The purpose of this small book is to honor Dr. John Chester Frist Sr., and to share with family and friends, a glimpse into his faith and thoughts. “Chet” Frist was a wise and beloved family man and friend, as well as a community and church leader. He was pastor of the Government Street Presbyterian Church in Mobile, Alabama when he died on December 31, 1959. He had previously served churches in Moorefield, West Virginia, Starkville, Mississippj, and Tampa, Florida.

New York Times bestseller! Get ready for another binge-worthy romance from international bestselling author Elle Kennedy! He knows how to score, on and off the ice Allie Hayes is in crisis mode. With graduation looming, she still doesn’t have the first clue about what she’s going to do after college. To make matters worse, she’s nursing a broken heart thanks to the end of her longtime relationship. Wild rebound sex is definitely not the solution to her problems, but gorgeous hockey star Dean Di Laurentis is impossible to resist. Just once, though, because even if her future is uncertain, it sure as heck won’t include the king of one-night stands. If I’l take more than flashy moves to win her over Dean always gets what he wants. Girls, grades, girls, recognition, girls...he’s a ladies man, all right, and he’s yet to meet a woman who’s immune to his charms. Until Allie. For one night, the feisty blonde rocked his entire world—and now she wants to be friends? Nope. It’s not over until he says it’s over. Dean is in full-on pursuit, but when life-rocking changes strike, he starts to wonder if maybe it’s time to stop focusing on scoring...and shoot for love. On April 22, 2015, Boston University professor Saïda Grundy set off a Twitter storm with her provocative question: “Why is white America so reluctant to identify white college males as a problem population?” White Guys on Campus is a critical examination of race in higher education, centering Whiteness, in an effort to unveil the frequently unconscious habits of racism among White male undergraduates. Nolan L. Cabrera moves beyond the “few bad apples” frame of contemporary racism, and explores the structures, policies, ideologies, and experiences that allow racism to flourish. This book details many of the contours of contemporary, systemic racism, while engaging the possibility of White students to participate in anti-racism. Ultimately, White Guys on Campus calls upon institutions of higher education to be sites of social transformation instead of reinforcing systemic racism, while creating a platform to engage and challenge the public discourse of “post- racialism.”

When individuals feel God telling them to do something that is out of their comfort zone, what is the instinctive reaction? To run for the hills? To pretend they didn’t hear? To argue? Dr. Michael Youssef explains that God challenges every Christian to fulfill the call He has placed on their lives. Dr. Youssef walks readers through the story of Joshua and leads them to discover how to take on what seems to be impossible, learn from failure, complete the victory, claim their inheritance, and share their story. By the end of this journey they will be inspired to put the lessons of this book into practice and claim the promises that accompany God’s calling.

Teens are shown the three pillars of peril for teens entering college--sex, drugs, and rebellion--and then offered a plan for avoiding those pitfalls.

From the critically acclaimed author of Daddy Needs a Drink—hailed by the Los Angeles Times as “consistently hilarious”—comes a series of irreverent, wickedly observant essays about what it really means to be a teacher today. With his trademark wit and wisdom, Robert Wilder dissects the world’s noblest profession—whether he’s taming a classroom full of hormonal teenagers or going one-on-one with the school bully. Wilder was twenty-six when he found his true calling. Leaving a lucrative advertising career in New York, he got a job as an assistant first-grade teacher at a Santa Fe alternative school—and never looked back. Now he brings his unique perspective—as a teacher, parent, and former student—to a series of laugh-out-loud essays that show teaching at its most absurd...and most rewarding. With brutal candor he chronicles his own lively adventures in modern education, from navigating cutthroat kindergarten sign-ups to subbing for a class experiment gone wrong—and dares to tell about it. He shares the surprising lessons he’s learned in the trenches of his profession, including how to bribe a four-year-old (his own) to stop swearing in a Lutheran preschool and the best way to teach moody teenagers...manage “helicopter” parents...and cope with bullies—whether of the school-yard, Internet, or parental kind. And he offers tough love for cheaters who log on to www.SchoolSucks.com, then puts to rest forever the question of why new teachers gain weight (hint: the free donuts don’t help). In Tales from the Teachers’ Lounge, Robert Wilder charts life’s learning curve with a warmth and humor you don’t find in textbooks. By turns heartwarming, eye-opening, and uproariously funny, these pitch-perfect essays offer priceless lessons in life, family, learning, and teaching from a true lover of education.

