

Columbine Dave Cullen

The result of 15 years of research and exclusive information, this is the first book of investigative journalism to tell the complete story of Littleton, Colorado's 1999 mass shooting, its far-reaching consequences, and common characteristics among public shooters across the country. A classic in the tradition of In Cold Blood and The Executioner's Song, it comprehensively explores fundamental American themes of violence, racism, parenting, and policing. This updated and revised edition concludes with new material about public shootings since Columbine and how communities can stop such horrific events from happening in the future.

The author, a friend of both Dylan Klebold and Eric Harris, describes the events surrounding the shootings at Columbine High School.

I Am No One You Know contains nineteen startling stories that bear witness to the remarkably varied lives of Americans of our time. In "Fire," a troubled young wife discovers a rare, radiant happiness in an adulterous relationship. In "Curly Red," a girl makes a decision to reveal a family secret, and changes her life irrevocably. In "The Girl with the Blackened Eye," selected for The Best American Mystery Stories 2001, a girl pushed to an even greater extreme of courage and desperation manages to survive her abduction by a serial killer.

And in "Three Girls," two adventuresome NYU undergraduates seal their secret love by following, and protecting, Marilyn Monroe in disguise at Strand Used Books on a snowy evening in 1956. These vividly rendered portraits of women, men, and children testify to Oates's compassion for the mysterious and luminous resources of the human spirit.

From the moment the Author hustles Howard out of bed and into the kitchen to make breakfast, we know we're on a literary adventure like no other. The Author wants her story;

Howard wants to understand who he is and what he's done with his one wild and precious life. By turns comic, poignant, lacerating and profound, HELPING HOWARD probes the complex and ever-changing nature of love, and seeks to understand, in the deepest way possible, the ties that bind. Schloss has written a remarkable story; hers is a nimble, inventive and wholly original voice.

-Kitty Zeldis, author of Not Our Kind What a gorgeous novel! Romantic, deeply humane, astonishingly clever and moving - this is a love story between author and character that continually makes one gasp, even as it delivers great truths. Thank you, Sally Schloss, for writing it.

-Bonnie Friedman, bestselling author of Writing Past Dark In Sally Schloss's insightful and engrossing novel, an Author writes a novel while regularly checking in with its real-life titular character. Howard is a kind and singularly tolerant man who has greatly compromised himself within his marriage. He nervously waits as the Author unveils each new phase of his life. Their ongoing conversation affords Howard-and the reader-a unique chance to see how his choices have at once enriched and undermined him. Schloss's writing is meticulous.

-Patricia Grossman, author of Radiant Daughter. For those of you who delve into transactional dynamics as a profession this book is a fascinating must read. The characters engage in the all too typical tendencies of repeating the same patterns of behavior, thoughts, and feelings with their inevitable undesirable outcomes. The book sympathetically dramatizes how these underlying negative core beliefs affect these characters' lives over the course of their thirty-five-year marriage.

-Robert Pazulinec Ed.D. Licensed Psychologist --- Helping Howard explores the fraught lifetime marriage of a straight older man, his younger gay wife, and the daughter that survives them. An anti-romantic romance, this book tells the tale of The Author who awakens Howard into consciousness in order to become her accomplice in figuring out what happens next. Their ongoing dialogue pushes the story forward through quarrelsome, humorous, psychological cliffhangers. Playing with, and exposing, the creative process adds another dimension to the narrative as The Author creates a relationship with her main character, which in turn, reflects on who she is. Helping Howard is about people struggling with understanding their own barriers to achieving and sustaining intimacy. It's a complex story of human longing and unmet desire.

The Road to Jonestown

Why Books Matter in a Distracted Time

Examines the details surrounding the school shooting at Columbine High School in 1999.

