Today, there are generally universities in Africa rather than 'African universities'. The legitimacy of the university in Africa is under serious questions now because of its complicity in racism, patriarchy, sexism, colonialism, capitalism, genocide, epistemicide, linguicide, culturecide, and alienation. In other words, the university in Africa as we know it today is elitist and exclusionary. Therefore, rethinking the idea of the university is fundamental to overcoming its current deficiencies in the Global South. This volume, bringing together a number of national case studies and macro-analyses on the dynamics of changing higher

education in the Global South, gestures towards the desired, imagined decolonial African university, which should be a site of multilingualism where African indigenous languages, cosmologies and ontologies become a central part of its identity and soul, intolerant of epistemicides, linguicides, and cultural imperialism, but a site of cognitive and social justice that fully embraces the idea that all human beings are born into valid, useful, relevant and legitimate knowledge systems.

way to practice taking a test is by going through lots of practice test questions. If someone has never taken a practice test, then they are unprepared for the types of questions and answer choices that they will encounter on the official test. There is a tremendous advantage to someone taking the test that is already familiar with the questions and answer choices. Another advantage of taking practice tests is that you can assess your performance and see if you need to study and practice more, or if you're already

prepared enough to achieve success on your test day. If you do well on the practice test, then you know you're prepared. If you struggle on the practice test, then you know you may still have more work to do to get prepared. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. Our Cosmetology Exam Practice Questions give you the opportunity to test your knowledge on a set of questions.
