General Liability Insurance, what it Covers

The Commercial General Liability (CGL) Insurance Policy is the standard business policy used to pay claims for bodily injury or property damage to others. The policy is divided into three coverage sections-each with its own exclusions-and a supplementary payments section. Do you ever hear-or worry-that an insurance company will not pay a claim because coverage is excluded? In order to know how claims are paid, you need to understand the policy's insuring agreements and exclusions. In this book, attorney and insurance professional Dwight M. Kealy explains the insuring agreements in Coverage A, B, and C. He gives memorable examples of every standard exclusion-and some significant non-standard exclusions. He explains every supplementary payment, and he explains how policy limits impact how claims are paid.

The CGL 6th Ed. supplement explains the changes in the 1998 CGL forms.

Every day, thousands of people request and receive proof of someone else's Commercial General Liability (CGL) insurance. They might be named as a certificate holder or they might be named as an additional insured. They might want to be named as an additional insured for ongoing operations, completed operations, or "your work." They might request Primary Wording, or Non-Contributory Wording, or a Waiver of Subrogation, or a Hold Harmless Agreement. They might say that the insurance company has to have an A.M. Best Rating of at least A-, VIII, and write business in the state on an admitted basis. WHAT DOES ALL OF THIS MEAN? If you are requiring or providing additional insured endorsements, you should know

what they mean. In this book, attorney and insurance professional Dwight M. Kealy walks the reader through memorable answers to these kinds of questions that are faced everyday by insurance professionals, attorneys, risk managers, and any business that regularly deals with insurance requirements.