Reading is a revolutionary act, an act of engagement in a culture that wants us to disengage. In The Lost Art of Reading, David L. Ulin asks a number of timely questions - why is literature important? What does it offer, especially now? Blending commentary with memoir, Ulin addresses the importance of the simple act of reading in an increasingly digital culture. Reading a book, flipping through hard pages, or shuffling them on screen - it doesn't matter. The key is the act of reading, and it's seriousness and depth. Ulin emphasizes the importance of reflection and pause allowed by stopping to read a book, and the accompanying focus required to let the mind run free in a world that is not one's own. Are we willing to risk our collective interest in contemplation, nuanced thinking, and empathy? Far from preaching to the choir, The Lost Art of Reading is a call to arms, or rather, to pages.

In the 1950s, a young Indianapolis minister named Jim Jones preached a curious blend of the gospel and Marxism. His congregation was racially integrated, and he was a much-lauded leader in the contemporary civil rights movement. In this riveting narrative, Jeff Guinn examines Jones's life, from his extramarital affairs, drug use, and fraudulent faith healing to the fraught decision to move almost a thousand of his followers to a settlement in the jungles of Guyana in South America. Guinn provides stunning new details of the events leading to the fatal day in November, 1978 when more than nine hundred people died--including almost three hundred infants and children--after being ordered to swallow a cyanide-laced drink. Guinn examined thousands of pages of FBI files on the case, including material released during the course of his research. He traveled to Jones's Indiana hometown, where he uncovered fresh information from Jonestown survivors.

In Erin Beaty's The Traitor's Ruin, war breaks out between nations and Sage Fowler must infiltrate enemy territory to reconnect with her first love, Captain Alex Quinn. A captain with a secret. A spy with a mission. A kingdom on the verge of ruin. After proving her worth as a deft spy and strategic matchmaker, Sage Fowler is now comfortably positioned in high society as the royal tutor. When she learns of a secret mission, she jumps at the chance to serve her kingdom once more—and to be reunited with her fiancé, Captain Alex Quinn. However, Sage's headstrong

insistence clashes with Alex's gruff military exterior. And after a skirmish with a bordering kingdom, they're separated when tragedy strikes. Now in enemy territory, Sage desperately scrambles to complete Alex's reconnaissance mission. Can she save her kingdom once more? An Imprint Book "A more YA-friendly Game of Thrones...Recalls classic novels such as Tamora Pierce's Alanna series and Robin McKinley's Blue Sword... should keep readers' appetites whetted for the third installment." —Kirkus Reviews "Complex and clever." —VOYA Praise for The Traitor's Kiss: "A thrilling tale with an unforgettable heroine and a love story that left me breathless..." —Mary E. Pearson, New York Times-bestselling author of The Remnant Chronicles "One of the most hotly anticipated young adult fantasy reads of 2017" —Bustle "An action-packed, expertly plotted story, drenched in double crosses and intrigue, with an irresistible heroine and a sweet and sexy romance."—Publishers Weekly, starred review "Complex characterization, deftly layered adventure story, and [a] balanced blend of political maneuvering, romantic interludes, and action scenes." —Kirkus Reviews "Beaty balances a taut web of deceit...readers will be carried away by the mystery." —The Bulletin of the Center for Children's Books (BCCB)

