

Dantes Unglued Ward Security Book 2

In Revolution or Renaissance, D. Paul Schafer subjects two of the most powerful forces in the world - economics and culture - to a detailed and historically sensitive analysis. He argues that the economic age has produced a great deal of wealth and unleashed tremendous productive power; however, it is not capable of coming to grips with the problems threatening human and non-human life on this planet. After tracing the evolution of the economic age from the publication of Adam Smith's The Wealth of Nations in 1776 to the present, he turns his attention to culture, examining it both as a concept and as a reality. What emerges is a portrait of the world system of the future where culture is the central focus of development. According to Schafer, making the transition from an economic age to a cultural age is imperative if global harmony, environmental sustainability, economic viability, and human well-being are to be achieved.

Mike Hudak traveled throughout the West speaking with former employees of wildlife and land management agencies, and citizens who have long advocated for better management of our public lands. Western Turf Wars is a compilation of these accounts - testimonies that reveal how and why the management agencies have failed to protect our public lands. Underlying that management failure is the cowboy myth's social and political legacies. Someone is trying to kill Marc Foster. Attempted poisoning was bad enough, but when the would-be killer messes with the brakes on Marc's precious

Porsche, the art dealer admits he needs help. He just wasn't expecting help to be quite so dark and sexy. Royce Karras loves his job at Ward Security. He's making up for a lifetime of bad decisions and a bloody past he'd rather forget. But Marc isn't the spoiled rich boy he thought he'd be protecting. Sticking close to Marc as his "boyfriend" gives Royce insight into his toxic family, but it also reveals a brilliant, compassionate man who completely disarms Royce. Against his better judgment, Royce finds himself falling. But can they find a way to make it work when Royce's past threatens to tear their lives apart? Their future hinges on a lost Renaissance painting, six bichon frises, and a pornographic Robin Hood. No worries, right?

When the cards are stacked against you, the Kings will even the odds. Ex-Special Forces soldier Anston "Ace" Sharpe is fighting a different battle these days—one involving the world of private security across the state of Florida. As part owner of Four Kings Security, Ace and his fellow Kings tackle everything from armed transport and investigations to cyber intelligence and executive protection. Cocky, fearless, and brash, Ace isn't afraid to take risks. After years of working alongside his father, Colton Connolly is ready to take the helm at Connolly Maritime, but his father's retirement is put on hold when Colton begins receiving death threats. If that isn't bad enough, his father signs a contract with Four Kings Security to provide Colton with round-the-clock protection, despite his adamant refusal. Colton's life has been turned upside down, the last thing he needs is a shadow, especially in the form of infuriating, sexy-as-sin Ace Sharpe, who seems to be

on a mission to drive Colton mad. Sparks fly the moment Colton and Ace meet on a sultry night club dance floor. But getting involved with a client, even one as fiery and beautiful as Colton Connolly, is a line Ace is unwilling to cross. Colton might be attracted to Ace, but he'd been burned before. He might be willing to put his life in Ace's hands, but not his heart. As the Florida nights heat up, so does their passion, and Ace and Colton are faced with a difficult choice-take the plunge and risk it all, or play it safe and walk away? If Ace can keep a deadly threat from robbing Colton of a future....

The Life and High Times of Elektra Records in the Great Years of American Pop Culture

When the cards are stacked against you, the Kings will even the odds. Eduardo "Lucky" Morales is a fighter, from his childhood days in Cuba to his time as a Special Forces Green Beret. Scarred by the wars of his past, Lucky has learned nothing lasts forever. Guarding his heart is second nature, and getting emotionally involved is not an option. As co-owner of Four Kings Security, Lucky works hard alongside his former brothers-in-arms and fellow Kings, but he also plays hard. Flirting with sexy Texas cowboy and

detective, Mason Cooper, is too much fun to resist, until Mason turns the tables on him. Mason Cooper may not be a soldier, but he's fought his share of battles as an openly gay cop and now a detective for Major Crimes. Mason has no idea when things changed between him and Lucky, but the gorgeous, fiery Cuban has turned his world upside down. When a mistake leads to his suspension from the force, Mason turns to the least likely person for help: Ward Kingston. Determined to keep Mason at arms' length, Lucky is surprised to find the man at Four Kings Security. The Florida nights might be getting cooler, but the heat between Lucky and Mason burns hotter with every passing moment. Working private security can be dangerous and unpredictable, but so can falling in love.

