

Conexiones Third Edition

Keeping your love on. It's a hard thing to do. Sometimes it's the hardest thing to do. But if you want to build healthy relationships with God and others, learning to keep your love on is non-negotiable. Adults and children alike thrive in healthy relationships where it is safe to love and be loved, to know and be known. Yet for many, relationships are anything but safe, loving, or intimate. They are defined by anxiety, manipulation, control, and conflict. The reason is that most people have never been trained to be powerful enough to keep their love on in the face of mistakes, pain, and fear. Keep Your Love On reveals the higher, Jesus-focused standard defined by mature love--love that stays 'on' no matter what. Danny Silk's practical examples and poignant stories will leave you with the power to draw healthy boundaries, communicate in love, and ultimately protect your connections so you can love against all odds. As a result, your relationships will be radically transformed for eternity. When you learn to keep your love on, you become like Jesus. -- Danny Silk

This comprehensive, scholarly text offers extensive biographical detail and full coverage of psychology's pre-19th century philosophical and scientific roots. The authors make connections between recent developments in psychometrics and biological, social, and cognitive psychology and their historical roots through current articles and references. This critical-thinking approach, combined with groundbreaking pedagogy, makes the text interesting and accessible to students and helps them understand the thinking processes that led to major psychological discoveries, as well as how they relate to contemporary specialty areas. Of the nearly 200 up-to-date references incorporated into the text, more than 100 are dated after 2000 and the remainder from 1990–2000. A timeline of notable psychological and historical events appears inside the front and back covers of the text for easy access. Timelines or chronologies for each chapter connect developments in psychology to world events in politics, science, and the arts. The text provides extensive coverage of women and minorities in a field dominated by Caucasian men.

In Exorcism and Its Texts, Hilaire Kallendorf demonstrates how this 'infection' was represented in some thirty works of literature by fifteen different authors, ranging from canonical classics to obscure works by anonymous writers.

Este libro está dedicado a aquellos que están dispuestos a aprender el Comercio HVACR y las Prácticas de Carga/Solución de Problemas de Refrigerantes. En este libro, encontrará Procedimientos Paso a Paso para preparar sistemas de aire acondicionado y de bomba de calor para el refrigerante, leer el juego de manómetros, medir el nivel de carga de refrigerante y solucionar problemas con el flujo de refrigerante del sistema. Este libro difiere de otros en que proporciona información clave sobre cada procedimiento junto con el uso de herramientas desde la perspectiva de un técnico, en lenguaje que un técnico puede entender. Este libro también explica el ciclo de refrigeración de los acondicionadores de aire y de las bombas de calor, las propiedades del refrigerante, la transferencia de calor, los componentes incluidos en el sistema, las funciones de cada componente, los requisitos de flujo de aire y los problemas comunes. Procedimientos incluidos: •Bombo •Prueba de Vacío y de Vacío Permanente •Recuperación y Uso de Botellas de Recuperación •Juego de Manómetros de Refrigerante y Conexión y Desconexión de Manguera •Posiciones de Válvulas de Servicio y Acceso a Puertos •Preparación del Sistema para Refrigerante •Carga y Recuperación de Refrigerante en un Sistema Activo •Solución de Problemas de Carga de Refrigerante y Funcionamiento del Sistema

Connections in the History and Systems of Psychology

Analogías y conexiones en la Física

Escribir sobre positivismo jurídico puede parecer,hoy en día,un sinsentido anacrónico.Según la opinión de autores influyentes,estaríamos,pues,en una estación,en el desarrollo incesante de la cultura jurídica,donde el positivismo ya habría agotado su función.El agotamiento sería el resultado conspirador de tres factores.En primer lugar,la decrepitud,que deshace todas las cosas,materiales y espirituales.En segundo lugar,la "renovación interior",en la forma de un giro palingenésico que algunos de los positivistas contemporáneos han dado hacia una novedosa pero al mismo tiempo antiquísima,y en mi opinión equivocada jurisprudencia esencialista.En tercer lugar,y principalmente,los golpes despiadados de competidores poderosísimos -piénsese en el interpretacionismo (interpretivism) y en el (neo)coms-titucionalismo principialista los cuales han hecho del "no-positivismo",o bien del "post-positivismo",su bandera de batalla.