The co - hosts of The Way of the Master TV series and radio program, Kirk Cameron and Ray Comfort; offer this simple and flexible curriculum for churches and small groups who want to obey the Bible's command to tell others about Jesus. I am talking about God Almighty using your life to transform your college campus like never before. Trust me, I remember the day God told me that my university would be saved. These words that He spoke to me have become my mission to fulfill. However, I know that I will not be able to accomplish this alone. The time has come for us to bring the message of the Gospel into the universities and initiate the greatest harvest of all time. Are you ready to conquer your university for Jesus?

Digital Humanities For Librarians. Some librarians are born to digital humanities; some aspire to digital humanities; and some have digital humanities thrust upon them. Digital Humanities For Librarians is a one-stop resource for librarians and LIS students working in this growing new area of academic librarianship. The book begins by introducing digital humanities, addressing key questions such as, “ What is it? ” , “ Who does it? ” , “ How do they do it? ” , “ Why do they do it? ” , and “ How can I do it? ” . This broad overview is followed by a series of practical chapters answering those questions with step-by-step approaches to both the digital and the human elements of digital humanities librarianship. Digital Humanities For Librarians covers a wide range of technologies currently used in the field, from creating digital exhibits, archives, and databases, to digital mapping, text encoding, and computational text analysis (big data for the humanities). However, the book never loses sight of the all-important human component to digital humanities work, and culminates in a series of chapters on management and personnel strategies in this area. These chapters walk readers through approaches to project management, effective collaboration, outreach, the reference interview for digital humanities, sustainability, and data management, making this a valuable resource for administrators as well as librarians directly involved in digital humanities work. There is also a consideration of budgeting questions, including strategies for supporting digital humanities work on a shoestring. Special features include: Case studies of a wide range of projects and management issues Digital instructional documents guiding readers through specific digital technologies and techniques An accompanying website featuring digital humanities tools and resources and digital interviews with librarians and scholars leading the way in digital humanities work across North America, from a range of larger and smaller institutions Whether you are a librarian primarily working in digital humanities for the first time, a student hoping to do so, or a librarian in a cognate area newly-charged with these responsibilities, Digital Humanities For Librarians will be with you every step of the way, drawing on the author ’ s experiences and those of a network of librarians and scholars to give you the practical support and guidance needed to bring your digital humanities initiatives to life.

Gender on Campus is the first book to combine solid analyses of the broad range of gender issues for women in college with realistic approaches to heighten awareness and alleviate problems. Written for students, the book first clarifies the concept of feminism and then examines gender dynamics in a variety of settings and contexts—from the classroom to the sports field and from language to social life. Sharon Gmelch probes sexism, racism, and homophobia on campus and surveys the special issues facing diverse women students. The book also addresses issues relating to body image and sexuality. Its final chapters analyze the role gender continues to play after college—in the media, workplace, and politics. After a thorough discussion of a topic, each chapter concludes with possibilities for action (“What You Can Do”) as well as a selected bibliography of books, videos, and organizations that students can consult. Gender on Campus is an invaluable resource for students, parents, and administrators, as well as an excellent text for women’s studies courses.

