"Using Train Your Brain, in two years, I've gone from zero to a million dollars a year in my business and paid off \$30,000 in debt!" – Sarah Thomas, Basehor, KS When Dana Wilde began her direct-sales business, she realized that education for entrepreneurs typically consisted of endless "how-to" explanations: how to market, how to pick up the phone, how to manage your time, how to increase bookings or sales. There always seemed to be a new system to learn, a new surefire method or cutting-edge technique for entrepreneurs to master. In an effort to teach her team members a better and easier way, Dana Wilde created Train Your Brain, a tested and proven system combining elements of both mindset and action ... or as Dana likes to call it, Intentional Action. What Dana discovered by using Train Your Brain is that mindset can be "taught" and that learning simple mindset strategies not only allows you to understand how the brain works but also shows you how easy it is to change your thinking and, as a result, change your outcomes. In Train Your Brain, Dana breaks down the Cycle of Perpetual Sameness—the number one reason why most people only experience incremental change in their lives. More importantly, she also provides the much-needed blueprint to help you get off this counterproductive cycle quickly. Train Your Brain, with its twenty easy-to-implement "Mindware Experiments," gives you all the necessary tools needed to get off ... and stay off ... the Cycle of Perpetual Sameness, so you can transform your life and grow your business in record time!

In The Circle of Fire (formerly published as Prayers: A Communion With Our Creator) Ruiz inspires us to enter into a new and loving relationship with ourselves, with our fellow humans, and with all of creation. Through a selection of beautiful essays, prayers, and guided meditations, Ruiz prepares our minds for a new way of seeing life, and opens our hearts to find our way back to our birtright: heaven on earth. The result is a life lived in joy, harmony, and contentment. In my teachings, "The Circle of Fire" ceremony celebrates the most important day of our Lives: the day when we merge with the fire of our spirit, and return to our own divinity. This is the day when we recover the awareness of what we really are, and make the choice to live in communion with that force of creation we call "Life" or "God." From that day forward, we live with unconditional love in our hearts for ourselves, for life, for everything in creation. This book, first published in 2001 as "Prayers: A Communion With Our Creator," will remind you of what you really are. It has always been my favorite book, and now in honor of my favorite prayer, it has been appropriately renamed "The Circle of Fire." -- don Miguel Ruiz

North American Federation Navy Commander Evan Gabriel was dishonorably discharged after a disastrous mission on a far off world called Eden. He's spent the last five years hiding from his past, from those responsible for the failed mission, from those responsible for running him out of the Navy, and from those originally responsible for making him into who he was - a highly-trained, physically and mentally augmented Special Forces soldier. Two mysterious visitors appear unannounced at the door of a Gabriel's seedy hotel room in the slums of Jamaica. His past has finally caught up with him. From the decaying Caribbean to politically-charged South America, from the back alleys of Mars to a tiny colony on a planet six hundred light years from Earth, Gabriel's Redemption is a near-future military science fiction story of a personal journey seen from the perspective of a soldier who has lost everything -- one who desperately needs to redeem himself not only in his government's eyes, but also his own. Interstellar action and political intrigue mix with one-on-one battles on the surface of a frozen planet in Book One of the science fiction-adventure trilogy.

Stop Chasing Already! If making money feels hard and it's a struggle, but you know deep down in the very depths of your soul that you want more abundance and ease in your life, then this book will give you the exact tools that will bring more ease in your life. If you're sitting at your desk wondering what magic pill everyone else swallowed for them to be living the lifestyle they created, and you're still unsure whether it can or will happen for you, this book will show you how. And finally, if you're ready to stop chasing money (cause my mama once told me, "whatever you chase will run away.") and step into becoming a money magnet, then this book was designed just for you. What if you are already standing on a goldmine and all you have to do is activate it? Last Father's Day, my partner and I took our dad's to go fishing at a nearby lake. For the first three hours, we weren't able to catch a single fish. We spent all this time, energy, and money buying the equipment and bait necessary to catch fish but to our dismay, we weren't even able to catch a single one. Defeated, we started packing up all the things we brought with us. Suddenly, a random gentleman asked if we were leaving and if he could take our spot; he said we were standing on a goldmine and that the exact spot we were in, were filled with fish that were easy to catch. Shocked, we asked if we could watch him fish and learn from him. He then pulls out garlic spray, sprays it on his bait and catches one in less than five minutes. My dad and I decided to try it ourselves and we were able to catch six fish in 30 minutes! Have you been going about life struggling to attract money? My book will give you the secret spray to attracting money! It's not about the struggle or trying to force things, or even chasing. When it comes down to it, it's about aligning yourself and BECOMING a magnet to money and opportunities. Stop Chasing, Start Attracting is a book about getting into alignment with your money mission so that you can create a life by design, one that attracts even more money, abundance, and opportunities. This book is based on the Cash Flow Trinity, a three-pillar proprietary framework that has helped my clients and students become an energetic match to money so that they can do less and attract more. This book goes beyond the Law of Attraction. You will find that in my book, the Law of Attraction is only a third of the whole pie. My book will show you the rest of the missing pieces and additional metaphysical tools that will help you. Remember, everything is a vibration before it becomes a manifestation. The truth about money and why you may be overestimating your ability to attract it. How our environment is like a 3D vision board and how to set it up strategically for even greater abundance. Why your mindset is simply not enough and how to implement your goals for the long run instead of depending on sheer motivation. Why "effortless action" can be more powerful than hustle. How to harness the energy in your environment to increase your cash flow. Follow the advice in this book and watch yourself instantaneously remove the lens of how you've been seeing money.

