

Dark Light Consciousness Melanin Serpent Power And The Luminous Matrix Of Reality

What happens when we awaken from the great trance, walk freely among the objects of the world, meet their gaze, sense each has a secret, a direct connection to the vital center of the world? Every place has a vibration; every district of experience has a street name and a root that moves up slowly or suddenly, driven by a sublime form of appetite. This is the terrain, the inner landscape of The Luminous Heretic. Back from death and willing to enter it again, he makes no sacrifice in the temples of reason and fear but walks naked between both of them. Neither dream nor body nor simple contradiction of logic and image we often settle for; he is the worshiper of the darkness that coils within us, knows we are the light we are searching for. How to awaken the Ureaus--the serpent power of spiritual transcendence within each of us--and connect to the superconscious of the universe • Reveals the biochemistry of how the body 's melanin provides the template for the subtle energy body or light body • Shows how embracing the dark light consciousness of the awakened Ureaus opens a portal to the sacred darkness of the superconscious • Provides illustrated instructions for meditation practices, breathing exercises, and yoga postures to safely awaken Ureaus/Kundalini energy Within each of us lies the potential to activate a personal connection to the superconscious. Called “Ureaus” in ancient Egyptian texts and “Kundalini” in ancient Hindu yoga traditions, our innate serpent power of spiritual transcendence inhabits the base of the spine in its dormant state. When awakened, it unfurls along the spinal column to the brain, connecting individual

consciousness to the consciousness of the universe enfolded within the dark matter of space. At the root of creativity and spiritual genius across innumerable cultures and civilizations, this intelligent force reveals portals that enfold time, space, and the luminous matrix of reality itself. Combining physics, neuroscience, and biochemistry with ancient traditions from Africa and India, Edward Bruce Bynum, Ph.D., explores the ancient Egyptian science of the Ureus and reveals how it is intimately connected to dark matter and to melanin, a light-sensitive, energy-conducting substance found in the brain, nervous system, and organs of all higher life-forms. He explains how the dark light of melanin serves as the biochemical infrastructure for the subtle energy body, just as dark matter, together with gravity, holds the galaxies and constellations together. With illustrated instructions, he shows how to safely awaken and stabilize the spiritual energy of the Ureus through meditation practices, breathing exercises, and yoga postures as well as how to prepare the subtle body for transdimensional soul travel. By embracing the dark light of the shining serpent within, we overcome our collective fear of the vast living darkness without. By embracing the dark, we transcend reality to the dimension of light.

Consciousness Explained Better is a unique contribution. This compact volume represents thousands of years of humanity's struggle to understand consciousness from a wide variety of perspectives. It is an up-to-date digest of the search in bite-sized chapters. Allan Combs has managed to encapsulate and synthesize vast bodies of thought and research without dilution. He has made even the most mind-twisting arguments and questions comprehensible, and he has brought forward scholarship and rigorous inquiry in language that speaks to the heart as well as the head. This book satisfies with its comprehensiveness yet intrigues with all that still

remains enigmatic. It brings forward the yearning, the brilliance, the awe, and the outrageous audacity of our search to understand conscious. It reminds us that, in a world where much of our lives on a mundane basis has been reduced to the trivial, the logistical, and the manageable, everything about that world and about ourselves is still completely beyond our grasp. We still live and move in the Great Mystery. --From the Foreword by Jenny Wade, author of *Changes of Mind and Transcendent Sex*

• Examines the Oldawan, the Ancient Soul of Africa, and its correlation with what modern psychologists have defined as the collective unconscious • Draws on archaeology, DNA research, history, and depth psychology to reveal how the biological and spiritual roots of religion and science came out of Africa • Explores the reflections of our African unconscious in the present confrontation in the Americas, in the work of the Founding Fathers, and in modern psychospirituality The fossil record confirms that humanity originated in Africa. Yet somehow we have overlooked that Africa is also at the root of all that makes us human--our spirituality, civilization, arts, sciences, philosophy, and our conscious and unconscious minds. In this extensive look at the unfolding of human history and culture, Edward Bruce Bynum reveals how our collective unconscious is African. Drawing on archaeology, DNA research, depth psychology, and the biological and spiritual roots of religion and science, he demonstrates how all modern human beings, regardless of ethnic or racial categorizations, share a common deeper identity, both psychically and genetically--a primordial African unconscious. Exploring the beginning of early religions and mysticism in Africa, the author looks at the Egyptian Nubian role in the rise of civilization, the emergence of Kemetic Egypt, and the Oldawan, the Ancient Soul, and its correlation with what modern psychologists have defined as the collective

