

Devil In The Kitchen

An exhilarating memoir from the legendary Godfather of Bad Boy cooking and a thrilling look behind the doors of a 3-star kitchen. Without question, the original rock-star chef is Marco Pierre White. Anyone with even a passing interest in the food world knows White is a legend. The first British chef (and the youngest chef anywhere) to win three Michelin stars - and also the only chef ever to give them all back - is a chain-smoking, pot-

This groundbreaking work is the first internationally published book to examine the link between a protein in the milk we drink and a range of serious illnesses, including heart disease, Type 1 diabetes, autism, and schizophrenia. These health problems are linked to a tiny protein fragment that is formed when we digest A1 beta-casein, a milk protein produced by many cows in the United States and

northern European countries. Milk that contains A1 beta-casein is commonly known as A1 milk; milk that does not is called A2. All milk was once A2, until a genetic mutation occurred some thousands of years ago in some European cattle. A2 milk remains high in herds in much of Asia, Africa, and parts of Southern Europe. A1 milk is common in the United States, New Zealand, Australia, and Europe. In *Devil in the Milk*, Keith Woodford brings together the evidence published in more than 100 scientific papers. He examines

the population studies that look at the link between consumption of A1 milk and the incidence of heart disease and Type 1 diabetes; he explains the science that underpins the A1/A2 hypothesis; and he examines the research undertaken with animals and humans. The evidence is compelling: We should be switching to A2 milk. A2 milk from selected cows is now marketed in parts of the U.S., and it is possible to convert a herd of cows producing A1 milk to cows producing A2 milk. This is an amazing story, one that

immaculate food won him international renown-and fueled his miraculous triumph over tongue cancer. In 2007, chef Grant Achatz seemingly had it made. He had been named one of the best new chefs in America by Food & Wine in 2002, received the James Beard Foundation Rising Star Chef of the Year Award in 2003, and in 2005 he and Nick Kokonas opened the conceptually radical restaurant Alinea, which was named Best Restaurant in America by Gourmet magazine. Then, positioned firmly in the world's culinary spotlight, Achatz was diagnosed with stage IV squamous cell carcinoma-tongue cancer. The prognosis was grim, and doctors agreed the only course of action was to remove the cancerous tissue, which included his entire tongue. Desperate to preserve his quality of life, Grant undertook an alternative treatment of aggressive chemotherapy and radiation. But the choice came at a cost. Skin peeled from the inside of Grant's mouth and

throat, he rapidly lost weight, and most alarmingly, he lost his sense of taste. Tapping into the discipline, passion, and focus of being a chef, Grant rarely missed a day of work. He trained his chefs to mimic his palate and learned how to cook with his other senses. As Kokonas was able to attest: The food was never better. Five months later, Grant was declared cancer-free, and just a few months following, he received the James Beard Foundation Outstanding Chef in America Award. *Life, on the Line* tells the story of a culinary trailblazer's love affair with cooking, but it is also a book about survival, about nurturing creativity, and about profound friendship. Already much-anticipated by followers of progressive cuisine, Grant and Nick's gripping narrative is filled with stories from the world's most renowned kitchens-The French Laundry, Charlie Trotter's, el Bulli- and sure to expand the audience that made Alinea the number-one selling restaurant

Winner of the Pulitzer Prize “A must-read, cannot-put-down history.” — Thomas Friedman, New York Times Arguably the most important American lawyer of the twentieth century, Thurgood Marshall was on the verge of bringing the landmark suit *Brown v. Board of Education* before the U.S. Supreme Court when he became embroiled in a case that threatened to change the course of the civil rights movement and cost him his life. In 1949, Florida's orange industry was booming, and citrus barons got rich on the backs of cheap Jim Crow labor with the help of Sheriff Willis V. McCall,

who ruled Lake County with murderous resolve. When a white seventeen-year-old girl cried rape, McCall pursued four young black men who dared envision a future for themselves beyond the groves. The Ku Klux Klan joined the hunt, hell-bent on lynching the men who came to be known as "the Groveland Boys." Associates thought it was suicidal for Marshall to wade into the "Florida Terror," but the young lawyer would not shrink from the fight despite continuous death threats against him. Drawing on a wealth of never-before-published material, including the FBI's unredacted Groveland case files, as well as unprecedented access to the NAACP's Legal Defense Fund files, Gilbert King shines new light on this remarkable civil rights crusader.

'Far and away the best restaurant cookbook. . . Though he makes delicate operations like weaving cages from spun sugar sound deceptively easy, everything from his escalope of poached turbot to his bread-and-butter pudding has flair.' Gina Thomas, *SUNDAY TELEGRAPH*

*Most of us have to cook some time in our lives, and millions do it every day; but not many people enjoy it much, and fewer still are any good at it. Yet on the other hand everyone knows how to appreciate and enjoy good food in a restaurant. So why don't more people enjoy cooking? In *Canteen Cuisine*, Marco Pierre White sets out to show how easy it is to cook really delicious food for every day. He gives over a hundred recipes, for everything from scrambled eggs to creme brulee, including his detailed instructions for the perfect poached salmon, roast chicken, leg of*
