Criminology is a booming discipline, yet one which can appear divided and fractious. In

This book presents work on the questions of fear, anxiety, risk and trust - both as problems of everyday living and as key themes in the culture and politics of western societies. Travis Hirschi is one of the most cited criminologists of the twentieth century. His work has provoked controversy and heated

Known as a spokesperson for social control theory, Hirschi always ties his ideas to the mode of investigation and the mode of investigation to substantive concerns.
