Quality is a keyword
in animal production.

Next to product
quality, process
quality has also
become relevant for
dairy farmers. Issues
like food safety, public
health, animal health
and welfare are

Download File

PDF Database

Processing

Answers Chapter

4

determined by the conditions of the production process.

To address these, the EU has issued the General Food Law (178-2002) and the Hygiene directives (EC 852/853/854-2004) dealing with the forenamed domains with the aim to protect consumers. The

Download File

PDF Database

Processing

Answers Chapter

4
suggestion was also made by the EU that farmers apply a HACCP-like plan to meet these new quality demands. Key issues are structure, organisation, planning, formalisation and demonstrability, which can also be found in the HACCP concept. This book addresses

Download File

PDF Database

Processing

Answers Chapter

4

Quality Risk

Management through applying the HACCP-like concept. First, the assessment of strong and weak points on a dairy farm are dealt with, which is useful for farm inspection and herd health programmes. Then, the 12-steps for developing a HACCP plan are followed

Download File

PDF Database

Processing

Answers Chapter

4

through the various chapters. Many examples and elaborations are given. An example farm, FX, is introduced to show how the different elements may look in reality. At the end of the book characteristics of entrepreneur-like dairy farmers are

Download File PDF Database

Processing
Answers Chapter
4
given and compared
to strong and weak
points of cattle
practitioners.

Practitioners may
conclude how to
better serve this type
of farmer.

Communication plays
a paramount role.

Finally, several
general issues are
addressed:

economics,

at the advanced undergraduate and graduate levels.

Video

segmentation is the most fundamental process for appropriate indexing and retrieval of video intervals. In general, video streams are

Download File

PDF Database

Processing

Answers Chapter

4

composed 1 of
shots delimited by
physical shot
boundaries.

Substantial work
has been done on
how to detect such
shot boundaries
automatically

(Arman et al. ,
1993) (Zhang et al.
, 1993) (Zhang et
al. , 1995) (Kobla et

Download File

PDF Database

Processing

Answers Chapter

4

al. , 1997). Through the integration of technologies such as image processing, speech/character recognition and natural language understanding, keywords can be extracted and associated with these shots for

Download File

PDF Database

Processing

Answers Chapter

4

indexing (Wactlar et al. , 1996). A single shot, however, rarely carries enough amount of information to be meaningful by itself. Usually, it is a semantically meaningful interval that most users are

Download File

PDF Database

Processing

Answers Chapter

4

interested in re
trieving. Generally,
such meaningful
intervals span
several
consecutive shots.
There hardly exists
any efficient and
reliable technique,
either automatic or
manual, to identify
all semantically
meaningful

Download File

PDF Database

Processing

Answers Chapter

4

intervals within a video stream.

Works by (Smith and Davenport, 1992) (Oomoto and Tanaka, 1993)

(Weiss et al. , 1995) (Hjelsvold et al. , 1996) suggest manually defining all such intervals in the database in advance. However,

Download File

PDF Database

Processing

Answers Chapter

4

even an hour long video may have an indefinite number of meaningful intervals.

Moreover, video data is multi interpretative.

Therefore, given a query, what is a meaningful interval to an annotator may not

Download File

PDF Database

Processing

Answers Chapter

4
be meaningful to
the user who
issues the query.

In practice, manual
indexing of
meaningful
intervals is labour
intensive and
inadequate.
