

Danethrall A Novel

While at the zoo Pat the Bunny pets the animals, from a wrinkly elephant to a feathery parrot. On board pages.

When the chance to run arrives, Beldon doesn’t think twice about escaping into the shadows of an enchanted castle locked in an eternal winter. He just wants to bury a secret. But the castle is a cold, cruel place and his host is less than welcoming. The sparks that fly between them are icy and aggressive; the tension building until one night it almost costs Beldon his life. Then things change. Beldon’s attention turns to the shadowy Beast and the mystery that surrounds him. There is a curse to be broken after all and Beldon promised to help find a mysterious figure known as Beauty. However, Beldon did not expect his secret to resurface within this frozen castle and as such he is forced to confront himself and answer one question. As he and The Beast grow closer, does he want this Beauty found?----- The original draft for the community who wanted a physical copy–

From the author of the popular Tea Shop Mysteries comes the first in a cozy crafting mystery series! New Orleans scrapbooking shop owner Carmela Bertrand delights her customers with her stunning arrangements of their scrapbooks. But among her clients’ keepsakes she finds a tip of her own—about a murder... Business is booming and life is cozy for Carmela at her scrapbooking shop, Memory Mine. But when one of the city’s elite dies during Mardi Gras, the police name Carmela’s estranged husband as their number one suspect. Although Carmela hasn’t forgotten how he scrapped their marriage, she doesn’t think he is cut out to be a killer. And if Shamus is being framed, Carmela might be the only one who can find the pattern and solve the case in time...

Vikings

A History of the Norse People

Precalculus with Limits: A Graphing Approach, AP* Edition

'Janey is like a whirlwind of selflessness: A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle
In 2014 and in her mid-twenties, Janey Loves had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat th challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved. Succinct in its treatment of the fundamentals, and interwoven with contextual explanation and analytical consideration of the key debates, Honeyball and Bowers' Textbook on Employment Law continues to provide readers with an accessible account of the subject. Including chapter introductions and new end-of-chapter summaries, students of employment law are guided through the intricacies, while further reading suggestions assist with independent research and essay preparation. The critical elements of individual and collective employment law are consi

UK and EU law, to give readers a wider view of the issues.

Janey Jochems captures in fascinating detail the lives of women in pagan and early Christian Iceland and Norway—their work, sexual behavior, marriage customs, reproductive practices, familial relations, leisure activities, religious practices, and legal constraints and protections. Women in Old Norse Society places particular emphasis on changing sexual mores and the impact of Christianity as imposed by the clergy and Norwegian kings. It also demonstrates the vital role women played in economic production.

The Science Focus Second Edition is the complete science package for the teaching of the New South Wales Stage 4 and 5 Science Syllabus. The Science Focus Second Edition package retains the identified strengths of the highly successful First Edition and includes a number of new and exciting features, improvements and components. The innovative Teacher Edition with CD allows a teacher to approach the teaching and learning of Science with confidence as it includes pages from the student book with wrap around teacher notes including answers, hints and tips.

Slave Stealers

The Joy of No

Northmen

In this grand saga of love, war, and magic set in the tenth century, young Sigrid is destined to be the mother of the king of the Nordic lands that would become Sweden, Norway, Denmark, and England. A devout believer in the old Nordic gods, Sigrid is visited regularly in her dreams by the goddess Freya, who whispers to her of the future. Though Sigrid is beautiful, rich, arrogant, and matchlessly clever, her uncanny ability to foresee the future and manipulate the present guides her through dangerous politics as a bloody war between Vikings and Christians rages on. Sigrid’s father wants her to marry Erik, a local king, to secure the peace between the Goths and the Swedes. Thinking she is doing Freya’s will, she accepts the marriage offer, only to find that her destiny lies not with Erik but with Sweyn, a warrior who dreams of dethroning Harald Bluetooth, the legendary ruler of Denmark. Will Sigrid sacrifice her will for the greatest Viking kingdom of all time, or will she follow her heart at the risk of losing everything?