unconscious. Revealing the spiritual and psychological ramifications of our shared African ancestry, the author examines its reflections in the present confrontation in the Americas, in the work of the Founding Fathers, and in modern Black spirituality, which arose from African diaspora religion and philosophy. By recognizing our shared African unconscious--the matrix that forms the deepest luminous core of human identity--we learn that the differences between one person and another are merely superficial and ultimately there is no real separation between the material and the spiritual.

Anthropology is the study of all humans in all times in all places. But it is so much more than that. "Anthropology requires strength, valor, and courage," Nancy Scheper-Hughes noted. "Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a "heroic" profession." What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the "first draft edition" from 2017 and includes 7 new chapters.

devices for ten years, now reveals why they have been placed in such abundance in the center of our nation's capital and explains their interconnections. His richly illustrated text tells the story of how Washington, from its foundation in 1791, was linked with the zodiac, with the meaning of certain stars, and with a hidden cosmological symbolism that he uncovers here for the first time. Fascinating and thoroughly researched, *The Secret Architecture of Our Nation's Capital* is an engrossing book that raises provocative questions and offers complex insights into the meanings behind the mysterious symbols in Washington.

Connects a diverse range of new and existing theories about the Anunnaki, offering a definitive guide to the Anunnaki while exploring their possible connection to humanity's past, present, and future. Over 6,000 years ago, the world's first civilization, the Sumerians, were recording stories of strange celestial gods who they believed came from the heavens to create mankind. These gods, known as the Anunnaki, are often neglected by mainstream historians. The Sumerians themselves are so puzzling; scholars have described their origin as "The Sumerian Problem." With so little taught about the ancient Sumerians in our history books, alternative theories have emerged. This has led many to wonder, What is the true story behind the Sumerians and their otherworldly gods, the Anunnaki? In *The Anunnaki Connection*, Heather Lynn connects a diverse range of new and existing theories about the Anunnaki, offering a definitive guide to Mesopotamian gods while exploring what role they might have played in engineering mankind. *The Anunnaki Connection* traces the evolution of gods throughout the Ancient Near East, analyzing the religion, myth, art, and symbolism of the Sumerians, investigating: Who are the Anunnaki? How accurate are the current Sumerian text translations,

Who would have thought preparations for a March 2014 Sacred Libation Ceremony honoring one-hundred forty-eight African American women lynched in America would result in the observation melanin is worth more than gold? Dr. Frances Cress Welsing first told us the chemical melanin is produced through a process known as melanogenesis upon introduction of the chemical tyrosine to the enzyme tyrosinase.

Melanin is found in such diverse places as bird feathers, animal fur, reptile scales, microorganisms, cephalopod ink, mushrooms and even fossils. Additionally, melanin is found in the hair, skin and eyes of people. Melanin is subjected to intense scientific scrutiny.

Nevertheless, the highly educated people studying it had no idea melanin is worth more than gold. In June 2014 a post to the Keyamsha the Awakening blog openly declared melanin was worth \$353 a gram and \$300 a gram more than gold. Shortly afterwards, hoaxers began bombarding the blog with comments claiming "melanin thieves" were

