The Collectors

Revised Edition

Here's a marvelous picture book, charmingly written and beautifully illustrated, about the power of memory and the magic of friendship. Llewellyn, a little rabbit, is a collector. He gathers things in jars--ordinary things like buttercups, feathers, and heart-shaped stones. Then he meets another rabbit, Evelyn, and together they begin to collect extraordinary things--like rainbows, the sound of the ocean, and the wind just before snow falls. And, best of all, when they hold the jars and peer inside, they remember all the wonderful things they've seen and done. But one day, Evelyn has sad news: Her family is moving away. How can the two friends continue their magical collection--and their special friendship--from afar?

"This takes getting lost in a book to a whole new level. I loved it!" --James Riley, New York Times-bestselling author of the Story Thieves series "A fast, fun, furiously inventive, and frequently frightful read." --Geoff Rodkey, New York Times-bestselling author of the Tapper Twins series and We're Not from Here

This clever, fast-paced adventure is a mix of the Story Thieves series and Ready Player One! Oliver Nelson has a terrible secret--he's a thief. But he only steals books from the Garden Grove Library that are old, musty, brittle, or incomplete, like his favorite book, The Timekeeper's Children. No one reads anymore, and surely no one will miss them, right? Wrong. The Pribbles are famous inventors of the most popular toy in the world, alternate-reality goggles. They are also book collectors who are searching for The Timekeeper's Children, so the Pribbles hatch a plan. They invite Oliver, the last person to have checked it out, to their mansion and use special software from their goggles to steal the last remaining copy of the book--from inside Oliver's mind. Now, Oliver is thrust into the middle of the story and must help the main characters steal pieces scattered around the fictional world of Dulum to build a magical clock that can turn back time before the evil sorcerer Sigil takes over. They'll encounter hideous giants, bloodsucking bats, vicious eels, a Nasty Rodent Eater, a gang of wicked children, and a strange, dark figure that follows them from chapter to chapter, all the while with the Pribbles in pursuit. Can Oliver save Dulum before Sigil destroys everything? And will he finish The Timekeeper's Children before the Pribbles steal it from his mind?

By day, the little mouse shares her carefully curated finds with fellow tiny creatures that flock to Miss Crumb's tiny Mousehole Museum.
