The Heart of the Shaman will take you on a journey into the sacred world of the shaman, through stories, dreams, and ancient rites. In his latest book, Alberto Villoldo sets his focus on the dreaming and time-travel practices of the medicine men and women of the Andes and Amazon, whose wisdom radically changed his worldview. Villoldo shares some of their time-honored teachings that emphasize the sacred dream: an ephemeral, yet powerful vision that has the potential to guide us to our purpose and show us our place in the universe. The practices in this book will help you forge a sacred dream for yourself. They will help you craft a destiny infused with courage, and driven by vision. You’ll be invited to follow the footsteps of the luminous warrior and learn how to break out of the three nightmares surrounding love, death, and safety that have held you captive, and transform them into the experience of timeless freedom, known as the Primordial Light. This creative power exercised by shamans will lead you to create beauty and healing, and dream a new world into being. When you transform these dreams and accept that life is ever changing, that your mortality is a given and that no one except you can free you from fear—the chaos in your life turns to order, and beauty prevails. “Wake up from the slumber you are living in, and dream with your eyes open so that all the possibilities of the future are available to you.”

“A knowledgeable and sensitive description of some of the basic aspects of traditional Navajo teachings, thought, and language.” —Utah Historical Quarterly
Traditional teachings derived from stories and practices passed through generations lie at the core of a well-balanced Navajo life. These teachings are based on a very different perspective of the physical and spiritual world than that found in general American culture. Dinéjí Na’nitin is an introduction to traditional Navajo teachings and history for a non-Navajo audience, providing a glimpse into this unfamiliar domain and illuminating the power and experience of the Navajo worldview. Historian Robert McPherson discusses basic Navajo concepts such as divination, good and evil, prophecy, and metaphorical thought, as well as these topics’ relevance in daily life, making these far-ranging ideas accessible to the contemporary reader. He also considers the toll of cultural loss on modern Navajo culture as many traditional values and institutions are confronted by those of dominant society. Using both historical and modern examples, he shows how cultural change has shifted established views and practices and illustrates the challenge younger generations face in maintaining the beliefs and customs their parents and grandparents have shared over generations. This intimate look at Navajo values and customs will appeal not only to students and scholars of Native American studies, ethnic studies, and anthropology but to any reader interested in Navajo culture or changing traditional lifeways.

*Mystics have passed down stories of magical realms hidden from mortal sight, bridging the world of Nature and Spirit. Even before the written word, the ancients established a Divine partnership between humans and these Hidden Realms. Both agreed to form an eternal Sacred Alliance to establish harmony and balance between the material and the spiritual. The Alliance ensured that when we asked for guidance in manifesting our reality, they would help us find our way to the highest good for all. But in time, humanity turned itself away from the natural world as a source for the Divine and forgot about the realms in the Unseen realities. Religious superstition, dominance, and the power of intellect, reason, and technology became our focus; and our partnership was forgotten, so the realms faded away. As our global concerns have increasingly been more plaintive, they have returned to help us find our way home to our true purpose, prosperity, hope, and happiness. These cards represent some of those realms and their Queens and Kings, Princes, and other magical helpers. Let the Swan Queen part the way to transformation, the Arrow Master help you reach your goals, the Sun Dancers herald your victories, and the Sacred Union speak to the depth of your longing for love. Ask and ye shall receive, for the Highest Good is their motto. If you call upon them, they will answer*

**Don't face reality. Create reality!** E-Squared could best be described as a lab manual with simple experiments to prove once and for all that reality is malleable, that consciousness trumps matter, and that you shape your life by your mind. Rather than take it on faith, you are invited to conduct nine 48-hour experiments to prove there really is a positive, loving, totally hip force in the universe. Yes, you read that right. It says prove. The experiments, each of which can be conducted with absolutely no money and very little time expenditure, demonstrate that spiritual principles are as dependable as gravity, as consistent as Newton’s laws of motion. For years, you’ve been hoping and praying that spiritual principles are true. Now, you can know. E-Squared proves the following:
**1. There is an invisible energy force or field of infinite possibilities. 2. You impact the field and draw from it according to your beliefs and expectations. 3. You, too, are a field of energy. 4. Whatever you focus on expands. 5. Your connection to the field provides accurate and unlimited guidance. 6. Your thoughts and consciousness impact matter. 7. Your thoughts and consciousness provide the scaffolding for your physical body. 8. You are connected to everything and everyone else in the universe. 9. The universe is limitless, abundant, and strangely accommodating.**