Experience Spanish: Un mundo sin límites, presents vocabulary and grammar in action through culture. With emphasis on the 5C's, the Experience Spanish program delivers dynamic opportunities for communicative practice built upon the following principles:
* Culture is core: Culture is seamlessly integrated into the program. Students are consistently exposed to cultural topics in both the student edition and Workbook/Laboratory Manual. As one might expect, recurring features (Expresiones artísticas, Notas culturales, Notas interdisciplinarias, Lectura cultural, Conexiones culturales) offer richly diverse cultural exploration.* Language in action: Vocabulary in Experience Spanish is presented visually through colorful, engaging illustrations, and put into action with personal and communicative activities. Grammar points are introduced through contextualized short dialogues or cultural readings that illustrate the concepts in action, allowing students to experience the structures in context before focusing on the forms and rules.
* Practice Spanish: Experience Spanish is also available with an interactive 3-D game, Practice Spanish: Study Abroad, that immerses students in a virtual study abroad experience in Colombia. Practice Spanish, accessible on laptops and mobile devices, allows students to practice real world language in a game environment that integrates culture, grammar, and vocabulary.
* Experience Spanish everywhere: Connect Spanish, McGraw-Hill's digital teaching and learning environment, is mobile and enabled for tablets, allowing students to engage in their course material via the devices they use every day. The eBook, available in Connect, is also mobile-enabled through the ReadAnywhere app.

Begin each Spanish class with lively, interactive activities from award-winning foreign-language teacher Rebekah Stathakis. With ideas for writing and speaking exercises, impromptu presentations, and more, these warm-ups will immerse students in Spanish, engaging them in their language instruction effectively and immediately.

Este libro reúne las contribuciones de varios físicos, que presentan de manera sucinta sus conocimientos sobre distintos aspectos de su ciencia de estudio. El objetivo principal es enfatizar las analogías y conexiones que resaltan la unidad de la física, a veces difícil de percibir para los jóvenes que se inician en la investigación. Para ello se analizan muchos temas que usualmente se discuten por separado, que van desde principios fundamentales hasta tópicos de frontera. Más aún, los autores no solo exponen sus conocimientos académicos y técnicos, sino que en algunos casos enriquecen la discusión al aportar su propia visión o interpretación sobre aspectos que aún forman parte del debate científico, como los fundamentos de la mecánica cuántica por ejemplo. Una virtud de este texto es que cada capítulo se puede leer como una contribución independiente, sin necesidad de seguir una secuencia especffica, de modo que el orden de lectura queda en manos de cada lector, según sus propios intereses. En la tónica de establecer analogías, podríamos decir que esta obra sería comparable con un libro de cuentos y no con una novela. Así pues, este libro resultará útil e interesante no sólo para jóvenes lectores que inician su carrera en la ciencia, sino también para colegas físicos y científicos en general, que desean echar un vistazo a áreas diferentes de su especialidad, de una forma concisa y amena.

A separate Answer Key to the Student Activities Manual is available for instructors who want students to check their own work.

As the world becomes increasingly complex, young people are confronted with greater challenges and higher expectations. They are hurled into an age of technology where they are given instant access to new information at a startling rate. This abundance of knowledge is seldom met with the wisdom and virtue necessary to navigate the intricate aspects of life. Thus, in Between Two Worlds, Alan Hidalgo presents a multicultural collection of ten novels tailored for young adults that abound with timeless truths that will never fade. In this unique anthology, Hidalgo seeks to inspire others to seek a life of purpose and meaning by offering profound insights into human behavior. Insights which guide multiculturalism not as an ideology where all cultural aspects must be accepted and approved, but instead which lead to universal truths that result in a broader worldview, enabling readers to openly and objectively perceive both the beauty and the ugliness found in all nationalities. Each of the ten novels contains an intriguing plot that brings the reader face-to-face with a diverse collection of fictional characters as they search for identity, honesty, and courage amidst a world often characterized by confusion, deceit, and fear. The Between Two Worlds Anthology is a multilingual literary work distinguished by its realistic fiction and life relevance. It is also the foundational text for the classroom resources Between Two Worlds Student Workbook and Between Two Worlds Instructor Manual, which are ideal for secondary and postsecondary educational levels.