*In the last few years, 9/11, a tsunami, Hurricane Katrina, and many other tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous. Against the overwhelming weight and seriousness of the Bible, many Christians are choosing to become more shallow, more entertainment-oriented, and therefore irrelevant in the face of massive suffering. In *Suffering and the Sovereignty of God*, contributors John Piper, Joni Eareckson Tada, Steve Saint, Carl Ellis, David Powlison, Dustin Shramek, and Mark Talbot explore the many categories of God's sovereignty as evidenced in his Word. They urge readers to look to Christ, even in*

suffering, to find the greatest confidence, deepest comfort, and sweetest fellowship they have ever known.

In the beginning, the World Wide Web was exciting and open to the point of anarchy, a vast and intimidating repository of unindexed confusion. Into this creative chaos came Google with its dazzling mission—"To organize the world's information and make it universally accessible"—and its much-quoted motto, "Don't be evil." In this provocative book, Siva Vaidhyanathan examines the ways we have used and embraced Google—and the growing resistance to its expansion across the globe. He exposes the dark side of our Google fantasies, raising red flags about issues of intellectual property and the much-touted Google Book Search. He assesses Google's global impact, particularly in China, and explains the insidious effect of Googlization on the way we think. Finally, Vaidhyanathan proposes the construction of an Internet ecosystem designed to benefit the whole world and keep one brilliant and powerful company from falling into the "evil" it pledged to avoid.

The founder and 23-year president of Elektra Records captures pivotal scenes of pop culture from 1950–1973, from what happened backstage when Bob Dylan went electric to Jim Morrison's legendary shenanigans.

By the New York Times bestselling author of The Bone Clocks and Cloud Atlas | Longlisted for the Man Booker Prize Selected by Time as One of the Ten Best Books of the Year | A New York Times Notable Book | Named One of the Best Books of the Year by The Washington Post Book World, The Christian Science Monitor, Rocky Mountain News, and Kirkus Reviews | A Los Angeles Times Book Prize Finalist | Winner of the ALA Alex Award | Finalist for the Costa Novel Award From award-winning writer David Mitchell comes a sinewy, meditative novel of boyhood on the cusp of adulthood and the old on the cusp of the new. Black Swan Green tracks a single year in what is, for thirteen-year-old Jason Taylor, the sleepiest village in muddiest Worcestershire in a dying Cold War England, 1982. But the thirteen chapters, each a short story in its own right, create an exquisitely observed world that is anything but sleepy. A world of Kissingeresque realpolitik enacted in boys' games on a frozen lake; of "nightcreeping" through the summer backyards of strangers; of the tabloid-

fueled thrills of the Falklands War and its human toll; of the cruel, luscious Dawn Madden and her power-hungry boyfriend, Ross Wilcox; of a certain Madame Eva van Outryve de Crommelynck, an elderly bohemian emigré who is both more and less than she appears; of Jason's search to replace his dead grandfather's irreplaceable smashed watch before the crime is discovered; of first cigarettes, first kisses, first Duran Duran LPs, and first deaths; of Margaret Thatcher's recession; of Gypsies camping in the woods and the hysteria they inspire; and, even closer to home, of a slow-motion divorce in four seasons. Pointed, funny, profound, left-field, elegiac, and painted with the stuff of life, Black Swan Green is David Mitchell's subtlest and most effective achievement to date. Praise for Black Swan Green "[David Mitchell has created] one of the most endearing, smart, and funny young narrators ever to rise up from the pages of a novel. . . . The always fresh and brilliant writing will carry readers back to their own childhoods. . . . This enchanting novel makes us remember exactly what it was like."—The Boston Globe "[David Mitchell is a] prodigiously daring and imaginative young writer. . . . As in the works of Thomas Pynchon and Herman

Melville, one feels the roof of the narrative lifted off and oneself in thrall.”—Time

When private investigator, Shane Stephens, is hired by the mayor of Cincinnati to track down the hacker who has been threatening him, Shane is sure this is the opportunity to launch the Merleau Detection Agency into the big time. He even convinces Rowe Ward of Ward Security to loan him one of his best IT specialists, Quinn Lake. Shane, a man who prefers casual intimacy, is surprised by his attraction to the moody computer geek, but when Quinn suggests they have fun for the month he's on loan, Shane happily agrees. Both men are expecting nothing more than a good time. But the investigation takes an unexpected turn and they quickly discover they are facing more than a hacker out to ruin the mayor's re-election chances. And as they spend more time together, they realize their relationship may be a lot more than just a good time. With only weeks until the election, Shane and Quinn race to gather the proof they need while dodging bullets and possibly...falling in love.