In Cash Your Investment, S. A. Eberwein gives you the tools and guidance you need to bring the job you covet within reach. When he was a college undergraduate, Eberwein faced a steep learning curve in getting the attention of big-name employers. Through hard work and strategic study, however, he soon secured an enviable position with a prestigious company—in his case, a reputable investment banking firm in New York City. Now, he wants to teach you how to do the same. Cash Your Investment guides you toward your long-term job goals with original advice on job-search strategy, résumé writing, and interviews. Embark on your journey with a savvy plan and seek the job you’ve always dreamed about. Scour the landscape with an ambitious, multifaceted plan of attack, and be confident in your abilities. Keep at it, and don’t let early rejection get you down. S. A. Eberwein is proof, irrespective of your starting point, that you can convert your undergraduate degree into a stellar first job—Cash Your Investment shows you how. “A great and informative guide to help you through all your post-college struggles . . . a motivational and exciting read.”—The Bottom Line

Jack Billings is a young developer at an IT company in Atlanta, Georgia. He works hard. He enjoys his friends. He loves his family. He seeks success in America, his dream by birthright, despite the depravities of the American culture. Eddie Smith was a failure seeking to leave his past behind. He dreamed of a better life. He wanted to be a good man, but the taint of crime was cloying. It clung to him, attracted him, and made him find his way back to failure. When old friends enter both their lives, the connections that are made will change their world irrevocably. At the intersection of these two lives, we find joy and happiness, pain and heartbreak, anger and thieves.

The tools you need to overcome everyday stress! Between trying to make the grade and finding a job in a market that continues to stagnate, there's more pressure than ever before to succeed. Awaken your own innate creative potential by using pendulum work to clear energetic blocks. The Creative Pendulum demonstrates how to use the pendulum to unlock your inner artist, allowing you to discover or expand your creative potential. Dowsing with a pendulum is a quick, direct path to the sub-and super-conscious levels, to higher forces, and to the Muse herself. Thirty pendulum creativity charts are offered that help clear, center, unblock, and guide a person forward, so that anyone may more easily enter the creative space to play and work. Staffen offers practical information and tips so that anyone can learn to dowse, but even experienced practitioners will find exciting new ways of using a pendulum. The book includes Joan's own story of how the pendulum helped her transition from businesswoman to author and visual artist, bringing the power of the pendulum to real life.

And the Sparrow Fell is a coming-of-age tale set against the backdrop of the Vietnam War. Former U.S. Congressman Robert J. Mrazek tells the story of a wealthy family on the north shore of Long Island in the spring of 1967. Cornell undergraduate Rick Ledbetter goes through a rocky journey of self-discovery as both his family and his country disintegrate around him. Rick is a young rake in the mold of his father, Travis Ledbetter, a Medal of Honor-winning World War II navy pilot. Rick has been accepted into the swift boat program at Naval Officer Candidate School and will be heading for combat in Vietnam. Rick's brother Tom, also a Cornell undergraduate, is a young man of true conscience who, because of his Christian faith, is morally opposed to the war. He has rejected conscientious-objector status. Rick meets and falls in love with Kate Kurshan, who is Tom's girlfriend. She is also a Cornell student who opposes the war. Their three lives intersect as Rick, who becomes a war hero, discovers the human cost of war, while Tom, who has great moral courage, puts his life on the line in protest of the Vietnam War at a terrible personal cost.

Three experts on equity and technology offer concrete, evidence-based strategies for classroom teachers to move toward digital equity in K12 settings. Closing the Gap is an ISTE book series designed to reflect the contributions of multiple stakeholders seeking to ensure that digital equity is achieved on campuses, in classrooms, and throughout education. In this series, authors Nicol R. Howard, Sarah Thomas, and Regina Schaffer offer historical and philosophical insights while exploring challenges and solutions unique to teacher preparation programs, pre-service and in-service teachers, and instructional coaches. The second title in the Closing the Gap series, this book includes: □ Examination of digital equity and the □problem of practice□ for teachers and coaches □ Strategies for connecting the ISTE Educator and Student Standards to practice □ Discussion of key challenges facing teachers in today's classrooms, such as access, connectivity, limited resources, digital divide, and the homework gap □ Research-based vignettes from teachers who have encountered and conquered some of the challenges addressed in the book, and from edtech coaches who have implemented equity-centered innovative professional development This book helps teachers address the challenges of teaching in the digital age, providing positive examples and recommendations for achieving digital equity in their classroom communities.

