation skills, wow your audience, and shoot up the corporate ladder by unlocking the secrets of history’s greatest speakers. Author, historian, and world-renowned speaker James C. Humes—who wrote speeches for five American presidents—shows you how great leaders through the ages used simple yet incredibly effective tricks to speak, persuade, and win throngs of fans and followers. Inside, you'll discover how Napoleon Bonaparte mastered the use of the pregnant pause to grab attention, how Lady Margaret Thatcher punctuated her most serious speeches with the use of subtle props, how Ronald Reagan could win even the most hostile crowd with carefully timed wit, and much, much more. Whether you're addressing a small nation or a large staff meeting, you'll want to master the tips and tricks in *Speak Like Churchill, Stand Like Lincoln*.

Churchill Style

#1 NEW YORK TIMES BESTSELLER * The author of *The Devil in the White City* and *Dead Wake* delivers an intimate chronicle of Winston Churchill and London during the Blitz--an inspiring portrait of courage and leadership in a time of unprecedented crisis "One of [Erik Larson's] best books yet . . . perfectly timed for the moment."--Time * "A bravura performance by one of America's greatest storytellers."--NPR NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review * Time * Vogue * NPR * The Washington

Post * Chicago Tribune * The Globe & Mail * Fortune * Bloomberg * New York Post * The New York Public Library * Kirkus Reviews * LibraryReads * PopMatters On Winston Churchill's first day as prime minister, Adolf Hitler invaded Holland and Belgium. Poland and Czechoslovakia had already fallen, and the Dunkirk evacuation was just two weeks away. For the next twelve months, Hitler would wage a relentless bombing campaign, killing 45,000 Britons. It was up to Churchill to hold his country together and persuade President Franklin Roosevelt that Britain was a worthy ally--and willing to fight to the end. In *The Splendid and the Vile*, Erik Larson shows, in cinematic detail, how Churchill taught the British people "the art of being fearless." It is a story of political brinkmanship, but it's also an intimate domestic drama, set against the backdrop of Churchill's prime-ministerial country home, Chequers; his wartime retreat, Ditchley, where he and his entourage go when the moon is brightest and the bombing threat is highest; and of course 10 Downing Street in London. Drawing on diaries, original archival documents, and once-secret intelligence reports--some released only recently--Larson provides a new lens on London's darkest year through the day-to-day experience of Churchill and his family: his wife, Clementine; their youngest daughter, Mary, who chafes against her parents' wartime protectiveness; their son, Randolph, and his beautiful, unhappy wife, Pamela; Pamela's illicit lover, a dashing American emissary; and the advisers in Churchill's "Secret Circle," to whom he turns in the hardest moments. *The Splendid and the Vile* takes readers out of today's political dysfunction and back to a time of true leadership, when, in the face of unrelenting horror, Churchill's eloquence, courage, and perseverance bound a country, and a family, together.

"Excellent insight into the Patton mind, that any good business manager can readily understand and implement."---Military Review --

A detailed show-by-show history of the last quarter century in American musical theater that attempts to explain how the storied Broadway tradition went so very wrong in many cases.

"A richly textured and deeply moving portrait of greatness" (Los Angeles Times). In this masterful book, prize-winning historian and authorized Churchill biographer Martin Gilbert weaves together the research from his eight-volume biography of the elder statesman into one single volume, and includes new information unavailable at the time of the original work's publication. Spanning Churchill's youth, education, and early military career, his journalistic work, and the arc of his political leadership, *Churchill: A Life* details the great man's indelible contribution to Britain's foreign policy and internal social reform. With eyewitness accounts and interviews with Churchill's contemporaries, including friends, family members, and career adversaries, it provides a revealing picture of the personal life, character, ambition, and drive of one of the world's most remarkable leaders. "A full and rounded examination of Churchill's life, both in its personal and political aspects . . . Gilbert describes the painful decade of Churchill's political exile (1929-1939) and shows how it strengthened him and prepared him for his role in the 'hour of supreme crisis' as Britain's wartime leader. A lucid, comprehensive and authoritative life of the man considered by many to have been the outstanding

public figure of the 20th century.” —Publishers Weekly “Mr. Gilbert’s job was to bring alive before his readers a man of extraordinary genius and scarcely less extraordinary destiny. He has done so triumphantly.” —The New York Times Book Review

Secrets of Leadership

Churchill and Ireland

A Brief Account of a Long Life

The life and career of Britain's Prime Minister from youth through World War 2. Grades 6-9.

A collection of the best and most quoted speeches and writings of Nobel Prize-winner Winston Churchill Winston Churchill knew the power of words. In speeches, books, and articles, he expressed his feelings and laid out his vision for the future. His wartime writings and speeches have fascinated generation after generation with their powerful narrative style and thoughtful reflection. Martin Gilbert, Churchill's official biographer, has chosen passages that express the essence of Churchill's thoughts and describe—in his own inimitable words—the main adventures of his life and the main crises of his career. From first to last, they give insight into his life, how it evolved, and how he made his mark on the British and world stage.