Traducción, competencia plurilingüe y español como lengua de herencia (ELH) explora las conexiones entre la enseñanza del ELH y la competencia traductora. En el libro se identifican estrategias para que las experiencias y prácticas lingüísticas de los estudiantes del español como lengua de herencia se vean representadas en el contexto de la formación profesional de traducción e interpretación. Basado en un estudio empírico con estudiantes universitarios, esta monografía ofrece pautas para fomentar el desarrollo de habilidades de traducción a partir de tres dimensiones principales: como estrategia plurilingüe, actividad pedagógica y destreza profesional. Por su carácter introductorio, este libro es de particular interés para profesores e investigadores del ELH que buscan integrar de manera sistemática la práctica de la traducción en sus actividades docentes. Asimismo, los profesores de traducción e interpretación que deseen aprender como potenciar la mediación como componente de aprendizaje en las habilidades de traducción e interpretación encontrarán en esta obra numerosas sugerencias para conseguirlo. Traducción, competencia plurilingüe y español como lengua de herencia (ELH) explores the connections between Spanish heritage language (SHL) education and translation competence. The volume identifies strategies to represent the linguistic experiences and practices of SHL students in the context of professional translation and interpreting training. Based on an empirical study with undergraduate students, this monograph provides insight on how to develop translation skills in three ways: as a plurilingual strategy, a pedagogical activity, and a professional skill. Because of its introductory nature, this book is of particular interest to SHL teachers and researchers seeking to systematically integrate translation practice into their teaching. Likewise, teachers of translation and interpreting who wish to learn how to enhance mediation as a learning component in translation and interpreting skills will find numerous suggestions on how to do so in this volume.

The RUMBOS program, now in a new ENHANCED edition, provides robust support to help students 'fill in the gaps' that might be left from their first year of Spanish study, including review activities, indices of first year grammar and vocabulary, and student annotations. At the same time, RUMBOS carefully leads students to higher levels of communicative competence through the combination of functional and contextualized vocabulary presentations, targeted practice of more advanced and often problematic grammatical structures, and process-oriented reading and writing sections with integrated skill-building strategies. RUMBOS prepares students for advanced language study by involving them in authentic literary readings and academic writing tasks and by weaving in communicative activities geared to oral presentations. The RUMBOS program also provides plentiful instructor support through its transparent and flexible chapter structure, teacher annotations, and ancillary materials. Instructors using RUMBOS will find crafting creative, stimulating, and fun lesson plans effortless. EL LIDERAZGO ES UN ASUNTO DE TODOS ¿Esta listo para aprovechar las oportunidades que llevan a obtener resultados extraordinarios? ¿Esta listo para inspirar a los demas a so?ar, alentar su participacion activa y estar a su lado cuando las cosas se tornen dificiles? ¿Esta listo para liderar? Mas que nunca, nuestras familias, nuestras organizaciones, nuestras naciones y nuestro mundo necesitan personas que esten dispuestas a aceptar este duro desafio. El Taller The Leadership Challenge? (El desafio del liderazgo) le brinda la posibilidad de hacerlo--de tomar la iniciativa, aprovechar las oportunidades y marcar la diferencia. Respaldado por mas de 20 años de investigacion original, el Taller The Leadership Challenge? es un proceso de descubrimiento unico e intenso creado por los autores de exitos de ventas, Jim Kouzes y Barry Posner. El Taller desmitifica el concepto de liderazgo y lo aborda como un conjunto de comportamientos que pueden aprenderse. En otras palabras, olvidese de los cargos, los puestos, la jerarquia o la experiencia laboral. El liderazgo esta relacionado con lo que usted hace. Este Libro de tareas del participante esta dise?ado para acompa?arlo en un viaje apasionante para el descubrimiento de uno mismo. Basadas en el celebre modelo Five Practices of Exemplary Leadership? (Las cinco practicas de liderazgo ejemplar) de Kouzes y Posner, las paginas interactivas lo ayudan a descubrir el significado mas profundo de: A medida que avance en este Libro de tareas, pronto descubrirá que la experiencia del Taller The Leadership Challenge? es mas que una típica sesion de capacitacion. Incluso, podria cambiar su vida. LOS AUTORES James M. Kouzes y Barry Z. Posner se encuentran entre los especialistas y educadores mas buscados en la materia del liderazgo y el desarrollo del liderazgo. Han estado trabajando, escribiendo y ense?ando en esta area valiosa por mas de treinta años.

