

Crystal Runes Stones With Instruction Booklet

For fans of Barbara Erskine, Pamela Hartshorne, Susanna Kearsley, Christina Courtenay. When Dr Viv DuLac, medievalist and academic, finds a mysterious runic inscription on a Rune Stone in the graveyard of her husband's village church, she unwittingly sets off a chain of circumstances that disturb their quiet lives in ways she never expected. She, once again, feels the echoes of the past resonate through time and into the present. Can she unlock the secrets of the runes in the life of the 6th century Lady Vivianne and in Viv's own life? Again, lives of the past and present intertwine alarmingly as Viv desperately tries to save them both, without changing the course of history. Praise for Julia Ibbotson (for A Shape on the Air) "In the best Barbara Erskine tradition ...I would highly recommend this novel!" -Historical Novel Society (for the series) "Julia does an incredible job of setting up the idea of time-shift so that it's believable and makes sense" - book tour reviewer (for The Rune Stone) "Dr Ibbotson has created living, breathing characters that will remain in the reader's mind long after the book is read ... The characters are brought to life beautifully with perfect economy of description ... fabulous!" - Melissa Morgan (for The Rune Stone) "A rich and evocative time-slip novel that beautifully and satisfyingly concludes this superb trilogy. The story is woven seamlessly and skilfully between the past and the present and the reader is drawn deeply into both worlds. Her portrayal of the 6th century and its way of life are authoritative, vivid and memorable" - Kate Sullivan

Discover the power of ancient Nordic runes with this beautifully presented book and deck. According to Norse mythology, Odin, the chief of the gods, hung himself in self-sacrifice from the world tree Yggdrasil for nine days and nights in order to receive cosmic wisdom. This was granted to him in the form of the runes. The runes make up an alphabet that, with local variations, was used across most of northern Europe from pre-Christian times until the thirteenth century. The word rune is derived from rúna, an ancient Germanic word meaning whisper or mystery. The Runes Box explains the meanings of the runes and the Norse mythology that underpins their basic concepts. Enclosed in a handy hardcover case so that the wisdom of the runes can be carried with you at all times, you'll find: A 96-page booklet that explains the history of runes and how to use them 36 carry-size cards with information on the 24 runes and their meanings, plus some essential runic blessings and wishes The straight, angular lines of the runes are ideal for carving into bone, wood, or stone, or forming with twigs. Different methods for making runestones are described with instructions on how to use them for divination and magical purposes, from making talismans to petitioning the Norse gods. Approach the runes with a benevolent instinct, an open heart, and an honest spirit, and truths will be revealed to you.

A new, updated edition of the essential guide to the practice of the runes as a magical tool for spiritual development. In Futhark, rune master Edred Thorsson reinitiates us into our heritage, explaining the mysteries of a profound system of thought and practice that underlies our developing Western culture. Futhark covers both the spiritual heritage of ancient runic lore and the practical steps we can take to draw on rune power. This complete book of rune instruction includes rune history and lore, its basis in metaphysical thought and mysticism, complete definitions of the twenty-four runes of the Elder Futhark, and the etymology, phonetic value, and interpretation of each rune. The reader will learn how to perform chants and rituals using runic energy, how to sign and send runes, and how to practice runic meditation. The author's presentation of this powerful system is lucid and profound, and provides a valuable tool for spiritual transformation and self-development.

This creative, crafty, and spiritual book teaches witches how to create their own stones and use them for divination or to cast spells.

A Handbook of Rune Magic, New Edition

This modern guide explains everything you need to know to start doing your own in-depth rune readings. The descriptions are rich and accurate, based on new translations of the original rune poems. J. Hamburger combines deep respect for the ancient texts with practical rune-reading experience to bring you a truly authentic and inspiring book.Rune reading is a tool for gaining insight. Some see it as divination-a way of tapping into hidden knowledge. Others use it for self-reflection or focusing intention. Consulting the runes can be like talking to an old friend: you may know the truth, but sometimes you need to hear it before you believe it. However you use them, these ancient symbols will help you access your intuitive wisdom.Before Christianity spread to northern Europe, the indigenous peoples of the region were Germanic tribes, like the Anglo-Saxons, Goths, and Norsemen. Runes were the letters of their alphabets. Over time these letters developed rich symbolic meanings, passed down through poems and myths. Like most pre-Christian cultures, the Germanic peoples were polytheistic, and they revered natural elements as sacred. When you pick up the runes, you are entering a vibrant world, grounded in nature and everyday life, yet full of heroes, gods, and mythology.Most of what we know about runes comes from just a few ancient poems. It may be tempting to focus on the "nicer" elements from each poem, overlooking anything too difficult or unpleasant, but it's clear from the poems that runes have a dark side-and we know from history that the people who used them were both fearless and fearsome. This book doesn't leave anything out. All of the mystical depth is there, and so is the fighting spirit.