Clay Green A brotherhood? Monsters? Goddesses? Magic? The world has become a strange place. After a life on the run,

Clay Green is rescued by a crazy old lady with a shotgun and an even crazier story about monsters, goddesses, and a secret brotherhood. Gifted with the power of the earth, Clay must locate his missing "brothers" before invading monsters can destroy everything. As if that's not enough to contend with, Clay can't keep his hands off the man trying to rebuild the plantation house he's temporarily living in. Dane Briggs Something strange is going on... Dane knew restoring the old plantation house wasn't going to be an easy job, but at least none of the clients were going to be underfoot. Since losing his wife and child, the only way Dane can keep going is to focus on the work. But that focus crumbles the second Clay appears covered in blood and barely hanging on to life. Mystery and danger cling to Clay and the other men who suddenly show up. A smart man would walk away. Dane chucks smart out the window in favor of hungry kisses and the silken slide of skin against skin. He doesn't understand what's happening, but there's no question that Clay needs him. He's just not sure his heart can survive being broken again if something happens to Clay. Broken Warrior is the first book in The Weavers Circle series. It includes fast-

paced action, explosions, hurt/comfort, sexy times, animal shenanigans, wounded hearts, three crazy old ladies, and magic! Critically acclaimed memoirs of one of America's most famous, colorful and controversial defense attorneys. A champion for the little man, this fast-paced account reads like Perry Mason and covers some of the most publicized legal issues of our time, including the world-famous "Television Intoxication" case and the history-making "Battered Daughter Defense."

Challenges in Science Novels

Wound Tight

Wicked Outlaw

Opposites attract, but completing their mission without killing each other won't be easy. Resisting the passion building between them--that might be impossible. Government contracted assassin Delta "D" and CIA officer Caiden have crossed paths before, the encounter less than amicable despite the explosive sexual chemistry between them. Years later, D is leading a new

life after being "killed" and Caiden is riding a desk after being burned. A chance for payback against the man who betrayed them is too good to pass up. Working undercover in Palm Beach means more than surviving the job. It means surviving each other.

Helena Petrovna Blavatsky (1831-91), writer, traveller and spiritualist, is well known for her role in nineteenth-century theosophy. Born in the Ukraine, Blavatsky travelled extensively and claimed to have spent seven years studying esoteric mysteries in Tibet. From 1863 she began working as a medium and later counted W. B. Yeats among her followers. In 1875 she founded the Theosophical Society with Henry Steel Olcott. Influenced by Eastern philosophy and the Templars, Freemasons and Rosicrucians, the Society aimed to unravel the occult mysteries of nature. First published in 1877, this book outlines theosophy's precepts. The book is a mishmash of Hermetic philosophy, Christian history and Asian theology, and was allegedly dictated astrally from authorities including Plato, Solomon and Roger Bacon. In Volume 1,

Blavatsky addresses the 'infallibility of science', attacking the methods of Darwin and others by arguing that scientific truth can only be accessed through occult understanding.

The true account of the Nicholsons, the father and son who sold national secrets to Russia. "One of the strangest spy stories in American history" (Robert Lindsey, author of *The Falcon and the Snowman*). Investigative reporter and Pulitzer Prize-finalist Bryan Denson tells the riveting story of the father and son co-conspirators who betrayed the United States. Jim Nicholson was one of the CIA's top veteran case officers. By day, he taught spycraft at the CIA's clandestine training center, The Farm. By night, he was a minivan-driving single father racing home to have dinner with his kids. But Nicholson led a double life. For more than two years, he had met covertly with agents of Russia's foreign intelligence service and turned over troves of classified documents. In 1997, Nicholson became the highest-ranking CIA officer ever convicted of espionage. But his

duplicity didn't stop there. While behind the bars of a federal prison, the former mole systematically groomed the one person he trusted most to serve as his stand-in: his youngest son, Nathan. When asked to smuggle messages out of prison to Russian contacts, Nathan saw an opportunity to be heroic and to make his father proud. "Filled with fascinating details of the cloak-and-dagger techniques of KGB and CIA operatives, double agents, and spy catchers . . . A poignant and painful tale of family love, loyalty, manipulation and betrayal." –The Oregonian