Summary of Dave Cullen's Columbine

A Mother's Reckoning

Final Girls

"[Ron Rosenbaum] is one of the most original journalists and writers of our time." —David Remnick In The Shakespeare Wars, Ron Rosenbaum gives readers an unforgettable way of rethinking the greatest works of the human imagination. As he did in his groundbreaking Explaining Hitler, he shakes up much that we thought we understood about a vital subject and renews our sense of excitement and urgency. He gives us a Shakespeare book like no other. Rather than raking over worn-out fragments of biography, Rosenbaum focuses on cutting-edge controversies about the true source of Shakespeare's enchantment and illumination—the astonishing language itself. How best to unlock the secrets of its spell? With quicksilver wit and provocative insight, Rosenbaum takes readers into the midst of fierce battles among the most brilliant Shakespearean scholars and directors over just how to delve deeper into the Shakespearean experience—deeper into the mind of Shakespeare. Was Shakespeare the one-draft wonder of Shakespeare in Love? Or was he rather—as an embattled faction of textual scholars now argues—a different kind of writer entirely: a conscientious reviser of his greatest plays? Must we then revise our way of reading, staging, and interpreting such works as Hamlet and King Lear? Rosenbaum pursues key partisans in these debates from the high tables of Oxford to a Krispy Kreme doughnut shop in a strip mall in the Deep South. He makes ostensibly arcane textual scholarship intensely seductive—and sometimes even explicitly sexual. At an academic "Pleasure Seminar" in Bermuda, for instance, he examines one scholar's quest to find an orgasm in Romeo and Juliet. Rosenbaum shows us great directors as Shakespearean scholars in their own right: We hear Peter Brook—perhaps the most influential Shakespearean director of the past century—disclose his quest for a "secret play" hidden within the Bard's comedies and dramas. We listen to Sir Peter Hall, founder of the Royal Shakespeare Company, as he launches into an impassioned, table-pounding fury while discussing how the means of unleashing the full intensity of Shakespeare's language has been lost—and how to restore it. Rosenbaum's hilarious inside account of "the Great Shakespeare 'Funeral Elegy' Fiasco," a man-versus-computer clash, illustrates the iconic struggle to define what is and isn't "Shakespearean." And he demonstrates the way Shakespearean scholars such as Harold Bloom can become great Shakespearean characters in their own right. The Shakespeare Wars offers a thrilling opportunity to engage with Shakespeare's work at its deepest levels. Like Explaining Hitler, this book is destined to revolutionize the way we think about one of the overwhelming obsessions of our time.

Ten years in the works, a masterpiece of reportage, this is the definitive account of the Columbine massacre, its aftermath, and its significance, from the acclaimed journalist who followed the story from the outset. "The tragedies keep coming. As we reel from the latest horror . . ." So begins a new epilogue, illustrating how Columbine became the template for nearly two decades of "spectacle murders." It is a false script, seized upon by a generation of new killers. In the wake of Newtown, Aurora, and Virginia Tech, the imperative to understand the crime that sparked this plague grows more urgent every year. What really happened April 20, 1999? The horror left an indelible stamp on the American psyche, but most of what we "know" is wrong. It wasn't about jocks, Goths, or the Trench Coat Mafia. Dave Cullen was one of the first reporters on scene, and spent ten years on this book—widely recognized as the definitive account. With a keen investigative eye and psychological acumen, he draws on mountains of evidence, insight from the world's leading forensic psychologists, and the killers' own words and drawings—several reproduced in a new appendix. Cullen paints raw portraits of two polar opposite killers. They contrast starkly with the flashes of resilience and redemption among the survivors. Expanded with a New Epilogue After finding a box containing letters her father had written to her mother during World War II, as well as a Japanese flag bearing a profound inscription, the author embarks on a mission to discover what happened to her father and the men of his Twenty-fifth Infantry, which takes her all the way to Japan to return the flag to its rightful owner, where she forms a bond with the surviving family and ultimately discovers a side of her father she never knew. After Caitlin Gabriel survives a deadly shooting at her high school, she struggles to tell her story to her parents, the authorities, and anyone who will listen. But there are other narratives that gain purchase in the media and paint her in a different light. Renowned Hollywood screenwriter Scott Z. Burns returns to the stage with this bold and chilling play that asks us to examine our relationship to the truth and the lies that claim to heal us.

A True Crime Story : a Victim, the Killers, and the Nation's Search for Answers

"Professor Lewis believed that literature exists above all for the joy of the reader and that books should be judged by the kind of reading they invite. He doubted the use of strictly evaluative criticism, especially its condemnations. Literary criticism is traditionally employed in judging books, and 'bad taste' is thought of as a taste for bad books. Professor Lewis's experiment consists in reversing the process, and judging literature itself by the way men read it. He defined a good book as one which can be read in a certain way, a bad book as one which can only be read in another. He was therefore mainly preoccupied with the notion of good reading: and he showed that this, in its surrender to the work on which it is engaged, has something in common with love, with moral action, and with intellectual achievement. In good reading we should be concerned less in altering our own opinions than in entering fully into the opinions of others; 'in reading great literature I become a thousand men and yet remain myself'. As with all that Professor Lewis wrote, the arguments are stimulating and the examples apt"--Publisher description