All eight Braxton Campus Mysteries by James J. Cudney, now available in one volume. Set in a cozy, secluded Pennsylvania village full of quirky, sarcastic and nosy residents, this series will be a delight to anyone who loves a good mystery! Academic Curveball: When Kellan Ayrwick returns home for his father's retirement, he finds a dead body in Diamond Hall's stairwell. Unfortunately, Kellan has a connection to the victim, and so do several members of his family. But could one of them be guilty of murder? Broken Heart Attack: When one of Nana D's buddies dies of an apparent heart attack during the dress rehearsal of King Lear, Nana D's suspicions rise and she asks Kellan to investigate the death. But can Kellan find the killer, or will he get caught up his own stage fright? Flower Power Trip: At a masquerade ball to raise money for renovations to Memorial Library, Kellan finds a dead body dressed in a Dr. Evil costume. Between the murder, a special flower exhibit and strange postcards arriving each week, Kellan can't decide which mystery in his life should take priority. Did one of Maggie's sisters kill the guest, who'd been staying at the Roarke and Daughters Inn, or does the victim have a closer connection to someone else at Braxton College? Mistaken Identity Crisis: A clever thief with a sinister calling card has invaded Braxton campus. When a missing ruby, and a body, are discovered at the campus, Kellan must investigate the killer's motive to protect his brother. And as the summer heat begins to settle in Wharton County, a couple more surprises are also in store. Haunted House Ghost: It's Halloween, and excitement is brewing in Braxton to carve jack-o'-lanterns, go on haunted hayrides, and race through the spooky corn maze at the Fall Festival. While Kellan and April dance around the chemistry sparking between them, a suspicious accident occurs at the Fall Festival. But can Kellan capture the elusive killer - and placate a revenge-seeking ghost? Frozen Stiff Drink: A winter blizzard barrels toward Wharton County with a vengeance. After Nana D disappears after visiting a patient, a trail of confusion is left behind. Between locating Nana D and solving the scandalous murder of another prominent Braxton citizen, Kellan and April's worlds explode with more turmoil than they can handle. It seems like the suspicious deaths happening around town aren't going to end anytime soon. Legally Blind Luck: Someone has discovered a cursed talisman, and a rogue government agent will stop at nothing to retrieve the heirloom. Unfortunately, it has already changed hands and found its way on campus. Moments before Braxton's controversial art exhibition opens, Kellan stumbles upon another murder victim, and it appears he might be next on the avenger's list. Can Kellan protect the talisman's true heir and prevent the killer's nefarious plan? Sleigh Bell Tower: After a hotel magnate is found dead during the campus holiday party, long-lost family members seem to be anxious to keep their secrets, complicating Sheriff Montague's ability to determine the murderer's true motive. Even Kellan is forced to cast doubt on his friends and colleagues. But is it possible that one of them committed the ultimate crime?

A guerrilla guide to getting the best college graduates to work for you—without spending like Microsoft, McKinsey, and Goldman Sachs Recruit or Die is the first practical guide to the entry-level recruiting game—which is very different from other kinds of recruiting and vitally important to every company, large or small. Traditionally, only large and powerful companies recruit on college campuses, scooping up the best and brightest. But small and young companies can also get top graduates—without a Wall Street budget—if they learn the secrets of America’s top recruiters. The key is understanding today’s college students: They aren’t just looking for money and perks. More important, they are looking for opportunities to stand out, move around quickly, and rack up cool experiences and achievements. Any employer can compete with the big companies on these intangibles. The authors share dozens of anecdotes and research on more than one thousand students that show how successful recruiters work their magic—and how unsuccessful recruiters blow it. They offer practical strategies and advice in each chapter, along with case studies. Based on their experience working with hot recruits and the elite companies that pursue them, the authors show how any company can conquer the campus.

