Washington Post Book World).

“Quite extraordinary.”—Toni

Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother’s family to Hawaii, and then to

bring America back to its rightful owners—the American people. I'm not going to play the same game politicians have been playing for decades—all talk, no action, while special interests and lobbyists dictate our laws. I am shaking up the establishment on both sides of the political aisle because I can't be bought. I want to bring America back, to make it great and prosperous again, and to be sure we are respected by our allies and feared by our adversaries. It's time for action. Americans are fed up with politics as usual. And they should be! In this book, I outline my vision to make

How to Fix Our Crippled America

"The Republican governor of Texas describes the devastating accident that caused his paralysis, his achievements as Texas' longest-serving attorney general and his bold plan to restore America to international prominence through Constitutional improvements and leadership," --NoveList. He's larger-than-life, controversial, a dealmaker and a brawler, a hero, villain and star. Everybody has a

different opinion of Donald Trump, but one thing can't be denied: He's one of a kind, and the 45th President of the United States. This commemorative book explores the gold-plated world of the man who defied all the experts and every day keeps the world on its toes. Starting with his childhood with a stern father to his conquest of the Manhattan real estate and social worlds to his success as an author and reality star to, finally, Pennsylvania Avenue, and all the ambitions still unfulfilled.

Along the way, the reader gets to know the personal side of this most public figure, including the glamorous wives and his most trusted advisors, his devoted children, as this book unlocks the secret to how the ultimate outsider won the hearts of so many. In Never Give Up, Donald Trump tells the dramatic stories of his biggest challenges, lowest moments, and worst mistakes—and how he uses tenacity and creativity to turn defeat into victory. Each chapter includes an

moving story of triumph against all odds set during World War II, from the acclaimed author of Fighting Words, and for fans of Fish in a Tree and Number the Stars. Ten-year-old Ada has never left her one-room apartment. Her mother is too humiliated by Ada's twisted foot to let her outside. So when her little brother Jamie is shipped out of London to escape the war, Ada doesn't waste a minute—she sneaks out to join him. So begins a new adventure for Ada, and for Susan Smith, the woman

who is forced to take the two kids in. As Ada teaches herself to ride a pony, learns to read, and watches for German spies, she begins to trust Susan—and Susan begins to love Ada and Jamie. But in the end, will their bond be enough to hold them together through wartime? Or will Ada and her brother fall back into the cruel hands of their mother? This masterful work of historical fiction is equal parts adventure and a moving tale of family and identity—a classic in the making. "Achingly

American Dream, who looks up to heroes, and who sees beyond the horizon to “the best” that is to come.

Ultimately, his own words are here so you can make your own decision. Choosing which speeches to include in this volume presented some difficulty because President Trump often spoke “off-script” and talked extemporaneously. Of course, no volume of a president’s speeches would be complete without his State of the Union addresses; thus, all four are presented here.

Remarks to the UN General Assemble are important declarations of foreign policy,

Ten years ago we found evidence that al-Qaeda was far more organized and adept than we had previously given them credit for. It took us nearly that long to locate and execute their leader, Osama bin Laden, and we are far from finished. Al-Qaeda has morphed into a much more dangerous, menacing threat: ISIS. A war is being waged against us by radical Islamists, and, as current events demonstrate, they are only getting stronger. This book aims

to inform the American people of the grave danger we face in the war on terror—and will continue to face—until our government takes decisive action against the terrorists that want nothing more than to destroy us and our way of life. Lt. General Michael T. Flynn spent more than 33 years in Army intelligence, working closely with Generals Stanley McChrystal and David Petraeus, Admiral Mike Mullen, Director of National Intelligence James Clapper, and other policy, defense and intelligence community, and war-fighting leaders. From coordinating on-the-ground operations in Iraq, Afghanistan, and elsewhere, to building reliable intelligence networks, to preparing strategic plans for fighting terrorism, Flynn has been a firsthand witness to

Access PDF Crippled America How To Make America Great Again By Donald J Trump

government screw-ups, smokescreens, and censored information that our leaders don't want us to know. A year before he was scheduled to retire, Flynn was sacked as Director of the Defense Intelligence Agency for, among other things, telling a Congressional Committee that the American people are in more danger than we were just a few years ago. Why? The Field of Fight succinctly lays out why we have failed to stop terrorist groups from growing, and what we must do to stop them. The core message is that if you understand your enemies, it's a lot easier to defeat them—but because our government has concealed the actions of terrorists like bin Laden and groups like ISIS, and the role of Iran in the rise of radical Islam, we don't fully

Access PDF Crippled America How To Make America Great Again By Donald J Trump Summary Highlights

understand the enormity of the threat they pose against us. A call to action that is sensible, informed, and original, *The Field of Fight* asserts that we must find a way to not only fight better, but to win.

