The Practice

of Research in

Criminology

and Criminal

Justice

Get Free Criminology Research Papers

Published in 1999, this text brings together detailed reflexive accounts of authors' experiences of conducting research on a variety of criminological topics. The broad aim of the book is to critically review how qualitative methods can be

Get Free Criminology Research Papers

effectively
deployed in the
area of criminology.
The conclusions
reached in the text
are diverse,
reflecting the range
of qualitative
methods considered
and the particular
criminological
topics to which they
are applied. A
common theme

Get Free Criminology Research Papers

throughout is that whilst qualitative research can help to provide valid and meaningful information on criminological issues, researchers need to carefully reflect upon both the methodological and ethical dimensions of their work. The book will

Get Free Criminology Research Papers

appeal to those who wish to understand the experience of conducting qualitative research on aspects of crime and criminal justice. This will include undergraduate and postgraduate students undertaking research for the first time, as well

Get Free Criminology Research Papers

as experienced researchers and teachers. This book was originally published as part of the Cardiff Papers in Qualitative Research series edited by Paul Atkinson, Sara Delamont and Amanda Coffey. The series publishes original

Get Free Criminology Research Papers

sociological research that reflects the tradition of qualitative and ethnographic inquiry developed at Cardiff. The series includes monographs reporting on empirical research, edited collections focussing on

Get Free

Research: A Guide to Data Analysis in invaluable reading for both undergraduate and postgraduate students in criminology and criminal justice. Nearly every country in the world has a

Get Free
Criminology
Research Papers

mechanism for executive clemency, which, though residual in most legal systems, serves as a vital due process safeguard and as an outlet for leniency in punishment. While the origins of

Get Free
Criminology
Research Papers

clemency lie in the historical prerogative powers of once-absolute rulers, modern clemency laws and practices have evolved to be enormously varied. This volume brings comparative and empirical analysis

Get Free Criminology Research Papers

to bear on executive clemency, building a sociological and political context around systematically-collected data on clemency laws, grants, and decision-making. Some jurisdictions have elaborate

Get Free
Criminology
Research Papers

constitutional and legal structures for pardoning or commuting a sentence while virtually never doing so, while others have little formal process and yet grant clemency frequently. Using examples from

Get Free
Criminology
Research Papers

Asia, Europe, Latin America, the Caribbean, and the USA, this comparative analysis of the law and the practice of clemency sheds light on a frequently misunderstood executive power.

approaches and their application in criminology. The goals of this collected volume are three-fold. The first is to highlight how the visual has been used in criminology historically to present data,

Get Free
Criminology
Research Papers

contest meaning
and complicate
social control, and
make more
transparent the
research process.
The second is to
work toward some
sort of definitional
consistency. While
a worthy
endeavor, this

Get Free
Criminology
Research Papers

remains elusive given the assortment of uses and varying traditions from which visual criminology has emerged. The third is to try to think clearly about the role of humility. This means a

of research.

Criminology is a booming discipline, yet one which can appear divided and fractious. In this rich and diverse collection of 34 essays, some of the worlds leading criminologists

Get Free
Criminology
Research Papers

respond to a
series of questions
designed to
investigate the
state, impact and
future challenges
of the discipline:
What is
criminology for?
What is the impact
of criminology?
How should

Get Free Criminology Research Papers

criminology be done? What are the key issues and debates in criminology today? What challenges does the discipline of criminology face? How has criminology as a discipline changed over the last few

Get Free
Criminology
Research Papers

decades? The resulting essays identify a series of intellectual, methodological and ideological borders. Borders, in criminology as elsewhere, are policed, yet they are also frequently transgressed;

Get Free
Criminology
Research Papers

criminologists can and do move across them to plunder, admire, or learn from other regions. While some boundaries may be more difficult or dangerous to cross than others it is rare to find an

Get Free