Get Free Dark Light Consciousness Melanin Serpent Power And The Luminous Matrix Of Reality

harvesting melanin from Black people. The hoax was easily falsified. The hoaxers made certain to never mention the company selling melanin extracted from the ink of *sepia officinalis*, the common cuttlefish. During the intervening years the melanin thieves hoaxers persisted in their efforts. In March 2017, the melanin thieves hoaxers launched a "Melanin Twitter bomb" involving the dollar value of melanin after publicity of black women and girls missing in Washington, D.C. was released. Their actions exposed a frailty in their psyche. They also reveal it is possible to wipe out false information involving melanin and take the melanin challenged inferiority complex (aka racism/white supremacy) along for the ride. It then became clear the time had come to enter the fray and dispel the myths about melanin. This book completely obliterates the false narrative of melanin. Perceiving facts from a melanin-centered perspective bestows upon us an expanded awareness of the world and our place in it. It helps provide the average person a means to immerse themselves in melaninology and emerge a "melaninologist." Essentially, we get to know ourselves. To date no other path for the public to independently verify, or falsify, outlandish claims regarding melanin being worth more than gold on their own without any "guru" to guide them have been made available. At this writing, melanin is worth over \$395 a gram more than gold. In ancient Kemet (misnomered Egypt) such words were known as hekau or

words of power with the ability to heal. For nearly one-hundred years, since August 13, 1920, melanin put the "B" in R.B.G. and the "Black" in Red, Black and Green as the flag of Africans, at home and abroad.. Those are hekau, also. Our Blood, Our Melanin and Africa unites us. More hekau. The Afro, official currency of the United States of Africa, also known as the African Union, is worth \$2.22. We are swathed in hekau to such an extent Mchakato Wa Uponyaji (Swahili for the process of healing) has begun. All of which indicates we are living in a new era: the era when all the generations of man can be called blessed on a planet that works for everyone. This era demands we convene the Ubuntu Convention. That plebiscite sets the stage for drafting the Ubuntu Declaration. In emulating the success of the August 1920 Universal Negro Improvement Association convention, we deliberately create the world where we intend to live. The revival of the U.N.I.A. with 12 million dues-paying card-carrying members positions the organization to have a treasury flush with over \$400 million liquid. All of which represents a quantum shift in awareness, perception and power underway as you read this. Through our own actions we bring about the total, complete, and absolute Redemption of Africa for all time.

Dogon cosmology provides a new Rosetta stone for reinterpreting Egyptian hieroglyphs • Provides a new understanding of Egyptian hieroglyphs as scientific symbols based on Dogon cosmological drawings • Use parallels between Dogon and Egyptian word meanings to identify relationships between Dogon myths and modern science In *The Science of the Dogon*, Laird Scranton demonstrated that the cosmological structure described in the myths and drawings of the Dogon runs parallel to modern science--atomic theory, quantum theory, and string theory--their drawings often taking the same form as accurate scientific diagrams that relate to the formation of matter. Scranton also pointed to the close resemblance between the keywords and component elements of Dogon cosmology and those of ancient Egypt, and the implication that ancient cosmology may also be about actual science. *Sacred Symbols of the Dogon* uses these parallels as the starting point for a new interpretation of the Egyptian hieroglyphic language. By substituting Dogon cosmological drawings for equivalent

glyph-shapes in Egyptian words, a new way of reading and interpreting the Egyptian hieroglyphs emerges. Scranton shows how each hieroglyph constitutes an entire concept, and that their meanings are scientific in nature. Using the Dogon symbols as a "Rosetta stone," he reveals references within the ancient Egyptian language that define the full range of scientific components of matter: from massless waves to the completed atom, even suggesting direct correlations to a fully realized unified field theory.

"Fortunately, Scott Roberts boldly goes where few men have surfaced from, providing a well-balanced, innovative, and insightful approach to the topic." —Philip Coppens, author of The Ancient Alien Question Where the bloodlines of the Nephilim leave off, the real story just begins. Or does it go back even further than that? The very real probability that non-human intelligences visited and even copulated with primordial humans is

detailed in civilization's most ancient cultural and religious records. These historical records further reveal that these intelligences were reptilian in nature--or, at the very least, have been represented throughout human history in reptilian form. From the Serpent, Nawcash, in the Garden of Eden; Atum, the Egyptian snake-man; and Quetzalcoatl, the feathered serpent god of the Mayans to the double-helix snake symbol of Enki/Ea in ancient Sumerian literature, the serpent has been the omnipresent link between humans and the gods in every culture. In The Secret History of the Reptilians, Scott Alan Roberts investigates and examines the pervasive presence of the serpent in human history, religion, culture, and politics. Are we the product of an extraterrestrial race that moves and breathes--and even breeds--beneath the surface of all of human history? Put on your thinking cap and take an historical, anthropological, archaeological plunge into the heady waters of extraterrestrial origins. On February 4, 1974, members of the Symbionese Liberation Army kidnapped nineteen-year-old newspaper heiress Patricia Hearst from her Berkeley, California apartment. Desperate to find her, the police called physicist Russell Targ and Pat Price, a psychic retired police commissioner. As Price turned the pages of the police mug book filled with hundreds of photos, suddenly he pointed to one of them and announced, "That's the ringleader." The man was Donald DeFreeze, who was indeed subsequently so identified. Price also described the type and