The 120-page journal features: 120 pages 6"x9" white-color paper lined pages a glossy-finish cover an elegant , professional look and feel In this dramatic and page-turning narrative history of Japanese Americans before, during, and after their World War II incarceration, Susan H. Kamei weaves the voices of over 130 individuals who lived through this tragic episode, most of them as young adults. It's difficult to believe it happened here, in the Land of the Free: After the bombing of Pearl Harbor in 1941, the United States government forcibly removed

last few years. They say I've never held political office. I'm not a constitutional scholar. I'm not even a lawyer. All I can say to that is "Guilty as charged." It's true that I've never voted for a budget America could not afford. I've never raised anyone's taxes. And I've never promised a lobbyist anything in exchange for a donation. Luckily, none of that really matters. Our founding fathers didn't want a permanent governing class of professional politicians. They wanted a republic, in Lincoln's words, "of the people, by the people, and for the people." A country

where any farmer, small-business owner, manual laborer, or doctor could speak up and make a difference. I believe that making a difference starts with understanding our amazing founding document, the U.S. Constitution. And as someone who has performed brain surgery thousands of times, I can assure you that the Constitution isn't brain surgery. The founders wrote it for ordinary men and women, in clear, precise, simple language. They intentionally made it short enough to read in a single sitting and to carry in your pocket. I wrote this book to encourage every citizen to

An insider's account of how politicians representing a radical white minority of Americans have used "the world's greatest deliberative body" to hijack our democracy. Every major decision governing our diverse, majority-female, and increasingly liberal country bears the stamp of the United States Senate, an institution controlled by people who are almost exclusively white, overwhelmingly male, and disproportionately conservative.

Summary Highlights

Although they do not represent a majority of Americans—and will not for the foreseeable future—today’s Republican senators possess the power to block most legislation. Once known as “the world’s greatest deliberative body,” the Senate has become one of the greatest threats to our democracy. How did this happen? In *Kill Switch*, Senate insider Adam Jentleson contends that far from reflecting the Framers’ vision, the Senate has been transformed over the decades by a tenacious minority of white conservatives. From John Calhoun in the mid-1800s to Mitch McConnell in the 2010s, their primary weapon has been the filibuster, or the requirement that

most legislation secure the support of a supermajority of senators. Yet, as Jentleson reveals, the filibuster was not a feature of the original Senate and, in allowing a determined minority to gridlock the federal government, runs utterly counter to the Framers' intent. For much of its history, the filibuster was used primarily to prevent civil rights legislation from becoming law. But more recently, Republicans have refined it into a tool for imposing their will on all issues, wielding it to thwart an increasingly progressive American majority represented by Barack Obama's agenda and appointees. Under Donald Trump, McConnell merged the filibuster with rigid

leadership structures initially forged by Lyndon Johnson, in the process surrendering the Senate's independence and centrality, as infamously shown by its acquiescence in Trump's impeachment trial. The result is a failed institution and a crippled democracy. Taking us into the Capitol Hill backrooms where the institution's decline is most evident, Jentleson shows that many of the greatest challenges of our era—partisan polarization, dark money, a media culture built on manufactured outrage—converge within the Senate. Even as he charts the larger forces that have shaped the institution where he served, Jentleson offers incisive

future. But what sort of superpower? What role should America play in the world? What role do you want America to play? Ian Bremmer argues that Washington's directionless foreign policy has become prohibitively expensive and increasingly dangerous. Since the end of the Cold War, U.S. policymakers have stumbled from crisis to crisis in Afghanistan, Iraq, Iran, Libya, Syria, and Ukraine without a clear strategy. Ordinary Americans too often base their foreign policy choices on allegiance or opposition to the party in power. We can no longer afford this complacency, especially now that both parties are deeply divided about America's role in the world. The next presidential election could easily pit

an interventionist Democrat against an isolationist Republican—or the exact opposite. As 2016 rapidly approaches, Bremmer urges every American to think more deeply about what sort of country America should be and how it should use its superpower status. He explores three options: Independent America asserts that it's time for America to declare independence from the responsibility to solve other people's problems. Instead, Americans should lead by example—in part, by investing in the country's vast untapped potential. Moneyball America acknowledges that Washington can't meet every international challenge. With a clear-eyed assessment of U.S. strengths and limitations, we must look beyond empty arguments over

exceptionalism and American values. The priorities must be to focus on opportunities and to defend U.S. interests where they're threatened. Indispensable America argues that only America can defend the values on which global stability increasingly depends. In today's interdependent, hyperconnected world, a turn inward would undermine America's own security and prosperity. We will never live in a stable world while others are denied their most basic freedoms—from China to Russia to the Middle East and beyond. There are sound arguments for and against each of these choices, but we must choose. Washington can no longer improvise a foreign policy without a lasting commitment to a coherent

strategy. As Bremmer notes, “When I began writing this book, I didn’t know which of these three choices I would favor. It’s easy to be swayed by pundits and politicians with a story to sell or an ax to grind. My attempt to make the most honest and forceful case I could make for each of these three arguments helped me understand what I believe and why I believe it. I hope it will do the same for you. I don’t ask you to agree with me. I ask only that you choose.”

running on empty, in food, fuel and ammunition. Axis U-boats and dive-bombers made supply convoys to Malta more like suicide missions. In this last-hope convoy, 50 warships escorted 13 freighters carrying aviation fuel, and a single critical tanker, the SS Ohio, with 107,000 barrels of oil from Texas. Winston Churchill had traveled to Washington and asked FDR for the tanker—his prime ministership was at stake over this mission to Malta. Relentlessly dive-bombed and repeatedly torpedoed, the Ohio suffered huge hits and was abandoned. Two young American merchant mariners— pulled from the sea after their own ship went down in flames—boarded the ravaged tanker, repaired her guns and fought off German and Italian dive-