Esta monografía analiza a lo largo de seis capítulos la relación existente entre el Derecho de la contratación pública y la innovación, desde las dos perspectivas. El estudio no se detiene en las posibilidades que presenta el fomento de la innovación mediante la contratación pública, sino que aborda los beneficios que pueden derivarse del empleo de prácticas innovadoras en los procesos de licitación y adjudicación de los contratos públicos. Tradicionalmente, la doctrina se ha centrado en los beneficios que la contratación pública es capaz de ofrecer a la innovación, destinando una parte de sus créditos a tal fin, pero sin embargo, no han sido estudiadas con tanta exhaustividad las ventajas de la aplicación de la innovación a las técnicas e instrumentos de compra pública. Los resultados obtenidos en este trabajo pueden contribuir a la consecución de una contratación pública más eficiente y orientada al objetivo comunitario de utilizarla estratégicamente en beneficio de la sociedad. Para ello se proponen medidas que permitan ahorrar costes en las licitaciones, fortalecer el tejido empresarial e incrementar la protección del medio ambiente, planteando instrumentos para luchar efectivamente contra la corrupción, modernizando y profesionalizando el modelo vigente de licitadores públicos y tratando de convertir el sector público en un referente de la innovación.

Written entirely in Spanish, this is the ideal introduction to Spanish linguistics for students. Using clear explanations, it covers all the basic concepts required to study the structural aspects of the Spanish language - phonetics and phonology, morphology and syntax -

as well as the history of Spanish, its dialects and linguistic variation. This second edition incorporates new features designed to enhance its usefulness for classroom teaching: chapters have been added on the sociolinguistics of Spanish in the USA, and on semantics and pragmatics. The chapter on syntax has been considerably expanded. Numerous exercises have been added throughout the book, as well as a new glossary to help with technical terms.

"Why Conexiones? Welcome to the sixth edition of Conexiones: Comunicación y cultura! Since the very beginning we have worked to provide a complete intermediate program that brings a broad learner audience to a true intermediate level of proficiency. With each edition, we strive to provide continuity from first- to second-year Spanish with engaging and pedagogically sound materials. After completion of our program, when learners go to use Spanish in their work or personal lives, they will have developed confidence in the language and the ability to express themselves on topics relevant to the issues of our time. Why is Conexiones such an effective tool for language learning? Because it provides solutions to the most common challenges of language teaching: ? A solid yet flexible bridge from introductory to intermediate Spanish. Our program meets learners where they are, and allows instructors the flexibility of adapting lessons to varying needs and levels. Conexiones takes learners from speaking words and phrases to creating with language; from writing lists and short messages to expressing meaning in practical ways; from understanding of key words and cognates to understanding simple speech and texts. Our program guides learners to an intermediate high level of proficiency as defined by ACTFL's Proficiency Guidelines 2012"-

