

Danube To Budapest

A gripping and detailed study of the brutal urban battle for Budapest, which saw German and Hungarian troops struggling to halt the joint Soviet-Romanian offensive to take the key city on the Danube. The 52-day-long siege of Budapest witnessed some of the most destructive urban fighting of the war. The Transdanubia region was strategically vital to Nazi Germany for its raw materials and industry, and because of the bridgehead it allowed into Austria. As a result, Hitler declared Budapest a fortress city in early December 1944. The battle for the city pitted 90,000 German and Hungarian troops against 170,000 Soviet (2nd and 3rd Ukrainian Fronts) and Romanian attackers. The operations to take the city ran across several phases, from the initial Soviet approach to Budapest commencing in late October 1944, through the encirclement of city first on the Pest side of the Danube, and then on the Buda bank, and on to the savage urban fighting that began in December 1944 for the Hungarian capital. This superbly detailed work analyses the background, chronology and consequences of the siege from both a military and political perspective, and documents the huge losses in military and civilian casualties and material damage.

Shoes Along the Danube refers to the memorial of cast iron shoes that honor Hungarian Holocaust victims. Based on a true story, this amazing book follows the lives of two extended Hungarian families, the R zlers and the F ldes, one gentile and the other Jewish, through three decades.-----The story begins in pre-World War II Budapest, as increasing fascism and anti-Semitism lead Hungary to become an ally of

Germany. In 1944, Germany invades Hungary to exterminate Europe's last remaining group of Jews at the infamous Auschwitz death camp. The story builds through the siege of Budapest, the Russian occupation of Hungary, and separation by exile.-----Julius R zler is a rising star among Budapest academics and refuses to compromise his integrity. His American half-brother, Francis, is a diplomat helping democratic Hungarians fight Nazis, and later organizes covert activities against the communists. Agnes F ldes is a Jewish woman who fights to maintain her dignity during the Holocaust.-----"Professor Reeves tells a fascinating story of two of his Hungarian-American friends, Julius and my cousin Agnes, who grew up between world wars in Gentile and Jewish families on Rose Hill, an affluent district of Budapest. Even though Hungary was forced to become Germany's wartime ally, it looked that Hungarian Jews would be spared the genocide occurring throughout Europe. Yet, in 1944 everything changed when the Germans occupy Hungary for the purpose of exterminating its Jews. Reeves recounts the experiences of Holocaust victims and survivors, Righteous Gentiles who save Jews, as well as a dramatic ending in which a husband and wife are forced to choose between their vows and freedom." - S. A. Colman, Sydney, Australia -----"A fascinating, honest look at lives intertwined with the history unfolding around them set against the very real backdrop of that tumultuous history itself. The Shoes Along the Danube is a most fitting allegory for all those that left their lives behind. Highly recommended" - Bryan Dawson, Executive Chairman, American Hungarian Federation

A View of the Danube River in Budapest Hungary Journal

This is part four in the Danube Bike Trail series, of which there are four in total, covering the length of the Danube as it flows through tranquil valleys and beautiful landscapes. This edition covers the German Danube from Donaueschingen to Passau. Budapest to the Black Sea, flowing through Hungary, Croatia, Serbia and Romania. These valleys are ideal for cycling. In recent years, many of the paths and lanes along the river have been paved specifically for bicycle tourists. As a result, almost the entire route follows smooth quiet roads that make it ideal for families with children. This cycling guide contains all the information you need for a cycling vacation along the Danube River: precise maps, a detailed description of the route, a comprehensive list of overnight accommodation, numerous detailed maps of cities and towns, and information about tourist attractions and sights.

A story of loss and survival. Germany ' s invasion of Hungary in 1944 marked the end of a culture that had dominated Central Europe from the nineteenth century to the middle of the twentieth. In this poignant memoir, Charles Farkas offers a testament to this vanished way of life—its society, morality, personal integrity, wealth, traditions, and chivalry—as well as an eyewitness account of its destruction, begun at the hands of the Nazis and then completed under the heel of Soviet Communism. Farkas ' s recollections of growing up in Budapest, a city whose grandeur embraced—indeed spanned—the Danube River; his vivid descriptions of everyday life in Hungary before, during, and after World War II; and his ultimate flight to freedom in the United States remind us that behind the larger historical events of the past century are the stories of the individual men and women who endured and, ultimately, survived them. Charles Farkas was born in 1925 in Budapest, Hungary.

