John G. Lake's five year tenure as a missionary in South Africa has long been shrouded in mystery and conjecture, with only a few testimonies coming from Lake's sermons as he ministered healing to hundreds of thousands later in life. When Lake's daughter and son-in-law placed the mantle of General Overseer of John G. Lake Ministries upon Rev. Curry R. Blake, they also passed to him volumes of documents, photos, letters, etc., written by and/or about John G. Lake. Now, for the first time, Rev. Blake is making this material available to the general public. In this exciting volume, you will find details concerning the death of Lake's first wife after only a few months in South Africa, the beginnings of the unprecedented revival that began within days of the arrival of Lake and fellow missionaries, the astounding miracles and healing that were the hallmark of the fledgling Pentecostal Movement, and a complete transcription of Lake's own African diary.

"Healing Demystified: Things Jesus Never Said" is a must-read for every believer. It demystifies the subject of healing and most importantly renews our mind on our true identity (A God-Man).

As you read and study "Healing For Everyone Volume 1: Four Kinds of People" you will also learn many of the essential truths concerning healing and the power of God that Curry has learned from over four decades of study and practice in the area of divine healing. The revelations included herein will cause your faith to grow and your effectiveness in all areas of healing to increase.

Though your circumstances seem impossible, now is not the time to quit. You have within you the God of the universe, and He is more powerful than any enemy that opposes you. Awake to righteousness! Understanding your righteousness in Jesus Christ is key to everything.This teaching will help you understand: At your new birth you were appointed a son of God* You are one with Jesus Christ; joint heir with Him,* You are complete in Jesus Christ and lack nothing,* Your authority in Jesus Christ,* God gives you His Holy Spirit to use for Him,* God's will for your life,* The degree to which your mind is renewed to the truth of the Word of God, is the degree to which your life is transformed.*

Basketball's most unlikely--and most sought-after--training guru offers an inside look at his career, his methods, his methods, and the all-star players whose games he's helped transform. Where do the best basketball players in the world turn when they want to improve their game? Whom does a future NBA Hall of Famer thank at his press conference when he's named Rookie of the Year? Who is it that Sports Illustrated, The Wall Street Journal, and Men's Journal all call the "Hoops Whisperer" because of his ability to engage, inspire, and challenge the players he trains? The answer to all of these questions is Idan Ravin. Ravin never played or coached in college or the pros, yet a virtual NBA All-Star team relies on him to better their game and reach their full potential. A soft-spoken former lawyer, Ravin has become professional basketball's hottest trainer. In The Hoops Whisperer, Ravin shares the fascinating story of how he transformed a passion for the game into working with iconic basketball stars such as Chris Paul, LeBron James, Kevin Durant, Carmelo Anthony, Stephen Curry, Blake Griffin, James Harden, Dwight Howard, and many more. He offers a rare unguarded glimpse inside the lives of these great athletes, drawn from his intimate connection with them that is the basis of his success. Showcasing his unorthodox drills and improvisational techniques in action, Ravin reveals how faith, effort, dedication, and passion can make a player into a superstar--and anyone into a success. Combined with his own inspiring journey, Ravin's insights make The Hoops Whisperer a must-read for anyone who loves the game.

The Infidel Stain

Who but Russell Hoban could weave a tale of life's pleasures and pain around a candy pig? And who but Quentin Blake could make the most poignant of stories so lighthearted and delightful? In this episodic picture book by an inimitable author-illustrator duo, a fantastic chain of events is triggered by the unacknowledged fall of a marzipan pig behind the sofa. We meet in quick succession a heartsick mouse, a lonely grandfather clock, an owl in love with a taxi meter, a worker bee, a fading hibiscus flower, a mouse who greets the dawn dancing, and finally a boy who guesses at the true relations between things. Appealing to the unsentimental yet sensitive nature of children, The Marzipan Pig is exquisitely attuned to the bittersweet wonder of life and to the sentience of all beings.

An inspiring look at Ephesians and the believer's asociation with Christ, the world, and Satan. Written by the saintly Chinese pastor, Watchman Nee.

Have you ever asked yourself what changed when you were "born again?" You look in the mirror and see the same reflection - your body hasn't changed. You find yourself acting the same and yielding to those same old temptations - that didn't seem to change either. So you wonder, Has anything really changed? The correct answer to that question is foundational for receiving from God. If you lack this basic understanding, you'll forever ask yourself doubt-filled questions like: "How could God love somebody like me?" and "How can I possibly expect to receive anything from the Lord? I don't deserve it, I'm not good enough!" Spirit, Soul, and Body will help you eliminate those and other doubt-filled questions that destroy your faith. If you have trouble receiving from God, this is a must-read!

