Sumeria, from Pythagoras to Paracelsus to Piccardi, we discover that for thousands of years there has been a thread of awareness of how all things in the universe are interconnected – an awareness that modern physics is still struggling to define in scientific terms today. As Osho says: The universe is a living body, an organic unity. In it, nothing is isolated, all is connected. Whatever is far away is connected to that which is near; nothing is separate. So no one should remain in the fallacy that he is an island: isolated, separate, aloof. Everything is connected to the whole, and everything is all the time affecting others and being affected by others.