Adam Mulvaney lives a double life. By day, he's the spoiled youngest son of an eccentric billionaire. By night, he's an unrepentant killer, one of seven psychopaths raised to right the wrongs of a justice system that keeps failing. Noah Holt has spent years dreaming of vengeance for the death of his father, but when faced with his killer, he learns a daunting truth he can't escape. His father was a monster. Unable to ignore his own surfacing memories, Noah embarks on a quest to

find the truth about his childhood with the help of an unlikely ally: the very person who murdered his father. Since their confrontation, Adam is obsessed with Noah, and he wants to help him uncover the answers he seeks, however dark they may be. The two share a mutual attraction, but, deep down, Noah knows Adam's not like other boys. Adam can't love. He wasn't born that way. But he refuses to let Noah go, and Noah's not sure he wants him to. Can Adam prove to Noah that passion, power, and protection are just as good as love? Unhinged is a fast-paced, roller coaster ride of a romance with an HEA and no cliffhangers. It features a dirty-talking, possessive psychopath and a sweet cinnamon roll of a boy with Daddy issues and a core of steel. There's gratuitous violence, very dark humor, enough steam to fog up a hundred car windows, and something a lot like love. This is book one in the Necessary Evils series. Each book follows a different couple.

The Politics of Public Lands Ranching Faculty Meetings with Rudolf Steiner: 1922-1924

Cole loves the city. He loves the noise, chaos, and having tacos delivered at 2 a.m. He loves his job at Ward Security. He might look like a bodyguard, but there's nothing better than being counted as one of the hacking tech triplets. There is no way he will ever love horses, cows, and the great wide open of Texas. At least, that's what he thinks until JB Alexander rides into his life. He can't deny the burning attraction of JB's easy smile and weird sense of humor. And while they're dodging gun shots, crazy neighbors, meddling family, and secret plots, Cole might be forced to admit that he's found an even greater love. *Wicked Outlaw* is the sixth full-length novel in the Ward Security series and is jam packed with crazy neighbors, wild gun shots, a horse named Dopey, llamas, code names, a bisexual awakening, and new beginnings.

“ An unforgettable look at the peculiar horrors and humiliations involved in solitary confinement ” from the prisoners who have survived it (New York Review of Books). On any given day, the United States holds more than eighty-thousand people in solitary confinement, a punishment that—beyond fifteen days—has been denounced as a form of cruel and degrading treatment by the UN Special Rapporteur on Torture. Now, in a book that will add a startling new dimension to the debates around human rights and prison reform, former and current prisoners describe the devastating

effects of isolation on their minds and bodies, the solidarity expressed between individuals who live side by side for years without ever meeting one another face to face, the ever-present specters of madness and suicide, and the struggle to maintain hope and humanity. As Chelsea Manning wrote from her own solitary confinement cell, “ The personal accounts by prisoners are some of the most disturbing that I have ever read. ” These firsthand accounts are supplemented by the writing of noted experts, exploring the psychological, legal, ethical, and political dimensions of solitary confinement. “ Do we really think it makes sense to lock so many people alone in tiny cells for twenty-three hours a day, for months, sometimes for years at a time? That is not going to make us safer. That ’ s not going to make us stronger. ” —President Barack Obama “ Elegant but harrowing. ” —San Francisco Chronicle “ A potent cry of anguish from men and women buried way down in the hole. ” —Kirkus Reviews

This accessible and wide-ranging book is an invaluable introductory guide through the choices to be made when deciding how to report research. *Writing and Presenting Research* covers research written as theses and dissertations; chapters, books, reports and articles in academic, professional or general media such as newspapers; and also reviews the options for presenting research orally as lectures, keynotes, conference papers and even TV game shows. These forms of reporting research have well-established conventions for their formats, but they also have

growing numbers of alternative possibilities. This has generated debate about what is, or is not, acceptable, and the aim of this book is to make this debate more manageable for those wanting to assess which of the conventional or alternative possibilities on offer is most appropriate for reporting their current research.

Arranged in easily followed sections enlivened with checklists, style variations, examples and reflection points, *Writing and Presenting Research* has relevance to the social sciences, arts, humanities, natural and applied sciences and law and is an invaluable reference tool for new and experienced researchers alike. *SAGE Study Skills* are essential study guides for students of all levels. From how to write great essays and succeeding at university, to writing your undergraduate dissertation and doing postgraduate research, *SAGE Study Skills* help you get the best from your time at university. Visit the *SAGE Study Skills* hub for tips, resources and videos on study success!