This title is endorsed by Cambridge Assessment International Education to support the full syllabus for examination from 2021. Strengthen language skills and cultural awareness with a differentiated approach that offers comprehensive coverage of the revised Cambridge IGCSETM Spanish (0530/7160) syllabuses for first examination from 2021. - Develop the cultural awareness at the heart of the syllabus with engaging stimulus material and questions from around the world which will encourage a positive attitude towards other cultures - Progress the ability to use the language effectively with activities developing all four key skills, supported by teacher notes and answers in the teacher guide - Stretch and challenge students to achieve their best, whilst supporting all abilities with differentiated content throughout - Ensure the progression required for further study at A-level or equivalent - Help to prepare for the examination with exam-style questions throughout Audio is available via the Student eTextbook, Teaching & Learning Resources or the Online Teacher Guide. Originally published in 1987 and revised in 2004, Compañeras speaks with the voices of Latina lesbians who are puertorriqueñas, chicanas, cubanas, chilenas, hondureñas, brasileñas, colombianas, argentinas, peruanas, costarricenses, mexicanas, ecuatorianas, bolivianas, dominicanas, and nicaragüenses; women who met to speak about what it implies to be both Latina and lesbian in our communities, whether we live in Latin America or the US. Each time a woman begins to speak, a liberating process begins, one that is unavoidable and has powerful political implications. In these pages we see repeated the process of self-discovery, of affirmation in coming out of the closet, the search for a definition of our identity within the family and our community, the search for answers, for meaning in our personal struggle, and the commitment to a political struggle to end all forms of oppression. The stages of increasing awareness become clear when we begin to recount the story of our lives to someone else, someone who has experienced the same changes. When we write or speak about these changes, we establish our experience as valid and real, we begin to analyze, and that analysis gives us the necessary perspective to place our lives in a context where we know what to do next. Compañeras becomes an instrument of unity, a political tool. Compañeras habla a través de la voz de lesbianas latinoamericanas, chicanas, puertorriqueñas, cubanas, chilenas, hondureñas, brasileñas, colombianas, argentinas, peruanas, costarricense, mexicanas, ecuatorianas, bolivianas, dominicanas, y nicaragüenses; mujeresque se encontraron para hablar sobre lo que significa en nuestra comunidad ser ambas cosas, latinoamericanas y lesbianas, sea que vivamos en América Latina o en los Estados Unidos. Cada vez que una mujer comienza a hablar, comienza el proceso de liberación; es algo inevitable que tiene implicaciones políticas ponderosas. En estas páginas vemos repetido nuestro propio proceso de descubrimiento, la afirmación al asumimos ante los demás, la búsqueda de una definición de identidad dentro de la familia y de nuestra comunidad, la búsqueda de repuestas significativas a las muchas personales y el compromise en la lucha política para acabar con toda forma de opresión. Las etapas de crecimiento o de desarrollo de nuestra conciencia se hacen claras cuando comenzamos a recontar la historia de nuestras vidas en alguien más, alguien que ha experimentado los mismos cambios. Cuando hablamos sobre estos cambios afirmamos nuestra experiencia como válida y real, y ese análisis nos da la perspectiva necesaria para colocar neustras vidas dentro de un context que nos permita saber cuál es el próximo paso que temenos que dar. Compañeras viene a ser un instrument de unidad, una herramienta política.

This useful guide educates students in the preparation of literature reviews for term projects, theses, and dissertations. The authors provide numerous examples from published reviews that illustrate the guidelines discussed throughout the book. ? New to the seventh edition: ? Each chapter breaks down the larger holistic review of literature exercise into a series of smaller, manageable steps Practical instructions for navigating today's digital libraries Comprehensive discussions about digital tools, including bibliographic and plagiarism detection software Chapter activities that reflect the book's updated content New model literature reviews Online resources designed to help instructors plan and teach their courses (www.routledge.com/9780415315746).