In 1949, he earned a double doctorate in law and political science from the University of P á z m á n y P é t e r. After the failure of the 1956 Hungarian uprising, Farkas fled to the United States, where he received a master ' s in library science from Columbia University. He went on to become director of the Briarcliff Manor Public Library, where he worked from 1968 until his retirement in 1996. He and his wife, Edit, live in Chappaqua, New York. They have four children and, as of early 2013, four grandchildren.

The Danube

This guide describes the second part of the Danube Cycle route, a 1717km cycle ride following the lower part of the Danube from the Hungarian capital of Budapest through Hungary, Croatia, Serbia and Romania to the river's delta on the shores of the Black Sea. The cycling is generally level with a few gentle gradients, mostly on quiet country roads or riverside flood dykes. The 32 stages vary from 30-100km, with some longer excursions and surfaces are mostly asphalt and in good condition, suitable for hybrid or touring cycles. Cycling infrastructure is generally good in Hungary, Croatia and Serbia. In Romania, where there is no waymarking and often long distances between places to sleep and eat, this guidebook gives a detailed route description, maps for each stage at a cycle-friendly a scale of approximately 1:150,000 and a listing of all places offering accommodation. Off-route excursions enable short visits to be made to Bulgaria, Moldova, Ukraine and the Danube delta.

Known as the 'Queen of the Danube,' Budapest is the vibrant and stunning capital of Hungary. This city not only blends the mystique of the East with the style of the West, but also combines the modern with the exotic. Ultimately, this destination offers something for everyone. As the most largely populated city in the country, and possibly one of the most densely populated cities in Europe, it is filled with an energy that is unmatched by other European capitals. Divided by the River Danube, the spectacular Chain Bridge adjoins the colorful but sedate hilly Buda to the west of the river, with the lively but flat plains of Pest in the east. buda, or Old Buda, is also on the west side of the Danube and is an extension of the Buda to the north. Though originally a Roman outpost during the 1st century, the city of Budapest was not created

until 1873, when the areas Buda, Pest, and Old Buda (♠buda) were unified. These areas are now aligned by nine bridges, and include six islands within the city limits. What results is a world-class classical music city, that comes alive with a youthful energy. It is no wonder that Budapest has often been described as the Paris of the East. Not only is the beauty of the city's epic, faded grandeur a draw for visitors, but so are the ornate traditional baths, elegant boulevards and classic cafés. However, not every aspect of Budapest is stuck in the past. In recent years, the city underwent a significant remodeling in preparation to bid for the summer Olympics. Though it eventually withdrew its bid, the city has still benefitted from rebuilt sections on both sides of the Danube.

The Cruise that this book illustrates travels through four countries, Germany, Austria, Slovakia and Hungary. This book is intended for the use of tourists enjoying a boat cruise in Germany on the Danube (The Rhine-Main-Danube Canal) between Nuremberg and Budapest. The book describes the places that can be visited in this region. The book is amply illustrated with photographs. In many of the cities a large book would be required to describe all the sights available for the tourist on a cruise such as this. To keep the size of the publication and the sale price within reasonable limits it is not feasible to enter into an in depth account on each city stop. Where the tourist requires more details on the sights visited it is advised that a detailed tour book is used to supplement this book. The book, like the cruise itself, is a taster for the visits to the cities that are described. Following the cruise, the tourist may well be encouraged to make a separate visit to places seen during the river cruise. This book describes the sights that could be encountered in a brief visit made during a river cruise, a visit usually of a few hours, sometimes of a day or two, in such places. Where the author thought it was necessary, some historical background is given relating to WW2 and the places visited. The cities described are: Nuremberg

Regensburg Passau Salzburg Linz Melk Dürnstein Vienna Bratislav Budapest

This book is a photographic momento of a wonderful holiday in 2018 with Viking River Cruises, visiting Budapest and sailing down the river Danube to Nuremberg. We stayed in the 5-star Hilton Hotel in Budapest's Castle District. On our river cruise we visited Vienna, Austria and after sailing through the picturesque Wachau Valley crossed into Germany, visiting Passau, Regensburg and finally, after navigating the Rhine-Main-Danube Canal and its numerous locks, we arrived in Nuremberg. In The Glance of Countess Hahn-Hahn (down the Danube), Peter Esterhazy blends magic realism and travel narrative to dazzling effect. Esterhazy's hero is a professional Traveller, commissioned -- like Marco Polo by Kubla Khan -- to undertake a voyage of discovery and to prepare a travelogue about the Danube. Communicating his experiences through terse -- and at times surreal -- telegrams to his employer, the Traveller weaves a rich tapestry of narratives, evoking the dreamlike past and the precarious present of a disappearing world. Moving from the Black Forest to the Black Sea, Esterhazy takes the reader on a fascinating European journey of the imagination, down the Danube River, through Vienna, Budapest, and beyond the delta where the mighty river empties into the sea. Filled with allusion, fable, fantasy, history, and autobiography, The Glance of Countess Hahn-Hahn (down the Danube) is Peter Esterhazy at his scintillating, adventurous best.

