Known as aniridia, this condition can also be a sign other parts of the eye are underdeveloped as well. Moreover, recent research shows that the gene involved can also affect the kidneys, pancreas and forebrain, so aniridia can coincide with a range of symptoms known as WAGR syndrome. Until recently, however, there was very little information available on aniridia and WAGR Syndrome. Even now, not all of the available information is current or correct, so that when a child is diagnosed with aniridia, the parents often find or are given information that is confusing and even frightening. We created this book to help those families see that they are not alone, and there are a lot of answers and a great deal of hope. It contains information about aniridia and WAGR Syndrome for parents, other family members, friends, teachers, doctors, and employers. We have been very fortunate to have several renowned doctors contribute current and comprehensive medical information that will help to provide concrete answers to basic questions and demystify these conditions. The book has many personal stories from individuals and parents that will help to give a more complete picture of what it is like to live with aniridia and WAGR Syndrome and provide encouragement and comfort. ***Fasting An Exceptional Human Experience Since prehistory, fasting has been used in various ways as a means of transformation. As a spiritual practice, it is the oldest and most common form of asceticism and is found in virtually every religion and spiritual tradition. In psychology, studies have suggested that fasting can alleviate the symptoms of some psychiatric conditions, including depression and schizophrenia. In medicine, fasting is one of the most promising therapies, with research suggesting that fasting can cause certain drugs, such as chemotherapy, to work better while reducing drug side-effects. Hunger striking, sometimes called political fasting, may be the most powerful application of fasting. Proof of this occurred in 1948 when Gandhi's hunger strike caused millions of Hindus and Muslims in India to cease their fighting. As a practical guide, Randi Fredricks, Ph.D. provides detailed information on the different types of fasting, where people fast, the physiological process of fasting, and the contraindications and criticisms of fasting. Using existing literature and original research, Dr. Fredricks focuses on the transformative characteristics of fasting in the contexts of psychology, medicine, and spirituality. The relationship between fasting and transpersonal psychology is examined, with a focus on peak experiences, self-realization, and other exceptional human experiences. Dr.***

On September 5, 2003, illusionist David Blaine entered a small Perspex box adjacent to London's Thames River and began starving himself. Forty-four days later, on October 19, he left the box, fifty pounds lighter. That much, at least, is clear. And the rest? The crowds? The chaos? The hype? The rage? The fights? The lust? The filth? The bullshit? The hypocrisy? Nicola Barker fearlessly crams all that and more into this ribald and outrageous peep show of a novel, her most irreverent, caustic, up-to-the-minute work yet, laying bare the heart of our contemporary world, a world of illusion, delusion, celebrity, and hunger.

The hottest magician in years takes us behind-the-scenes of his hit A&E show and offers secret tips to 25 illusions you won't see anywhere else. Criss Angel is poised to take the magic world by storm. He had his first 1-hour special on ABC in '01, headlined Madison Square Garden's annual Halloween special a year later to an audience of 60,000, performed in front of 75,000 people in Times Square, had two subsequent 1-hour specials on the Sci-Fi channel, he's received countless magician awards, and he currently has a groundbreaking show on A&E called **CRISS ANGEL MINDFREAK**, the first weekly magic show in over 40 years, that consistently wins its timeslot. **MINDFREAK** – the book – will be an extension of the show, which uses a specific topic each week – like 'Buried Alive', 'Bullet Catch', 'Building Walk', or 'Levitation' – to delve into the history of each subject, and see if Criss can't break new ground by doing something no one has done before. We are also going to try and include secrets in the book – clues to be dissected by readers – that relate back to magic he will perform on the show, where the book will be heavily promoted.

Prince Rogers Nelson released his first album in 1978. In the years that followed until death in April 2016, he became a superstar, a recluse, an inspiration, an enigma, a slave and a symbol. He was a master of reinvention, but the one constant in his astonishing career was his genius: as a singer, a songwriter, a performer and a musician. He sold more than 100 million albums, won seven Grammys, a Golden Globe and an Oscar. His ability to fuse styles and genres made him one of the most unique, influential and beloved artists in music history. In *Prince: A Thief in the Temple*, acclaimed journalist and broadcaster Brian Morton reveals the highs and lows of a remarkable musical life.

