Nothing prepares Jaya, a New York journalist, for the heartbreak of her third miscarriage and the slow unraveling of her marriage in its wake. Desperate to assuage her deep anguish, she decides to go to India to uncover answers to her family's past.

Una raccolta di venti racconti che prendono spunto dalla vita di Stinchi, un uomo che ha speso la sua esistenza dietro ai fornelli. Tuttavia, più che il cuoco, il vero protagonista è il cibo. In un mondo sempre più globalizzato e omologato, la buona tavola e la tradizione culinaria sembrano aver preso il posto dei linguaggi e dei dialetti per caratterizzare un dato territorio e le sue genti. A far da sfondo a queste storie è, infatti, la Montagna pistoiese, con i suoi crinali, usanze e personaggi ritratti secondo la goliardia, l'ironia e lo spirito di resistenza che spesso li contraddistinguo. Ogni singolo aneddoto è accompagnato da una ricetta tipica della zona a firma del cuoco Stinchi, storico fiduciario Slow Food.

These seemingly disparate characters gradually realize their connections to each other just as they realize that something is not quite right about their world. And it seems as though the answers might lie with Hawthorne
Abendsen, a mysterious and reclusive author whose bestselling novel describes a world in which the US won the War... The Man in the High Castle is Dick at his best, giving readers a harrowing vision of the world that almost was. “The single most resonant and carefully imagined book of Dick’s career.” —New York Times

A collection of essays from the visionary storyteller Gianni Rodari about fairy tales and folk tales and their great advantages in teaching creative storytelling. “Rodari grasped children’s need to play with life’s rules by using the grammar of their own imaginations. They must be encouraged to question, challenge, destroy, mock, eliminate, generate, and reproduce their own language and meanings through stories that will enable them to narrate their own lives.” --Jack Zipes “I hope this small book,” writes renowned children’s author Gianni Rodari, “can be useful for all those people who believe it is necessary for the imagination to have a place in education; for all those who trust in the creativity of children; and for all those who know the liberating value of the word.” Full of ideas, glosses on fairytales, stories, and wide-ranging activities, including the fantastic binomial, this book changed how creative arts were taught in Italian schools. Translated into

English by acclaimed children’s historian Jack Zipes and illustrated for the first time ever by Matthew Forsythe, this edition of The Grammar of Fantasy is one to live with and return to for its humor, intelligence, and truly deep understanding of children. A groundbreaking pedagogical work that is also a handbook for writers of all ages and kinds, The Grammar of Fantasy gives each of us a playful, practical path to finding our own voice through the power of storytelling. Gianni Rodari (1920-1980) grew up in Northern Italy and wrote hundreds of stories, poems, and songs for children. In 1960, he collaborated with the Education Cooperation Movement to develop exercises to encourage children’s creative and critical thinking abilities. Jack Zipes is a renowned children’s historian and folklorist who has written, translated, and edited dozens of books on fairytales. He is a professor at the University of Minnesota. Matthew Forsythe lives in Montreal where he draws and paints for picture books, comics, and animations.

"Istanbul, Istanbul turns on the tension between the confines of a prison cell and the vastness of the imagination; between the vulnerable borders of the body and the unassailable depths of the mind. This is a harrowing, riveting novel, as unforgettable as it is inescapable." —Dale Peck, author of Visions and Revisions "A wrenching love poem to Istanbul told between torture sessions by four prisoners in their cell beneath the city. An ode to pain in which Dostoevsky meets The Decameron." —John Ralston Saul, author of On Equilibrium; former president, PEN International "Istanbul is a city of a million cells, and every cell is an Istanbul unto itself." "Below the ancient streets of Istanbul, four prisoners—Demirtay the student, the doctor, Kamo the barber, and Uncle K ü heyran—sit, awaiting their turn at the hands of their wardens. When they are not subject to unimaginable violence, the condemned tell one another stories about the city, shaded with love and humor, to pass the time. Quiet laughter is the prisoners' balm, delivered through parables and riddles. Gradually, the underground narrative turns into a narrative of the above-ground. Initially centered around people, the book comes to focus on the city itself. And we discover there is as much suffering and hope in the Istanbul above ground as there is in the cells underground. Despite its apparently bleak setting, this novel—translated into seventeen languages—is about creation, compassion, and the ultimate triumph of the imagination.

Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare.

Rappresentare come usità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

I giorni della storia d'Italia

L'Italia che scrive

Inspired by the Robert De Niro film, this story spans three generations of a family of Jewish immigrants to the United States. A gang of friends discover - through trust, hard work and brutality - the true meaning of the American Dream.

When a nobleman is split in two, his separate halves pursue different adventures in a fantastically macabre tale by the author of Invisible Cities. It is the seventeenth century, and the Viscount Medardo of Terraiba must go into battle against the Turks. But the inexperienced warrior is soon bisected lengthwise by a cannonball. Through a miracle of stitching, one half of him survives, returning to his feudal estate to lead a lavishly evil life. But soon his other, virtuous half appears—also very much alive. When the two halves become rivals for the love of the same woman, there's no telling the lengths each will go to in order to win. Now available in an independent volume for the first time, this deliciously bizarre novella of is Calvino at his most devious and winning.

The Grammar of Fantasy

As a young woman in Victorian England, Anna Champion knows all too well the social mores that value prettiness over sense, and etiquette over honesty. But when she stands up to the boorishness of dashing Christopher Davenport at a summertime ball, Anna unwittingly attracts his wrath--and becomes entangled in his malicious scheming. After a lifetime of harboring shame and resentment, Christopher, a ruthless con artist, wants revenge, and unfortunately for Anna, he's decided she will be the perfect pawn in his terrible plot. With a fierceness of spirit uncommon in well-bred young ladies in the nineteenth century, Anna will have to use her intelligence and courage to protect her loved ones. But can she also save herself?

Secondo uno spot pubblicitario di qualche anno fa, il calcio ha conquistato il mondo, là dove hanno falito i più grandi condottieri della storia. Un concetto che inquadra alla perfezione quanto questo sport sia penetrato in profondità nella vita quotidiana delle persone in tutto il mondo. Non è solo un gioco di Federico Casotti è un'analisi socio-antropologica delle tante sfaccettature che caratterizzano il gioco del calcio e del suo rapporto in continua evoluzione con l'individuo e con le comunità. Nel testo, i concetti base dell'antropologia - i riti di passaggio, il fatto sociale totale, la corporeità, il social drama, la communitas, il capitale sociale - vengono spiegati attraverso il calcio in maniera rigorosa ma con un approccio accessibile a tutti.
