and the Black Panther Party to head the first Black Studies program in the country. Dr. Arrington shares her insights from teaching Black studies for over thirty-two years. She provides a formula to assist teachers with developing a curriculum that addresses the unique academic needs of inner-city Blacks. A New York Times Editors' Choice: "A mind-bending romp through a gender-fluid, eighteenth century London . . . a joyous mash-up of literary genres shot through with queer theory and awash in sex, crime, and revolution." NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New Yorker • HuffPost • Kirkus Reviews • Finalist for the Lambda Literary Award • Shortlisted for the Center for Fiction First Novel Prize • "A dazzling tale of queer romance and resistance."—Time Jack Sheppard and Edgeworth Bess were the most notorious thieves, jailbreakers, and lovers of eighteenth-century London. Yet no one knows the true story; their confessions have never been found. Until now. Reeling from heartbreak, a scholar named Dr. Voth discovers a long-lost manuscript—a gender-defying exposé of

Jack and Bess’s adventures. Is Confessions of the Fox an authentic autobiography or a hoax? As Dr. Voth is drawn deeper into Jack and Bess’s tale of underworld resistance and gender transformation, it becomes clear that their fates are intertwined—and only a miracle will save them all. Writing with the narrative mastery of Sarah Waters and the playful imagination of Nabokov, Jordy Rosenberg is an audacious storyteller of extraordinary talent. Praise for Confessions of the Fox “A cunning metafiction of vulpine versatility . . . an action-adventure tale with postmodern flourishes; an academic comedy spliced with period erotica; an intimate meditation on belonging.”—Katy Waldman, *The New Yorker* “Confessions of the Fox is so goddamned good. Reading it was like an out-of-body experience. I want to run through the streets screaming about it. It should be in the personal canon of every queer and non-cis person. Read it.”—Carmen Maria Machado, National Book Award finalist for *Her Body and Other Parties* “A hat tip to *Moby-Dick* . . . a running footnote hall of mirrors to rival Borges . . . one of the

Confessions explores a woman’s pursuit of the truth about her broken and dysfunctional family. Very early in her childhood, Debbie had discovered that her life was being controlled by some old and very dark secrets. Then one day her father calls and summons her to come back to Missouri to discuss “some family business.” She arrives to find he is in a hospice, dying, and he wants to make a deathbed confession. Upon hearing her father’s story, Debbie believes her father’s actions were justifiable. Then she learns he confessed it once before—to her mother forty years ago. What was in that confession that destroyed her mother? Every time her father visited Debbie, her mother would go into hysterics, sometimes for weeks. Her mother and father had kept secret the story of their romance and his confession from Debbie for decades. Now she had her father’s story. Would her

mother be able to tell her side of the story? Confessions as a novel addresses the relationship between a sin, a confession, and forgiveness. Which is worse, the original sin if kept a secret or the confession of the sin to the recipient? We are taught to confess, to seek forgiveness from the person we have sinned against. But is that always the right choice? What if the confession does not generate the forgiveness we desire? What if the confession destroys that person, ruins their life and the lives of others? What if the confession was given for that purpose, not seeking forgiveness but seeking revenge? Confessions have consequences that can't always be controlled.

(Book). Confessions of a Serial Songwriter is an amusing and poignant memoir about songwriter Shelly Peiken's journey from young girl falling under the spell of magical songs to working professional songwriter writing hits of her own. It's about growing up, the creative process the highs and the lows, the conflicts that arise between motherhood and career success, the divas and schemers, but also the talented and

remarkable people she's found along the way. It's filled with stories and step-by-step advice about the songwriting process, especially collaboration. And it's about the challenge of staying relevant in a rapidly changing and youth-driven world. As Shelly so eloquently states in *Confessions of a Serial Songwriter* : "If I had to come up with one X factor that I could cite as a characteristic most hit songs have in common (and this excludes hit songs that are put forth by an already well-oiled machine...that is, a recording artist who has so much notoriety and momentum that just about anything he or she releases, as long as it's 'pretty good,' will have a decent shot at succeeding), I would say it would be: A universal sentiment in a unique frame ." Peiken has tapped the universal sentiment again and again; her songs have been recorded by such artists as Christina Aguilera, Natalie Cole, Selena Gomez, Celine Dion, the Pretenders, and others. In *Confessions of a Serial Songwriter* , she pulls the curtain back on the music business from the perspective of a behind-the-scenes hit creator and shares invaluable insight into the craft of songwriting. I've had many diaries in the past. This isn't the first, and it probably won't be the last, but this one will be different. I'm hoping that today will be the first day of the rest of my life. So much has happened I feel I've lost myself in the process and I've got to try and find myself, maybe for the first time in my life. I've heard that writing things down can be therapeutic, so I'm banking on that. I need therapy. I've been struggling to deal with the abuse I suffered as a child. I was

repeatedly molested and raped by my stepfather, until I became pregnant when I was sixteen. Now I'm struggling to raise the now six year old product of that abuse, on top of taking care of a new baby and a husband. On the outside, my life looks happy and normal, but I'm anything but.

