projects, and you want to keep that data consistent, accurate, and up-to-date, then incorporating XML can help. You can also use XML to automate processes like importing text and large numbers of graphics into a layout, or repurposing content from one application to another. Do I need additional plug-ins or special software? You need only the powerful features built into InDesign CS2, CS3 or CS4 to use this book. How will I learn XML? This guide includes nine easy-to-follow projects with downloadable support files. With these hands-on tutorials, you will learn XML in context.
