This text is appropriate for one- or two-term, first and/or second year courses in Managerial or Cost Accounting at both the college and university level. The new edition of this best-selling text continues to emphasize a decision-making approach to prepare Canadian students to be managers of accounting information. It shows how accountants prepare information that is useful to managers, and demonstrates why managers in all types of organizations should have an understanding of the advantages and limitations of accounting. A strategic management theme running through the text allows students to relate management accounting decisions to a company's key success factors.

Studyguide for Cost Accounting by Horngren, Charles T., ISBN 9780133428858

The Arab World Edition of this popular text from world famous author Charles T. Horngren has been especially created to motivate and engage students of cost accounting from across the Arab World. While there are many cost accounting textbooks available on the market, none have been developed with such a strong focus on preparing students for an accounting career in both the Arab World and globally. This new text sets out to provide cost accounting students with the practical skills and theoretical knowledge students need to thrive in both their academic study and future careers. Drawing on many locally sourced examples and case studies, this text gives students an essential global perspective on cost accounting, all the while making core concepts relevant to students ' own experiences.

With its tried-and-true framework and respected author team, Horngren/Harrison/Oliver ' s Accounting—when combined with MyAccountingLab—is the trusted choice for instructors and students of Principles of Accounting.
