So how can someone know that the person they're with is the one they can truly build a life with--especially when so few marriages around them work? Pastor Scott Kedersha has worked with more than 5,000 premarital couples to prepare them for the biggest decision of their lives. In *Ready or Knot?* he offers practical and Christ-centered guidance for couples for all of the days after the wedding day. Through authentic stories from real couples about the decisions they made (or wish they'd made), Scott asks the hard questions so his readers can break free from the watered-down Hollywood version of marriage and build their lives together on the right foundation--the unchanging Word of God.

**Every parent wants the best for their child. That's why they send them to college! But most parents struggle to pay for school and end up turning to student loans. That's why the majority of graduates walk away with \$35,000 in student loan debt and no clue what that debt will really cost them.1 Student loan debt doesn't open doors for young adults—it closes them. They postpone getting married and starting a family. That debt even takes away their freedom to pursue their dreams. But there is a different way. Going to college without student loans is possible! In Debt-Free Degree, Anthony O'Neal teaches parents how to get their child through school without debt, even if they haven't saved for it. He also shows parents: \*How to prepare their child for college \*Which classes to take in high school \*How and when to take the ACT and SAT \*The right way to do college visits \*How to choose a major A college education is supposed to prepare a graduate for their future, not rob them of their paycheck and freedom for decades. Debt-Free Degree shows parents how to pay cash for college and set their child up to succeed for life.**

**If there are places in your heart and corners of your mind that feel just as deep and dark and inaccessible as outer space, this book is for you. Fight as you may, unearthing the happiness and fulfillment you long for can feel nearly impossible. In Psalm 8 David urges us to consider the heavens, to look up at the night sky. Doing so will help you discover fundamental truths about God. Namely, that—even though his love for you is as beyond comprehension as the farthest corners of the universe—through his Son, you can grab hold of it, and it has the power to transform your inner space. Bestselling author Levi Lusko shares how you can: learn that life is not about “finding yourself” but discovering who Jesus is believe that God's love and forgiveness is grander than even your greatest failure buck the mundane of everyday life and start dreaming again Embark on an adventure tracing the words and wonders of Jesus on his trek to the cross. Let The Last Supper on the Moon compel you to live with a more profound sense of purpose and a grander view of Jesus, and set you on a trajectory to life, and life more abundantly.**

**You Can Baby Step Your Way to Becoming a Millionaire Most people know Dave Ramsey as the guy who did stupid with a lot of zeros on the end. He made his first million in his twenties—the wrong way—and then went bankrupt. That's when he set out to learn God's ways of managing money and developed the Ramsey Baby Steps. Following these steps, Dave became a millionaire again—this time the right way. After three decades of guiding millions of others through the plan, the evidence is undeniable: if you follow the Baby Steps, you will become a millionaire and get to live and give like no one else. In Baby Steps Millionaires, you will . . . \*Take a deeper look at Baby Step 4 to learn how Dave invests and builds wealth \*Learn how to bust through the barriers preventing them from becoming a millionaire \*Hear true stories from ordinary people who dug themselves out of debt and built wealth \*Discover how anyone can become a millionaire, especially you Baby Steps Millionaires isn't a book that tells the secrets of the rich. It doesn't teach complicated financial concepts reserved only for the elite. As a matter of fact, this information is**

straightforward, practical, and maybe even a little boring. But the life you'll lead if you follow the Baby Steps is anything but boring! You don't need a large inheritance or the winning lottery number to become a millionaire. Anyone can do it—even today. For those who are ready, it's game on!

If you're looking for practical information to answer all your "How?" "What?" and "Why?" questions about money, this book is for you. Dave Ramsey's Complete Guide to Money covers the A to Z of Dave's money teaching, including how to budget, save, dump debt, and invest. You'll also learn all about insurance, mortgage options, marketing, bargain hunting and the most important element of all—giving. This is the handbook of Financial Peace University. If you've already been through Dave's nine-week class, you won't find much new information in this book. This book collects a lot of what he's been teaching in FPU classes for 20 years, so if you've been through class, you've already heard it! It also covers the Baby Steps Dave wrote about in *The Total Money Makeover*, and trust us—the Baby Steps haven't changed a bit. So if you've already memorized everything Dave's ever said about money, you probably don't need this book. But if you're new to this stuff or just want the all-in-one resource for your bookshelf, this is it!

What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect friendships, marriage, and children? How much is "enough"? There's a lot of bad information in our culture today about wealth and being wealthy. Worse, there's a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as a natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This book is for godly men and women confused about what to do with the resources God's put in their care. They were able to build wealth through various ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?

This question and answer book is the perfect resource guide for equipping individuals with key information about everyday money matters. Questions and answers deal with 100+ of the most-asked questions from The Dave Ramsey Show—everything from budgeting and retirement planning or personal buying matters, to saving for college and charitable giving. This is Dave in his most popular format. For every specific question, get a specific answer.

When you hear the word retirement, you probably don't imagine yourself scrambling to pay your bills in your golden years. But for many Americans, that's the fate that awaits unless they take steps now to plan for the future. Whether you're twenty five on your first job or fifty five and watching the career clock start to wind down, today is the day to get serious about your retirement. Inspired, Chris Hogan teaches that retirement isn't an age; it's a financial number an amount you need to live the life in retirement you've always dreamed of. With clear investing concepts and strategies, Chris will educate and empower you to make your own informed decisions, set reasonable expectations for your spouse and family, and build a dream team of experts to get you there. You can retire inspired, not broke, stressed, and working long after you want to. You can retire inspired!

In *Love Your Life, Not Theirs*, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good on the surface, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances?

media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by quitting the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and they are living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and anxiety that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you any more time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing!" *Comparison* has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" (Cruze is a former *Survivor* and *The View* actress, author, and co-host of *The View*) "Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for *Woman's Day* "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set their own path for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley *New York Times* bestselling author of *Where the Light Gets In* "In today's world of social media, the temptation to play the comparison game is stronger than ever. *Love Your Life, Not Theirs* is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, *NBC TODAY* and Host of *HerMoney* with Jean Chatzky Podcast "Making Connections in Elementary and Middle School Social Studies, Second Edition is the best text for teaching primary school teachers how to integrate social studies into other content areas. This book is a comprehensive, reader-friendly text that details how personal connections can be incorporated into social studies education while meeting the National Council for the Social Studies thematic, pedagogical, and disciplinary standards. Praised for its "wealth of strategies that go beyond social studies teaching," including classroom strategies, pedagogical techniques, activities and lesson plan ideas, this book examines a variety of methods that novice and experienced teachers alike can use to integrate social studies into other content areas.

*Avoid Student Loans* is a revolutionary book where a personal finance expert and a recent college graduate come together to provide exclusive advice on how to make sure your college education is an investment rather than a liability (requiring large loan payments over 10 years or more after graduation.) In this book you'll learn ways to reduce your cost of college, win more scholarships, and make smart financial decisions while in college. Following this easy-to-read guide can lead you to landing in a much better place at graduation, well ahead of your peers, and without the ball and chain of a large loan payment.
