Eleanor Oliphant Is Completely Fine

Giggles in the Middle

A collection of over 150 fiction and nonfiction passages of varying difficulty for daily reading to increase reading fluency and comprehension. Comprehension is reinforced with follow-up questions for each passage. Includes tracking sheet, a leveling chart, and answer key.

#1 NEW YORK TIMES BESTSELLER A REESE WITHERSPOON x HELLO SUNSHINE BOOK CLUB PICK A PENGUIN BOOK CLUB PICK "Beautifully written and incredibly funny. . . I fell in love with Eleanor; I think you will fall in love, too!" --Reese Witherspoon Smart, warm, uplifting, the story of an out-of-the-ordinary heroine whose deadpan weirdness and unconscious wit make for an irresistible journey as she realizes the only way to survive is to open her heart. No one's ever told Eleanor that life should be better than fine. Meet Eleanor Oliphant: She struggles with appropriate social skills and tends to say exactly what she's thinking. Nothing is missing in her carefully timetabled life of avoiding social interactions, where weekends are punctuated by frozen pizza, vodka, and phone chats with Mummy. But everything changes when Eleanor meets Raymond, the bumbling and deeply unhygienic IT guy from her office. When she and Raymond together save Sammy, an elderly gentleman who has fallen on the sidewalk, the three become the kinds of friends who rescue one another from the lives of isolation they have each been living. And it is Raymond's big heart that will ultimately help Eleanor find the way to repair her own profoundly damaged one.

According to the Common Core State Standards, students should be able to read closely to determine what a text says explicitly, make logical references from it, and cite specific textual evidence to support conclusions drawn from the text. Each of the 40 short, fiction and nonfiction passages in this collection includes companion comprehension questions that target these critical reading skills and give students the repeated practice they need to build mastery in identifying main idea and details, using context clues, distinguishing between fact and opinion, and more. Boosts comprehension skills Topics include: context clues, compare and contrast, main idea & details, fact & opinion, inference, predicting, point of view Short, high-interest reading passages. Passages includes test-formatted questions making them ideal for test prep Aligned with the Common Core State Standards Flexible and easy to use as independent practice or as homework

Jane Bell Kiester, author of the popular Caught'ya! Grammar with a Giggle series, has adapted her effective and fun approach to meet the specific learning needs of middle-school students. This resource improves writing and editing skills, raises test scores, engages students, and creates classrooms filled with giggles! Giggles in the Middle offers middle-school teachers all the benefits of the previous Caught'ya! books, plus some helpful "extras" created especially for the middle-school student. You'll find: One continuous story, "The Bizarre Mystery of Horribly Hard Middle School," divided into three parts, each with enough sentences for an entire school year; Classroom-tested writing assignment suggestions, mini-lessons, and teaching tips; "Almost-midterm" and final exam tests for each grade, with teacher keys; Easy-to-follow, step-by-step instructions; Complete vocabulary lists for words used in each story; and A CD with the Grammar, Usage, and Mechanics Guide for easy reference and duplication; the complete, uninterrupted story in narrative form; and the Caught'ya! sentences. Giggles in the Middle gives middle-school teachers the perfect alternative to boring grammar books and dry lectures. With this flexible, proven approach to developing grammar, usage, and mechanics (GUM)

skills, as well as vocabulary, everyone has fun while they learn!

Daily instruction on reading strategies and skills needed to improve comprehension and raise test scores.

Quick, easy, effective activities support standards and help students improve skills they need for success in testing. Sound too good to be true? Not at all. That's just what each book in this series offers.