Pillaging, Aveline. That is what the Norsemen were infamous for, and when they invaded the Kingdom of the East Angles in autumn 865, that is exactly what they did. Aveline, an Anglo-Saxon child, is taken captive by Birger Bloody Sword and stolen away to Roskilde, Denmark, where she finds herself alone, abandoned by her God. Five years have passed. Adopted by her captor, Aveline is an outsider to the Danes and perceived as a traitor by the Anglo-Saxon thralls enslaved by them. When Birger sets sail to raid once again, he leaves Aveline in the care of the jarl’s son, Vidar, for her own protection. Aveline begins to find her place in Roskilde, but even the few Danes she has come to favour are dark, blood-thirsty warriors. When Roskilde is besieged by its bitter rival Aros, Aveline finds herself fighting fearsome enemies alongside the very people who slaughtered her family. The compelling and bloody tale of an Anglo-Saxon’s life in the land of the Danes. With human sacrifice, rape and murder, Aveline is thrust into a world more dangerous than she could imagine. Follow Aveline’s journey of love and loss and the harrowing ordeals she must endure to survive.

Your Guide to the 10 Best of Everything in Seoul Discover the best of everything South Korea’s capital city has to offer with the essential DK Eyewitness Top 10 Travel Guide Seoul. Top 10 lists showcase the best places to visit in Seoul, from Dongdaemun market to the grand royal palace of Gyeongbokgung. Seven easy-to-follow itineraries explore the city’s most interesting areas - from the arty district of Insadong to Bukhansan National Park - while reviews of the best hotels, shops and restaurants in Seoul will help you plan your perfect trip.

“The sensitive and modest daughter of a mid-ranking court poet, Murasaki Shikibu staves off loneliness with her active imagination, telling stories about the dashing Prince Genji to her close friends. At first, they are their private entertainment, but soon Genji’s amorous adventures are leaked to the public and Murasaki is thrust into the life of a kind of eleventh-century Japanese celebrity. She is compelled by a charismatic regent to accept a position at court regaling the empress with her stories. At court, Lady Murasaki becomes caught in a vortex of high politics and sexual intrigue, which begins to reflect itself in her stories.”--Jacket.

"A quick-review study guide for the AP exam"--Cover.

From Finland to Newfoundland and Jelling to Jerusalem, follow in the wake of the Vikings—a transformative story of a people that begins with paganism and ends in Christendom. In AD 800, the Scandinavians were just barbarians in longships. Though they held sway in the north, their power meant little more than the ability to pillage and plunder, which they did to bolster their status at home. But as these Norse warriors left their strongholds to trade, raid, and settle across wide areas of Europe, Asia, and the North Atlantic, their violent and predatory culture left a unique imprint on medieval history. The twist that no one predicted, however, was a much slower, insidious takeover than any the Vikings would execute, and by a turn of the tide, they themselves became its target. For as they made their mark on Europe, Europe made its mark on them. By the year 1200, what remained of the Vikings’ pagan origins floated beneath the surface and the strong, strange territories of the north had become a part of Latin Christendom. Northmen is there to tell the tale, to pay homage to what was lost and celebrate what was won. Focusing on key events, including the sack of Lindisfarne in 793 and the Battle of Stamford Bridge in 1066, medieval history expert John Haywood recounts the saga of the Viking Age, from the creation of the world through to the dwindling years of halfhearted raids and elegiac storytelling in the thirteenth century. He does so with meticulous research, engaging narrative, and sensitivity for his subject, shedding light and blood along the way.

Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser’s philosophy. The growing importance of Althusser’s philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called ‘Ideological State Apparatuses’, law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser’s ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

The authors of Yeshiva Me'on HaTorah’s wildly popular A Taste of Pesach mailings have put together a complete collection of kosher for Pesach family favorites in a magnificently presented, down-to-earth compilation you will find yourself referring to again and again. The stunning, full-color photography and clear, easy-to-read layout are a treat for the eyes; while delicious, mouthwatering recipes are a treat for the palate. Using familiar ingredients, A Taste of Pesach offers fabulous, easy-to-prepare recipes and gourmet presentations that family and friends will find irresistible on Pesach and year round. A Taste of Pesach incorporates timeless classics that have been used for generations and modern cuisine to present a cookbook that appeals to young and old alike. These are recipes that you will love to cook, serve and enjoy year after year.

The Medieval Siege

Pat the Zoo (Pat the Bunny)

Margaret Seymour is bored by the stifling constraints of society dictating her behavior as a debutante in search of a husband. Her prospects are promising by the standards of London society, yet, not one of them causes her heart to flutter, or her head to fill with scintillating, forbidden fantasies. Those feelings are reserved for Camden Rycroft, Duke of Avonlea—a man who isn’t even aware of her existence. While attending a scandalous Vauxhall Gardens masquerade, Margaret finds herself in the duke’s arms. His promise of a night of pleasure is tempting, but is it worth it when Avonlea is a known rake notorious for his short attention span and avoidance of marriage?