This is the behind the scenes story of the Columbine tragedy, from a year before the killings and through the entire story, to twenty years after the killings. This book covers many of the unknown details, the cover-ups, the lies, the secrets and the real life story of the family involved in Columbine. If you think you know the story of Columbine, you are wrong. This is the real story of the tragedy, from the point of view of the family at the center of the tragedy.

Emerging as the lone survivor of a serial killer's massacre a decade earlier, Quincy Carpenter struggles to ignore traumatic memories and move on as one of a group of other survivors who look to her for answers when one of them is found dead in a suspicious suicide.

The award-winning journalist uses interviews with survivors, parents, and friends of victims to delve deeply into the Columbine shooting and its consequences for the nation.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 In a speech given to his students, DeAngelis told them that he loved them and that he was worried about them. He told them not to drink and drive, and that he cared about them.

The Netflix movie starring Academy Award-winners Eddie Redmayne and Jessica Chastain--based on a "stunning book...that should and does bring to mind In Cold Blood"--takes you inside the mind of America's most prolific serial killer, whose 16-year long "nursing" career left as many as 400 dead. (New York Times) After his December 2003 arrest, nurse Charlie Cullen was quickly dubbed "The Angel of Death" by the media. But he was no mercy killer nor a simple monster. Cullen was, at times, a trusted colleague, a beloved father, and a best friend. He was also perhaps the most prolific serial killer in American history, implicated in the deaths of as many as 400 patients. Cullen's murderous career spanned sixteen years and nine hospitals. Now, in a riveting piece of investigative journalism, Charles Graeber uncovers how Cullen gamed the system, and tells the unbelievable true story of the confidential informant asked to risk her life and career to betray a friend and finally stop a serial killer. Based on extensive never-before-seen evidence and years of exclusive jailhouse conversations with Cullen himself, THE GOOD NURSE is a mesmerizing and irresistibly paced portrait of medicine and madness. This book will make you look at hospitals and the people who work in them in an entirely different way.

"Les Standiford's account of the decades-long attempt to solve the murder of Adam Walsh is chilling, heartbreaking, hopeful, and as relentlessly suspenseful as anything I've ever read. A triumph in every way." --Dennis Lehane, author of Mystic River "The most significant missing child case since

the Lindbergh's...A taut, compelling and often touching book about a long march to justice." —Scott Turow, author of *Presumed Innocent* The abduction that changed America forever, the 1981 kidnapping and murder of six-year-old Adam Walsh—son of John Walsh, host of the Fox TV series *America's Most Wanted*—in Hollywood, Florida, was a crime that went unsolved for a quarter of a century. *Bringing Adam Home* by author Les Standiford is a harrowing account of the terrible crime and its dramatic consequences, the emotional story of a father and mother's efforts to seek justice and resolve the loss of their child, and a compelling portrait of Miami Beach Homicide Detective Joe Matthews, whose unwavering dedication brought the Adam Walsh case to its resolution. A wealth of information on ancient Egypt.

The Abduction That Changed America

A clinical psychologist and member of South Africa's Truth and Reconciliation Commission describes how she met in a maximum security prison with Eugene de Kock, "Dr. Death," the notorious commander of apartheid death squads.