"By the dawn of the twentieth century Budapest was on its way to becoming a cosmopolitan metropolis. The 'Pearl of the Danube' boasted some of Europe's most beguiling architectural achievements, and its growing middle class was committed to advancing the city's liberal politics, fostering its centrality as an intellectual and commercial crossroads between East and West. As historian Anita Kurimay reveals, fin-de-siècle Budapest was also famous for its boisterous public sexual culture-including a robust homosexual subculture. Queer Budapest, 1873-1961 is her riveting story of non-normative sexualities in Hungary as they were understood, experienced, and policed between the birth of the its capital as a unified metropolis in 1873 and the decriminalization of male homosexual acts in 1961. A stunning reappraisal of sexuality between East and West, Queer Budapest, 1873-1961 demolishes myths

identifying queer life with the failures of late-twentieth-century liberalism and instead recuperates queer sociality as an integral part of Budapest's-and Hungary's-modern incarnation"--

The plot of this spy-detective novel turns on a senior figure in British Intelligence, who is being blackmailed by an American spy. The blackmail material, a photograph showing the Intelligence man as a former Nazi officer, is concealed in a travel book called *Bannerman's Guide* taken by a young British diplomat on a Danube River cruise from Vienna to the Black Sea and back. As several people are carrying other copies of the book, the story turns on who has possession of the key copy, which the American spy hopes will reach the hands of KGB agents at some undetermined point during the cruise. Various individuals are also keen to get hold of the key copy. These include an American double agent posing as a collector of folk music, and an agent of Siegfried, an organization that materially assists former Nazis. As the cruise progresses, mysterious incidents connected with the guide book occur at each of the several East European capitals along the Danube. Budapest, Belgrade and Bucharest during the Cold War era form fascinating venues and authentic background based on the author's travel experience. An English detective, Inspector Mason, begins the cruise as a genuine tourist, but gets drawn in to investigating these incidents in considerable depth, and at considerable risk to himself, until he has gathered enough evidence to be able to solve the puzzle in London. Who is carrying the key copy of the *Bannerman*, the significance of the material it contains and the unmasking of the spy form the intriguing climax to the story. Something of a genuine holiday atmosphere on the boat is maintained throughout, including a romantic interest and a rivalry between Mason and the young diplomat over one of the women passengers. Treat yourself to a cruise on Europe's majestic Danube River from Vienna to the Black Sea with a mixed group of characters who are unwittingly drawn into an intriguing espionage plot. From your armchair explore the fascinating old cities of Budapest, Belgrade and Bucharest as each port of call on the outward and return voyages carries the plot a significant stage further and the tensions and rivalries on board become more acute.

The Danube is the longest river in western and central Europe. Rising amidst the beautiful wooded hills of Germany's Black Forest, it touches or winds its way through ten countries and four capital cities before emptying into the Black Sea through a vast delta whose silt-filled channels spread across eastern Romania. From earliest times, the river has provided a route from Europe to Asia that was followed by armies and traders, while empires, from the Macedonian to the Habsburg, rose and fell along its length. Then, in the middle of the twentieth century, the Danube took on the role of a watery thread that unified a continent divided by the Iron Curtain. In the late 1980s the Iron Curtain lifted but the Danube valley soon became an arena for conflict during the violent break-up of the former Yugoslavia. Now, passing as it does through some of the world's youngest nations, including Slovakia, Croatia, Serbia, Moldova, and Ukraine, the river is a tangible symbol of a new, peaceful, and united Europe as well as a vital artery for commercial and leisure shipping. Andrew Beattie explores the turbulent past and vibrant present of the landscape through which the Danube flows, where the enduring legacies of historical regimes from the Romans to the Nazis have all left their mark.

From its source in south-west Germany, coursing through central Europe and the Balkans, the Danube is a river of romance, passing medieval castles, baroque churches and rococo palaces. Europe's second-longest river, it flows through proud cities- Vienna, Budapest, Bratislava- forming the frontier between Romania and Bulgaria before branching into a delta and pouring into the Black Sea. This Way the Danube sails along the navigable stretch of the river between Passau and Mohács, near the Hungarian border with Croatia. Budapest - Wien / Vienna.