Data mining is the process of extracting hidden patterns from data, and it's commonly used in business, bioinformatics, counter-terrorism, and, increasingly, in professional sports. First popularized in Michael Lewis' best-selling Moneyball: The Art of Winning An Unfair Game, it is has become an intrinsic part of all professional sports the world over, from baseball to cricket to soccer. While an industry has developed based on statistical analysis services for any given sport, or even for betting behavior analysis on these sports, no research-level book has considered the subject in any detail until now. Sports Data Mining brings together in one place the state of the art as it concerns an international array of sports: baseball, football, basketball, soccer, greyhound racing are all covered, and the authors (including Hsinchun Chen, one of the most esteemed and well-known experts in data mining in the world) present the latest research, developments, software available, and applications for each sport. They even examine the hidden patterns in gaming and wagering, along with the most common systems for wager analysis.

Lake was originally from Ontario, Canada. He was from a large family, which was continually affected with illness. The first ever biography of Toe Blake — Hockey Hall of Famer and eleven-time Stanley Cup winner “Holy Dirty Dora!” Hector “Toe” Blake would bark while pacing behind the Montreal Canadiens bench, hands thrust into his pockets, jawing at chewing gum before intentionally banging his forehead into the glass that separates players and fans. No lead was safe or sufficient for the lifelong hockey man at the helm of the greatest dynasty in NHL history. As a player, Toe won a Stanley Cup with the Montreal

Maroons before captaining a stumbling Canadiens organization to glory and a pair of Cups. As the Habs coach, Toe cemented the team's status as lords of the league with eight more. Born into a family of 11, Blake emerged from the poverty of the Depression and a youth spent working the mines of Sudbury's Nickel Belt to find junior hockey success and an unlikely shot at the NHL. While a fiery temper and penchant for stick-swinging nearly railroaded Toe's promise, the Canadiens recognized his talent and leadership, and he went on to spend more than 50 years with the organization. History remembers Toe being hoisted onto the shoulders of his beloved players, waving his signature fedora and sipping from the Cup, but behind the success was a man driven by fear and an obsessive desire for victory. Despite personal tragedy, Toe always put winning first, and as a result, there are few coaches in any sport who have enjoyed Blake's success and even fewer who endured the toll that came with it. This is the 1930 version of T. J. McCrossan's Bodily Healing And The Atonement (not to be confused with the revised version released by Kenneth Hagin). THIS book proves conclusively from the Hebrew and Greek Scriptures, that Christ died for our sicknesses, as He died for our sins, and meets fully from the Word every reasonable objection. In response to one reader, the Kindle version has been reformatted to link to each chapter from the table of contents and the places in the book where a section is referenced. See Contents. TABLE OF CONTENTS INTRODUCTORY REMARKSSatan the real originator and propagator of sin, sickness and death. How he propagates sickness. DIVISION ISix Great Biblical Reasons Why All Christians Should Take Christ As the Healer of Their Bodies. Reason IBecause God healed the sick in Old Testament and New Testament times and He is an unchangeable God. Reason IIBecause the Lord Jesus Christ died to atone for our sicknesses just as He died to atone for our sins. This truth clearly taught by Isaiah, Matthew, Peter and Paul. The true teaching of Matt. 8:17,"That it might be fulfilled." Delitzsch's exposition of Isaiah 53:4. This great truth taught by Old Testament types. Reason IIIBecause all sickness is the result of Satan's work, and Christ was manifested to destroy (annul the power of) Satan's work Reason IVBecause the very same Holy Spirit, Who did all of Christ's miracles, and raised Him from the dead, Who did all of Paul's miracles, is still in the Church, and has all His old time, life giving power. The true teaching of Rom. 8:11.Reason VBecause of Christ's last great commission in Mark 16:17, and because of God's direct command in James 5:14. Whose faith is here meant by "the prayer of faith shall save the sick"? Reason VIBecause of God's marvelous promises, the fulfillment of which depends altogether upon the exercise of our own faith. Since faith is a gift of God, why is faith for "Bodily Healing" not always imparted instantaneously as in the case of "Salvation?"