NEW YORK TIMES BESTSELLER • From two survivors of the Parkland, Florida, shooting comes a declaration for our times, and an in-depth look at the making of the #NeverAgain movement. On February 14, 2018, seventeen-year-old David Hogg and his fourteen-year-old sister, Lauren, went to school at Marjory Stoneman Douglas High School, like any normal Wednesday. That day, of course, the world changed. By the next morning, with seventeen classmates and faculty dead, they had joined the leadership of a movement to save their own lives, and the lives of all other young people in America. It's a leadership position they did not seek, and did not want—but events gave them no choice. The morning after the massacre, David Hogg told CNN: "We're children. You guys are the adults. You need to take some action and play a role. Work together. Get over your politics and get something done." This book is a manifesto for the movement begun that day, one that has already changed America—with voices of a new generation that are speaking truth to power, and are determined to succeed where their elders have failed. With moral force and clarity, a new generation has made it clear that problems previously deemed unsolvable due to powerful lobbies and political cowardice will be theirs to solve. Born just after Columbine and raised amid seemingly endless war and routine active shooter drills, this generation now says, Enough. This book is their statement of purpose, and the story of their lives. It is the essential guide to the #NeverAgain movement.

Investigates the heated debate among historians, psychologists, philosophers, and theologians attempting to understand the life and nature of Adolph Hitler

Ten years after the school massacre at Columbine High School in Colorado, school shootings are a new and alarming epidemic. While sociologists have attributed the trigger of violence to peer pressure, such as bullying and social isolation, prominent psychologist Peter Langman, argues here that psychological causes are responsible. Drawing on 20 years of clinical experience, Langman offers surprising reasons for why some teens become violent. Langman divides shooters into three categories, and he discusses the role of personality, trauma, and psychosis among school shooters. From examining the material evidence of notorious school shooters at Columbine and Virginia Tech to addressing the mental states of the violent youths he treats, Langman shows how to identify early signs of homicide-prone youth and what preventive measures educators, parents and communities can take to protect themselves from the tragedy.

Living in the Aftermath of Tragedy

The Pastures of Heaven

Why Kids Kill

The acclaimed New York Times bestseller by Sue Klebold, mother of one of the Columbine shooters, about living in the aftermath of Columbine. On April 20, 1999, Eric Harris and Dylan Klebold walked into Columbine High School in Littleton, Colorado. Over the course of minutes, they would kill twelve students and a teacher and wound twenty-four others before taking their own lives. For the last sixteen years, Sue Klebold, Dylan's mother, has lived with the indescribable grief and shame of that day. How could her child, the promising young man she had loved and raised, be responsible for such horror? And how, as his mother, had she not known something was wrong? Were there subtle signs she had missed? What, if anything, could she have done differently? These are questions that Klebold has grappled with every day since the Columbine tragedy. In *A Mother's Reckoning*, she chronicles with unflinching honesty her journey as a mother trying to come to terms with the incomprehensible. In the hope that the insights and understanding she has gained may help other families recognize when a child is in distress, she tells her story in full, drawing upon her

personal journals, the videos and writings that Dylan left behind, and on countless interviews with mental health experts. Filled with hard-won wisdom and compassion, A Mother's Reckoning is a powerful and haunting book that sheds light on one of the most pressing issues of our time. And with fresh wounds from the Newtown and Charleston shootings, never has the need for understanding been more urgent. All author profits from the book will be donated to research and to charitable organizations focusing on mental health issues. — Washington Post, Best Memoirs of 2016

A NEW YORK TIMES BESTSELLER On the first anniversary of the events at Parkland, the acclaimed, New York Times bestselling author of Columbine offers an intimate, deeply moving account of the extraordinary teenage survivors who became activists and pushed back against the NRA and feckless Congressional leaders—inspiring millions of Americans to join their grassroots #neveragain movement. Nineteen years ago, Dave Cullen was among the first to arrive at Columbine High, even before most of the SWAT teams went in. While writing his acclaimed account of the tragedy, he suffered two bouts of secondary PTSD. He covered all the later tragedies from a distance, working with a cadre of experts cultivated from academia and the FBI, but swore he would never return to the scene of a ghastly crime. But in March 2018, Cullen went to Marjory Stoneman Douglas High School because something radically different was happening. In nearly twenty years witnessing the mass shootings epidemic escalate, he was stunned and awed by the courage, anger, and conviction of the high school's students. Refusing to allow adults and the media to shape their story, these remarkable adolescents took control, using their grief as a catalyst for change, transforming tragedy into a movement of astonishing hope that has galvanized a nation. Cullen unfolds the story of Parkland through the voices of key participants whose diverse personalities and outlooks comprise every facet of the movement. Instead of taking us into the mind of the killer, he takes us into the hearts of the Douglas students as they cope with the common concerns of high school students everywhere—awaiting college acceptance letters, studying for mid-term exams, competing against their athletic rivals, putting together the yearbook, staging the musical Spring Awakening, enjoying prom and graduation—while moving forward from a horrific event that has altered them forever. Deeply researched and beautifully told, Parkland is an in-depth examination of this pivotal moment in American culture—and an up-close portrait that reveals what these extraordinary young people are like. As it celebrates the passion of these astonishing students who are making history, this spellbinding book is an inspiring call to action for lasting change.