Keep Your Love On

Comunicación y cultura

The neuron doctrine, first formulated in 1891, states that the brain is constructed of individual neurons, organized into functioning circuits that mediate behavior. It is the fundamental principal that underlies all of neuroscience and clinical neurology. Foundations of the Neuron Doctrine gives an authoritative account of how this theory was the product of an explosion of histological studies and vigorous debates near the end of the nineteenth century by an extraordinary group of scientists, led by Santiago Ramon y Cajal of Spain, using a selective stain discovered by Camillo Golgi of Italy. They were the first to describe the distinctive branching patterns of nerve cells, providing evidence that the cells interact as individual units to form circuits, opposed however by Golgi, who held out for a view that the nerve cells form syncytial networks. Studies in the 1950s appeared to confirm the nerve cell as an individual unit, as embodied in the neuron doctrine, which became the basis for the rise of concepts of normal and disordered neural function since then. This 25th Anniversary Edition is timely. Recent studies are showing a much greater degree of complexity in neuronal organization, so that the debate of neuron versus network is again coming to the fore in neuroscience research. Unique to this Anniversary Edition is the inclusion of commentaries by distinguished international leaders – Marina Bentivoglio, Xavier De Felipe, Sten Grillner, Paolo Mazzarello, Larry Swanson, and Rafael Yuste – on the continuing relevance of the neuron doctrine for modern studies of the brain at all levels, from genes and molecules to microcircuits, neural networks, and behavior. As this new wave of modern studies expands our concepts of nervous function as the basis of behavior, Foundations of the Neuron Doctrine will be a unique source providing conceptual continuity from classical times to the present and into the future. With commentaries from Marina Bentivoglio Paolo Mazzarello Javier DeFelipe Larry Swanson Sten Grillner Rafael Yuste

The amazing New York Times bestseller about what you can do when life gives you a second chance. Chase's memory just went out the window. Chase doesn't remember falling off the roof. He doesn't remember hitting his head. He doesn't, in fact, remember anything. He wakes up in a hospital room and suddenly has to learn his whole life all over again . . . starting with his own name. He knows he's Chase. But who is Chase? When he gets back to school, he sees that different kids have very different reactions to his return. Some kids treat him like a hero. Some kids are clearly afraid of him. One girl in particular is so angry with him that she pours her frozen yogurt on his head the first chance she gets. Pretty soon, it's not only a question of who Chase is -- it's a question of who he was . . . and who he's going to be. From the #1 bestselling author of Swindle and Slacker, Restart is the spectacular story of a kid with a messy past who has to figure out what it means to get a clean start.

Soft-bound, 3-hole-punched to fit in students' binders4-color with an engaging Unit Opener, Investigations, Go Online web codes, ACE Homework, Mathematical Reflections, a Unit Project, Looking Back and Looking Ahead, and a Glossary of Terms in English and SpanishAvailable in English and Spanish