"Uncharted is a smoking hot Harley ride through the wonders of your soul 's journey." –Christiane Northrup, M.D., New York Times best-selling author of Goddesses Never Age
Where are we going? How will we get there? In a world of uncertainty, most of us don ’t really know. Our challenge is to sail into uncharted waters—away from the familiar ways that don ’t work anymore—to discover ourselves and the infinite potential for our lives. It ’s in these as-yet-undiscovered places within us that we come to recognize what we can be and what we can co-create with Spirit. If we try to create guided only by the old, familiar map of our lives, what we create won ’t be authentic to who we are becoming; we ’ll just be doing the same thing over and over. As intuitive counselor and "spiritual cartographer" Colette Baron-Reid explains, we need a different kind of map—not one that tells us where we ’ve been, but one we fill in as each new experience changes us into who we need to be to live our destiny. This new map is a map of the soul. In Uncharted, you ’ll learn to draw your own map of the soul as Colette guides you on an inward journey through five interconnected realms. First you ’ll get oriented in the Realm of Spirit, your "home" that connects the other four. Then you will do the work of self-evolution and co-creation in the Realms of Mind, Light, Energy, and Form. In the Realm of Mind, you experience your consciousness intermingled with that of all Consciousness. In the Realm of Light, you illuminate the darkness and experience transformation as you reclaim lost parts of yourself.

In the Realm of Energy, you consciously direct the forces influencing you. In the Realm of Form, you see the results of your self-evolution manifested in the material world. At every step, you learn to harness your personal power and turn fear into possibility as you venture into the undiscovered places where magic happens.

When she was nine years old, Kim Russo discovered she had an amazing gift—she could communicate with the dead. Deeply skeptical, she denied her talent for years. But as she gradually reconciled her ability with her religious beliefs, Kim embraced who she is—and ultimately accepted her soul ’s mission as a voice for the spirit world. Known as the "Happy Medium" for her authenticity, warmth, and her honest, positive readings, Kim has helped people from all walks of life to connect with those who have passed on. Now, this world-renowned medium demystifies the world of the dead for everyone. The key to understanding, she contends, is energy, which cannot be destroyed. The Happy Medium intertwaves experiences from Kim’s life with some of the best, most astounding behind-the-scenes stories of her celebrity readings from episodes of her Lifetime show, The Haunting Of . . . . In addition, she gives you the tools to access the energy that is all around us, including the experiments and lessons she uses in many of her sold-out appearances and courses around the world. Following her mantra, "Let them lead you," Kim shows you how to let the world of the dead guide you to greater understanding of life ’s biggest questions.

At one point after fifty, every woman crosses a threshold into the third phase of her life. As she enters this uncharted territory -- one that is generally uncharted in popular culture -- she can choose to mourn what has gone before, or she can embrace the juicy crone years. In this celebration of Act 3, Jungian analyst Jean Shinoda Bolen names the powerful new energies and potentials, or archetypes, that come into the psyche at this momentous time, suggesting that women getting older have profound and exciting reasons for welcoming the other side of fifty. As Bolen has explained in her remarkable body of work, there are goddesses in every woman, deep archetypal sources of inner strength and spirituality that, once tapped, energize us and give us a sense of meaning and self-acceptance. The knowledge of which archetypes are active within us at each phase of life—maiden, mother (or nurturer), and crone—supports us in making choices that are true to who we are instead of conforming to others’ ideas of who we should be. In Bolen’s bestselling Goddesses in Everywoman, the classic work of the women’s spirituality movement, the Greek goddesses personified these archetypes as they affected the first two phases of a woman’s adult life. Now she explains that in the third stage, marked physiologically by menopause, there emerges a whole new cast of inner archetypes that a woman can draw on for guidance, creativity, personal integration, and joy. Once we learn to recognize these forces, we can feel empowered and wise, introspective and spiritual, sexually bold and full of mirth. For it is in the “wisewoman” years, when a woman has lived long enough to resolve the tasks of younger and middle adulthood, that she can fully and authentically become who she deeply is. The generation of women who are approaching or who have reached the crone years is historically unique. Influenced by the women’s movement, they have benefited from educational opportunities, women’s support networks, and economic resources as excellent preparation for decades of active postmenopausal life. By recognizing the goddess archetypes that emerge in this phase, women of this special generation will be enabled to transform the crone years into the best years of their lives.

Lush Victorian influenced images provide unique perspectives for insightful divination and meditation.

E-Squared, the international hit sensation described by one reader as “The Secret on crack,” provided the training wheels, the baby steps, to “really getting it” that thoughts create reality. InE-Cubed (don’t worry—there will never be E to the 10th Power), Pam Grout takes you higher and deeper into the quantum field, where you’ll prove that blessings and miracles are natural and that joy is only a thought away. With nine new experiments and more tips on how to keep the gates of the world’s largesse and abundance wide open, this book is chock-full of incontrovertible evidence that the universe is just waiting for us to catch up, just waiting for us to begin using the energy that has always been available for our enjoyment and well-being.