Beyond the coffee and doughnuts--the real Agent Cooper. Beginning with his 13th birthday, Cooper's autobiography is a unique portrait of a man who is complex and elusive, yet hard-working and generous for a rare glimpse into the private life of the G-Man who captured America's attention.

Unhinged

Deadly Dorian

In the span of five violent hours on August 29, 2005, Hurricane Katrina destroyed major Gulf Coast cities and flattened 150 miles of coastline. But it was only the first stage of a shocking triple tragedy. On the heels of one of the three strongest hurricanes ever to make landfall in the United States came the storm-surge flooding, which submerged a half-million homes—followed by the human tragedy of government mismanagement, which proved as cruel as the natural disaster itself. In *The Great Deluge*, bestselling author Douglas Brinkley finds the true heroes of this unparalleled catastrophe, and lets the survivors tell their own stories, masterly allowing them to record the nightmare that was Katrina.

This monograph contributes to the scientific misconduct debate from an oblique perspective, by analysing seven novels devoted to this issue, namely: *Arrowsmith* by Sinclair Lewis (1925), *The affair* by C.P. Snow (1960), *Cantor's Dilemma* by Carl Djerassi (1989), *Perlmann's Silence* by Pascal Mercier (1995), *Intuition* by Allegra Goodman (2006), *Solar* by Ian McEwan (2010) and *Derailment* by Diederik Stapel (2012). Scientific misconduct, i.e. fabrication, falsification, plagiarism, but also other

questionable research practices, have become a focus of concern for academic communities worldwide, but also for managers, funders and publishers of research. The aforementioned novels offer intriguing windows into integrity challenges emerging in contemporary research practices. They are analysed from a continental philosophical perspective, providing a stage where various voices, positions and modes of discourse are mutually exposed to one another, so that they critically address and question one another. They force us to start from the admission that we do not really know what misconduct is. Subsequently, by providing case histories of misconduct, they address integrity challenges not only in terms of individual deviance but also in terms of systemic crisis, due to current transformations in the ways in which knowledge is produced. Rather than functioning as moral vignettes, the author argues that misconduct novels challenge us to reconsider some of the basic conceptual building blocks of integrity discourse. Except where otherwise noted, this book is licensed under a Creative Commons Attribution 4.0 International License. Entertaining, concise, and relentlessly probing, *City of Bits* is a comprehensive introduction to a new type of city, an increasingly important system of virtual spaces interconnected by the information superhighway. William Mitchell makes extensive use of practical examples and illustrations in a technically well-grounded yet accessible examination of architecture and urbanism in the context of the digital telecommunications revolution, the ongoing miniaturization of electronics, the commodification of bits, and the growing domination of software over materialized form.

"Halfway between Frederick Forsyth's *Dogs of War* and Ayn Rand's *Fountainhead*. The gold mine in the jungle, the mercenaries, and the child soldiers keep you turning the pages. A morality tale with modern twists." -John Mackey (Founder, Whole Foods Market and author of *Conscious Capitalism*) The greatest gold discovery in history draws a young Charles Knight to West Africa, where he unearths deception, violence, and romance. Xander Winn-a Dutchman on his own mission-mentors Charles on his voyage into the world of speculation and African politics. But a psychopathic rebel leader, the purveyors of a six-billion-dollar fraud, a team of

mercenaries bent on early retirement, and the US government all get in his way. Everyone wants him dead. But Charles plans to strike it rich. ADVANCE PRAISE FOR SPECULATOR "Speculator uses the cover of a thrilling tale of international intrigue to provide an economic and moral defense of the much-maligned speculator and an economic and moral condemnation of those who profit via force and fraud. Doug Casey and John Hunt have provided an invaluable service to those looking for unique ways to spread the ideas of liberty." -Dr. Ron Paul "Speculator may prove to be the first in a new genre of fiction. Give this book to all your friends and enemies." -John Hart (Author of Redemption Road) "Adventure... intrigue... philosophy... politics... you'll find it all in this fast-paced novel from Doug Casey and John Hunt. Most important, you'll find thoughts - the kind of thoughts that will make you think too." -Bill Bonner (Author of Empire of Debt and Mobs, Messiahs, and Markets) "Speculator will keep you thinking long past the conclusion and for years to come."-Robert Ringer (Author of Looking Out for #1 and Winning Through Intimidation) "Speculator is a roller-coaster lesson on the arcane world of gold-mine investing. An African revolution,

massive fraud with massive profits and losses-the novel is such fun you don't notice how much you are learning. But, mostly, it is a good read with a unique protagonist." -Wendy McElroy (Author of Liberty for Women) "Move over John Galt and Humphrey Bogart, Speculator has created an old-fashioned hero with contemporary style and sex appeal. Expert cicerones lead us through the dark world of African mining and international finance. It is a riveting tale, perfect for a day at the beach or a long-winter's-night read. Pure gold." -Richard Harteis (Author of Marathon and Publishing Director of Poets-Choice.com)