Professor Dee L. Eldredge's Teaching Spanish, My Way is a treasure trove of information and a resource manual of over 370 pages to aid Spanish teachers / professors in their efforts to help students learn Spanish. It contains the author's philosophy of teaching; suggestions for course and class preparation; principles of teaching that he follows; general linguistic, syntax, lexical, phonetic, and morphological explanations; Spanish language rules; Spanish historical, cultural, and geographical information; handouts that have been used a lot by the professor; and cards that have been utilized with great success to teach Spanish, especially at the beginning of classes. Would you like to read information about how to take charge of a class and more about the responsibilities of a teacher? Chapter 1 of the book gives the reader the author's philosophy of teaching and much information on his perspectives relating to a teacher's responsibilities. Topics such as being in charge of the class, being prepared for everything, grading practices, using time efficiently during class, presenting grammar, implementing oral drills, students speaking as much Spanish as possible during the class and before / after class with the teacher, being courteous, and others will help you be a better teacher / professor. Would you like to be better organized and run your classes more smoothly? Chapter 2 details many subjects important to course organization, class preparation, and class instruction. As part of course organization, syllabuses, schedule of classes, handouts, marking up textbooks, folders, copies, tests, and examining classrooms are discussed. Appertaining to class preparation, planning of the activities for the next class, grading, recording and placing papers in folders, handouts, and tests are explained. Concerning class instruction and activities, the following topics are presented: directing a class, starting a class, reviewing homework, asking questions, presenting new grammar, practicing new grammar, presenting new homework, reading, using handouts, giving tests/exams, grading and reviewing tests, and ending class. Would you like to have some excellent rules that would help you teach your classes more suitably? Chapter 3 lists the many rules that the author follows in teaching his classes. Some deal with the interaction with students, others with the organization of the classroom, others with the preparation of classes, and others with the way he organizes everything. Would you like to have explanations of grammar and linguistics that very much help you teach more competently? Chapter 4, which is by far the longest, gives explanations of many items in linguistics that can greatly aid Spanish teachers---such as synthetic and analytic languages; declensions; syntactical notation; thematic relations and relators; complementation; arguments; vocalic and consonantal languages; adverbials; markers; a sentence; moods; voices; raising; pro-forms; noun phrases; cases with pronouns; pronouns after prepositions; clitics; leísmo, laísmo, and loísmo; relative pronouns; clitic doubling; determiners; homonyms; verb phrases; verbal complementation; verbal particles; verbal aspect; verb forms; the English "dummy it"; usage comparison of auxiliary verbs in English and Spanish; prepositional phrases; prepositional complementation; modifiers; position of modifier adjectives; conjunctions; multiple meanings of English and Spanish verbs and other words; affirmative and negative words; question words; false cognates; Spanish and English verb problems; the silent h and u; juncture; phonemes; diphthongs; phonetic stress; vowels and consonants; representatives of sounds; spelling problems; cognates; and usage of linguistics in the classroom. This chapter aids the teacher to deliver the whys and wherefores to many grammatical problems—as for example, why the h became silent in Spanish, where the name California came from, and why the Spanish chose habla

Un Mundo Sin Límites

Practice Makes Perfect: Complete Spanish Grammar, Premium Third Edition

Comunicacion Y Cultura

World history conventionally ignores or underestimates the importance of Manila, the Manila galleons, and the Philippines as key stages in the development of trans-Pacific contact and of the world economy. Essays in this volume discuss Philippine-Asian exchanges prior to the entry of Europeans, and then look at European influences and the impact of Magellan's voyage, and the emergence of Manila as one of global trade's crucial linchpins during four centuries. Linkages between Latin America and China, and Spanish-Japanese competition for the Chinese marketplace are important topics. Tensions and cooperation among Chinese, Japanese, Iberians, Africans, Christians, Muslims and others on Philippine soil are also covered. This volume suggests the need for thorough re-evaluation of the Philippines' central role in terms of both Pacific history and global history as perhaps the single most important stage in the traffic that linked China and Latin America.