The definitive guide to the modern world of competitive gaming and the official history of Esports™. Almost overnight, esports—or competitive video games—have exploded into the largest entertainment and sporting phenomenon in human history. The Book of Esports answers: What exactly are esports, and how did they become so popular so quickly? Why did blockbuster video games like League of Legends, Fortnite and Starcraft succeed? Where exactly is all this video gaming headed? What do gamers and college students need to know to position themselves for success in the industry? How do you create a billion-dollar esports business? What strategic choices drive success in the modern gaming industry? Can video games really get your kid into college? (All expenses paid, of course...) Whether you are a lifelong gamer, a curious Fortnite parent, or a businessperson seeking to understand the marketing opportunities of this multibillion-dollar phenomenon, The Book of Esports charts the rise of this exciting new industry, for the first time ever crafting a comprehensive overview of esports and its implications for human competition—and even the future of humanity itself. Gaming luminary and Harvard MBA William Collis has painstakingly translated esports’ mysteries into a detailed and accessible testament for today. Featuring select interviews from the biggest names in the industry, The Book of Esportsweaves tales of trust, betrayal, and superhuman reflexes into predictive frameworks, explaining exactly why our industry looks the way it does, and how all this growth—and more—is inevitable as the divide between man and machine blurs into oblivion.

Real Communication

An Introduction

Samuel Wesley Gathing: A Closer Look is the moving true story of Sam and Beatrice Gathing and the struggles they faced rearing their fourteen children during the era of the Jim Crow laws. These laws meant that both society and the system enforced the damaging view that their children were just stupid black kids. In this climate of institutionalized discrimination, Sam had to maneuver his way through a massive minefield of irrational hatred intended to destroy him and his family. Sam and Beatrice began their life together in December 1929, in Desoto County, Mississippi, taking the gift of a mule named Rock and a big red cow to start their farm. Over the years, as their family expanded, so did the land that they farmed. Sam learned to live by the rules of the day but was always a true leader to both his family and to his friends. Through all the challenges that Sam encountered, his faith in God never wavered he believed that the truth could be found in God's words and actions, not in the laws that were meant to harm him and his people.

The book of Joshua contains some of the most compelling and relevant truths for our lives today. It is the story of "trembling heroes"—people filled with fear who overcame those fears and accomplished the impossible through reliance on God. In Leading the Way through Joshua, Michael Youssef translates the challenges Joshua and the nation of Israel faced into challenges that are familiar to everyone. God calls people to follow Him, to conquer the Jerichos in their lives, to stand against the idolatry in our land. God calls Christians to tell the world about His covenant love, expressed through the life, death, and resurrection of His Son, Jesus Christ. Readers of this devotional commentary will discover how to turn the insights of Joshua into action in their own lives. It will motivate them to step up, to be strong and courageous, to obey God, and to go wherever God sends them.

Real Communication uses stories from real people and the world around us to present the best and most lively introduction to communication concepts. Professors and students alike have fallen in love with Real Communication's down-to-earth writing style, its coverage of research, and its wealth of learning and teaching tools. They also appreciate how Real Communication strives to weave the discipline's different strands together with the CONNECT feature that shows students how concepts work and apply across interpersonal, small group, and public speaking contexts. The Second Edition is even better with a broader array of engaging examples, new coverage of hot topics in the field like Intercultural and mediated communication, plus a public speaking unit honed to provide the essential information students need for this fast-paced course. Whether you want a traditional paperback, an e-Book — online or downloadable to a device — a looseleaf edition, or the book within the new HumanCommClass, Real Communication has an option for you. Read the preface.

The unique and controversial companion volume to Daniel Seymour's On Q places Seymour's ideas and theories within the context of a call to action. In a series of realistic case-study lessons, he reveals how colleges and universities can dramatically improve their performance by drawing upon the concepts found in systems theory, quality management, and studies of organizational behavior. Seymour's goal is to overcome the current reactive mind-set and replace it with a proactive education environment where student success is the main objective. Once Upon a Campus can be put to use as an audit tool, as a guide for readers to identify problem areas in their institutions, and as a planning resource in evaluating and implementing overall performance improvement.