This powerful retrospective analysis of the aftermath of the 1999 Columbine High School shooting considers society's response to the attack, the long-term implications of the shooting, and the ways in which research and related policy must continue to move forward. • Analyzes the broad cultural impact of the Columbine High School shooting • Reviews changes in police responses that have developed since the day of the attack • Examines warning signs that pre-dated the attack and how threat assessment has advanced to preclude similar tragedies • Explores legislative responses in the aftermath and why they were not successful • Considers the lessons learned in the 20 years after the shooting and how they can be used to prevent future acts of mass violence

Offers advice on reading and writing poetry, and discusses imitation, sound, the line, poem forms, free verse, diction, imagery, revision, and workshops

The Search for the Origins of His Evil

The John Wayne Gacy Murders

The Souvenir

"In the vein of Dave Cullen's Columbine, the first comprehensive account of the Sandy Hook tragedy--with exclusive new reporting that chronicles the horrific events of December 14, 2012, including new insight into the dark mind of gunman Adam Lanza. Twenty-six people dead; twenty of them schoolchildren between the ages of six and seven. The world mourned the devastating shooting at Sandy Hook elementary school in Newtown, Connecticut in December 2012. Now, here is the startling, comprehensive look at this tragedy, and into the mind of the unstable killer, Adam Lanza. Drawing on hundreds of interviews and a decade's worth of emails from Lanza's mother to close friends that chronicled his slow slide into mental illness, Newtown pieces together the perfect storm that led to this unspeakable act of violence that shattered so many lives. Newtown explores the two central theories that have permeated the media since the attack: some claim Lanza suffered from severe mental illness, while others insist that, far from being a random act of insanity, this was a meticulously thought out, premeditated attack at least two years in the making by a violent video-gamer so obsessed with "glory kills" and researching mass murderers that he was willing to go to any length to attain the top score. Lanza's dark descent from a young boy with adjustment disorders to a calculating killer is interwoven with the Newtown massacre as it unfolded at the time, told from the points of view of eye witnesses, survivors, parents of victims, first responders, and Adam's relatives. A definitive account of a tragedy that shook a nation, Newtown features exclusive material including initial misinformation reported by the media and commentary on how this catastrophic event became a lightning rod for political agendas, much like Columbine did more than a decade ago"--

In a lyrical love letter to guide dogs everywhere, a blind poet shares his delightful story of how a guide dog changed his life and helped him discover a newfound appreciation for travel and independence. Stephen Kuusisto was born legally blind—but he was also raised in the 1950s and taught to deny his blindness in order to "pass" as sighted. Stephen attended public school, rode a bike, and read books pressed right up against his nose. As an adult, he coped with his limited vision by becoming a professor in a small college town, memorizing routes for all of the places he needed to be. Then, at the age of thirty-eight, he was laid off. With no other job opportunities in his vicinity, he would have to travel to find work. This is how he found himself at Guiding Eyes, paired with a Labrador named Corky. In this vivid and lyrical memoir, Stephen Kuusisto recounts how an incredible partnership with a guide dog changed his life and the heart-stopping, wondrous adventure that began for him in midlife. Profound and deeply moving, this is a spiritual journey, the story of discovering that life with a guide dog is both a method and a state of mind.

