Daniel's Orchestral Music is the gold standard reference for conductors, music programmers, librarians, and any other music professional researching an orchestral program. This sixth edition, celebrating the fiftieth anniversary of the original work, includes over 14,000 entries with a vast number of new listings and updates.

From sorcery to animal totems, buzzard feathers to hawk spirits, talking trees to magical stones, sacred circles to healing rituals, the Kabbalah brings readers a rich body of ancient wisdom that has been long neglected and even longer misunderstood. The Kabbalah celebrates a quality of consciousness that enables one to experience magic in the ordinary, miracles in the natural course of events, and spirituality in the physical. Its roots are as old and rich as most aboriginal shamanic traditions, sharing in common with many of them the belief that all of creation is alive, from animals and plants to the sun and the moon.The uniqueness of this book lies in its selections from this rare tradition of Jewish mystery wisdom. Culled from ancient and medieval Hebraic and Aramaic sources, much of this material has been hidden in dusty archives or obscure translations. These short selected readings are intended as contemplative, inspirational, and even entertaining extracts. As short as a few lines or as long as a page, they are translated and paraphrased here to render them accessible to readers of all backgrounds and spiritual paths. From the Trade Paperback edition.

Gordon Korman's classic, bestselling series celebrates its 35th anniversary! Macdonald Hall's ivy-covered buildings have housed and educated many fine young Canadians. But Bruno Walton and Boots O'Neal are far from being fine young Canadians. The roommates and best friends are nothing but trouble! Together they've snuck out after lights-out, swapped flags, kidnapped mascots . . . and that's only the beginning. Macdonald High is having some serious cash flow problems. Everything is being cut back – evening snack is gone, the lab equipment is decrepit and the dorms are freezing at night. Worst of all, Bruno Walton and Boots O'Neal are being moved in with Elmer Drimsdale – the science geek. There's even talk of Macdonald Hall being put up for sale! Could this be the end of Canada's finest boarding school or do Bruno and Boots have a plan? Join two of Gordon Korman's most memorable characters in seven side-splitting, rip-roaring adventures! Macdonald Hall is the series that started it all, and thirty-five years later it remains a must-read for old fans and new, the young – and the young at heart.

An understanding of contemporary North Korea` s literature is virtually impossible without an investigation of its formative period, 1945-1960, which saw a gradual transformation from the initial "Soviet era" to a Korean version of "national Stalinism." This turbulent epoch established a long-lasting framework for North Korean literature and set up an elaborate system of political control over literary matters, as well as over the people who served in this field. In 1946 Democratic People` s Republic of Korea (DPRK) leader Kim Il Sung described the country` s writers as "soldiers on the cultural front," thus clearly defining what the nascent Communist regime expected from its intellectuals. As a result, many literary nonentities were rewarded with fame and success (often only to be relegated once again to obscurity within a few years) while many outstanding luminaries of the past were erased from the pages of official publications or even lost their lives. The Soviet cultural impact brought new tropes, artistic images, and rhetoric, which were quickly absorbed into the North Korean discourse. However, the cultural politics of the DPRK and the USSR revealed profound and irreconcilable disparities that were rooted in the different political conditions and traditions of each country. *Soldiers on the Cultural Front* presents the first consistent research on the early history of North Korea` s literature and literary policy in Western scholarship. It traces the introduction and development of Soviet-organized conventions in North Korean literary propaganda and investigates why the "romance with Moscow" was destined to be short lived. It reconstructs the biographies and worldviews of major personalities who shaped North Korean literature and teases these historical figures out of popular scholarly myth and misconception. The book also investigates the specific forms of control over intellectuals and literary matters in North Korea. Considering the unique phenomenon of North Korean literary critique, the author analyzes the political campaigns and purges of 1947-1960 and investigates the role of North Korean critics as "political executioners" in these events. She draws on an impressive variety and number of sources—ranging from interviews with Korean and Soviet participants, public and family archives, and memoirs to original literary and critical texts—to present a balanced and eye-opening work that will benefit those interested in not only understanding North Korean literature and society, but also rethinking forms of socialist modernity elsewhere in the world.

Elements of Morality

Winner of the 2019 American Fiction Award for Best Historical Fiction Set in London and Russia at the turn of the century, Susana Alkin's debut introduces a vibrant young woman determined to defy convention and shape an extraordinary future. Like other well-bred young women in Edwardian England, Lily Throop is expected to think of little beyond marriage and motherhood. Passionate about the stage, Lily has very different ambitions. To her father's dismay, she secures an apprenticeship with a theatrical producer, her talent and beauty bring coveted roles and devoted admirers. Yet to most of society, the line between actress and harlot is whisper-thin. With her reputation threatened by her mentor's vicious betrayal, Lily flees to St. Petersburg with an acting troupe—leaving her first love behind. Life in Russia is as exhilarating as it is difficult. The streets rumble with talk of revolution, and Lily is drawn into an affair with Sergei, a Count with fervent revolutionary ideals. Following Sergei when he leaves for the front, Lily finds herself in an increasingly dangerous world. And as Russian tensions with Japan erupt into war, only fortitude and single-mindedness can steer her to freedom and safety at last. With its sweeping backdrop and evocative details, *We Shall See the Sky Sparkling* explores a fascinating period in history through the eyes of a strong-willed, singular heroine, in a moving story of love and resilience.