Camden Rycroft is intrigued by the masked vixen he encounters in the Gardens. After one night with her leaves him hungry for more, his desire for her turns into a fiery obsession. Despite the scandal that could ensue from their affair, he finds himself unable to extract himself from a situation destined to end in pain. When faced with losing Margaret to a potential husband, will he rise to the occasion, or risk living without her?

For the Vampire community, the Solstice Vixen has been the holiest night of the year- for a hundred thousand years. But this year, something new is about to happen. The oldest prophecies are about to be fulfilled - and the Festival of Blessings is finally upon us.

Japan’s greatest seer, the blind prophet Hinoto, has foretold the end of the world. At the center of her prophecy is a young man named Kamui Shiro, who possesses startling psychic powers. Although Kamui’s future seems to have been predetermined from his birth, he has a choice—save the earth, or destroy it.

“From the fury of the Northmen, good Lord deliver us.” - Anonymous monk, Noirmoutier, France, 9th century AD Beginning in 789AD, the Vikings raided monasteries, sacked cities and invaded western Europe. They looted and enslaved their enemies. But that is only part of their story. In long boats they discovered Iceland and America (both by accident) and also sailed up the Seine to Paris (which they sacked). They settled from Newfoundland to Russia, founded Dublin and fought battles as far afield as the Caspian Sea. A thousand years after their demise, traces of the Vikings remain all the way from North America to Istanbul. They traded walruses with Inuits, brought Russian furs to Western Europe and took European slaves to Constantinople. Their graves contain Arab silver, Byzantine silk and Frankish weapons. In this accessible book, the whole narrative of the Viking story is examined from the eighth to the eleventh centuries. Arranged thematically, Vikings: A History of the Norse People examines the Norsemen from exploration to religion to trade to settlement to weaponry to kingdoms to their demise and legacy. But today questions remain: what prompted the first Viking raids? What stopped their expansion? And how much of the tales of murder, rape and pillage is myth? Illustrated with more than 200 photographs, maps and artwork, Vikings: A History of the Norse People is an expertly written account of a people who have long captured the popular imagination.

For Maya, history is like a dream, and her dreams are like a history of her life and how it relates to others. Effortlessly defying and calling into question time and space, Maya inhabits fantastical realities filled with shamans, romantic longing, a daughter s struggles, and a flying dragon. Lyrically flowing between Maya s multiple realities, The Original Dream is the story of a young independent Indonesian woman trying to break free from cultural and social conventions while also searching for her place among family and friends.

With guidance from her parents, coworkers, and sister, along with a newborn filled with the wisdom of elders, Maya navigates her perceptions, looking for answers to unknown questions. Whether soaring through the nighttime sky, caring for her nephew, or tending to guests at the hotel where she works, she tries to delineate the difference between dreams and reality and if such a difference even matters. " This book is dedicated to Aristed Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristed Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been cus tomarily referred to as L systems. Lindenmayer’s invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the in terest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

ASAP World History: A Quick-Review Study Guide for the AP Exam

This title features the adventures of Kippy Koala. There are pop-up surprises hidden behind simple flaps and a pop-up finale to finish the heart-warming tale.

Siege Warfare follows the adaptation of late Roman military organization among successor states to 800 AD from Francia to the Caliphate, as siege technology, military infrastructure and administrative techniques throughout the Mediterranean derived from 4th and 5th century imperial innovations.

In a world that favours 'yes' it can take courage to say 'no', but this little word can set you free. Whether it's turning down an invitation or saying no to small favours you don't have time for, this simple phrase helps you to take control of your time and prioritise what's most important to you. With short tips and inspiring quotes, this little book will help you to harness the positive power of 'no' for a happier, calmer and more joyful life.

This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.

Honeyball and Bowers' Textbook on Employment Law

A tender and powerful novel which explores the remarkable bond between a lonely girl, a dying boy and an injured wild bird - a tale that will touch every reader. No description available.

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother’s house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings—Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

A stunning chronicle of a youth movement as seen through the lens of Mike Blabac, a man as dedicated to his craft as he is to the skateboarding lifestyle that has inspired it. Skateboarding is more than a hobby, it is a way of life that shapes everything from music to fashion, video to art. 300 awe-inspiring images communicate the stories of some of skateboarding’s finest athletes including Eric Koston and Stevie Williams.