""I AM is a fascinating, in-depth and eye-opening look at the very essence of how each of our lives are created in every moment." - Hale Dwoskin, author of the New York Times bestseller, The Sedona Method and featured teacher in The Secret For centuries humankind has been asking fervent questions about the meaning of life. As Howard Falco learned, the answers to these questions can ultimately be found in the answer to just one: "Who am I?" In late 2002, in the middle of an ordinary life, Falco—a thirty- five-year-old investment manager with a wife and two children—sought the answer to this powerful question and remarkably this quest resulted in a sudden and all-encompassing shift in his awareness that revealed more about life and how we each create it than he ever imagined knowing. Startled by this new understanding and its implications for his own life and the lives of all others, Falco set out to share his discoveries. The stunning result is this book. I AM takes readers on a life-changing journey in which they will discover the incredible power they have over their experience of life, finding that the doorway to eternal peace, happiness, and fulfillment lies in one of the shortest sentences in the written word but the most powerful in the universe: I AM.

Initiation

Using The Four Agreements to Master the Dream of Your Life

Six Steps to Attract Wealth with the Power of Your Mind

By the correct practice of Kriya fourteen times, Maha Mudra twice, and Yoni Mudra twice, twelve years of evolution of body, mind and soul will be gained in a few minutes. Mind can do everything. Through this practice, the time limitation in evolution is overcome, and the receptive power of the spine, brain and mind is increased, so that the Yogi knows, sees and feels all form within. Yoga is the super-method by which the evolution of body, mind and soul can be quickened. That is how the attainment of wisdom and realization, which usually takes a million years and numerous incarnations of natural evolution, is possible in one lifetime. By this exercise, the consciousness which is in the body, and which is identified with the senses, is transferred to the spine and the brain, and thus transmitted into Superconsciousness and Cosmic Consciousness. Kriya is an initiation into Cosmic Consciousness, or the transfer of consciousness from the body to the spirit. In order to do this, one must transfer consciousness from the senses to the spine. After practicing Kriya and resting for a short while, one is able to do inspired work in connection with literature, art of science . then initiation develops of itself, without effort, because one's consciousness is transferred from the senses to the spine and brain. Realization can come only by the development of one's intuition. Remember that through the practice of this lesson you will contact Christ, and the prophets of this world, and through them you will find your union with God the Infinite Spirit.

When Ada Calhoun found herself in the throes of a midlife crisis, she thought that she had no right to complain. She was married with children and a good career. So why did she feel miserable? And why did it seem that other Generation X women were miserable, too? Calhoun decided to find some answers. She looked into housing costs, HR trends, credit card debt averages, and divorce data. At every turn, she saw a pattern: sandwiched between the Boomers and the Millennials, Gen X women were facing new problems as they entered middle age, problems that were being largely overlooked. Speaking with women across America about their experiences as the generation raised to “have it all.” Calhoun found that most were exhausted, terrified about money, under-employed, and overwhelmed. Instead of their issues being heard, they were told instead to lean in, take “me-time,” or make a chore chart to get their lives and homes in order. In *Why We Can't Sleep*, Calhoun opens up the cultural and political contexts of Gen X's predicament and offers solutions for how to pull oneself out of the abyss—and keep the next generation of women from falling in. The result is reassuring, empowering, and essential reading for all middle-aged women, and anyone who hopes to understand them.

With the guidance of this bestselling classic, you can learn to grow through joy rather than through struggle and pain.