location of the kidnap car, enabling the police to find it within minutes. That remarkable event is one reason Targ believes in ESP. Another occurred when his group made \$120,000 by forecasting for nine weeks in a row the changes in the silver-commodity futures market As a scientist, Targ demands proof. His experience is based on two decades of investigations at the Stanford Research Institute (SRI), which he cofounded with physicist Harold Puthoff in 1972. This twenty-million dollar program launched during the Cold War was supported by the CIA, NASA, the Defense Intelligence Agency, and Army and Air Force Intelligence. The experiments they conducted routinely presented results could have happened by chance less than once in a million. Targ describes four types of experiments: Remote Viewing, in which a person describes places and events independent of space and time. For example, while in California Price drew to scale a Soviet weapons factory at Semipalitinsk with great accuracy later confirmed by Satellite photography. In another remote viewing, Targ accurately sketched an airport in San Andreas, Columbia himself. Distant Mental Influence, where the thoughts of the experimenter can positively or negatively affect the physiology (heart rate, skin resistance, etc.) of a distant person. Whole field isolation, where someone in a state of sensory isolation accurately describes the visual experiences of someone else in another place Precognition and retrocausality, showing that the future can affect the past. That is, the

elephant you see on television in the morning can be the cause of your having dreamed about elephants the previous night. Final chapters present evidence for survival after death; explain how ESP works based on the Buddhist/Hindu view of our selves as nonlocal, eternal awareness; discuss the ethics of exercising psychic abilities, and show us how to explore ESP ourselves. "I am convinced," Targ says, "that most people can learn to move from their ordinary mind to one not obstructed by conventional barriers of space and time. Who would not want to try that?" A Study of ancient African history reveals an early African definition of the human Melanin System as a whole body Black Melanin System that serves as the eye of the soul to produce inner vision, true spiritual consciousness, creative genius, beatific vision, to become Godlike, and to have conversation with the immortals (Ancestors). Practical magic uses the power of the mind to attain physical results such as more money, a bigger house, better health. Its aims are the discovery of inner truths and the understanding of the workings of creation. In his

reveals itself in nightmares and unusual dreams, during critical times such as pregnancy, conflicts, and medical emergencies, and in shared, telepathic, and precognitive dreams • Explains how dreamwork can help heal our psychospiritual selves and aid in both family and couples therapy • Examines ancient dream traditions from Africa, Europe, Asia, South America, Australia, and the ancient Egyptian Mystery Schools Our dreams, the most intimate part of us, form the truest expressions of our feelings and emotional beliefs about the world. Our dreams also reflect the complex connections of our unconscious minds with those of our families and close friends, connecting us through our dreams to loved ones near and far, living and passed on. Integrating traditional dream analysis with family psychology, clinical science, and parapsychology, Edward Bruce Bynum, Ph.D., ABPP, details how our personal unconscious is interwoven into our larger family unconscious. He shows how these dreamlife connections and patterns are as old as humanity itself, exploring ancient

dream traditions from around the world. He explains how the dreamlife of a family can be viewed as a shared field or hologram, where each family member is enfolded into the dreams of the other members. This shared reality reveals itself in family and personal illnesses, in nightmares and unusual dreams, and during critical times such as crisis, pregnancy, conflicts, and medical emergencies. It also reveals itself in cases of simultaneous shared dreams and telepathic and precognitive dreams, explaining why so many people have dreams in which a family member appears to say good-bye, waking the next day to discover the same loved one has passed away. Sharing clinical case studies from his Family Dream Research Project, the author shows how the intimate labyrinth of our dream lives is always flowing beneath the surface of our waking lives, shaping and influencing our relationships and our deep core experiences. He reveals how dreams can be healing factors as well as diagnostic signals, detailing how dreamwork can aid in both family and couples therapy. Showing how our