Notables include: Bernie Madoff: Where to begin? Being a Jew is hard enough without having to be concerned that your esteemed brethren are really sleeper-schmucks lying in wait, biding their time for the perfect moment to completely ruin your life. Laura Schlessinger: Referred to herself in a Los Angeles Times Magazine profile as "a prophet." Let's be nice and call that a stretch. Eliot Spitzer: Oh if only we could return to the days when Jewish mothers could call their little aspiring politicians 'The Next Eliot Spitzer!' without it sounding absolutely disgusting. Barbra Streisand: Those imitating her shtick can't be tuned out because, much to our chagrin, they live with us. Think of all the poor young Jews who had to go to school unwashed because their older sister's shower-based rendition of "Papa, Can You Hear Me?" took forever to complete. Judge Judy: Who thought it was a good idea to give a Jewish grandmother a television show in which her opinions are legally binding? Releasing the wrath of bubbe onto the world is a cruel, cruel thing to do. Leonard Nimoy: A Jew playing a pointy-eared half-alien? Everybody thinks we're strange and foreign enough as it is!

*David Blaine is one of the world's premiere magicians and escape artists. He has survived being buried alive for an entire week, being frozen in a block of ice for 63 hours, and being submerged for seven days and seven nights. David has also dazzled both live and television audiences with his card tricks and other feats of prestidigitation, while also using his fame and his talents to give back to those in need. Things haven't always been easy for this biracial achiever, though. The son of a father of Puerto Rican and Italian descent and a mother of Russian Jewish descent, David was raised in a single-parent family for much of his childhood. In this book, you'll learn how performing magic helped him deal with the early death of his mother, as well as how he overcame critics and hecklers during some of his recent feats of endurance. His story isn't just inspiring; it's downright magical!*

As a director, writer, and producer, Christopher Nolan has substantially impacted contemporary cinema through avant garde films, such as *Following* and *Memento*, and his contribution to wider pop culture with his Dark Knight trilogy. His latest film, *Interstellar*, delivered the same visual qualities and complex, thought-provoking plotlines his audience anticipates. *The Philosophy of Christopher Nolan* collects sixteen essays, written by professional philosophers and film theorists, discussing themes such as self-identity and self-destruction, moral choice and moral doubt, the nature of truth and its value, whether we can trust our perceptions of what's "real," the political psychology of heroes and villains, and what it means to be a "viewer" of Nolan's films. Whether his protagonists are squashing themselves like a bug, struggling to create an identity and moral purpose for themselves, suffering from their own duplicitous plots, donning a mask that both strikes fear and reveals their true nature, or having to weigh the lives of those they love against the greater good, there are no simple solutions to the questions Nolan's films provoke; exploring these questions yields its own reward.

Bracketology is a unique way of organizing information that dates back to the rise of the knockout (or single elimination) tournament, perhaps in medieval times. Its origins are not precisely known, but there was genius in the first bracket design that hasn't changed much over the years. You, of course, may be familiar with the bracket format via the NCAA basketball tournament pairings each March. If you've ever watched ESPN or participated in a March Madness office pool, you know what a bracket looks like. *The Final Four of Everything* takes the idea one step further, and applies the knockout format to every category BUT basketball. In areas where taste, judgment, and hard-earned wisdom really matter, we've set out to determine, truly, the Final Four of Everything.

In fact, the Master has hope, strength, beauty, joy, love, creativity, freedom, power, peace, patience, goodness, laughter, organization, effectiveness and purpose for us. So, what went wrong? We lost our identity in our sin. We've become unanchored, tossed about on the sea of a million influences, none of which is our Master's heart or mind. Between the world, the flesh and the devil, we don't know what to think and therefore our lives are filled with hurt, pain and regret. Someone is running the show in our minds and it's not us, at least not the real us, nor the real owner. Jesus is not okay with this. He died to save us from our sins and set us free. He made a way for our souls to be rescued from our enemies. He bought the territory of our minds and planted His flag of holy ground. It's time for us to get angry enough to take back control of our minds, to master them and bring them back in alignment with the Master's will. It's time to return to The Master's Mind.**

**An inside look into Paul Auster's art and craft, the inspirations and obsessions, mesmerizing and dramatic in turn. A remarkably candid, and often surprisingly dramatic, investigation into one writer's art, craft, and life, A Life in Words is rooted in three years of dialogue between Auster and Professor I. B. Siegumfeldt, starting in 2011, while Siegumfeldt was in the process of launching the Center for Paul Auster Studies at the**