This memoir is of an ordinary teenager growing up in suburban Colorado, and faced, as all teenagers are, with difficult choices and pressures. Told by her mother, it is Cassie's story, one of the Columbine High students killed by two schoolmates.

From one of the world's most beloved and bestselling authors, a terrifically useful and readable guide to the problems of the English language most commonly encountered by editors and writers. What is the singular form of graffiti? From what mythological figure is the word "tantalize" derived? One of the English language's most skilled writers guides us all toward precise, mistake-free usage. Covering spelling, capitalization, plurals, hyphens, abbreviations, and foreign names and phrases, Bryson's Dictionary for Writers and Editors will be an indispensable companion for all who care enough about our language not to maul, misuse, or contort it. As Bill Bryson notes, "English is a dazzlingly idiosyncratic tongue, full of quirks and irregularities that often seem willfully at odds with logic and common sense." This dictionary is an essential guide to the wonderfully disordered thing that is the English language.

Columbine and the Search for America's Soul

This 210 paged book contains both journals written by Dylan Klebold and Eric Harris along with a side by side transcript for easier reading. Both journals span two years leading up to what became America's worst high school shooting in U.S. history of its time. When both teenagers went on a shooting spree at Columbine High School in Littleton, Colorado, killing 13 people and wounding more than 20 others before turning their guns on themselves and committing suicide. Contained in these journals are their plans of how they envisioned killing as many as 500 students, before going on to attack neighbouring homes. As well was as an eerie plan to hijack a jet and crash it in New York. Also included are some of Eric's internet writing and the infamous 'Basement tapes' transcripts partly recorded 30 minutes before their terrible killing spree.

The "chilling" story of America's most notorious serial killer by the man who helped catch him—now updated with the latest DNA findings (Nashville Banner). He was a model citizen. A hospital volunteer. And one of the most sadistic serial killers of all time. But few people could see the cruel monster beneath the colorful clown makeup that John Gacy wore to entertain children in his Chicago suburb. Few could imagine what lay buried beneath his house of horrors—until a teenaged boy disappeared before Christmas in 1978, leading prosecutor Terry Sullivan on the greatest manhunt of his career. Reconstructing the investigation—from records of violence in Gacy's past, to the gruesome discovery of twenty-nine corpses of abused boys in Gacy's crawlspace and four others found in the nearby river—Sullivan's shocking eyewitness account takes you where few true crime books ever go: inside the heart of a serial murder investigation and trial. This updated edition features new revelations that have emerged using DNA evidence to confirm the identities of additional victims—and sixteen pages of dramatic photos. "An unnerving true crime story of murder, terror, and justice." —Dallas Morning News "As with a good mystery story, to the very end of Killer Clown we find ourselves still rooting for good to triumph over evil, yet fearing that the dice may be loaded the other way." —Chicago Tribune "Gripping study . . . for true crime addicts" —Publishers Weekly "You will learn more in this book about the daily activities of a police department than you will from any number of Ed McBain novels or episodes of Hill Street Blues." —The Charleston News &

Courier

A Penguin Classic In Nobel Prize winner John Steinbeck's beautifully rendered depictions of small yet fateful moments that transform ordinary lives, these twelve early stories introduce both the subject and style of artistic expression that recur in the most important works of his career. Each of these self-contained stories is linked to the others by the presence of the Munroes, a family whose misguided behavior and lack of sensitivity precipitate disasters and tragedies. As the individual dramas unfold, Steinbeck reveals the self-deceptions, intellectual limitations, and emotional vulnerabilities that shape the characters' reactions and gradually erode the harmony and dreams that once formed the foundation of the community. This edition includes an introduction and notes by James Nagel. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Kacey Ruegsegger was shot in the shoulder in the Columbine High School massacre. She survived the shooting and the resulting PTSD as well as the many disappointments caused by her injury. This is her journey from pain to healing to a reclaimed life.