"Passionately pointed and provocative."-David Brin (Author of Earth and The Postman) "Speculator combines the fast-paced action of a Dirk Pitt adventure story with the cerebral message of an Ayn Rand novel. The authors' knowledge of how markets, mining, and governments work is impressive, yet the book reads like a day at the beach. Crisp, intelligent, and witty, this new adventure series might even out-Rand Rand." -Jo Ann Skousen (Professor of English Literature, Chapman University)

"Sexy and tender, Wound Tight had me smiling and squirming. Watching these two men open up and fight for their love is a must for any romance fan." - USA Today bestselling author Megan Erickson When CEO Renner Bastion walks into a room, everyone keeps their distance. Well, everyone but the sarcastic, tattooed, Boston-bred security guard whose presence has kept Renner in New Jersey longer than

intended. As if the unwanted attraction isn't unsettling enough, Renner finds out his protector isn't as unavailable as originally thought. Milo Bautista just came out to his wealthy, ultra-confident boss, a man he secretly respects and admires...in more ways than he'll admit. Worldly, experienced Renner would never look in his direction, let alone share some of that confidence he wears like a cloak, so Milo has set his sights on someone else to be his first. Until Renner offers him private lessons in seduction... Each book in the Made in Jersey series is STANDALONE: * Crashed Out * Thrown Down * Worked Up * Wound Tight "Liar, liar, pants on fire." The words scrawled on the back of my newest stalker mail makes my blood run cold. I have no idea if it's the lie I know, or one that I don't. Since arriving back into Shadow Grove, I've been stalked, tormented, chased and almost killed. I've been lied to, repeatedly, by people I was growing to trust. Liar. That word haunts me. Someone knows more about my life than I do. Someone is taunting me with answers and teasing me

with secrets. Am I desperate enough to fall for more deception? Archer and his boys made a huge mistake when they lied to me. They thought they could play me but they're about to learn that they've met their match. No one stabs Madison Kate and gets away with it. LIAR is a full length (448 pages, 102,978 words) college/new adult romance with enemies-to-lovers/love-hate themes. This is a reverse harem novel, meaning the main character has more than one love interest. This is book TWO of FOUR in the series.

A History of Interest Rates presents a very readable account of interest rate trends and lending practices over four millennia of economic history. Despite the paucity of data prior to the Industrial Revolution,

authors Homer and Sylla provide a highly detailed analysis of money markets and borrowing practices in major economies. Underlying the analysis is their assertion that "the free market long-term rates of interest for any industrial nation, properly charted, provide a sort of fever chart of the economic and political health of that nation." Given the enormous volatility of rates in the 20th century, this implies we're living in age of political and economic excesses that are reflected in massive interest rate swings. Gain more insight into this assertion by ordering a copy of this book today.

To save the only mother I've ever known, all I have to do is hack a tech billionaire. My foster mother is sick. The woman who gave me a home, love, a life. I'll do anything to find the money for her surgery, including using my skills as a hacker. My name's Remi, also known as Rogue Angel, and usually I work for a security company testing clients' systems. But now a shadowy bad guy has tracked me down and given me an ultimatum. I have to hack Rivera Tech-the biggest technology company in the world, owned by billionaire CEO, Maverick Rivera. If I do, I get paid and I can help my foster mother. If I don't, my family is in danger. Hacking Rivera is no walk in the park, and soon I find myself in a tantalizing game of cat and mouse with big, grumpy, and way-too-sexy Maverick. What I never, ever expected was for him to make me feel safe, or to threaten my closely-

guarded heart, or to ignite every single part of me. I can't drag him into my mess. But Maverick has other ideas, and he isn't a man who takes no for an answer.