Back and forwards, the fly skimmed across the top of the water, before freely drifting. "It is a common belief William, that everything has beauty, but not everyone sees it. Even the simple things in life bring pleasure to people like ourselves." United by grief, a lifelong drover and small child, debilitated by a chronic illness, form the most remarkable bond, whilst sharing the common interest of fly fishing. During a journey of mateship and self-acceptance, they both soon come to the realisation of people closest to them are facing demons of their own. With an inquisitive nature and shared plethora of knowledge, the many hidden secrets that are buried deep within the High Country town of Eagle Brook begin to surface, causing unrest for the townsfolk below. Not only challenged by their own emotions of sadness, grief, excitement, self -belief and determination, the ever fluctuating High Country environment presents further extreme difficulties for the pair as they embark on an adventure against all odds.

The "magnificent" Pulitzer Prize-winning and #1 New York Times-bestselling novel about the preacher who led America's bloodiest slave revolt (The New York Times). The Confessions of Nat Turner is William Styron's complex and richly drawn imagining of Nat Turner, the leader of the 1831 slave rebellion in Virginia that led to the deaths of almost sixty men, women, and children. "If you liked The Kite Runner, you must read this riveting, firsthand account by one of the real Afghan mujahideen . . . An extraordinary tale." —Leslie Cockburn Masood Farivar was ten years old when his childhood in peaceful and prosperous Afghanistan was shattered by the Soviet invasion of 1979.

Although he was born into a long line of religious and political leaders who had shaped his nation's history for centuries, Farivar fled to Pakistan with his family and came of age in a madrassa for refugees. At eighteen, he defied his parents and returned home to join the jihad, fighting beside not only the Afghan mujahideen but also Arab and Pakistani volunteers. When the Soviets withdrew, Farivar moved to America and attended the prestigious Lawrenceville School and Harvard, and ultimately became a journalist in New York. Farivar draws on his unique experience as a native Afghan, a former mujahideen fighter, and a longtime US resident to provide unprecedented insight into the ongoing collision between Islam and the West. This is a visceral, clear-eyed, and illuminating memoir from an indispensable new voice on the world stage. "Like the war poets who told you what it was really like to be in the trenches, Farivar survived to tell us about life on the front lines of the clash of civilizations—and it rings with more truth than any other account of these famous events I've ever read. In these troubled times, this is a book that is brave, honest, humane, and full of love." —Aidan Hartley, author of The Zanzibar Chest

This true story of an ex-Marine who fought crime as an undercover cop, a narcotics agent, and finally a federal prosecutor spans a decade of crime fighting and narrow escapes. Charlie Spillers dealt with a remarkable variety of career criminals, including heroin traffickers, safecrackers, burglars, auto thieves, and members of Mafia and Mexican drug smuggling operations. In this riveting tale, the author recounts fascinating experiences and the creative

methods he used to succeed and survive in a difficult and sometimes extremely dangerous underworld life. As a young officer with the Baton Rouge Police Department, ex-Marine Charlie Spillers first went undercover to infiltrate criminal groups to gather intelligence. Working alone and often unarmed, he constantly attempted to walk the thin line between triumph and disaster. When on the hunt, his closest associates were safecrackers, prostitutes, and burglars. His abilities propelled him into years of undercover work inside drug trafficking rings. But the longer he worked, the greater the risks. His final and perhaps most significant action in Baton Rouge was leading a battle against corruption in the police department itself. After Baton Rouge, he joined the Mississippi Bureau of Narcotics and for the next five years continued working undercover, from the Gulf Coast to Memphis; and from New Orleans to Houston, Texas. He capped off a unique career by becoming a federal prosecutor and the justice attaché for Iraq. In this book, he shares his most intriguing exploits and exciting undercover stings, putting readers in the middle of the action.

Rejecting the privileges that life offers him, Chris

*Savory seeks to redress wider injustices in society by rejecting future wealth, power and status to follow his ideals. He throws himself into political struggle - living in poverty, sleeping in tents and on floors, braving the mud and cold, surviving on bean stews and wholemeal bread - to the general disapproval of respectable society. His aim? To bring about a non-violent revolution, disarmament and an eco-feminist-socialist utopia! Oxford University in 1980 opens up a world of opportunity, but the threat of imminent nuclear war pushes Chris to make life-changing decisions. Alienated by the casual superiority of his peers, he abandons essay-writing and sherry with the Dean to embark on a constant round of organising and protesting - peace-camps, marches, illegal direct actions, communes and anarchist street theatre. The triumph of Thatcherism and the defeat of progressive politics leaves him feeling despair, anger and isolation. But having given everything to fight the system, how can he re-enter mainstream society? At the heart of this memoir is a deeply honest and heartfelt human story, spiced with humour and colourful details of the 1980s' counterculture. In an age of climate crisis and Extinction Rebellion, *Confessions Of A Non-Violent Revolutionary* is a thought-provoking and engaging record of a previous wave of mass civil disobedience and an opportunity to learn lessons from the recent history of grassroots political struggle.*
