This entertaining collection of original word puzzles is brimming with games for elementary-school-age youngsters. Thirty-eight fun-filled activities feature such traditional favorites such as crosswords and search-a-word games as well as innovative puzzles incorporating homophones (words that sound alike), connect-the-letters, words that are spelled backwards, words that rhyme and much more.

Thirty large, colorable illustrations introduce youngsters to the concept of rhyming by focusing on the improbable activities of familiar animals. Captions such as "The frog jumps over the log" and "Cook's pot is very hot" accompany each charming picture in an easily affordable book that will appeal to children, parents, teachers, and other adults.

The most popular hobby in the world, stamp collecting has millions of fans in the United States alone. Many are adults who have turned a childhood interest in philately into a pleasurable (and often profitable) lifetime avocation. This volume has everything needed to start a personal stamp collection: Entries for nearly 200 countries; Spaces for more than 2,600 stamps; Over 1,100 black-and-white illustrations of stamps; Easy-to-use Stamp Identifier Table and Index. Clear instructions for using the album and the Stamp Identifier Table are included, along with many useful hints and tips on building a collection. An entertaining, inexpensive way to learn about faraway people and places, stamp collecting brings a sense of excitement and adventure with each new acquisition. This book offers would-be collectors that ticket to discovery.

Dozens of intriguing puzzles pose and answer interesting questions based on world history, geography, popular culture, and many other subjects. Alphabet and number codes, picture puzzles, and more, suitable for ages 8–11. Solutions.

Characters from Alice's Adventures in Wonderland and Through the Looking-Glass populate these 88 intriguing puzzles. Mathematician Raymond Smullyan re-creates the spirit of Lewis Carroll's writings in puzzles involving word play, logic and metalogic, and philosophical paradoxes. Challenges range from easy to difficult and include solutions, plus 60 charming illustrations. "An ingenious book." — Boston Globe.