Sometimes, to get what you want in business or in love, you have to get your hands dirty. Luckily for Finn and Justin, dirty comes naturally. Finn Drummond is the baby in a family of sharks—which means he 's worked twice as hard to make a name for himself. After learning the tricks of the trade from his brothers, Finn 's just as ruthless and dominant. Out in the field, his appetites are legendary: for success, for money, for women and men. But when supplies from Drummond Charities go missing, Finn has to partner up with the smoldering ex-Army grunt who 's always challenging his authority—or giving him mixed signals. Justin Miller wanted his attraction to Finn to be mutual, but the cocky brat always had a girlfriend. Who could blame Justin for trying to move on? Despite their history, they 've got to work together to figure out who 's been derailing their humanitarian work. But after Justin and Finn are thrown together against gunrunners and kidnappers, their simmering chemistry turns explosive. Turns out, Finn knows how to handle himself in a crisis—and in the sack. Justin only hopes that hot sex is enough to persuade this spoiled pretty boy to do the right thing. Praise for Dirty Games “ A fast-paced, energetic, and steamy story . . . Anarchy is the SECOND in a new Shadow Grove series. Several characters cross over to the Madison Kate series but it is not necessary to read MK's story first. HADES is a contemporary new adult reverse harem series, which means the leading lady has several love interests and never has to choose in order to find her HEA. Five years ago, I made a choice that I haven't regretted a day since. I protected the single most important person in my world, my little sister. I protected myself, and I seized control of the Tri-state Timberwolves. Since then, I've wielded that power with an iron fist. Done whatever it took to take care of my people. Kept us out of the public eye, and kept us safe. Now a ghost from my past is threatening my position. Challenging me. Peddling their poison and breaking my rules. Stabbing at me in the dark. Blowing up my fucking

club. But this last attack has taken it one step too far. They have no idea the lengths I'll go to protect what is mine. And Lucas? He's mine. They want anarchy? They haven't seen anything yet. Anarchy is book TWO of FOUR in the Hades series.

Dirty Deeds

Geoffrey Ralse is known for being the life of the party. He loves the club scene, hanging with his friends, and flirting with whomever catches his eye. He certainly isn't going to stop living his life just because some would-be stalker starts sending him threats. But it all changes when Geoffrey is drugged and wakes up half naked in his own home with a new message from his stalker. He needs help and there's only one person he trusts...

Protective Agent Sven Larsen has been fighting Geoffrey's flirtatious advances for months, even though he's impossibly drawn to the man. There's no way he can be around him twenty-four/seven and not finally crack. But one look at Geoffrey's haunted eyes, and he knows there's no way he's letting Geoffrey walk out of Ward Security without him. Even if it means breaking his own rules, he will keep Geoffrey safe.

The extraordinarily candid tale of Miller's sexual escapades amongst the low-life of Brooklyn, banned in Great Britain and America for nearly twenty years after its first publication in 1949. She's in danger and now her personal protector is her too handsome, totally aggravating billionaire boss. Executive assistant Harlow Carlson is having a very bad week. Firstly, she's been temporarily reassigned to work for bossy, workaholic tyrant, Easton Norcross. He might be sex in a suit, but mostly she just wants to stab him with her stylus. Secondly, her father's in trouble and has gone missing. Lastly, when a strange man attacks her on the street, Harlow knows she's in over her head. That's when Easton steps in. Now her boss is her own personal protector and he isn't taking no for an answer. After he left the Army Rangers, Easton Norcross found a purpose in building his company, Norcross Inc. He works hard, likes control, takes care of his family and employees, and thrives on making money. But his new assistant pushes buttons he never knew he had. Harlow's smart, efficient, and not afraid to speak her mind. And her curvy body makes it very hard to remember that he's her boss. But when he sees she's in danger, Easton is willing to break all the rules to keep her safe. As danger swirls around Harlow and she's sucked into her father's dangerous dealings, Easton knows he'll need all

the specialist skills the Army gave him to protect her, as well as pulling in his brothers at Norcross Security. But the toughest job he'll have is convincing his beautiful assistant to take the biggest risk of all-falling in love.

Banned in America for almost thirty years because of its explicit sexual content, this companion volume to Miller's Tropic of Cancer chronicles his life in 1920s New York City. Famous for its frank portrayal of life in Brooklyn's ethnic neighborhoods and Miller's outrageous sexual exploits, The Tropic of Capricorn is now considered a cornerstone of modern literature.

The Spy's Son

Daniel Hendricks wants a vacation. Ward Security's accountant and resident code breaker just needs a little R&R from the chaos and usual shenanigans of the office. But what was supposed to be a sexy vacation hook-up explodes in his face when he's mistaken for a rogue secret agent. Now he's on the run with CIA agent Edward Raines from Bermuda to Barcelona to Paris as they try to find the secrets the real rogue was attempting to sell before another foreign spy does. The chemistry between them is off

the charts, but how is Daniel supposed to trust a man who had originally set out to kill him?

