Written by the master magician himself, this fascinating work reveals the secrets behind how Houdini escaped numerous death-defying stunts and exposed a variety of fake spiritualists. He also gives instructions for 44 eye-catching stage tricks, as well as other fascinating material. 155 illustrations.

Providing readers with a detailed map for compliance with all applicable laws, this reference describes the dramatic changes brought about by the Lobbying Disclosure Act of 1995, and the considerable changes that have occurred since the last edition was published in 1998.

These people, the Sumerians, influenced not only all the other civilizations which arose in Mesopotamia but virtually every other human society which followed. Without the Sumerians, the world today would be a very different place. However, although we know a great deal about these people, there are fundamental mysteries about the Sumerians which have still not been solved by historians or archaeologists. For example, the Sumerians seemed to appear in Mesopotamia with a complex and developed society and skills and technologies which no other culture possessed, yet there is no agreement where they came from. They created a complex language, but no-one knows what it sounded like. There are striking examples of similarities between the art of the civilization of Sumer and the art of other ancient civilizations, yet we know that these cultures had no contact with each other. The Sumerians were able to observe and record astronomical and celestial phenomena in very advanced ways which are still not understood. In this book you will about: * Sumerian Culture * Sumerian Inventions * How long were they around * What they looked like * Fascinating insight into their everyday life

Civilization and Its Discontents is considered Freud's most brilliant work. In it he states his views on the broad question of man's place in the world. It has been praised, dissected, lambasted, interpreted, and reinterpreted. Originally published in 1930, it seeks to answer several questions fundamental to human society and its organization—What influences led to the creation of civilization? Why and how did it come to be? What determines civilization's trajectory? This process, argues Freud, is an inherent quality of civilization that instills perpetual feelings of discontent in its citizens. Freud's theme is that what works for civilization doesn't necessarily work for man. Man, by nature aggressive and egotistical, seeks self-satisfaction.

Explains video technology systems in easy-to-understand language and outlines the common components of modern audio/video equipment. Provides details and features of the newest gadgets and will help with shopping choices by providing answers that the average salesperson does not know.

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Play Civilisation V to win! The next instalment to the popular Sid Meier series. Many people want to join the Peace Corps, and more than 160,000 people have since it was established by President Kennedy in 1961. But many more wonder what the Peace Corps involves and what they need to know before they can volunteer for this life-changing service. This informative book will guide you through the process of not only deciding whether you want to join the Peace Corps, but of showing you everything you will experience and need along the way. Finally, the process of returning to normal life will be hard, but this book will walk you through the procedure for returning home with a full section on how to adjust to your life. Complete with case studies and advice from past volunteers, this book is a valuable resource for potential Peace Corp volunteers. "Had this book been around in 1988 when I first joined the Peace Corps, it would have alleviated a lot of the guess-work. It really gives the reader a true insight into what to expect when deciding whether 'the toughest job you'll ever love' is for them. Pack your bags for great adventure!"-Jennifer Zweigbaum, Returned Peace Corps Volunteer, Mauritania, 1989-1990