The 65 beautifully illustrated cards in this deck will create a powerful bridge between your psychic abilities and the ancient knowledge and meanings of the tarot; and will help you develop intuitive insights about all areas of your life, including love and relationships, business matters, and even career changes. This fascinating deck will work for you whether you're a novice or are already in tune with your psychic abilities. In the accompanying guidebook, psychic mediumJohn Holland imparts techniques that he's practiced himself and taught in his workshops, relating to colors, symbology, shapes, words, card spreads, divination, numerology, energy centers, imagination, and more. By using the cards, you'll be able to incorporate John's techniques when you do a tarot reading for yourself or others.

Discusses the elements of a sign, and looks at pictograms, alphabets, calligraphy, monograms, text type, numerical signs, symbols, and trademarks

This is the first and only book (which I am aware of) that is exclusively dedicated to a comprehensive system of bind runes created from the Elder Futhark! At a glance, it provides the following:
* Easy-to-read and easy-to-use information with no expert rune knowledge required
* Contains 24 black and white Elder Futhark bind runes, each with an unique stanza
*

Discusses the bind runes as active tools for magick, spiritual and/or self-empowerment rituals
* Guidance on the purpose and use of each bindrune
* Designs include additional western alchemical elements as well as a novel alchemical symbol of my own design
My studies into the Elder Futhark, which have fascinated me since childhood, have been converted into a coherent system of bindrunes for everyday use without the requirement of expert knowledge. I have named this bindrune project, the Celestial Rune Sigils. It started as a set of magickal tools with which to facilitate self-improvement through the exploration of spirituality. Subsequently, I have transformed the bindrunes into a set of 24 black and white sigils, representative of their origins from the 24 Elder Futhark Runes. The sigils were initially featured on the Celestial Rune Sigils oracle deck (more details on my website) and now they have been converted into book format as well! In this book I provide guidance on the crafting, uses and invocation of the Celestial Rune Sigils. These sigils are not merely meant for use in divination, but rather they have a more active role with each sigil having a specific intention and contribution towards metaphysical, spiritual and magickal rituals. Therefore, the Celestial Rune Sigils are not only restricted to tarot readers or oracle enthusiasts. They have been created for the larger metaphysical community and would be of special interest to our energy workers and magick wielders. They are appropriate for most ages, including the very young and those who are wiser, since they can be used for both personal rituals and to assist clients during various healing and/or magick sessions. The Celestial Rune Sigils represent a metaphysical, spiritual or magickal toolbox, with each sigil representing a different metaphysical tool. Each sigil can be used in this way, much as one would use a wand, crystal or other spiritual tool. There is a lot of freedom as to how precisely to apply each card and I hope that the practitioners who make use of this book will find their own intuitive ways of applying each of the sigils during their spiritual journeys and magickal rituals. I appreciate any feedback, comments and/or reviews about this book as I am constantly striving to improve on the system and to make it relatable to all my fellow rune enthusiasts!