No dirty deed goes unnoticed in a seductive game of cat and mouse. But for Alec and Gaige, the wrong move could get them killed. Alec Drummond didn't make his billions by playing nice—or by playing much at all. When it comes to pleasure, Alec only has time for whatever's quick and easy, which is exactly what he gets from his company's hot new computer genius. But Gaige Owens isn't some pushover. He pushes back, and it's giving Alec a rush. The question is, could Gaige be the one who's leaking trade secrets? Just to be safe, Alec keeps him close at hand . . . night and day. Gaige never thought he'd roll over for a man like Alec again, but who could resist sex this mind-blowing? Then there's the draw of Alec's mysterious side: his cutthroat ambition, his covert CIA connections, and the murder in his past. For Gaige, a deeper look proves an irresistible temptation. But when Gaige and Alec are stripped of their defenses by an unseen danger, everything they don't know could bring them closer together—or tear them apart. Only one thing is certain: Before it's all over, someone's going down. Fall in love with the men of HelenKay Dimon's thrilling novels: The Tough Love series: MR. AND MR. SMITH | THE TALENTED MR. RIVERS | GUARDING MR. FINE The Dirty series: DIRTY DEEDS | DIRTY GAMES Praise for Dirty Deeds “[HelenKay] Dimon delivers in

this series debut, with plenty of heat, heart and an unsettlingly plausible suspense plot that is guaranteed to keep the pages turning.”—RT Book Reviews “Dirty Deeds is such an excellent book, and it’s basically got everything. Super hot truly alpha men, espionage, sex, love, humor, action, gut-wrenching emotion, sizzling chemistry, and the Doomsday Vault. . . . Dimon’s writing is excellent, and draws you in. . . . I definitely recommend Dirty Deeds and already can’t wait for the next book!”—Heroes and Heartbreakers “Delicious . . . Dirty Deeds is a whodunit thrill ride.”—Love Bytes LGBTQ Book Reviews “Once again Dimon has written a novel full of deception, mystery, danger, clandestine operations, seduction, hotter-than-sin sex scenes, dirty banter, and romance. . . . Dirty Deeds is a fun, enjoyable read with lots of energy, excitement, intrigue, heat, heartthrobs, great supporting characters and of course the happy-ever-after ending we all love.”—What’s Better Than Books? This ebook includes an excerpt from another Loveswept title. Club 22 is the THIRD in a new Shadow Grove series. Several characters cross over to the Madison Kate series but it is not necessary to read MK’s story first. HADES is a contemporary new adult reverse harem series, which means the leading lady has several love interests and never has to choose in order to find her HEA. [?][?][?] They say to keep your enemies close and mine are all around me. At the heart of it

are four dangerously gorgeous men. The man who wants to light my darkness and already paid the price for loving me. The man who can handle my power and loves every dark inch of me. The man who has been my closest companion and now threatens to upend our carefully balanced world in pursuit of me. But the fourth man is probably the most terrifying. He wants to take the others away. He wants to tear the spinal column out my empire. Destroy my businesses. Destroy me. Why? Because the man who should have stayed dead wants me and he will stop at nothing until he's carved out my bloody, beating heart and left me broken. He should remember who he's dealing with...I'm not the girl he knew anymore. I'm Hades. This time when death comes for him, I'll make sure it sticks. [?][?][?] Club 22 is book THREE of FOUR in the Hades series. The Waldorf School movement has its roots in the chaotic period following the First World War. Struggling to create the first school, Rudolf Steiner worked on every detail. Lesson plans, religious education, school hours, course resources, administration, finance, child study; no aspect of school life was beyond his attention. Guiding the faculty and demonstrating a phenomenal range of knowledge, Steiner moved toward his goal of creating a vehicle for social transformation. These two volumes span the years 1919 to 1924 and cover, meeting by meeting, the development of the first

Waldorf School. Here is Rudolf Steiner, not through the written word or lectures but in transcribed interaction that details the creation process. Participating in a work in progress, Steiner deals with an amazing array of problems, frustrations, successes and failures. His sleeves rolled up and his sight on a vision that he made a reality, Rudolf Steiner lays the foundations of Waldorf Education. This detailed look, behind the scenes, will interest not only teachers, but also parents and students: anyone who wants to know how a successful worldwide school movement arose.