The author explains how Jesse James faked his death and lived out his final years under the name James L. Courtney. He uncovers James' affiliation with the Knights of the Golden Circle, a secret society that buried Confederate gold across the United States, and shows how the hidden treasures coded into James' maps were not affiliated with the KGC but with the Freemasons, the Knights Templar, and the treasure of the Temple Mount. Using sacred geometry, gematria, and the Kabbalistic Tree of Life symbol, the author explains the encoded map technique used by the Freemasons to hide and later recover treasures, an esoteric template known as the "Veil". He shows how the Veil template confirms the locations of Jesse James' recovered treasures in Texas as well as other suspected treasure locations, such as the Oak Island Money Pit and Victorio Peak in New Mexico. Tracing knowledge of

the Veil template back through the centuries, the author reveals the Veil hidden on the cover of a 16th-century book that contains a secret map of the New World and the “hooked X” symbol of the Knights Templar. He shows how the template was used not only to hide treasures but also sacred knowledge and relics, such as within the Bruton Vault, which originally contained secrets tied to Francis Bacon, the Freemasons, the Rosicrucians, and the founding of the United States. Applying the Veil template alongside the esoteric secrets of Poussin’s famous painting, Et In Arcadia Ego, and Cassini’s Celestial Globe, Duke shows how the template reveals other Templar and Freemason treasure sites scattered throughout America and around the world. The Emerald Tablet—an ancient document that contains the essence of the alchemical teachings—has had an important influence on many Western spiritual and religious traditions. Ostensibly concerned with turning base metals into gold, alchemy was in fact dedicated to transforming the lead of self into the gold of spirit. This brilliant history of alchemy traces its sources back to ancient Egypt, and presents alchemy as a useful, practical system of self-transformation. Each of the seven steps of alchemical transformation is explained, with hands-on techniques and exercises, treating alchemy as a living discipline for achieving a spiritual awakening.

According to ancient records, the patriarchs and founders of the early civilizations in Egypt, India, China, Peru, Mesopotamia, Britain, and the Americas were colonized by the Serpents of Wisdom—spiritual masters associated with the serpent—who arrived in these lands after abandoning their beloved homelands and crossing great seas. While bearing names denoting snake or dragon (such as Naga, Lung, Djedhi, Amaru, Quetzalcoatl, Adder, etc.), these Serpents of Wisdom oversaw the construction of magnificent civilizations within which they and their descendants served as the priest kings and as the enlightened heads of mystery school traditions. The Return of the Serpents of Wisdom recounts the history of these “Serpents”—where they came from, why they

"The African Unconsciousness, originally published in 1999, is a bold new paradigmatic look at human history based on archaeology, genetics, and the biospiritual roots of religion and science. Author Edward Bruce Bynum offers a captivating and controversial viewpoint on the roots of our human existence, positing that all humans at their deepest core are variations on the African template, creating a shared identity and collective unconscious in all. He looks at both phenotypical types and psychic structures that form and identify us as human beings. Ideal for humanistic and transpersonal psychologists and those interested in African American art and culture, The African Unconsciousness is a blend of modern and ancient psychology that provides a relevant backdrop to humanity and our daily life"--Cover.

creating planets and galaxies as virtual realities for soul development. He addresses Grey alien control over soul reincarnation and also sheds light on the presence of invisible hyperdimensional controllers known as the Archons, who feed off negative energy. Revealing the key technologies of the Omniverse, the author explains how hyperdimensional civilizations communicate telepathically, teleport interdimensionally, and travel through time. He unveils newly disclosed state secrets about government possession of these technologies, the findings of the NASA Mars rover missions, and the secret Mars colony whose permanent security personnel is age-reversed and shot back through time to their specific space-time origin points--with their memories blocked. Integrating science and spirituality, this map of the dimensions of the Omniverse sounds the call for scientific inquiry into the holographic origins of the soul, the potential of time travel, and our role as divine co-creators with Source.