Coltan, or "blue gold," is a rare mineral used in making cell phones and computers. Across continents, the lives of three teen girls are affected by the "blue gold" trade. Sylvie's family had to lee the Democratic Republic of the Congo after her father was killed by a rogue militia gang in the conflict for control of coltan. The refugee camp where she now lives is deplorable, and Sylvie yearns for a way out—to save not only herself, but her remaining family. Laiping labors in a Chinese factory, soldering components for cell phones. She had left her small village to make her fortune, but the factory conditions are crushing, and the constant pressure to send money home adds to her misery. Yet when Laiping tries to improve her situation, she sees what happens to those who dare question the electronics company's policies. Fiona is a North American girl who, in one thoughtless moment, takes a picture on her cell phone she comes to regret. In the aftermath, she learns not only about trust and being true to oneself, but the importance of ighting for what is right. All three teens are unexpectedly linked by these events. Elizabeth Stewart conducted extensive research to authentically capture the experiences of all three girls. The result is an intense and powerful story about their struggles to create better lives for themselves in the face of the world's increasing appetite for coltan.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Check with the seller prior to purchase. -- Click. Play. Discover a Whole New World! Conexiones: Comunicación y cultura, 5th Edition represents a fresh start for a program that has successfully taught thousands of students. Though the new 5th edition still retains what has always made Conexiones great, the new edition was rebuilt from the ground up thanks to feedback from instructors and students across the country. Through relevant and appealing topics, a true intermediate grammar sequence, and a focus on the dynamic cultures of the Spanish-speaking world, students will reach higher levels of proficiency and discover a whole new world with Conexiones: Comunicación y cultura, 5th Edition. Teaching & Learning Experience Improve Communication Skills While Engaging Students: Conexiones connects to the real world students live in and are exposed to in the media, as well as to the disciplines of study across campus. Until now, the disconnect between basic language study and advanced study has been abrupt and difficult to bridge for both the students and the instructors teaching the advanced courses. We've made it easier! Achieve Consistent Learning Outcomes: Conexiones brings students to a true intermediate-level of proficiency through its carefully chosen scope and sequence and gives students the necessary foundation to succeed in higher-level classes. Connect With Culture: With Conexiones, language and culture are inseparable: part of the same mosaic, each informing the other. Rich in cultural input throughout chapters, Conexiones also integrates music, art, and literature to expand upon chapter topics in the Comunicación y cultura sections. A brand-new video program captures the richness of the cultures of Spanish-speaking world. Save Time Administering Your Course: MySpanishLab® offers the most powerful instructor tools available to help instructors efficiently manage their courses and stay connected with their students. 0205950353 / 9780205950355 Conexiones: Comunicación y cultura Plus MySpanishLab (multi semester access) -- Access Card Package Package consists of: 0205886973 / 9780205886975 Conexiones: Comunicación y cultura 020589853X / 9780205898534 MySpanishLab with Pearson eText -- Access Card -- for Conexiones: Comunicación y cultura (multi semester access)

Active, personalized and real communication about real issues and experience is at the heart of Conexiones. Featuring high interest topics, Conexiones 3/e offers an effective and uniquely sequenced presentation of second year grammar and a thorough integration of language and culture. Each chapter synthesizes the development of language skills and cultural awareness through the active use of art, music, and literature from the Spanish-speaking world. Through carefully sequenced readings, vocabulary, and practice activities, this third edition ofConexiones allows students to progress to a true intermediate level of proficiency. The program is enhanced by cutting-edge multimedia learning tools, including a unique online resource that offers convenient access to electronic versions of student and instructor supplements.

A Good Start

Foundations of the Neuron Doctrine

One of the only books to treat the whole spider, from its behavior and physiology to its neurobiology and reproductive characteristics, *Biology of Spiders* is considered a classic in spider literature. First published in German in 1979, the book is now in its third edition, and has established itself as the supreme authority on these fascinating creatures. Containing five hundred new references, this book incorporates the latest research while dispelling many oft-heard myths and misconceptions that surround spiders. Of special interest are chapters on the structure and function of spider webs and silk, as well as those on spider venom. A new subchapter on tarantulas will appeal especially to tarantula keepers and breeders. The highly accessible text is supplemented by exceptional, high-quality photographs, many of them originals, and detailed diagrams. It will be of interest to arachnologists, entomologists, and zoologists, as well as to academics, students of biology, and the general reader curious about spiders.

Since its original publication in 1996, this volume has been a helpful guide to therapists in the practice of emotionally focused therapy. This second edition will address the many changes in the field of couples therapy, including updated research results linked to clinical intervention and new information on using EFT to address depression and PTSD. A new section covers the growth of couples therapy as a field and its overall relevance to the mental health field, accompanied by coverage of how recent research into the nature of marital distress is consonant with EFT. Other new features are a section on EFT and feminism, as well as a section on cultural competence for the EFT therapist. Written by a leading authority on emotionally focused couples and marital therapy, this second edition will be an up-to-date reference on all aspects of EFT and its uses for mental health professionals.