Everything You Need to Know to Begin Working With Runes The enigmatic nature of the runes is undeniable. In fact, the English word "rune" comes to us from the Norse word runa, which means "a secret," or "to whisper." As symbols, the runes mean little to the untrained eye, yet the magical energies they activate can be used for positive, impactful change in your everyday life. **But what are runes, exactly?** On the surface level, runes are the characters in a writing system used by the ancient Germanic peoples of Europe. But unlike our modern letters, the runic symbols had been used for magical purposes long before they were fashioned into an alphabet. This is known from runic inscriptions found on ancient artifacts as well as Germanic myth and lore handed down over the centuries. Indeed, those who work with the runes today are taking part in an age-old magical tradition established by our Northern European pagan ancestors. In **Runes for Beginners**, best-selling author Lisa Chamberlain shines the light on these ancient symbols, showing you how to discover and utilize their unique magical energies. With both an eye toward tradition and a multicultural spirit, Lisa combines an appreciation for the Germanic roots of the runes with a more eclectic Neopagan approach. Unlike many other books on the topic, **Runes for Beginners** is completely accessible to those with no experience in Northern European magical traditions, yet it doesn't ignore those traditions altogether. You will emerge from this guide with a basic understanding of the runes' role in ancient Germanic paganism, as well as a solid foundation of knowledge to build your own runic practice, regardless of your religious or spiritual path. **Foundations in Runic Magic and Divination** The runes represent various aspects of the human experience of the Universe--both tangible and intangible. Each runic symbol embodies a natural force, or type of energy, which the rune worker can attune to and then manipulate in various ways. Runes can be sent out into the Universe to manifest a magical goal, or they can be used to consult with the unseen realms about a situation at hand. In **Runes for Beginners**, you'll learn all you need to know to start working with runes, including: The history of the runes and their role within the framework of the Germanic magical worldview The origins of runic wisdom in Norse mythology An overview of the Elder Futhark, the oldest-known runic alphabet and most widely used rune system in contemporary Neopaganism Basic techniques of rune magic, including rune scripts, bind runes, and creating runic talismans How to make your own runes Instructions for traditional rune-casting as well as contemporary rune spreads Tips for successful divination The divinatory meanings and magical uses of each rune in the Elder Futhark A suggested reading list for further exploring the runes and the magical and spiritual traditions of the ancient Germanic peoples Detailed tables of correspondence for a handy condensed magical and divinatory guide By the end of this guide, you will have a working knowledge of the runes that will enable you to use them with confidence in magic and divination. However, when it comes to truly mastering the runes, the importance of time and practice can't be emphasized enough. Indeed, working with runes can truly become a lifelong journey, but **Runes for Beginners** is an excellent first step along the way. If you're ready to start exploring the runes for yourself, just scroll to the top of the page and hit the Buy button!

Norse Runic Magick, The Meaning of the Futhark Runes Brittany Nightshade, the author of the popular "Book of Shadows" spellbook series, has released this Runic Handbook for those who would like a compact resource detailing the Elder Futhark Runes and their meanings. This simple beginners handbook is a great reference guide for anyone wanting to familiarize themselves with the meaning of the Elder Futhark Runes for purposes of Divination, Rune Magick, etching, or if you just want to learn more about these ancient Norse symbols. The runes are the written letters that were used by the Norse and other Germanic peoples before the adoption of the Latin alphabet in the later Middle Ages. Unlike the Latin alphabet, which is an essentially utilitarian script, the runic alphabet is a powerful forces in the cosmos. In fact, the word "rune" and its cognates across past and present Germanic languages mean both "letter" and "secret/mystery." The letters called "runes" allow one to access, interact with, and influence the world-shaping forces they symbolize. Thus, when Odin sought the runes, he wasn't merely attempting to acquire a set of arbitrary symbols. Rather, he was uncovering an extraordinarily potent system of magic. The Runic Handbook covers all 24 Futhark Runes and has a section on common Nordic symbols and their meanings including the Vegvisir, Mjolnir, Yggdrasil, The Valknut, The Helm of Awe, and The Triple Horn of Odin. In the back of the book are large images of each Rune and Symbol with a blank space for you to write your own notes or even create your own Rune Magick Rituals.

Understanding, Casting, and Interpreting the Ancient Viking Oracle

A guide to the secrets of rune-reading, an ancient predictive art, that teaches you how to lay out runes and interpret them instantly. Once the sacred alphabet of the Germanic people of Northern Europe, runes are more than 2,000 years old. Runes (meaning a secret or mystery) were words of power, once carved on amulets, rings and weapons, and found as inscriptions on tombstones. The 1st rune, Fehu, is connected with cattle, and since wealth was measured in the number of cows a person owned, it has an underlying meaning of material wealth. The 11th rune, Isa, literally means 'ice', signifying danger and the probability of slipping up. Likewise, the 17th rune, Tiwaz, shares its significance with the North Star as an aid to navigation and charting life's path. In this insightful book, each of the runes is fully described, together with the symbolic images and celestial phenomena associated with them. Methods of laying out, or 'casting' the runes are described in order to give a full and comprehensive reading to answer any question. There are six spreads to choose from, from Odin's Rune, a simple reading with one rune stone, to using up to nine runes for deeper insight into the past, present and future.
